15. PM-12-74

APPROVED

Dr. Parker moved Z-95-73 Plot Plan Review be APPROVED subject to conformance to the plot plan. The motion was carried by unanimous vote.

Submitted by IRMA SHERMAN concerning property generally located at St. Louis Avenue and Monterey Avenue.

Mr. Foster indicated this was in the Metropolitan Addition. The property involved two lots to be subdivided and then added to three parcels that front on St. Louis. The parcel map showed the two lots, one fronting on San Jose and one fronting on Monterey. They propose to divide these into three parcels and then add these portions to the lots that front on St. Louis. Staff felt this could be accomplished through the parcel map, but staff felt there should be a condition that these lots should not be recognized as separate building lots and should be tied directly into the lots fronting on St. Louis. Staff would require a statement to that effect on the plat. He stated in fact, what they are doing is enlarging the existing sites that front on St. Louis.

Mrs. Coleman asked if they were zoned R-1.

Mr. Foster replied affirmatively.

Mr. Tiberti asked if they were all vacant.

Mr. Foster replied no, there was an existing residence on the westerly two lots.

Mr. Saylor indicated the purpose was to make the lots on St. Louis deeper.

Mrs. Coleman indicated that would be an improvement for a home. She asked if they were all under one ownership.

Mr. Foster indicated one was under separate ownership.

Mr. Tiberti moved PM-12-74 be APPROVED subject to the following conditions:

1. It shall be stipulated on the plat that each of the three lots shall not constitute separate building lots and shall become part of the adjoining lots as follows: Parcel 1 to be included with adjoining Lots 1 and 2; Parcel 2 to be included with Lots 3, 4, and 5; Parcel 3 to be included with Lots 6, 7, and 8, all in Block 3 of Amended Metropolitan Addition.
2. Conformance to code requirements and design standards of City departments.
3. Conformance to the requirements of State statutes relative to parcel maps.

The motion carried by unanimous vote.

ADJOURNMENT:

There being no further business before the City Planning Commission, the meeting was adjourned at 10:05 P.M.
