Hand-drawn cross-section diagram of a dam structure. The diagram shows a dam with a crest width of 10' 0" and a height of 10' 0". The upstream face is on the left, and the downstream face is on the right. The dam is divided into three sections: a central core (10' 0" wide) and two side sections (each 10' 0" wide). The core is labeled "CORE" and the side sections are labeled "SIDE". The dam is shown with a foundation and a downstream slope. Dimensions are given in feet and inches. The diagram is oriented vertically on the page.

Technical drawing of a bridge section, showing cross-sections and a longitudinal section.

CROSS SECTION (Left): Shows a cross-section of the bridge deck with a width of 20'0" and a height of 10'0". The deck is labeled "20'0" K 20'0" 2" and "10'0" K 10'0" 2". The section is labeled "CROSS SECTION".

LONGITUDINAL SECTION (Right): Shows a longitudinal section of the bridge deck with a width of 20'0" and a height of 10'0". The deck is labeled "20'0" K 20'0" 2" and "10'0" K 10'0" 2". The section is labeled "LONGITUDINAL SECTION".

DISTANCE D (Bottom): Shows the distance between the two cross-sections, labeled "DISTANCE D".

Technical drawing of a roof plan for a building with a gabled roof. The drawing shows the layout of the roof, including the ridge line, eaves, and various dimensions. Key dimensions include a total width of 10.00m, a ridge height of 2.00m, and a slope of 1:2. The drawing is labeled with 'MAG' and 'MAG'.

Technical drawing of a roof truss. The drawing shows a cross-section of the truss with various members labeled. The top chord is labeled "50x100". The bottom chord is labeled "50x100". The vertical members are labeled "50x100". The diagonal members are labeled "50x100". The dimensions are given in feet and inches. The total height is 10' 0". The total width is 10' 0". The drawing is oriented vertically on the page.
