Re: Valley Hospital Parking Lot
SDR-34997 Time Extension Request
Letter of Justification

Site Development Plan Review 34997 to construct a new parking lot to replace a temporary parking lot at 625 S. Tonopah Drive for Valley Hospital was approved on August 13, 2009. The time limit to obtain a permit to begin construction was to be two years from that date, or August 13, 2011. The seven parcels which make up this parking lot have since been consolidated into one new parcel as was requested by a condition of that approval. That new parcel number is APN 139-33-302-035. Although it is Valley Hospital's intent to proceed with the construction of this parking lot, difficult economic conditions caused them to request a two year time extension to delay the construction until it better fits within their financial planning. That time extension was approved, but only for one year. Although the Planning Commission may have felt that the economy would improve during the one year time extension, there has not been significant improvement. Therefore, we are requesting that you consider allowing another two year Extension of Time to begin this work. We are not aware of any complaints which have been filed relative to the existing temporary parking lot and its usage as it is currently configured and respectfully request your favorable review of this request. Thank you for your consideration..

Sincerely,

Ned Cole, A.I.A.
President
