It was scheduled for 1:00 to permit removal of underground tank. On arrival (approx 12:55) I found tank already removed and loaded on dump truck of Crenshaw Brothers. Apparently someone (permitted company) told them permit was already signed and tank tested & reported. I returned to site. Permit not signed by any fire inspector, no dry ice put in tank and tank reading in "VERY" explosive range.

Meter needle pegged out in explosive range. Violation notice issued. Tank not removed from site until explosive levels acceptable.
