

This site plan illustrates a proposed development consisting of a large rectangular building labeled "PROPOSED GARAGE" with a finished floor elevation of FF=2325.50. To the south of the garage is a larger, irregularly shaped building labeled "PROPOSED CASINO EXPANSION" with a finished floor elevation of FF=2325.70. Further south is an "EXISTING CASINO" building, also with a finished floor elevation of FF=2325.70. The plan includes various site details: a parking lot with 10 spaces to the west of the garage; a series of parking spaces and a ramp to the east of the casino expansion; a road with a dashed center line and a solid edge line to the south; and a utility easement or boundary line to the east. The plan is annotated with numerous labels: "C1" through "C11" for corners and "L1" through "L13" for lot lines. A north arrow is located in the upper right corner. The entire site is bounded by a dashed line, likely representing a property boundary or easement.

Profile view of the proposed road showing elevations and a scale of 1 inch = 30 feet.
