ZONE CHANGE (Z-142-63) - APPLICATION OF THE CITY OF LAS VEGAS for reclassification of property generally located on the east side of Highland Drive, between Washington and McWilliams, from R-E to R-4.

Director of Planning, Mr. Donald J. Saylor: You will recall that the Board of City Commissioners recently directed me to advertise for a public hearing regarding the rezoning of this piece of City owned property. It is presently zoned R-E. There is some history behind it. The Planning Commission had a public hearing on it and has not yet made a recommendation to you, wanting to hold this joint meeting first. This is the area in which the Housing Authority, after several hearings, obtained a rezoning to R-2 for the development of an extension of Marble Manor. At that time, this parcel was discussed in various ways. The protestants very strongly did not want the extension of this Housing development over to Highland and they did not want the utilization of this property as a park. In fact, I believe the record will show that they indicated they would prefer to have it zoned commercial. Now, the City has made this application for R-4, with a specific resolution of intent limiting it to professional offices. From a planning viewpoint, I feel that this is very good planning since there is commercial nearby, and there are two major street intersections. Also, we have evidence that the people in the general area do not want it developed as residential; so the only other answer would be commercial, which would present a big problem. If this is zoned commercial, we would immediately have applications on the other three corners. The R-4 seems to solve the problems very well. However, at the time of the Planning Commission public hearing we had substantial protest from the people in this general area, Bonanza Village, Sunny Place, and I believe their feeling now is that the rezoning of this to R-4 would encourage the spread of commercial zoning in here. I take the opposite view. I feel that it would firm it up so that if we go to something that is not completely commercial, it does serve as a basis for preventing the spread of commercial development here. In fact, I believe their position now is that they would like to see the City develop it as a park area.

Mayor Gragson: It isn't adequate for a park area.

Mr. Saylor: That's right. There are several things involved here. In the first place, the best you could get out of it would be a "tot lot". You have two heavily traveled streets. Secondly, I believe we have had under consideration and review for quite some time the development of a major park facility a little further north, but surely big enough to provide park facilities for a service area that would include this.

Commissioner Levy: Inside of the Marble Manor Project there is a park or playground for kids. One thing in favor of rezoning this to R-4 is that there are no houses on Highland Avenue facing this area. The houses all back up to Highland, so it is just their backyards facing this parcel of ground.

Mayor Gragson asked if there was anyone present who wanted to be heard on this matter, to which there was no response.

Commissioner Whipple: This still has to go back to Planning doesn't it?

Mr. Saylor: That's right.

Commissioner Mirabelli: It is just to give us an opportunity to explain to them what our original thinking was on this. Maybe they have some questions to ask this Board.

Unidentified Planning Commission member: It seems that our Board the night of the hearing was pretty well split on this park situation. Some of the members who had been on the Board for a long period seemed to think it had been designated as a park site.

Commissioner Whipple: When this discussion came up, I specifically recommended that it be developed as a park, and unanimously those people were opposed to it.

Commissioner Levy: I happened to be one of the proponents at that time on the Housing Authority. We held hearing after hearing. The property belonged to the Catholic Church. They were the applicants. These people positively turned down the idea of a public park.

Commissioner Mirabelli: The protestants acknowledged the fact that it was proposed for a park and they did not want it. But they had the courage to stand up and say now that they have changed their mind.

Mr. Saylor: I think Mr. Bills would bear out the fact that at that time they took the position that they would prefer to have it zoned commercial. I can't remember the exact words, but they are in the minutes.

Mayor Gragson: I believe there is some indication of office development in there.

Mr. Saylor: This commercial is under development now -- at least a portion of it.

Mayor Gragson: I mean under that zoning that we have, we have some indication from some people who would like to develop it ...

Mr. Saylor: I believe there was some indication of that, yes.

Mayor Gragson thanked the Planning Commission members for being present for these discussions; and Commissioner Mirabelli asked that this portion of the Meeting Minutes be typed as quickly as possible and sent to those members of the Planning Commission who were unable to be present, so that they would know what the feeling of this Board was.

Minutes-Regular Meeting
February 13, 1963

The City Attorney, Mr. Sidney R. Whitmore: This matter, pursuant to your meetings in the past with property owners in the area where the Las Vegas-Tonopah-Reno Stage Lines operated ... there was a notice given to the bus company, giving them 30 days to cease and desist their parking on the parking lot they were then using at the corner of 11th Street. They were also commencing another area which is not adjacent to their terminal, and notice was also given that that particular area could not be used for parking for the reason that we do not feel it is proper use of the property under C-2 zoning. They have not taken any action, and the only thing I can recommend at this time is that the City file an action in District Court seeking an injunction on this matter.

RESOLUTION OF INTENT TO RECLASSIFY REAL PROPERTY

WHEREAS, Ordinance No. 1014 provides for an intention of rezoning in the public interest; and

WHEREAS, the Board of City Commissioners deems it appropriate and in the interest of the public health, safety, welfare and convenience that an intention to rezone be indicated so long as conditions and stipulations are complied with; and

WHEREAS, this intention to reclassify real property shall become final, and rezoning shall be consummated, upon the particular property when the owner has completed the specified building program in compliance with the conditions thereof.

NOW, THEREFORE, BE IT RESOLVED, that at a regular meeting of the Board of Commissioners held on the 13th day of March, 1963, the following parcel of real property shall be rezoned as follows at the time of completion of the said purpose of the rezoning and the conditions attached thereto:

FROM R-E to R-4 (2-142-62)

A portion of the Southeast Quarter (SE $\frac{1}{4}$) of Section 28, Township 20 South, Range 61 East, M.D.B.&M., and being more particularly described as commencing at the center of said Section 28, thence South 89°39'00" East a distance of 40.00' thence South 00°21'00" West a distance of 30.00' to the true point of beginning, thence South 00°21'00" West a distance of 600.29', thence South 89°20'00" West a distance of 228.57', thence North 00°21'00" East a distance of 595.56', thence South 89°39'00" East a distance of 228.53' to the true point of beginning.

SUBJECT to use for professional offices only.

PASSED, ADOPTED AND APPROVED, this 13th day of March, 1963.

ORAN K. GRAGSON, MAYOR

ATTEST:

SIGRID DODGSON, Acting City Clerk

located on the east side of Monterey Avenue between Exley Avenue and Sahara (San Francisco) Avenue, from R-1 to C-2 be held in abeyance.

Mr. Johnston seconded the motion and the vote was unanimous.

Application of the CITY OF LAS VEGAS, NEVADA for the reclassification of property legally described as a portion of the Southeast Quarter (SE $\frac{1}{4}$ of Section 28, Township 20 South, Range 61 East, M.D.B.&M., and being more particularly described as commencing at the center of said Section 28, Thence S 89°39'00" E a distance of 40 feet to a point; Thence S 0°21'00" W a distance of 30 feet to the true point of beginning; Thence S 0°21'00" W a distance of 600.29 feet to a point; Thence S 89°20'00" W a distance of 228.57 feet to a point; Thence N 0°21'00" E a distance of 595.56 feet to a point; Thence S 89°39'00" E a distance of 228.53 feet to the true point of beginning, and generally located on the east side of Highland between Washington and McWilliams, from R-E to R-4, (Professional Office Building).

Mr. Foster gave the staff report stating that this item had been before the Commission previously and also had been discussed at a joint meeting of both the Planning Commission and the Board of City Commissioners. Several other uses were discussed for this particular parcel, such as a public park, but Staff contends that the parcel is too small and the City is contemplating a larger park a short distance to the north. Staff continued to recommend approval by means of a resolution of intent for professional office building only.

No protestants were present at this meeting, and Mr. Gilday stated that he believed that the protestants had changed their minds, and the majority now agreed this was the best use for the parcel.

After further discussion, Mr. Johnston moved that the application of the CITY OF LAS VEGAS, NEVADA for the reclassification of property generally located on the east side of Highland between Washington and McWilliams, be approved by means of a resolution of intent for professional office building only.

Mr. Mirabelli seconded the motion and the vote was unanimous.

Dear Sir:

We wish to strongly oppose the
above application. The residents on Sunny
Place had the solemn word of the Commissioners
that if Federal Housing were allowed near that
location we would be assured of a ninety-foot
"buffer" to be used as a City playground. This
property has been used all summer for that pur-
pose and should be continued to be used as such.
If the above application is granted, it is re-

reclassified from R-E to R-4 to prevent complete
and total depreciation of our investment.
