OLD BUSINESS:

1. Z-103-63
PLOT PLAN REVIEW
(Abeyance Item
from 10/11/79)
APPROVED

Request of JOHN H. MIDBY AND ASSOC. for a Plot Plan Review to allow a proposed office complex (a permitted use) on property generally located at the southeast corner of Richfield Boulevard and El Camino Avenue, under resolution of intent to C-1.

MR. BROWN read the normal conditions that would apply to any approved rezoning applications heard at this meeting.

MR. BROWN presented the staff report and stated this item was postponed for a public hearing in view of the fact the Springhurst people were sensitive to the development of this parcel. It is zoned C-1 and had been approved for multiple family development. The applicant does not now want the multiple family. Instead, an office complex is desired. The plot plan is as shown. Staff would recommend that in view of the fact this has been changed from residential to commercial, that no access be granted from Richfield or El Camino.

CHAIRMAN SWESSEL declared the public hearing open.

JOHN MIDBY, 2800 W. Sahara, represented the application.

CHAIRMAN SWESSEL stated that whatever action was taken by the Planning Commission would be final.

MR. MIDBY described the plot plan and the proposed ingress/egress. He added that traffic to the development would not be 24-hour traffic. This will be a two story building with a gradual increase to three. The tenants will be of the professional type and will not be traffic generators any more than is usual for this type of operation. He added that the Traffic Engineer had attended a meeting with the Springhurst people and the only recommendation was that the traffic should be stopped with a fire gate.

LEE BACKUS, 3068 El Camino, stated there is somewhat of a traffic problem now which has been created by Spanos. He suggested that stop lights or signs could be used to control the traffic on El Camino. He suggested that the ingress/egress problem could be solved by having the main entrance on Richfield and the egress on El Camino.

MR. CANUL stated he thought this could be worked out with the Traffic Engineer.

MR. MIDBY stated they would agree to do that.

CHAIRMAN SWESSEL asked if anyone else wished to be heard; there being no one, he declared the public hearing closed.

MR. JONES made a Motion for APPROVAL of the Plot Plan Review under Z-108-63, subject to the following conditions:

1. The driveway at the east end of El Camino shall be closed except for emergency fire access.
2. The driveway on Richfield shall be limited to ingress only and the access on El Camino shall be limited to an exit or egress only.
3. The Traffic Engineering shall provide any needed traffic control signs on Richfield and El Camino.
4. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning Commission and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
5. Submittal of a landscaping plan prior to or at the same time application is made for a building permit, license or prior to occupancy.
6. All mechanical equipment, air conditioners and trash areas shall be screened from view from the abutting streets.
7. Conformance to the plot plan as amended to reflect the above conditions.
8. Securing all necessary permits and licenses and satisfaction of City Code requirements and design standards of all City departments.

ABEYANCE

Voting was as follows:

"AYES" Chairman Swessel, Mr. Miller, Mr. Jones and Mr. Canul
"NOES" Mrs. Coleman and Mr. Guthrie

Motion for DENIAL carried by a 4/1 vote.

CHAIRMAN SWESSEL announced this item would be heard by the City Commission on November 7, 1979 at 2:00 P.M.

Request of JOHN H. MIDBY & ASSOC. for a Plot Plan Review on property generally located on the north side of Sahara Avenue between Richfield and Rancho Drives, C-1 zone.

MR. BROWN presented the staff report and gave a review of the history of the property in question, and discussed the sensitivity that was felt by the neighbors regarding the multi-family residential zoning which was granted. Because of the interest shown by the neighbors and the requested change from residential to offices, staff would recommend a Public Hearing be held.

JOHN MIDBY represented the application and stated he did not object to a public hearing. He added, however, the property is commercial and the plan that is proposed fits into the stores in the area. He stated he then saw no need for a hearing.

MR. JONES stated that if a public hearing is not held to inform the neighbors, then it was not only the applicant's neck, but they would be coming after the Commission also.

MR. MIDBY stated the final determination is up to the Traffic Engineer. He added they are abandoning the variance for multi-family and are going back to the commercial use.

MR. JONES stated that is the purpose for the public hearing.

MRS. COLEMAN stated this would be another zone change as far as the neighbors are concerned.

MR. JONES made a Motion for ABEYANCE of the Plot Plan Review under Z-108-63, pending notification of the surrounding property owners.

Voting was as follows:

"AYES" Chairman Swessel, Mrs. Coleman, Mr. Miller, Mr. Guthrie,
Mr. Jones and Mr. Canul
"NOES" None

Motion for ABEYANCE carried unanimously.

17. Z-6-66(10)
PLOT PLAN REVIEW
APPROVED

Request of STEELWOOD CONSTRUCTION, INC. for a Plot Plan Review to allow a storage building on property located at 5301 West Charleston Boulevard, C-1 zone.

MR. BROWN presented the staff report and stated the plot plan is as shown. Staff sees no problem, and would request a 6' block wall plus the normal conditions.

DAN BAILEY represented the application. He stated the storage would be for manure for the nursery which is now stored outside. He stated this would be a metal building, Spanish brown.

MR. JONES made a Motion for APPROVAL of the Plot Plan Review under Z-6-66(10), subject to the following conditions:

1. Construction of a six ft. block wall on the south property line as required by the Department of Community Planning & Development.
2. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning Commission and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
