Subject

PARCEL MAP

ITEM	Commission Action	Department Action
VIII. DEPARTMENT OF PUBLIC WORKS LAURENCE HAMPTON, P.E., DIRECTOR OF PUBLIC WORKS CITY ENGINEER <u>A. APPROVAL OF PARCEL MAPS</u> It is recommended that the following parcel maps be approved. Rights of way, as indicated, will be acquired with the recording of these maps. Improvements required will be obtained at the time of building permit application. 1. Nevsur Insurance Agency, Inc. and James J. and Carol Janet Duplissey (PM-2-75). Right of way to be acquired: none. 2. Robert C. and Penelope M. LePome (PM-3-75). Rights of way to be acquired: Horse Drive (40'); Bradley Road (40'); Unicorn St. (60'); Brent Lane (30'); Thom Blvd. (30'); and 8 radius corners. 3. James Rodney Aldrich and Patti Jo Aldrich (PM-4-75). Rights of way to be acquired: Horse Drive (40'); Bradley Road (40'); Unicorn St. (30'); and 2 radius corners. <u>B. APPROVAL OF SUBDIVISION PLAT</u> It is recommended that the following plat be approved. All engineering designs have been checked and accepted. Bonds have been posted and agreements signed for this subdivision. 1. Lewis Homes - Charleston No. 7 (Lewis Homes of Nevada, a partnership - Earl Monson, Agent)	Items 1, 2 and 3 Approved as recommended F - unanimous Approved as recommended F - unanimous	P/W to proceed P/W to proceed

2. The application be amended to C-1 zoning.
3. Resolution of Intent be restricted to a six (6) month time limit.
4. All portions of the property used for parking or other uses in connection with this operation shall be paved.
5. Landscaping and permanent underground sprinkler system shall be provided as required by the Planning Commission, including planters along the street frontage and in front of the existing buildings, and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler system shall be cause for revocation of a business license.
6. Submittal of a landscaping plan prior to or at the same time application is made for a building permit.
7. Cleanup of the property and exterior renovation of the proposed office building to improve its appearance.
8. Conformance to code requirements and design standards of City departments.
9. Dedication of 15' of right-of-way on Bonanza Road and installation of a 5' wide concrete sidewalk along Bonanza Road frontage as required by the Department of Public Works.

The motion carried by the following vote:

"AYES": Tiberti, Coleman, Parker, Cutler, Jenkins, Busch.
 "NOES": None

This item will be heard by the City Commission on March 19, 1975.

Parcel Map submitted by NEVSUR INSURANCE AGENCY, INC. AND JAMES J. AND CAROL JANET DUPLISSEY concerning property generally located on the west side of Falcon Lane, approximately 109 feet south of Mayflower Lane.

Mr. Foster indicated this was before the Commission for an administrative variance on Lot 1 on this three-lot parcel map. He stated at the time the administrative variance was approved, the applicant was proposing a single family residence on the south portion of the lot which was 64.5' wide. He stated they indicated that lot had been recorded quite some time ago. He stated there was another parcel shown as Parcel 2 on this map that extended to the south half of Lot 3. As one parcel, he also requested another 64.5' wide lot and then leave the remaining parcel about 35 feet wide. He stated this Board recommended that this be deferred and only granted approval on the south portion until it was determined what would happen to the approximately 35' wide lot to the north that was under separate ownership. He stated they have now decided to put the smaller piece together with the south piece and then create another 64.5' wide lot. They were requesting a parcel map to divide this overall parcel into two. He stated at the same time, because of each lot they were creating being only 64.5' wide and the minimum was 65' wide, the approval of the parcel map should also indicate the administrative approval of the lot width as shown so a building permit could be issued. He stated the pattern was established by the

2. PM-2-75

APPROVED

south lot. He indicated they were so close to the minimum width that they fell within the allowance for an administrative variance. Staff recommended approval of the map as submitted subject to the usual requirements.

Mr. Jenkins asked if they would see a plot plan of the development.

Mr. Foster indicated no, it was zoned R-1 and it was for a single family residence unless they did not approve the administrative variance now, and he would have to come back prior to the Community Development department issuing a building permit.

MOTION

Mr. Tiberti moved PM-2-75 be APPROVED subject to the following conditions:

1. Approval of the parcel map constitutes administrative variance approval of the 64.5' lot widths.
2. Conformance to code requirements and design standards of City departments.
3. Satisfaction of the requirements of State statutes relative to parcel maps.

The motion carried by unanimous vote.

3. PM-3-75

APPROVED

Submitted by ROBERT C. AND PENELOPE M. LE POME concerning property generally located on the northeast corner of Bradley Road and Horse Drive.

Mr. Foster indicated there had been several parcel maps in the general area. He stated this was a 40 acre parcel and they were proposing to divide it into four parcels varying in size from 4½ acres to almost 13 acres in size. He stated they had proposed one north/south street through the center. He indicated Horse Drive and Bradley were secondary streets on the major street plan and they had provided for 40' half street dedications. He indicated there was no dedicated access from a public street to this particular subdivision. He stated it may come from the south along Thom to connect to that parcel. He indicated he thought the applicant had made some arrangements for that, but if he didn't have it now, staff would recommend approval subject to the condition that before the map was recorded he would have to obtain dedicated access to the parcel map site. He also recommended the normal conditions.

MR. LE POME appeared and indicated he submitted to the City Right-of-way Department late yesterday afternoon a grant deed along Thom Boulevard, 1/8 of a mile to the south for a 30' dedication to the City. He stated it had been filed and they did have access now.

MOTION

Mr. Tiberti moved PM-3-75 be APPROVED subject to the following conditions:

1. Dedicated access be provided to this subdivision.
2. Conformance to code requirements and design standards of City departments.
3. Conformance to the requirements of State statutes relative to parcel maps.

The motion carried by unanimous vote.

February 26, 1975

Mr. James Duplissey
404 Falcon Lane
Las Vegas, NV

Dear Mr. Duplissey:

Subject: PM-2-75

The parcel map concerning property generally located on the west side of Falcon Lane, approximately 109 feet south of Mayflower Lane was considered by the City Planning Commission on February 25, 1975.

The Commission voted to refer this item with a recommendation of APPROVAL subject to the following conditions:

1. Approval of the Parcel Map constitutes administrative variance approval of the 64.5' lot widths.
2. Conformance to code requirements and design standards of City departments.
3. Satisfaction of the requirements of State statutes relative to parcel maps.

This item is being referred to the Public Works Department for further consideration. Upon completion of their review, the map will be forwarded to the City Commission for action.

Sincerely,

DEPARTMENT OF COMMUNITY DEVELOPMENT
DON J. SAYLOR, AIP, DIRECTOR

Harold P. Foster
Deputy Director

INTER-OFFICE MEMORANDUM

February 24, 1975

TO:

FOSTER

FROM:

STORMSON

SUBJECT:

PM-2-75
James Duplessy
Nevsur Insurance Company

COPIES TO:

The three 64.5 ft. wide parcels are located on a dedicated public street, Falcon Lane, in an R-1 zone and have less than the required width of 65 feet. A representative of one of the owners, the Crestmont Corporation, stated that the lot widths of 64.5 ft. were recorded approximately ten years ago because at that time no parcel map requirements existed. A building permit for a home was obtained by James Duplessy for Lot 1. At the time the building permit was taken out the building site was 129-ft. along Falcon Lane and the owner had the south half of Lot 3. Nevsur - Crestmont Corporation owns the north half of Lot 3. Since the width deficiency of each parcel is only .5 feet, staff recommends that the parcel map be approved at such width. According to our field survey there is a 6.7 ft. side yard along the north side of the building on Lot 1 and a 5-ft. wide yard along the south side, this is less than the minimum for an R-1 zone. *by 2.5"*

Subject to the requirements of the Department of Public Works and the Nevada State Parcel Map Statutes, staff recommends approval.

PARCEL MAP APPLICATION

DEPARTMENT OF COMMUNITY DEVELOPMENT CITY OF LAS VEGAS

Date: January 29, 1975

1. Owner of Record: James J. Duplissey and Nevsur Insurance Agency & Crestmont Corp.
Address: 404 Falcon Lane, Las Vegas, NV Phone No.: No local phone.
2. Name of Engineer or Surveyor: G. C. Wallace Consulting Engineers, Inc.
Address: 1100 East Sahara Ave., Las Vegas, NV Phone No.: 732 3330
3. Location of Parcel Map: Section 36 Township 20S Range 60E
Tax Parcel No.: 200 030 020 054 (Duplissey) and 200 030 020 040 (Nevsur)
exclusive of street right-of-way
4. Acreage: 0.53 Number of Parcels to be Created: 3 Land Use Zone: S.F. Res
5. Does the land front on a public (dedicated) street? Yes X No
6. List names of public access streets between this property and nearest major street:
Falcon Lane
7. Describe the existing improvements and/or condition of streets in Item #6 above:
Blacktop, curb and gutter both sides of street, sewer and water.
8. Describe how water service will be provided to this land. If water service is to be provided by a public agency, indicate the agency name and location of nearest existing water line: Las Vegas Valley Water District from a line existing in the street
in front of the property.
9. Will the property be serviced by the City Sanitary Service System? Yes X No
If no, indicate how sewer service will be provided:
10. Is immediate development proposed on the parcels of land to be created? Yes X No
If yes, indicate type of development and anticipated date construction will commence:
Single family homes. (1 already exists, one is proposed to start by 3/31/75, and
one will be constructed later.)

The undersigned owner of record hereby requests this parcel map application to be submitted to the Planning Commission and City Commission for consideration and all statements and answers contained herein are in all respects true and correct.
