Re: Residence at El Campo Pines

To Whom It May Concern:

Applicant wishes to withdraw *Residence at El Campo Pines* application.

After a discussion with planning staff it was determined that the above mentioned project does not need to precede with the applications that are currently in process. The owner will continue with the project at staffs' recommendations that the project can be accomplished with the submission of a parcel map and all requirements can be met with that submittal.

Thank you for your assistance and attention to this matter. Should you have any questions or need additional information please contact our office at (702) 521-7021.

Sincerely,
Peak Development
Landon Christopherson, P.E.

PEAK LAND SERVICES

October 10, 2006

City of Las Vegas
Planning Department
731 S. Fourth Street
Las Vegas, NV 89101

RE: Single Family Residential Plan Review - Justification Letter

To Whom It May Concern:

On behalf of Jacob Jessop, Peak Land Services respectfully request consideration of the enclose site development plan for a proposed single-family residential subdivision. This area was recently annexed into the City of Las Vegas. The property is currently zoned Rural Estates with a land use of Rural Estates. The proposed property would yield 4 sites on 1.91 acres. To allow the density being proposed a zoning classification of RPD-2 would be necessary.

There have been significant changes in the character of the area over the last few years. The property is currently surrounded by RPD-4 to the north, RPD-2 to the southeast and RE to the east, west and south. The property is being designed so that traffic will be routed onto El Campo Grande Avenue therefore keeping additional traffic off Gilbert Lane, the existing neighborhood street.

The density of the project is consistent with the existing land uses in the surrounding area. The area has significantly developed over the last few years to provide beautiful single family homes for Las Vegas residents.

The project shall not adversely affect the public services in the area. The project would ultimately improve the services by extending the existing utilities in the area.

We feel this project would be a desirable product to the community and in no way is setting and undesirable precedent in the area.

Should you have any questions or need additional information please contact our office at (702) 521-7021.

Sincerely,
Peak Land Services

Landon Christopherson, P.E.
