(Jordan excused)

MS. HARGROVE stated this request is for a Plot Plan and Building Elevation Review for a 41,042.05 square foot two-story animal shelter and veterinary hospital on three parcels which total 2.6 acres. Access to the site is via two two-way driveways on Bonanza Road. The first floor area will contain 35,162.56 square feet and will consist of examination rooms, offices, a kennel, a boarding area, a pet store and grooming area. The second floor will contain 5,879.49 square feet and will remain vacant and possibly be used as offices in the future. Parking is provided at the front, rear and side of the building. Six of the parking spaces are designated for animal control vehicles only. An attached two car garage is also provided for the principle doctors of the facility. The elevations depict a stucco exterior for the building frontage along Bonanza Road with the east, west and south elevations being white standing seam metal. Decorative treatments include glass block, decorative metal and varying roof lines. The roof will be colored standing seam metal. Desert landscaping will be provided throughout the site with decorative landscaped planters in an interior courtyard and landscaped planter fingers in the parking area. Currently existing along the west property line is a six foot high block wall. Chain link fences exist along the east and south property lines. The applicant has indicated an interest in extending the height of the existing block wall to 8 feet as well as adding barbed wire or a similar product to the existing fences along the east, west and south property lines. The applicant has indicated that this facility will be the "warehouse" for lost animals for the Las Vegas Valley. The facility and veterinary offices will operate 24 hours a day for care and drop off. However, the retail uses will operate during normal daylight hours. The applicant

DETAILS OF APPLICATION REQUEST:

Site Area	2.58 Acres
Building Area	41,042.05 Square Feet
Parking Required	82 Spaces
Parking Provided	90 Spaces

Access to the site is via two two-way driveways on Bonanza Road. The first floor area will contain 35,162.56 square feet and will consist of examination rooms, offices, a kennel, a boarding area, a pet store and grooming area. The second floor will contain 5,879.49 square feet and will remain vacant and possibly be used as offices in the future. Parking is provided at the front, rear and side of the building. Six of the parking spaces are designated for animal control vehicles only. An attached two car garage is also provided for the principle doctors of the facility.

The elevations depict a stucco exterior for the building frontage along Bonanza Road with the east, west and south elevations being white standing seam metal. Decorative treatments include glass block, decorative metal and varying roof lines. The roof will be colored standing seam metal.

Desert landscaping is proposed throughout the site with decorative landscaped planters in an interior courtyard and landscaped planter fingers in the parking area.

Currently existing along the west property line is a six foot high block wall. Chain link fences exist along the east and south property lines.

The applicant has indicated an interest in extending the height of the existing block wall to 8 feet as well as adding barbed wire or a similar product to the existing fences along the east, west and south property lines.

FINDINGS:

The applicant has indicated that this facility will be the "warehouse" for lost animals for the Las Vegas Valley. The facility and veterinary offices will operate 24 hours a day for care and drop off. However, the retail uses will operate during normal daylight hours. The applicant indicated that there will be onsite security at all times.

Staff recommended to the applicant that an eight foot block wall be considered for all three property lines or six feet with additional wrought iron. A minimum 10 foot wide landscape planter should be provided along Bonanza Road.

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. Provide minimum 10 foot wide landscape planters along Bonanza Road and install 24 inch box evergreen trees 30 feet on center with shrubs, boulders and ground cover in the planters as required by the Department of Community Planning and Development.
2. Provide an 8 foot high block wall along the east and west property lines as required by the Department of Community Planning and Development.
3. Install 24 inch box Arizona Cypress trees 25 feet on center along the freeway frontage at the rear of the site as required by the Department of Community Planning and Development.
4. Dedicate an additional 15 feet of right-of-way adjacent to all parcels comprising this site for a total half-street width of 50 feet on Bonanza Road as required by the Department of Public Works.
5. Landscape and maintain all unimproved right-of-way on Bonanza Road adjacent to this site as required by the Department of Public Works.
6. Obtain an Encroachment Agreement for all landscaping and private improvements located in the Bonanza Road public right-of-way adjacent to this site as required by the Department of Public Works.
7. Construct all incomplete half-street improvements on Bonanza Road, if any, adjacent to this site as required by the Department of Public Works.
8. All driveways shall be designed and constructed in accordance with Standard Drawing #222a as required by the Department of Public Works.
9. Site development to also comply with all applicable Conditions of Approval for Z-10-88, Z-27-88 and Z-53-88 as required by the Department of Public Works.

I. THE FOLLOWING APPLICATION INFORMATION SHALL BE SUBMITTED:

- A. The original application cover sheet, signed by the property owner;
- B. Twelve copies of the plot plan (If a 24" by 36" sheet size is used, the copies must be folded into 8 1/2" by 14"); and
- C. One rolled and colored plot plan for display. Colors to use: Residential Buildings - Yellow; Multi-family Buildings - Orange; Commercial Buildings - Pink; Landscaping - Green; Pavement - Gray
- D. If required, two copies of the elevation drawings, floor plan and landscape plan (If a 24" by 36" sheet size is used, it must be folded into 8 1/2" by 14"). **Important, check with a staff person to see if a floor plan or landscape plan is required.**
- E. A copy of the Recorded Deed verifying ownership.

II. PREPARING THE PLOT PLAN OF THE PROPERTY. The plot plan shall be prepared in a professional manner on a sheet which shall have a minimum size of 11" by 17" and a maximum size of 24" by 36".

- A. The following information shall be located in the lower right hand corner of the plot plan:
 - 1. Date of preparation;
 - 2. North arrow;
 - 3. Scale; the scale selected should use the majority of the sheet;
 - 4. A title block containing; name, address, and phone number of the person who prepared the plot plan;
 - 5. The address number and street name.
- B. The following information shall be located on the plot plan:
 - 1. The lot configuration shall be shown with a heavy line and all dimensions clearly marked;
 - 2. The total square footage of the lot. If the lot is greater than two acres, the lot shall be identified by acreage;
 - 3. The location and outline to scale of each proposed or existing building, building addition, wall, fence, and structure. All structures shall be marked proposed or existing;
 - 4. Setback dimensions from all property lines shall be shown for all existing and proposed structures;
 - 5. The location of all driveways providing access to the lot;;
 - 6. The off-street parking and loading schedule and the number and location of all existing or proposed off-street parking and loading spaces;
 - 7. The width and approximate location of all existing or proposed easements or rights-of-way, whether for public or private roads, drainage, sewers, or flood control purposes; and
 - 8. The size and location of all existing and proposed on-premise ground signage.

III. PREPARING BUILDING ELEVATIONS. The building elevation drawing shall be prepared in a professional manner on a sheet which shall have a minimum size of 11" by 17" and a maximum size of 24" by 36".

- A. For new structures or additions, elevations are required for each side of all proposed buildings or additions without landscaping.
 - 1. The type of exterior construction and roofing material shall be identified for both existing and proposed structures.
- B. **If there are only existing structures involved and no exterior modifications are proposed, a set of photographs clearly showing the property from all sides may be substituted for elevation drawings.** The photographs must be dated and the side of the structure identified by direction (i.e. north side).

IV. PREPARING THE FLOOR PLAN FOR THE PROPOSED OR EXISTING STRUCTURES ON THE PROPERTY. A typical floor plan of each floor with square footages shall be prepared in a professional manner on a sheet which shall have a minimum size of 11" by 17" and a maximum size of 24" by 36".

- A. **Important, check with a staff person to see if a floor plan is required.**

V. PREPARING THE LANDSCAPE PLAN. A typical landscape plan showing the type and size of the irrigation system and the number and type of plants shall be prepared in a professional manner on a sheet which shall have a minimum size of 11" by 17" and a maximum size of 24" by 36".

- A. **Important, check with a staff person to see if a landscape plan is required.**
