This property is located at the northeast corner of Bradley Road and Turkey Lane in Zoning District R-E. The application is for the further division of a previously approved and recorded parcel map. The overall site is approximately five acres with each of the four parcels to be created to be in excess of one acre.

The Department of Public Services required several corrections to be made to the map, all of which have now been done by the surveyor. The map is therefore in order and staff recommends approval subject to all conditions of City departments and State Subdivision Statutes.
