Re: **VAC-18045** Aquitania Corporation NEC Main St. & Bonanza Rd.
Request for a Petition of Vacation of Right-of-Way

We present the following information concerning this request to vacate certain public street ROW:

- A. Does this vacation request result in uniform or non-uniform right-of-way widths? *Uniform, as this application is to vacate a portion of a radius corner.*
- B. From a traffic handling viewpoint will this vacation request result in a reduced traffic handling capability? *No.*
- C. Does it appear that the vacation request involves only excess right-of-way? *The vacation is for the reduction of a radius corner that the adjacent developer wishes to incorporate into his site.*
- D. Does this vacation request coincide with development plans of the adjacent parcels? *Yes, the Aquitania site: SDR-8649 and TMP-15044.*
- E. Does this vacation request eliminate public street access to any abutting parcel? *No.*
- F. Does this vacation request result in a conflict with any existing City requirements? *No.*
- G. Does the Department of Public Works have an objection to this vacation request? *No.*

If approved, the following conditions are recommended:

CONDITIONS OF APPROVAL:

1. The limits of this Petition of Vacation shall be defined as a reduction of an existing 54-foot public right-of-way radius corner located at the northeast corner of Main Street and Bonanza Road to a 30-foot radius corner.
2. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of the Order of Vacation.
3. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

Subject: VAC-18045 Vacation of public right-of-way at Main Street and Bonanza Road.

We have reviewed your request to vacate a 24' section of a public right-of-way radius corner located at the northeast corner of Main Street and Bonanza Road.

We currently have existing aerial lines on the property for which we need to retain an easement a minimum of 5' wide, being 2.5' wide either side of the center line of the existing line, but currently have no facilities installed in this specific radius location; therefore have no objection to your request.

We do, however, request a reservation of rights over the subject property for the installation of future facilities.

Please feel free to contact me should you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Terry Sovey".

**RE: THE AQUATANIA
VACATION OF 24FT OF RIGHT OF WAY – RADIUS OF INTERSECTION
MAIN & BONANZA**

To Whom it May Concern;

Please find an attached a figure showing south east quadrant of the intersection of Main & Bonanza. Baughman & Turner is requesting a vacation of 24ft of the radius, reducing the radius from 54ft to 30ft as depicted. This reduction in radius has been discussed with and reviewed by Planning and Traffic Department staff.

The vacation is requested due to the nature of the structure proposed, and the ability of the site location to accommodate the proposed traffic configuration and associated appurtenances within the smaller radius.

The site is a mixed use mid-rise structure, having retail on the main floor with residences above. The vacation does not have any affect upon the proposed use or accessibility of the project. Please feel free to contact me if you have any questions with regard to this letter or the project.

Sincerely,
