VIA FACSIMILE: 702/385-7268

Mr. Tom Burkart
City of Las Vegas
Planning and Development
731 South Fourth Street
Las Vegas, NV 89101**Re: Copper Palms (WVR 13843 and ADC-14934)**

Dear Mr. Burkart:

This letter is to follow up on our conversation regarding the City's adoption of a revised address list for Copper Palms. As you know, the City Council approved waiver application number WVR-13843 at its meeting on August 2, 2006. In approving the waiver application, the City Council conditioned it upon having the building numbers changed (but not the unit numbers) in accordance with the Assessor's Parcel Map/Recorded Map. Our office is working with the homeowner's association and the developer to make that change. In addition, there was a determination that no building department fee applies because the address of 1150 N. Buffalo Drive is not changing.

On July 6, 2006, we filed an Address Change Request (ADC - 14934), which is to be handled administratively within the Planning and Development Department. We provided the information necessary for correcting the address list that the City has on file to reflect the actual addresses as they are affixed to the doors of the units at Copper Palms. As we discussed, there is one slight variation to what was requested under ADC - 14943 since the building numbers will now be changed. Therefore, per your request, I have prepared and attached a new Site Map, which has been altered to renumber the buildings in accordance with the Assessor's Parcel Map/Recorded Map (this scheme is also consistent with the City's addressing regulations).

Based on our discussion, it is my understanding that your office will prepare and adopt the corrected address list and then circulate it to the various city and government offices, including, but not limited to, the Clark County Assessor's Office and the Clark County Treasurer's Office. You anticipate having this accomplished no later than Monday, August 14, 2006. I would greatly appreciate receiving confirmation of this event upon its occurrence.

KUMMER

**Re: Justification Letter for Address Change Request
in conjunction with WVR - 13843**

Dear Tom:

As you are aware, our office along with the Copper Palms Homeowners Association has submitted a Waiver Application (WVR-13843) to seek a waiver of Section VI(A) of the "City of Las Vegas Street Naming and Address Assignment Regulations, 1993 Edition," as adopted by Ordinance 3744 and/or Municipal Code Section 13.28.060 ("the Address Assignment Regulations") and to have the City adopt a revised and corrected address list for the 248 condominiums units in a complex known as Copper Palms.

The waiver application is the first step in a process to correct the legal descriptions in the deeds for Copper Palms. Once the City adopts a revised and corrected address list to reflect the actual location/site addresses for the units at Copper Palms, that list will be transmitted to the various City and County government offices, most critically the Assessor's Office, which will then correct its list of addresses associated with the APN's. Once that occurs, we will get the corrected deeds that we have prepared recorded. This is our goal for the benefit of the Copper Palms homeowners and all parties involved.

WVR-13843 is scheduled for hearing by the City Council at its meeting on July 12, 2006. The only condition to approval of the waiver application is that "The applicant shall work with the Department of Fire and Rescue to add additional signage or revise existing signage as required; in order to ensure address displays are adequately identified." As of June 29, 2006, we received notification via e-mail from David F. Klein, Fire Prevention Inspection Supervisor, that no changes are necessary. Please see the attached e-mail.

It is our understanding that if WVR-13843 is approved, then an "Address Change Request" needs to be submitted and processed by the City to complete the process. This letter will serve as the justification letter in support of the Application/Petition form regarding the Address Change Request.

We are providing the following in support of the Address Change Request:

1. Application/Petition Form

2. Justification Letter
3. Assessor's Parcel Map
4. Site Plan
5. Address Assignments – we have compiled a list, which includes the following corresponding information: the Assessor's Parcel Number, the incorrect location/site address (which is what the City has on file), and the correct actual location/site address.
6. Fee - \$100.00

Based upon your e-mail correspondence dated June 29, 2006, which is attached, you do not require that we provide the deed(s) and legal description or a floor plan. We are still awaiting clarification regarding the waiver of the Building Department Fee.

It is our hope to get the process for the adoption of the revised and corrected address list moving forward as quickly and seamlessly as possible. We would like to be in a position to get the corrected deeds recorded by the end of July for the benefit of the Copper Palms homeowners.

Thank you for your assistance. If you have any questions, please do not hesitate to contact me.

Sincerely,

KUMMER KAEMPFER BONNER RENSHAW & FERRARIO

Subject: FW: Address Change Request

Chas/Mike,

The Copper Palms Condominium will be requesting an Address Change from our Department to revise the Building and Unit numbering for the facility. This facility was approved in 1995 under C-174-94 "Buffalo Apartments." They recorded a Condominium map in 1996. The building permits were issued under 1150 N. Buffalo Dr. The master address is NOT changing, only the building and unit numbers. I do not see any permits issued that reflected building and unit numbers. My question for you is are there going to be any Building Department fees associated with the address change?

Thanks,
Tom

~~P.S. Amy, your comments regarding the Deed and Floor plans are not needed for our application.~~

Subject: Address Change Request

Tom

I left you a voicemail and am following up with this e-mail. I'm preparing the Address Change Request and I will be able to provide the:

1. Application/Petition Form - for the Address Change Request
2. Justification Letter -with a copy of the Waiver Application
3. Assessor's Parcel Map
4. Site Plan
5. Address Assignments: the list of the APNs, corresponding to the incorrect location/site address on the City's existing address list and the correct/actual location/site address, which the City should adopt
6. Fee: \$100.

As to the other items on the list:

1. Deed(s) & Legal Description: is this necessary since there are 248 of them and they're what we're trying to correct?
2. Floor Plan - there is a floor plan contained within the Plat Map - will that be sufficient?
3. Building Department Fee: you mentioned that you would be checking with the Building Department regarding a waiver of the Administrative Processing Fee - what is the status?

6/29/2006

Thank you so much for your assistance. Please call me at your earliest convenience to discuss: (775) 824-3005.

Best Regards,
Amy

Good afternoon, Tom

I left you a detailed voicemail and am following up with this e-mail. I spoke this morning with David Klein, who was very helpful. He stated that one of his inspectors would go out to Copper Palms today and he would let me know what needed to be done to comply with the condition upon approval of the waiver application.

On another note, I would like to speak with you to identify any issues that could be addressed now before the July 12th City Council meeting so that if (and hopefully when) the City Council approves the waiver application, all of the paperwork for adoption of the revised address list is in place so that the City will adopt it and transfer it to the Assessor's Office, which is necessary for us to get the corrected deeds recorded as soon as possible. I'd like to know if there is any other paperwork or documentation that we could prepare in advance so that the process is as seamless as possible.

6/29/2006

Please call me at (775) 824-3005 at your earliest convenience.

Thank you,
Amy

Attached is the condition as currently proposed. David Klein (or one of his designated inspectors) would be the contact with Fire regarding any additional or revised signage that may be needed. David's number is 229-0336.

The applicant shall work with the Department of Fire and Rescue to add additional signage or revise existing signage as required; in order to ensure address displays are adequately identified.

Thanks,

The condition will probably be that you work with the fire services department to create better visibility on the addresses. You can follow up with Tom and he'll get you to the people you need to talk with.

Bryan

That is excellent news. Thank you so much for your follow up. Based upon our conversation on Tuesday, it is my understanding that the only condition to approval of the waiver application is that larger numbers be affixed to the units and buildings. In order to get more information about how we best get that accomplished, do I follow up with Tom Burkhardt? Please advise.

Amy

Amy:

Please see the information before. Apparently, now the Amended final map will not be needed.

Bryan,

After discussions with Alan, it was determined that the condition requiring the applicant to amend the map (if the waiver is approved) would not help the situation; therefore, we are dropping that condition from the recommendation. Dropping this condition will result in having different building and unit numbers on the recorded map versus what is on the buildings, but as Alan pointed out amending the map at this point will probably further complicate the situation because the recorded documents referencing the original approved map will then have to include a reference to an amended book and page numbers of a new map. (see below from Alan)

Alan,

If you would like to correct or clarify my summary, please feel free to do so and thanks again for your input.

Survey has no comment on the proposed re-addressing of the subject condominium development. Final maps do not show or create addresses in any case. It is unfortunate that the addressing in use for the last ten years does not match the recorded unit and building numbers, but from a mapping standpoint this is no different than any other subdivision map, where lot and block numbers do not match the eventual street addresses.

Recording of an amended map where unit and block numbers will match the proposed changes sought by the wavier will not serve to correct or heal issues now clouding the titles of the current owners. Therefore survey recommends dropping the requirement to record an amended map in conjunction with this waiver.

All those involved in title transactions should be cautioned in all cases to use unit and building numbers from the recorded plat in conjunction with the recorded book and page of that document. Addresses are not valid descriptions of real property.

Good morning Amy. As we discussed I sent out inspection staff to the site to verify if any additional requirements for Copper Palms. Staff has advised me that what is existing is acceptable with no changes.

Please let me know what if any additional type of documentation would you like to have.

Stay out of the smoke!

RE: Address Change: Copper Palms (Recorded as 'Buffalo Condos')
Book 74 Page 99 of Plats July 10, 1996
ADC-14934

Dear Ms. Tirre:

Pursuant to your request and in accordance with the Addressing Ordinance, the following properties have been re-addressed as noted:

Previous Address

New Address

*See attached COPPER PALMS (recorded as Buffalo condos)
addressing list dated August 11, 2006.*

We will inform all the various City departments, utility companies, U.S. Postal Service and other correspondents such as the Assessor's Office of this change. This change will become effective August 14, 2006. Please make all necessary corrections to your correspondence.

If you have any questions or concerns, please call me at (702) 229-6708.

Sincerely,
