STREET AND STREET LIGHT DESIGN

SANDHILL ROAD

SECTION 20 TOWNSHIP 20 SOUTH, RANGE 4E EAST, 10E8N, CITY OF LAS VEGAS, CLARK COUNTY, NEVADA

3235 WEST CHARLESTON BOULEVARD, LAS VEGAS, NEVADA 89103

703-870-8771

1. The plan view shows the layout of the beach and dune system, including the location of the road and the various lots. The cross-section shows the profile of the land, with the beach, dune, and road clearly defined. The scale bar indicates the dimensions of the area, and the compass shows the orientation.

2. The plan view is a detailed drawing of the beach and dune system, showing the location of the road and the various lots. The cross-section is a detailed drawing of the profile of the land, showing the beach, dune, and road. The scale bar is a detailed drawing of the dimensions of the area, and the compass is a detailed drawing of the orientation.

3. The plan view is a detailed drawing of the beach and dune system, showing the location of the road and the various lots. The cross-section is a detailed drawing of the profile of the land, showing the beach, dune, and road. The scale bar is a detailed drawing of the dimensions of the area, and the compass is a detailed drawing of the orientation.

4. The plan view is a detailed drawing of the beach and dune system, showing the location of the road and the various lots. The cross-section is a detailed drawing of the profile of the land, showing the beach, dune, and road. The scale bar is a detailed drawing of the dimensions of the area, and the compass is a detailed drawing of the orientation.
