FMP-67406, BOULDER ADDITION TO THE CITY OF LAS VEGAS
A.P.N. 162-03-110-087 AND 162-03-110-087**

The Las Vegas Valley Water District (District) has reviewed the subject reversionary map. The District has confirmed the subject parcels are shown as **lots 6, 7, and 8 of Block 9 within a subdivision map filed in Book 1, Page 52, of the Recorded Boulder Addition to the City of Las Vegas** and is currently served. However, it should be noted that this parcel does not have the required backflow prevention per NAC445A.67195, and the service and/or services will be required to be retrofit at the time of any development.

In accordance with the District Service Rules, any water commitment provided through the mapping process for the subject area will default to 1.0 acre-foot with the recording of this reversionary map. Existing developments will continue to be served, and any additional development or redevelopment may require an additional water commitment.

The area included in the subject reversionary map may also include existing District facilities and easement areas that will require resolution by separate action.
