RE: SUP-25267 – SPECIAL USE PERMIT
CITY COUNCIL MEETING OF JANUARY 9, 2008
RELATED TO SUP-25268 AND SDR-25265

Dear Mr. Bosa:

The City Council at a regular meeting held January 9, 2008 APPROVED the request for a Special Use Permit FOR A PROPOSED 550-FOOT BUILDING WITHIN THE A-O (AIRPORT OVERLAY) DISTRICT WHERE THE HEIGHT LIMITATION IS 200 FEET on the southeast corner of 1st Street and Gass Avenue (APNs 139-34-410-023, 024, 025 and 139-34-310-028), C-M (Commercial/Industrial) Zone [PROPOSED: C-2 (General Commercial) Zone]. The Notice of Final Action was filed with the Las Vegas City Clerk on January 10, 2008. This approval is subject to:

Planning & Development

1. Conformance to all minimum requirements under Title 19.06.080 for a project in the A-O (Airport Overlay) District.
2. Approval of and conformance to the Conditions of Approval for Rezoning (ZON-25069), Special Use Permit (SUP-25267) and Site Development Plan Review (SDR-25265) shall be required.
3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.
4. Written approval by the Clark County Department of Aviation with no change in flight patterns shall be submitted to the City of Las Vegas prior to the issuance of building permits.

Re: Extension of Time for:
a. SDR – 25265
b. SUP – 25268
c. SUP – 25267

To Whom It May Concern:

We respectfully submit this request for an Extension of Time for the aforementioned applications. We are requesting a two-year extension from the date of City Council approval.

Solterra Holdings fundamentally believes in the potential of Downtown Las Vegas. Solterra is in Las Vegas for the long term and will develop this site as originally entitled. Their continued involvement in Downtown actively participating in the DLVA and in particular Michael Bosa's involvement as the chair of the 1st Street improvement committee that re-designed the crosswalk treatments, sidewalk amenities, tree and plant selection and overall design themes demonstrates their commitment to the momentum required to create a spectacular urban environment.

The aforementioned streetscape improvements add to the original entitlements of the projects. Careful consideration of the site access and circulation has prevented negative impacts on adjacent roadways and neighborhood traffic.

In addition, Solterra's owns the property and their construction-financing partner continues to look forward to the future development. Attached is a letter from HSBC Bank of Canada.

Solterra develops high-end, market appropriate designs, with exceptional design appeal; having won the Nevada State Design Award by the American Institute of Architects together with APTUS for the Solterra Loft design on 1st Street. Building elevations and architectural features are aesthetically pleasing and compatible with development in the area. The award winning work exceeds many of the standards, objectives and goals of the Downtown Centennial and General Plan. The project will be a strong contributor to the context of Downtown enhancing within the surrounding present and future land use designations.

The high-voltage power lines along the west end of the property dictate that the residential units be located above the pole height. This is one of the reasons, along with the fact it is not cost effective to provide underground parking, that the podium level is at the height designed and the two residential towers start above and are recessed back from the street. Solterra has been working with Nevada Energy and the City of Las Vegas since 2007 to relocate the power lines underground. No plans have been finalized but the owner is committed to providing a top of the line product and will continue to press NVE to relocate the power.

When the project was originally entitled, city staff and the Planning Commission both recommended approval for the entire project. Solterra has requested two, two-year extensions and staff, Planning Commission and City Council have recommended and voted for approval for all of the applications each time. Appropriate measures have been and will be taken to secure and protect the public health, safety and general welfare. We look forward to your support in our mutual goal of creating a spectacular urban fabric in Downtown Las Vegas.
