The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed - - - - - 0.0062 cubic feet per second, but not to exceed 1.46 million - - - - - gallons annually - - - - -
