Attention: Mr. Paul Stone

Re: Septic Tank Repair

Dear Sir:

An inspection concerning an open septic tank on the property, located at Lamb and Bonanza, Southeast Corner of the intersection, has been temporarily repaired, but does not meet the requirements for a permanent installation. It should either be removed or filled in completely.

There is a sewer lateral available for service, to the property, therefore, the septic tank can no longer be used.

If you have any further questions concerning this matter, feel free to call either Mr. Lemmon or myself at 386-6251.

Sincerely,

Clay Hymers, Supervisor
Building and Safety Division
