INTER-OFFICE MEMORANDUM

April 2, 1986

TO:

Clay Hymer, Director
Department of Building and Safety

FROM:

Stuart Corner
Stuart Corner
Senior Building Inspector

SUBJECT:

Fire Station #1
Hazardous Conditions

COPIES TO:

Clegg West - Director Fire Services
Tom Faham - Dir. Design & Dev.
Charles McFall - Chief Maint. Div.

At the request of the Fire Department, I made an inspection at the lobby of Station #1 at 500 Casino Blvd North on April 2, 1986.

The problem was with the gasketing falling out of the frames around the large glass windows on the south side of the business lobby. The wind was blowing extremely hard which caused the problem.

It was a hazardous condition and I wrote a correction notice to have it repaired as soon as possible. Chuck McFall from the maintenance department informed me this morning that his department made the necessary repairs.
