Attention: Doug Rankin, Senior Planner

Reference: Charleston-Lindell Site Development Review, General Plan
Amendment, Rezoning and Variance

On behalf of Charleston-Lindell Partners we respectfully request your consideration of the attached Site Development Plan Review, General Plan Amendment, Rezoning and Variance applications.

Location: The proposed 3 acre+/- site is located south of Charleston on the west side of Lindell.

Request: At this time, Charleston-Lindell Partners is requesting the consideration of a Site Development Plan, General Plan Amendment, Rezoning to R-PD8 and Variance for a 24 unit single family detached residential development on 3 acres with a proposed density of 8 dwelling units per acre.

Background/Justification: The parcel in question is an infill piece with low-density residential to the south and west and service commercial to the East and North. We perceive a need for moderately priced single family homes in the area. Because the area contains existing infrastructure, the burden of getting utilities and services to the property are minimal. Due to the small size of the property, we find it necessary to request two variances: first, for a variance from the minimum 5 acre requirement; and second, a variance from the open space requirement.

Development Standards: All interior streets will be 51'. It was necessary that with this application that we request a waiver for the required 6' landscape buffer along Lindell. The landscape buffer waiver is necessary due to the small size of the parcel. The product intended for this site will be a single-family detached residence approximately 2,286 sq. ft. in size.

The following minimum setbacks are being requested:

- Front – 20'
- Rear – 7'
- Interior Side – 5'
- Corner Side – 5'

RECEIVED
AUG 22 2006

Due to the small size of the parcel, we are requesting a variance from the open space requirements of the RPD zoning standards. Our plan calls for 0% of the open space

VAR-16190

required. We are also asking for variance of the minimum parcel size. This parcel consists of 3 acres+/- . The required minimum size for an RPD is 5 acres.

Please place this request on the October 5, 2006 Planning Commission agenda. If you have any question please feel free to contact me at (702) 525-4466. Thank you for your consideration.

Sincerely,

Joel T. Armstrong
