

SPECIFICATIONS

All street lighting installations, except as noted on the street lighting plans, shall conform to the Standard Details for Street Lighting and Traffic Signals Drawings L-779 (including standard street lighting notes) per street light specifications dated June 1, 1977. These installations shall also conform to the Uniform Standard Specifications for Public Works Construction of Off-site Improvements, Clark County Area, Nevada, and the Uniform Standard Drawings for Public Works Construction, Clark County, Area, where applicable.

250 Watt H.P.S.
100 Watt H.P.S.

All field wires to be 2 #4's.

A. All construction and materials shall be in accordance with the "Uniform Standard Specifications for Public Works Construction Off-site Improvements, Clark County Area, Nevada" issued 1978; the "Uniform Standard Drawings for Public Works Construction, City of Las Vegas"; and other applicable approved standards issued by the controlling agency, the Uniform Building Code, and all local City codes and ordinances applicable.

B. All construction shall be as shown on these plans. Any alterations shall have the prior approval of the City Engineer.
