Also, that one the lease is up and the lessor does not want to purchase the equipment, it will be sent directly back to the factory or supply house.

Thus this is an office use only. Applicant will be in to initial this change.

Re: Conditions of Approval of 7-108-63 (6)

Dear Mr. Crosley:

The review of the site plan to allow the development of the Plaza's Commercial Complex was approved by the City Commission on October 4, 1978. This approval carried with it development control conditions.

At the time the building permit was issued by the City of Las Vegas detailed plans were submitted by the developer which were reviewed by our department.

Care was taken to insure the development would be in total compliance with all of the above mentioned conditions.

In our perusal of the development plans and subsequent approval of the building permit we were satisfied that your development, when constructed in accord with the approved plans will be in full compliance with all conditions of the original zoning approval.

Sincerely yours,

JOHN MIDBY

Mayor Briare: The next is a plot plan review for John Midby.

Mr. Foster: This involves a revised plot plan on a site that was originally zoned for a regional shopping center, which is on the north side of Sahara between Richfield Village and Rancho. The site has been reduced in size, the commercial area over the years for...

Mayor Briare: Excuse me just one minute. Folks, before you leave, could you come back just for a second? It's conceivable that this Commission will not have a quorum at the next meeting. Now you've noticed that this just went by a tie vote. There will not be a full Board at the next meeting, and it's conceivable that there won't even be a quorum which means that the next meeting would have to be cancelled or postponed until a later date. I'm only telling you this because I'd like you to be notified if you would leave your addresses with the City Clerk here, so that we can notify you if there is to be no meeting. I'm trying to save you the trouble of coming down here and going through it again.

Commissioner Leavitt: Why don't we just continue this matter until November 1?

Commissioner Christensen: Then there's no question.

Mayor Briare: All right, then, if the Commission has no objection, as a result of the tie vote instead of following our normal procedure, we'll just definitely put it off until..if we don't have a meeting on the 18th, how would we go about notifying? Public notice in the newspaper or something? Because there'll be a number of things that might normally be on the agenda for next meeting.

Commissioner Christensen: What you're saying is that if we don't have a meeting on the 18th, we might have to have one on the 25th.

Mayor Briare: That's what I'm trying to get around here to see what we'll do. Well maybe we just better leave it be until after we can make a determination amongst ourselves as to how we're going to conduct our business at our next meeting whatever it might be, whether it be a special meeting. I

kind of doubt whether we should postpone the meeting entirely. We'll decide that later. I just wanted to see if we could make a determination on that right now, but I wanted to let you know that there will not be a full Commission, and it possibly might be no Commission meeting the next time. Okay.

Okay, let's proceed onto the next part. John Midby.

Mr. Becker: When would you know? I'm going to be in Washington, D.C.

Mayor Briare: When are you going to be in Washington?

Mr. Becker: On the 18th. I have to know. I have to leave very early in the morning.

Mayor Briare: You won't be here on the 18th. It would be nice.

Commissioner Leavitt: For the record, I won't be here on the 18th. I don't know who else is going to make it.

Mayor Briare: Would the first be...let's set this thing to be held at that meeting in any event so if there's a special meeting, this will not be heard. It'll be heard at the first regular meeting in November, November 1. Are we ready to proceed?

Mr. Foster: This was formerly a regional shopping center site at Rancho and Sahara. They have requested since then rezoning for residential in the area that was under resolution for commercial. It has reduced that area substantially, and now they're proposing a commercial site. It's being outlined on the screen right on the north side of Sahara just east of Richfield Boulevard.

One of the conditions on the original zoning was that there would be a Planning Commission review of this development plan prior to development and secondly that there be a major department store in the first phase of development. Because the area has been reduced substantially in size, the Planning Commission felt it was proper to rescind that condition, and they did approve the submitted plot plan which indicates the areas of retail and office buildings, the area indicated in white with plazas throughout, heavy landscaping and adequate parking. The First Western facility, which would be their main office was approved for a plot plan review previously and shall be part of the overall complex, and this development will extend west to Richfield Boulevard. So the Planning Commission has recommended approval and has recommended rescinding the condition that there be a major department store in this development.

Mr. Crossley: I am Dick Crossley. I live at 3729 Fortune Avenue. I am Project Coordinator for John Midby and Associates. I don't have any particular comments, but I am here to answer any questions if it's within my capabilities of doing so. We have two other renderings here which may be of interest to you which have been prepared by our architect, Mr. Paul Thort, from San Diego who has been a gold medal winner of many designs over the past few years.

Commissioner Christensen: I move we follow the recommendations of the Planning Commission.

Mayor Briare: Comments. Cast your votes. Opposed. The motion is approved, Mr. Crossley. Very nice pictures.

Motion approved by the following vote:
Mayor Briare, Commissioners Christensen,
Leavitt and Woofert voting aye.
Noes: None.
Excused: Commissioner Lurie

- - - - -

Mayor Briare: Is there anyone here that wishes to make any comments before the Commission? Then, relative to the meeting of the 18th, Mr. Dorn I think that within the next 24 hours or so you better try to make a determination as to whether there's going to be a quorum for the meeting of the 18th. If you can make that kind of a determination...Mrs. Cole, when would be the, we'd have to post notices if we're going to have a meeting. I think we'd better cancel it. And if we cancel it, would we reset it? Do you have any idea what the Planning agenda is going to be like?

Mr. Foster: There's about six or eight Public Hearings on the zoning.

Mayor Briare: Gentlemen, would the 25th be...would you review the business that would normally be coming up and within the next 24 hours we'll notify the press if we could ask for their cooperation and notify everybody else if there's not to be a meeting. Otherwise we'll just proceed without a full Board.

Mr. Foster: The protestants and people who were for the various applications at the Planning Commission meeting in September were notified at that meeting that all those applications will come up on the 18th.

Mayor Briare: Do the best you can because by public notice in the newspaper a public of cancellation of this meeting, which is not unheard of. It wouldn't be historic. It's been done on numerous occasions.

Commissioner Christensen: It would be automatic if you don't have a quorum.

Mayor Briare: It would be automatic, that's true, but it would be very embarrassing also. Because we know there's a great livelihood. So let's, if the Commissioners have no objections, the meeting of the 18th will be cancelled. That means the next meeting of the City Commission will be on November 1, and we'll just work like the dickens to make up. Okay? We're adjourned.

Meeting Adjourned at 3:30 P.M.

seventeen protestants at the meeting who initially objected to the overall development but towards the end of the hearing seemed to be more concerned about maintaining an R-E strip along Lorenzi rather than the proposed R-D.

O. PLOT PLAN REVIEW Z-108-63(6) JOHN H. MIDBY AND ASSOCIATES

Request for a Plot Plan Review to allow offices and retail sales on property generally located on the north side of Sahara Avenue between Richfield and Rancho Drive, C-1 zone.

The request is for a plot plan review and to rescind a condition which required a major department store be constructed in this development since it was rezoned for a regional shopping center in 1963. The site has been reduced substantially in size for residential development and the condition pertaining to the major department store is no longer appropriate. The proposed development is for a series of retail and office buildings in a very attractive arrangement with plazas, walkways and heavy landscaping. The Planning Commission recommended approval of the plot plan and deleted the requirement that a major department store be constructed on the property.

- P. SET DATE ON ANY APPEALS FILED FROM THE BOARD OF ZONING ADJUSTMENT MEETING HELD SEPTEMBER 28, 1978.
- Q. SET DATE FOR PUBLIC HEARING ON ANY VACATIONS AND/OR STREET NAME CHANGES ACTED UPON BY THE PLANNING COMMISSION AT THEIR MEETING HELD SEPTEMBER 26, 1978.
 - 1. Amendment to the Master Plan of Streets and Highways for Jones Boulevard between Vegas Drive and Rancho Drive.
