- (7) Z-144-63 - property generally located on the southwest corner of 25th Street and Searles Avenue, from R-1 to C-2.

DISCUSSION:

Chairman Cahlan stated that this was probably the last time Mr. Longley, Sr. would be at a Planning Commission meeting, that he has served eight years on the Planning Commission and four years before that on another Board. He expressed his pleasure in serving with him and stated further that Mr. Longley, Sr. has been a sincere member of the Board. Mr. Matteucci made a motion that a memorial Resolution be adopted and passed for Mr. Longley. Mr. Johnston seconded the motion and it was unanimously approved.

ADJOURNMENT:

Upon motion duly made, seconded and carried by a unanimous vote, the regular meeting of the City Planning Commission was adjourned at 8:22 P.M.

HAROLD P. FOSTER
Acting Secretary

HPF:da

Mayor Gragson asked if there was anyone present who wished to comment on the above application, to which there was no response.

In accordance with the recommendation of the Planning Commission, Commissioner Levy moved that the application of Doug Brand (Z-109-64) for reclassification of property generally located on the northwest corner of Upland Blvd. and Alpine Place, from R-1 to P-R, be DENIED.

Motion seconded by Commissioner Fountain and carried by the following vote: Commissioners Mirabelli, Levy, Fountain, Whipple and Mayor Gragson voting aye; noes, none.

ZONE CHANGES -

Adopted Resolutions
of Intent

ZONE CHANGE - Z-110-64 - APPLICATION OF SCOTT AND
HENDERSON for reclassification of property legally described as

Lots 510 and 475, Block 21, Hyde Park No. 3,
generally located on the east side of Decatur Blvd. between
Evergreen Avenue and Dover Place,

From: R-1
To: P-R.

ZONE CHANGE - Z-111-64 - APPLICATION OF WATTS AND SMITH
for reclassification of property legally described as

Lots 474 and 450, Block 20, Hyde Park No. 3,
generally located on the east side of Decatur Blvd. between Dover
Place and Cory Place,

From: R-1
To: P-R.

Director of Planning, Donald J. Saylor: I will make my remarks apropos to both Z-110-64 and Z-111-64 because they involve very similar property, same neighborhood, etc., and the Planning Commission action is the same on both. These applications are for change in zoning from R-1 to P-R for the lots fronting on the east side of Decatur Blvd. from Cory to Evergreen. At a previous action taken a month or so ago concerning a change of zoning to commercial on the west side of Decatur, it was indicated at that time that some consideration should be given to P-R zoning for these lots fronting on Decatur in the Hyde Park Subdivision. We have discussed this with some of the people and we do have these four lots involved on the applications tonight; however, the Planning Commission in taking their action recognized that more than likely the same consideration would be given to other applications for lots fronting on Decatur as they are submitted. The Planning Commission further stipulated that it was their thinking that although the lots abutting Decatur should go P-R, that this would not necessarily be true of the lots in the interior of Hyde Park. The reason they made this statement is the fact that there were some people at the meeting who owned interior lots who spoke in favor of the P-R zoning, which indicated somewhat to the Planning Commission that they may feel that if these lots on Decatur go P-R, that the interior lots would, also. We also had a petition of some other property owners on Decatur in favor of it

and two protests at the meeting and a petition of 14 property owners in protest.

Mayor Gragson asked if there was anyone present who wished to comment on these applications, to which there was no response.

Commissioner Fountain moved that Resolutions of Intent be ADOPTED to rezone the above described property on applications Z-110-64 and Z-111-64 from R-1 to P-R, subject to the following conditions:

1. Being in accord with the plot plan amended as follows -
 - (A) That the offstreet parking facilities be redesigned in accord with the Ordinance, with no backout egress permitted.
2. That this Resolution of Intent be restricted to a six months time limit.
3. Conformance to the requirements of the Building and Fire Departments.

Motion seconded by Commissioner Mirabelli and carried by the following vote: Commissioners Mirabelli, Levy, Fountain, Whipple and Mayor Gragson voting aye; noes, none.

Application of SCOTT AND ANDERSON for reclassification of property legally described as Lots 510 and 475, Block 21, Hyde Park No. 3, and generally located on the east side of Decatur Boulevard between Evergreen Avenue and Dover Place, from R-1 to P-R.

Application of WATTS AND SMITH for reclassification of property legally described as Lots 474 and 450, Block 20, Hyde Park No. 3, and generally located on the east side of Decatur Boulevard between Dover Place and Cory Place, from R-1 to P-R.

Mr. Saylor pointed out the general location stating that Staff's remarks would be appropos to both Z-110-64 and Z-111-64. Mr. Saylor pointed out the land use in close proximity stating that during the discussion relative to the zoning on the west side of Decatur Boulevard in this general area, the point was brought out that some consideration should be shown to these residential lots abutting Decatur on the east side.

Referring to the plot plans Mr. Saylor pointed out that in trying to provide the maximum amount of offstreet parking facilities, the design proposes backout egress onto Decatur which should by no means be permitted onto this major street. The parking should be redesigned. The plot plans show a six foot block wall along the east property line abutting the interior residential area. Again, basically due to the overlaid market of non-developed P-R properties, Staff recommended denial. The record indicated a petition of approval with 3 property owners listed and one letter of approval and one letter of protest.

The Chairman declared the public hearing open.

Mr. Bill Rodd appeared to protest and presented a petition of protest with 22 names listed.

Mr. Scott appeared in his own behalf. He filed a petition of approval with 26 names listed. He further described the unsuitability of this property for continued residential use. He stated that he had 2 people interested in the property for professional office use, but no definite plans. At this time Chairman Cahlan brought out the fact that many of the properties approved to P-R, but which have not been converted from residential use, are still being resided in by the applicants who also claimed their properties were to undesirable to live in.

However, Mr. Johnston felt that these particular property owners should not be penalized if they have the opportunity to transition their property. He further stated that this general area on the east side of Decatur was discussed at the time the policy was adopted for the west side of the street.

Mr. Gilday stated that he agreed with Mr. Johnston adding that if approved by means of a Resolution of Intent, no change would occur from the R-1 unless a user was available.

Mr. Saylor added one comment at this time stating that while discussing this application with the applicants, it was brought out that they only wanted their investment out of the properties so that they could move their residence to a more suitable location. It appeared their intent was not to try to make a large profit but only to exchange their location. Further, Mr. Saylor stated that the properties classified to P-R on Charleston had a very high profit factor. If these particular property owners' premise is accurate, this may be a workable plan.

Mr. Fountain stated that he felt that all of the lots fronting Decatur on the east side from Charleston to Alta are unsuitable for continued residential use and

should be considered favorably for a non-residential use. Mr. Scott appeared in his own behalf and stated his wish was not a matter of a profit but only to be able to relocate his home.

Mrs. Watts appeared in her own behalf. She stated her home had been listed for sale for the past four months and the only interested people had been professional people.

Mr. Anderson appeared to approved stating he owned property in this area.

Mr. Earl Preston appeared to approve.

The Chairman declared the public hearing closed.

During the discussion, Mr. Johnston stated that he favored P-R classification for the lots fronting only on the east side of Decatur however, felt that this should not encroach into the interior of this residential area.

Mr. Johnston then moved that the application of SCOTT AND ANDERSON for reclassification of property generally located on the east side of Decatur Boulevard between Evergreen Avenue and Dover Place, from R-1 to P-R and the application of WATTS AND SMITH for reclassification of property generally located on the east side of Decatur Boulevard between Dover Place and Cory Place, from R-1 to P-R be approved by means of a Resolution of Intent subject to the following conditions:

- (1) Being in accord with the Plot plan amended as follows:
 - (a) That the offstreet parking facilities be redesigned in accord with the Ordinance with no backout egress permitted.
- (2) Conformance to the requirements of the Fire and Building Departments for this type occupancy.
- (3) That this Resolution of Intent be restricted to a six (6) months time limit.

Mr. Gilday seconded the motion and it was carried by a unanimous vote.

POLICY DETERMINATION
East side of Decatur
between Charleston and
Alta

Discussion followed relative to a policy relative to this general area on the east side of Decatur Boulevard between Charleston Boulevard and Alta Drive. Vice-Chairman Tiberti moved that a policy be adopted to consider favorably professional office use of the general area fronting the east side of Decatur between Charleston Boulevard and Alta Drive, however, that no interior lots be considered for any change in classification. Mr. Matteucci seconded the motion and it was carried by a unanimous vote.

Plot Plan Review

Chairman Cahlan stated that he had been requested to asked the Commission if they would consider this item next on the agenda due to the fact the applicant has another appointment to meet. Mr. Saylor presented the plot plan stating this is within the area approved to C-2 zoning bounded by Las Vegas Boulevard, Charleston Boulevard, Main Street and Bonanza Road subject to review of the proposed use and plot plan by this Commission to more or less be a controlling factor to the development of this area as an extension of the downtown area. Referring to the plot plan of this specific request, Mr. Saylor stated the front portion of the parcel is open area with no landscaping. There are multiple units existing at the rear. The applicant proposes to utilize the front portion for a parking lot and continuing the apartment house use. In view of the fact this is proposed as a temporary use, and

RESOLUTION OF INTENT TO RECLASSIFY REAL PROPERTY

WHEREAS, Ordinance No. 1014 provides for an intention of rezoning in the public interest; and

WHEREAS, the Board of City Commissioners deems it appropriate and in the interest of the public health, safety, welfare and convenience that an intention to rezone be indicated so long as conditions and stipulations are complied with; and

WHEREAS, this intention to reclassify real property shall become final, and rezoning shall be consummated upon the particular property when the owner has completed the specified building program in compliance with the conditions thereof.

NOW, THEREFORE, BE IT RESOLVED, that at a regular meeting of the Board of City Commissioners held on the 20th day of January, 1965, the following parcel of real property shall be rezoned as follows at the time of completion of the said purpose of the rezoning and the conditions attached thereto:

FROM R-1 to P-R (Z-111-64)

Lots 474 and 450, Block 20, Hyde Park No. 3.

- Subject to (1) Being in accord with the plot plan as amended, to wit: That the offstreet parking facilities be re-designed in accord with the ordinance with no back-out egress permitted;
- (2) That this Resolution of Intent be restricted to a six (6) months time limit; and
- (3) Conformance to the requirements of the Building and Fire Departments.

PASSED, ADOPTED AND APPROVED this 20th day of January, 1965.

SUBJECT: Inspection of single family dwelling at 4721 Dover Place
For zoning change from R-1 to P-R, File #Z-111-64

This building is constructed of 8" concrete block exterior walls with 6" concrete block interior partitions, wood frame ceiling and roof. Ceiling has $\frac{1}{2}$ " sheetrock, roof is 4:12 pitch, composition shingle covering with 8" overhang, unprotected. Concrete slab floor.

East side of house is approximately 5' from the property line with 2 unprotected windows. Has an attached carport of wood frame, unprotected.

In order for this building to meet code requirements for commercial use it must be made 1 hour fire resistive throughout. To do this the interior ceiling must be replaced with 5/8" sheetrock minimum or increased to be equal. The roof overhang to be removed or protected (stucco). The carport cover to be removed or the ceiling stuccoed. The two windows on the East side of the building to be protected (wire glass).
