RE: MSP-15581 - ADMINISTRATIVE MASTER SIGN PLAN

Dear Mr. Pankratz:

Your request for an Administrative Minor Modification TO AN EXISTING MASTER SIGN PLAN (MSP-1717) at 1205-1225 South Fort Apache Road (APNs 163-05-116-002, 003, and 004), C-1 (Limited Commercial) Zone, Ward 2 (Wolfson), has been considered administratively by the Planning and Development Department staff.

The Planning and Development Department staff has administratively ***APPROVED*** your request subject to the following:

Planning and Development

1. All development shall be in conformance with the site plan and building elevations, date stamped 8/02/06, except as amended by conditions herein.
2. All City Code requirements and design standards of all City departments must be satisfied.
3. Any future Signage Amendments may be approved via the Administrative Process by Planning & Development Staff.
4. Proper sign permits must be obtained for each new sign prior to installation.

Public Works

5. Signs shall not be located within the public right-of-way, existing or proposed public sewer or drainage easements, or interfere with Site Visibility Restriction Zones.

STATEMENT OF PURPOSE
FOR
FORT APACHE COMMONS SHOPPING
ADDITION
MASTER SIGN PLAN

Peccole Nevada Corp. is requesting approval for one, four sided sign with copy on three sides. Sign is 39' to top of dome. Sign has a 1' x 11' identification section and a 6' x 16' electronic message unit on three faces. Sign would be set back at least 5' from the property line. Sign is to be located on Fort Apache.

The 1' x 11' identification section is an illuminated area with copy to read "Fort Apache Commons" with logo.

The LED message unit is Amber in color. The message unit is to be used to advertise the shopping center tenants. The units are approximately 6' x 16'.

The parcel has approximately 1,346' of street frontage, of which approximately 506' is on Charleston and 840' is on Fort Apache.

The sign is sighted to exceed the 100' separation requirement from existing Mimi's sign.

FORT APACHE COMMONS SHOPPING CENTER SIGN PROGRAM

Section I INTRODUCTION

The purpose of the sign program is to ensure the design and production of quality signage, which reflects the integrity of the architecture and the intent of Fort Apache Commons and the City of Las Vegas. This sign program has been developed to communicate the particular parameters the tenants are to follow so their individual signage will be effective and also compliment the project as a whole. Performance will be strictly enforced. The tenant, at the tenant's sole expense, will remove any non-conforming signs.

This sign program has been written in sections with numbered articles for easy reference, i.e. Sections I to Section VIII.

Section II APPROVAL PROCEDURE

1. Prior to fabrication, the tenant shall submit to Peccole Nevada Corp. two, (2) color copies of detailed building elevation drawings, indicating the location, size, layout, design, and color of the proposed signs, including all the lettering and/or logo for review and approval prior to submitting for a building permit. The owner shall have the discretionary authority to deny approval for any submittal, which does not comply with the intent or purpose of the sign guidelines and criteria.
2. Following approval of the proposed signage by Peccole Nevada Corp., the tenant shall submit to the City of Las Vegas for applicable sign permits.
3. The tenant or its' representative Sign Company shall obtain all permits for signs and their installation from the appropriate City agency.

Section III SIGN TYPE SCHEDULE

1. Free Standing Signs (Exhibit 1)
2. Wall Signs (Exhibit 2)
3. Site Plan (Exhibit 3)

RECEIVED

AUG 09 2006

Section IV

GENERAL SIGN CRITERIA

1. Roof signs are prohibited
2. No sign will be painted directly onto a wall or surface of any building.
3. No temporary sign may be displayed on any building or in the parking area without prior approval and compliance with the Peccole Nevada Corp.

Section V

FREE STANDING SIGN

1. The free standing sign is used solely for the identification of the shopping center and tenant identification for those tenants located within the shopping center.

Section VI

BUILDING SIGNS AND PARAMETERS

1. The maximum allowable tenant sign shall not exceed 20% of the tenant's storefront and shall only be allowed in the designated sign band areas (Exhibit 2)
2. No signs or banners will be allowed on the rear of the building, i.e., the South building elevations.

Section VII

GENERAL STANDARDS

1. Building signs may be illuminated or non-illuminated.
2. All signs and installations of signs must conform to the appropriate building and UL electrical codes. The tenant's sign contractor will obtain any and all permits required.
3. All channel letters, and logo forms, are to be fabricated from minimum 24 gauge metal formed into a pan channel or reverse pan channel letter configuration with a five (5) inch return and flush mounted to the building surface. Halo illumination or internal illumination to be 30 mille-amp neon tube lighting, manufactured, labeled, and installed in accordance with UL (Underwriters Laboratory) standards.

Non-illuminated letters are to be of cast metal variety.

4. All penetrations of the exterior fascia are to be sealed watertight, then painted to match the existing fascia color

Introduction

The purpose of this sign program is to ensure the design/production of quality signage for this prestigious Las Vegas project. The sign program outlines the particular guidelines and parameters each tenant is to follow for their individual business identity through signage, so as to compliment the entire project.

For purposes of this sign criteria, the term "Tenant" includes any owner/operators of a pad parcel.

Tenant signs are encouraged to be designed and manufactured by standards which exceed the quality and aesthetic impact of most retail center tenant signs.

This signage criteria package has been developed with illustrated sections for easy reference. For those sign types to be employed by a given tenant. The sections(s) relating to each sign type must be reviewed and adhered to by each tenant and its sign contractor.

The criteria establishes minimum and maximum letter sizes, sign area allowances, and locations for each sign type within the context of this sign criteria.

Tenant Approval Procedure

All tenant signs installed or displayed on the premises of Fort Apache Commons Business Park must have written approval by the landlord and architect review committee. The aesthetic characteristics of the signs (e.g. placement, size, proportion, color, texture, method of fabrication, location of transformers, raceways and graphics) are subject to the discretionary approval of the landlord and architect review committee within the context of the sign criteria. Within thirty (30) days of final execution of lease, tenants must submit three (3) sets (in color) of professionally executed drawings which meet the submitted standards.

Drawings must:

1. Depict sign on building elevation showing position.
2. Include all specifications for size, color, materials used, illumination details and installation. These drawings must be submitted to the landlord for review and written approval. After approval by landlord tenant is responsible for submitting the drawings to the governing municipal agencies and obtaining the required approval(s) and permits.

This criteria has been designed to give tenants a degree of flexibility in personalizing their own store and at the same time allow for maximum creativity in sign design. Conformance to the criteria will be strictly enforced. In the interest

of the center, any installed non-conforming or unapproved signs shall be brought into conformance at the expense of the tenant.

Individual Tenant Sign Size & Placement

- LOGO SIZE:

24" maximum height

- LETTER HEIGHT:

24" maximum

- LETTER STYLE:

Based on established letter style and by landlord and architect approval

- ILLUMINATION:

30ma neon

- SIGNAGE AREA:

Maximum usage is 80% of tenants leased area x maximum letter height

- APPROVALS:

All signage is to be approved by the City of Las Vegas building department.

In-Line Tenant Spaces

*Tenant signs are to be individually mounted internally (halo) illuminated reverse pan channel letters.

1. Tenants shall be allowed a minimum letter height of 24" for single line I.D. and 10" minimum for 2-line I.D. with a maximum overall height of stacked copy shall not exceed 24".

2. All signs shall consist of individual reverse pan channel letters, no sign cabinets shall be permitted.

3. Tenants shall be allowed one (1) sign per leased area, except for corner tenants. Logo/symbols cabinets are subject to landlord approval.

4. Maximum length of signage shall not exceed 80% of leased area or architectural feature in which it is placed. No sign shall be closer than two feet (2') from beginning or end of letters to edge of building or 18" from edge of architectural feature.

5. If an accompanying logo/symbol or larger leading capital letters is used on tenants sign, it must not exceed 24".
6. All signage to be approved by architect review committee.

Design, Fabrication & Installation Requirements

The following standards further specify the design and production requirements for tenant signage.

1. Tenant identification signs must be fabricated as individually mounted, internally illuminated reverse pan channel letters with metal faces and halo illumination or F.C.O. aluminum letters.
2. All tenant signs that are illuminated must have connecting assigned j-boxes which must be controlled by a dedicated time clock and have a disconnect switch within visual proximity to the sign.
3. In no case will there be any exposed electrical raceways, conduit, transformers, junction boxes, conductors or crossovers. All exposed hardware will be finished in a manner consistent with quality fabrication practices.
4. Reverse channel letter and logo forms are to be fabricated from minimum 24 gage sheet metal or .063 aluminum formed into a reverse channel configuration with a 3" deep return. Each letter must have a minimum of two (2) 1/4" diameter holes for drainage. Inside of letters are to be painted white. Internal illumination to be 30ma neon tubing, manufactured, labeled, and installed in accordance with UL (Underwriters Laboratory) standards.
5. All F.C.O. letters and logos to be fabricated from 1/4" thick aluminum.
6. All penetrations of the exterior fascia are to be sealed watertight, then painted to match the existing fascia color.
7. Tenant and/or tenant sign contractor shall not, in course of sign installation or removal, damage any of the buildings exterior or structure.

COLORS & LETTER STYLES:

1. Tenant with established logo graphics must be dark brown to be approved by landlord and architect.
2. All letters and logo to be reverse pan channel, faces and returns to be gloss dark brown.
3. Neon to be 30ma 6500 white neon illumination.

Individual Tenant I.D. Requirements

• Wall signage: This is a sign displayed upon or against the wall or parapet of a structure where the exposed face of the signs is in the plane parallel to the plane of the wall and extends not more than 6" from the face of the wall.

1. Tenant sign shall include only its business name and established logo/symbol. Service descriptions and/or product names (if applicable) to be reviewed on a case-by-case basis by the landlord and architect.
2. Maintenance of each sign is the responsibility of each individual tenant who had it manufactured and installed. Letter forms, letter faces, burned out lamps or penetration seals which require repair will be replaced or repaired within fifteen (15) days of the damage. If signage is not fixed within the fifteen day period, the landlord and architect may repair the sign at the expense of the tenant.
3. Roof mounted signs are not permitted.
4. No sign shall be painted directly on the wall surface of any portion of the building.
5. Refer to the section "Design, Fabrication & Installation Requirements" for additional information.
6. Tenants with nationally or regionally recognized logo graphics may use their business identity graphics and color scheme. Subject to landlord and architect approval.
7. Sale signs, special announcements, posters, (etc.) are not permitted.
8. Signs are to be positioned as to appear visually centered, horizontally and vertically, within the allowed sign area corresponding with their leased area.
9. No animation of signs shall be permitted. Steady burn illumination only.
10. Tenants storefront sign shall be installed and operation on the day tenant opens for business.
11. All signs shall be constructed, installed and maintained at tenant's expense.
12. Storefront sign letters will remain the property of tenant. Tenant shall remove their sign from storefront and patch and paint holes and scarring of fascia or wall to match surrounding areas upon expiration of their occupancy.
13. No banners shall be permitted at any given time.

July 19, 2006

City of Las Vegas
Department of Planning
731 S. Fourth Street
Las Vegas, NV 89101

To whom it may concern:

We would like for the board to consider the approval of single face Reverse Channel letters and non-illuminated flat cut out letters on North elevation of existing center. The sign is consistent with the materials of the other existing signs in the center. Thank you for your consideration of the sign in Fort Apache Commons.

Thanks,

A handwritten signature in black ink, appearing to read "Mike Weber". The signature is fluid and cursive, with the first name "Mike" being more prominent than the last name "Weber".
