ZONE CHANGE
Z-131-62

Adopted Resolution of Intent to Rezone to C-2.

ZONE CHANGE (Z-131-62) - APPLICATION OF LOUIS B. AND GERTRUDE DU BOIS for reclassification of property generally located on the north side of Baltimore, between Fairfield Avenue and Las Vegas Boulevard South, from R-4 to C-2, legally described as follows:

Lots 20 and 21, Block 4, Meadows Addition.

Director of Planning, Mr. Donald J. Saylor: This was one of those properties that we zoned commercial when we adopted the Zoning Map, and has been put back to R-4. At the time they made this application, we were in a turmoil -- we didn't know what we were going to do; so I felt that the safe thing was for them to submit the application. Actually, it is one of the things that will be taken care of on our new map. However, as long as the application has proceeded this far, as far as I am concerned we could just go ahead and approve it.

Commissioner Levy: What was it before?

Mr. Saylor: C-2.

Commissioner Levy moved that a resolution of intent to rezone property generally located on the north side of Baltimore, between Fairfield Avenue and Las Vegas Boulevard South, from R-4 to C-2 be ADOPTED.

Motion seconded by Commissioner Mirabelli and carried by the following vote: Commissioners Mirabelli, Levy, Fountain, Whipple, and Mayor Gragson voting aye; noes, none.

ZONE CHANGE
Z-139-62

Denied

ZONE CHANGE (Z-139-62) - APPLICATION OF BERNARD W. BROWN for reclassification of property generally located on the west side of South Third Street, between Colorado Street and Imperial Avenue, from R-4 to R-5, legally described as:

Lots 11 and 12, Block 15, Boulder Addition.

Director of Planning, Donald J. Saylor: This general area is zoned R-4, however, parts of it has been zoned to Commercial. It is pretty well agreed by the Planning Commission that in time all of it will go commercial. However, they are trying to do this on an orderly procedure. In this particular case, it amounted to rezoning to R-5 a property located in an area that is pretty well developed, and the Planning Commission felt that it would not be beneficial to the existing development to permit the increased density on this, with the 2 for 1 parking ratio; and consequently, they recommended denial.

Mr. Bernard W. Brown: I felt it would be an asset to the area. I am planning only a two-story building. There are apartments all around there, and after you get away from the apartments, then it is commercial. A motel is being built about a block from me now. I am not even a full block from the Strip; and I felt that apartments

there would be beneficial. I am close to the bus line and everything and can't see any reason for not having the R-5.

In answer to questions by the Commissioners, Mr. Brown further stated that under his present R-4 zoning, he could build two-stories, but could only have 16 units; whereas under R-5, he could have 24 units, with fewer parking spaces required.

Commissioner Whipple: Did you say the Planning Commission is going to discuss this for Commercial?

Mr. Saylor: No, what I meant to point out, on our Master Plan this whole triangle between Charleston, Main and 5th is scheduled for commercial development. In other words, we feel that in the future it will develop that way, and we have been making some changes -- scattered, and in cases where a development has been proposed that would utilize a whole or half-block, as opposed to this particular application which would simply allow a more intense use of this property than what the other people in this general area could devote their property to.

Mayor Gragson: I question this R-5 zoning.

Commissioner Whipple: This is not in accordance with the Master Plan. Also, the parking requirements do not seem consistent.

Commissioner Mirabelli: That's because of the size of the lot, primarily. That is 100 x 140 and allows 12 parking spaces in R-5 and 16 in R-4. Now, if you double that, you would have 24 as opposed to 32 -- it starts getting greater and greater. It was the original intent, in the meetings on the R-5 when it was first proposed, that R-5 would permit utilization of big portions of land better. In other words, in dealing in a number of acres, it would be better utilization, rather than on one or two ordinary sized lots.

Mr. Saylor: I believe the R-5 was specifically intended for areas which we felt would not be 100% car ownership -- in other words, close to the downtown area, where a lot of people would walk to and from work; and also close to our central tourist areas.

Commissioner Levy moved that the application of Bernard W. Brown (Z-139-62) for reclassification of property generally located on the west side of South Third Street, between Colorado Street and Imperial Avenue from R-4 to R-5 be DENIED.

Motion seconded by Commissioner Mirabelli and carried by the following vote: Commissioners Mirabelli, Levy, Fountain, Whipple, and Mayor Gragson voting aye; noes, none.
