**Re: PROVIDENCE POD 308 – VACATION REQUEST
Justification Letter - APN 126-24-410-003**

Dear Staff:

On behalf of our client, Mark Schnippel, we are including this letter to provide information on the Vacation Request being submitted for consideration on the above referenced project.

We are asking for this request to develop 10 acres of property located on the northeast corner of Shaumber Road and Centennial Parkway as a Residential Condominium Development. The development would consist of 234 condominium units at a density of 20.7 units/acre. The proposed development is located within the Providence masterplan and complies with the Providence development criteria, attached is the approval letter from Providence.

The site was designed to allow access to the parcels to the east that are owned by others and are not a part of this development. We are asking to vacate the southerly 30.00 feet of the Rome Boulevard alignment along with the spandrel on the north end of our development. We have been in contact with Denis Cederburg at the County in regards to the parcels located to the east and south of our entry to prepare a combination of parcels so as to eliminate an access point to the southerly half of those two parcels.

Our client feels that the development we are proposing is compatible with the surrounding area and will be an enhancement to the neighborhood. With this in mind, we would respectfully request your consideration of this Vacation Request. If you have any questions or concerns, please contact this office at your convenience.

**RE: Providence Master Plan Community
Site Development Plan Submittal – POD 308
Site Plan Date: November 16, 2007
Preliminary Architecture Plan Date: November 6, 2007**

Dear Mark :

Providence Design Review Committee (DRC) is in receipt of your Site Development Plan submittal for POD 308.

This letter acknowledges review of a site development plan **only**. The developer must submit a full final project plan for approval to Providence DRC prior to any development activity on the property.

The DRC conditionally approves the **Architectural** portion of the Site Development Plan for POD 308. This approval is conditioned on the project being developed as for-sale condominiums and not as rental apartments. The new submittal consisted of floor plans and elevations for two residential building composites, reception/leasing office building, and pool cabana. Attached please find a review letter from KTG dated December 4, 2007.

If you have any questions, please do not hesitate to contact our office:

Sincerely,
Providence Master Plan Community

*Subject: Design Review for Investor's Group
Providence (POD 308)*

Dear Carmen:

We have received the preliminary architectural design submittal for Investor's Group multi-family product for Pod 308 in Providence. The submittal package, Prolog folder dated 12/3/07, consisted of floor plans and elevations for two residential building composites, reception/leasing office bldg., and pool cabana.

The proposed architectural style would be classified as Prairie Ranch. The Design Guidelines provide standards for single family products using the Prairie Ranch style, but not for multi-family product in the Prairie Ranch style. However, the proposed elevations are nicely articulated elevations that capture the essence of the Prairie Ranch style, and meet all of the general architectural criteria for multi-family regardless of architectural style. Since Prairie Ranch is an allowed style for single family, the introduction of this style in the multi-family category would not detract from the overall character of the community.

Thus, we recommend "*approval*" of the architectural portion of the submittal. Please do not hesitate to contact us should you have any questions or comments regarding this design review.

Sincerely,

The KTGY Group
