FROM: GENZER

SUBJECT: PM-1-78
WESTGATE BUILDERS

COPIES TO:

The property in question is located on the northwest corner of Sahara Avenue and Arville Street. The applicant proposes three parcels with immediate development expected on parcel #1. The Department of Public Services indicates that several discrepancies exist on the map in terms of the representation of survey data. Because of this, the map was returned to the engineer and corrections have been made.

Staff recommends approval of the parcel map subject to conformance to all conditions of City departments and State Subdivision Statutes.

INTER-OFFICE MEMORANDUM

TO:

Community Development

FROM:

Field Operations Engineer

SUBJECT:

PM-1-78
Westgate Builders
Sahara & Arville

COPIES TO:

Your memorandum of January 6, 1978 requested comments from the Public Services Department on the submittal of a Parcel Map #1.78 by Westgate Builders.

Right of way requirements on the W. Sahara Ave. and Arville St. frontages have already been met except for the radius corner at the intersection of each, respectively. The heavy border of the plat should be adjusted to effect proper dedication of the radius corner with the recording of the map.

The manner of indicating and describing monuments is indicated in the legend but they need to be shown on the plat.

The scale should not exceed 100 feet to the inch (Ord. 886, Sect. XII, Par. G).

Other discrepancies are noted as follows:

- 1) Bearings do not show proper continuity on the traverse.
- 2) One bearing is not consistent with that of the adjoining subdivision (Fairacres Unit No. 1).
- 3) The various certificates require adjustments
