for professional offices; that in order to remodel this building for additional space, all she would need would be a Variance under the existing R-1 zoning; and that even if the property were rezoned to R-4, she would still have to go before the Board of Zoning Adjustment for a Use Permit.

It was the consensus of the Commission that inasmuch as Mrs. Cornelius could accomplish her purpose by means of a Variance Permit, it would not be advisable to rezone the property.

Commissioner Mirabelli moved that the application of Grace D. McCall (Cornelius) (Z-120-62) be held in ABEYANCE.

ZONE CHANGE (Z-130-62) - APPLICATION OF JOHN M. HAYES for reclassification of property generally located on Weldon Place between St. Louis Avenue and Santa Paula Drive, from R-3 to R-4, legally described as follows:

Lot 14, Block 1, El Centro Addition Tract No. 1

The Director of Planning, Mr. Donald J. Saylor, stated that the applications of John M. Hayes and Mabel E. Lee could be considered simultaneously inasmuch as they are adjoining properties; that applications were originally submitted for rezoning to R-5 and that they have now requested R-4 reclassifications; that there were no protests from neighboring property owners; and that the Planning Commission recommended approval.

Commissioner Levy moved that the following applications be APPROVED:

Application of Mabel E. Lee (Z-129-62) for reclassification of property generally located on Weldon Place between St. Louis Avenue and Santa Paula Drive, from R-3 to R-4.

Application of John M. Hayes (Z-130-62) for reclassification of property generally located on Weldon Place between St. Louis Avenue and Santa Paula Drive, from R-3 to R-4.

Motion seconded by Commissioner Mirabelli and carried by the following vote: Commissioners Mirabelli, Levy, Whipple, and Mayor Gragson voting aye; noes, none.

Mr. Saylor: Yes, qualified by this area we are talking about; but there is continual construction going on a little further north that is quite significant. Most of it is west of Shadow and I believe that was considered by the Planning Commission in reaching their decision. If you zone this R-3, then there is no logical stopping place and it had already been decided that Desert Lane should be the stopping place.

It was the consensus of the Commission that the entire area should perhaps be restudied; whereupon Commissioner Fountain moved that the application of Dorothy M. Simpson (Z-127-62) for reclassification of property generally located on the northwest corner of Desert Lane and Pinto Lane from R-1 to R-3 be held in ABEYANCE and referred back to the Planning Commission for a joint meeting with the City Commission for a study of the over-all area.

Director of Planning, Mr. Donald J. Saylor: This request for reclassification to R-5 is on a property directly across the street from a property we discussed earlier in this meeting. The applications of Mabel E. Lee and John M. Hayes are the properties to the north of Zimmerman's. Essentially, my comments will be apropos to all three locations.

(see Page 13)

Director of Planning, Mr. Donald J. Saylor: Dr. Zimmerman's property is presently zoned R-4 and he obtained a use permit some time ago to have a doctor's office on part of it. He subsequently submitted another application for a use permit for a real estate office. Both of those have been approved, and the property is being used that way. A short time ago, he discussed with me the matter of additional professional offices there, and I suggested that he apply for another use permit, and that he try to determine how many he was going to need, so that he wouldn't have to keep making this request over and over again. He has now submitted an application for R-5.

Essentially, as far as he is concerned, the only difference between R-4 and R-5 for professional offices is that under R-5, he would not need a use permit. Therefore, his application could have been, and probably should have been handled by a Use Permit application, and this was suggested to him. Mabel Lee and John Hayes did not discuss their applications with me, and I did not know what they intended until the time of the Planning Commission meeting. In fact, at that meeting, it was brought out that they were not sure why they wanted the rezoning, although some comments were made that these properties might be used for professional offices. Here again, these could have been handled by a Use Permit. There were a considerable number of protests, and the Planning Commission recommended denial, on the basis that it appeared that what they proposed to do with these properties could be done by means of Use Permits.

Dr. Zimmerman stated that inasmuch as his property is bordered by C-1 on one side and R-5 on the other that the loan commitments on the property would be more advantageous if the R-5 zoning were granted. He further stated that his plans would not be infringing on R-1, but rather extending into the commercial.

Mrs. Mabel E. Lee stated that she felt these three properties in all fairness should be rezoned R-5, since a large parcel in Block 3 has already been zoned R-5 and a four-story building is contemplated for construction thereon. She further stated that she would probably construct some type of two-story medical-dental facility.

Mayor Gragson: If you had to have R-5 to do what you propose doing, I would be a lot more inclined to grant this request than where you can accomplish your desired purpose under R-4 and yet hold down the creeping that always becomes involved in any rezonings.

Mr. Saylor pointed out that the properties of Mabel Lee and John Hayes are presently zoned R-3 and indicated that perhaps the Commission would want to consider rezoning to R-4.

On the basis that Dr. Zimmerman can apply for a Use Permit under his present R-4 zoning for the purpose he intends, Commissioner Levy moved that the application of Daniel H. and Leta Zimmerman (Z-128-62) for reclassification of property generally located on the northwest corner of Weldon Place and St. Louis Avenue from R-4 to R-5 be DENIED.

Lots 20 and 21, Block 4, Meadows Addition.

Director of Planning, Mr. Donald J. Saylor: This was one of those properties that we zoned commercial when we adopted the Zoning Map, and has been put back to R-4. At the time they made this application, we were in a turmoil -- we didn't know what we were going to do; so I felt that the safe thing was for them to submit the application. Actually, it is one of the things that will be taken care of on our new map. However, as long as the application has proceeded this far, as far as I am concerned we could just go ahead and approve it.

Commissioner Levy: What was it before?

Mr. Saylor: C-2.

Commissioner Levy moved that a resolution of intent to rezone property generally located on the north side of Baltimore, between Fairfield Avenue and Las Vegas Boulevard South, from R-4 to C-2 be ADOPTED.

Director of Planning, Donald J. Saylor: This general area is zoned R-4, however, parts of it has been zoned to Commercial. It is pretty well agreed by the Planning Commission that in time all of it will go commercial. However, they are trying to do this on an orderly procedure. In this particular case, it amounted to rezoning to R-5 a property located in an area that is pretty well developed, and the Planning Commission felt that it would not be beneficial to the existing development to permit the increased density on this, with the 2 for 1 parking ratio; and consequently, they recommended denial.

Mr. Bernard W. Brown: I felt it would be an asset to the area. I am planning only a two-story building. There are apartments all around there, and after you get away from the apartments, then it is commercial. A motel is being built about a block from me now. I am not even a full block from the Strip; and I felt that apartments

Application of E. A. BECKER for the reclassification of property legally described as that portion of the northwest quarter, Section 36, T20S, R60E, MDB&M, lying north of Charleston Heights Tract Nos. 6-B and 17, and lying west of Charleston Heights Tract No. 31-A, except that parcel granted to the City of Las Vegas, DC #300773, Book 372 of Official Records, and generally located as bounded on the north by Fremont, on the west by Jones Boulevard, on the south by Upland Boulevard, and on the east by Charleston Heights Tract No. 31-A and the City of Las Vegas Fire Station, from R-1 to C-1.

Mr. Saylor gave the staff report. He stated the Fire Station, located to the rear of this parcel, should not be used as an implement in this application. This is simply a spot zoning to commercial. Staff recommends denial.

The Chairman declared the public hearing open.

Mr. E. A. Becker appeared in his own behalf. He said that the proposed use of this property is to build his offices there. If the zoning request is wrong, any classification to enable the procedure of these plans would be fine. He further described the proposed plans.

Mr. Gerald Luetkehans appeared submitting a petition of protest with 187 names listed.

Mr. Wendel Rundquist appeared to protest the application.
