Administration Building  
749 Veterans Memorial Drive

COPIES TO:

*All*

An inspection was made a few weeks ago to determine if the present smoke detectors in the Administration Building were a necessary requirement to conform to City Codes.

Since the majority of this structure is used as offices, classed as a B-2 occupancy, in conjunction with a few workshop areas, it is not necessary that smoke detectors are installed in the building at all. However, since you wish to remove those in the rooms and place them in the hallways, you are going beyond the minimum Code which is more than adequate.
