Project: DAMAGED STRUCTURE AT 3851 SILVER DOLLAR

Dear Bruce,

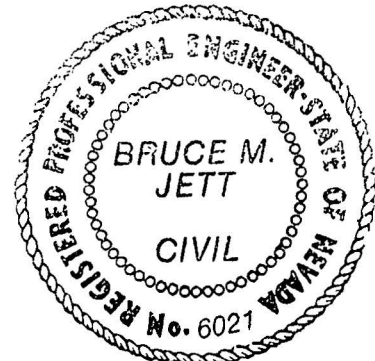

I made a visual inspection of the above mentioned project on March 5, 1993. There is no visual evidence of any damage outside the area of the car collision area.

I recommend that a new sill plate be installed using the existing anchor bolts, and add at least three (3) shotpins. The studs shall be hammered into place to insure a tight fit, and toenailed top and bottom.

If you have any further questions, please contact my office.

Yours truly,

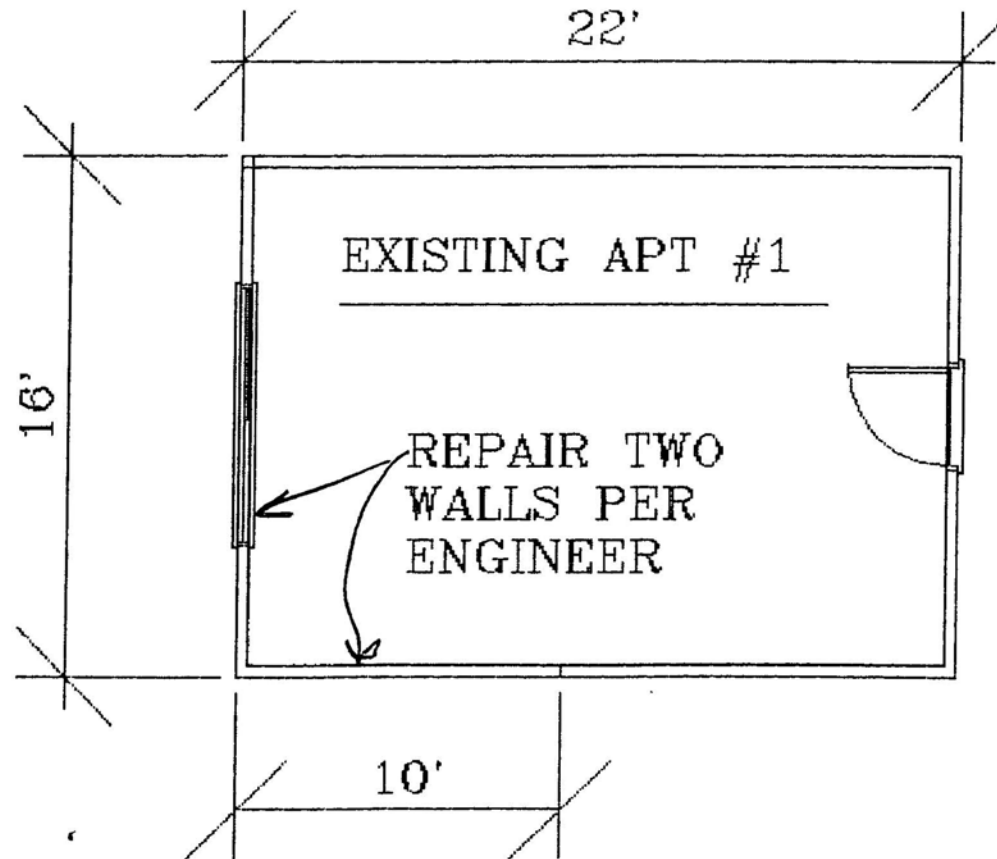

Bruce M. Jett, P.E.
