FILE

The property located at above address was inspected by Howard Dunn, November 4, 1977 in the a.m. The problem was an overflowing sewer in the rear yard. Inspector Dunn located the owner, at his place of business on Maryland Parkway and gave him a verbal notice that the condition had to be cleaned up in 24 hours. He then came back to the office and had a letter typed advising him he had 24 hours to clean the condition up. He served the letter to him personally. He advised Mr. Dunn that he had called a Roter Rooter service. At 4:00 P.M. November 4, 1977 Mr. Dunn inspected the premises and the condition had been corrected.
