In addition, dedicate the rights-of-way necessary for turn lanes and bus turnouts in accordance with the approved Traffic Impact Analysis.
13. Provide a signed and notarized affidavit from the owner of Assessor's Parcel No. 125-19-301-010 that states he is in support of the proposed Providence Square site plan AND a copy of a recorded perpetual, irrevocable access easement in favor of this parcel to the Development Coordination Section of the Department of Public Works prior to the issuance of any permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. 17. Offset sidewalk and reduced right-of-way widths shown on this site plan shall be in accordance with the approved Providence Square Master Development Plan and Design Standards. ROC-28132

such devices shall be granted prior to the issuance of permits for this site. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

22. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.
23. Unless otherwise allowed by the City Engineer, construct sidewalk on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.
24. In accordance with the intent of a Commercial Subdivision, all sites within this subdivision shall have perpetual common access to all driveways connecting this site to the abutting streets. No barriers (e.g. curbs, wall, etc.) shall be erected within the boundaries of this overall site which would prohibit any vehicle on this site from utilizing any driveway connecting this commercial development site to the abutting public streets.
25. Landscape and maintain all unimproved rights-of-way, if any, adjacent to this site. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
26. Submit an Encroachment Agreement for all landscaping, if any, located in the public rights-of-way adjacent to this site prior to occupancy of this site.
27. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. Doug,

Today I received the attached approval letter for SDR-25758 and it references Master Development Standards dated 1/29/08. The final version of the standards are the February 11, 2008 version that I have attached. I think the approval letter needs to be corrected. Please contact me if you need additional information.
