

BM2LV0024S6 - A RIVET & PLATE IN TOP OF CURB OF THE EAST CURB LINE
OF MICHAEL WAY AND CARL AVENUE.
NAVD 88 681.6315 METERS
ELEVATION = 2236.32 FEET

A cross-sectional diagram of a concrete driveway apron. The diagram shows a central concrete apron with a depressed curb on top. Above the curb is a gutter. The apron is flanked by concrete sidewalks. Dimensions are indicated: 4' for the gutter width, 4' for the curb width, and 1 1/2' for the expansion joint width. Labels include: WEAKENED PLANE JOINT, GUTTER, DEPRESSED CURB, DRIVEWAY APRON, VARIES, CONCRETE DRIVEWAY, 1 1/2" EXPANSION JOINT, and PROPERTY LINE AND/OR BACK OF SIDEWALK.

SEE UNIFORM STANDARD DRAWING #223.
