RE: FMP-12787 - Ann & Torrey Pines

Dear Mr. Cox:

Your request for a Final Map Technical Review was considered by the Planning and Development Department on May 1, 2006.

The Planning Development Department Staff has administratively **APPROVED** your request, subject to the following:

Planning and Development

1. The Original Final Map Mylar shall be in conformance with the approved Tentative Map – Ann & Torrey Pines (TMP-7339).
2. The Final Map shall be revised in accordance with the corrections noted on the attached map as required by the Planning and Development Department prior to the submittal of the original Mylar for signature by the City. Such corrections shall include the following:
 - a. On the cover sheet, the name: “M. Margo Wheeler, AICP” should be inserted between “Director of Planning and Development” and the signature line.
 - b. On the cover sheet, under the Certificate of Director of Planning and Development, “thereto” and “ordinance” are misspelled.
 - c. On the cover sheet, insert the file number “FMP-12781” above the block in the lower right-hand corner.
 - d. The six-foot landscaped strip located on the perimeter of the development must be placed within a common lot (Condition #6 of SDR-5789).
 - e. Show a street name that is approved by the Fire Communications Center. The street name should have a “Court” suffix.
 - f. Include a note on sheet 2, which states: “Direct access to Ann Road and Torrey Pines Drive from adjacent lots is prohibited.”
 - g. Show the block number.

Public Works

3. The Owner's Certificate shall be modified to state; “dedicate rights-of-way” and “grant easements”.
4. Revise the Owner's Certificate to delete the reference to trails as there are none for this subdivision.

5. The radius corner dedication at the southeast corner of Ann Road and Torrey Pines shall be located within the bold lines of the mapped property boundary and sectioned off as stand alone parcel/lot, then labeled as "Hereby Dedicated".
6. Remove the Ingress/Egress area from the dedication. The area south of the northern tangency of C29 must be "Private" as the City of Las Vegas does not accept Ingress/Egress areas.
7. Show the interior street name and label the interior street as "Private Street, P.U.E., City of Las Vegas Sewer Easement, and Public Drainage Easement (To Be Privately Maintained by the Homeowner's Association)."
8. Add a note to the Final Map: A Homeowners' Association shall be established to maintain all perimeter walls, private roadways, landscaping and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
9. The 10 foot drainage easement between lots 4 and 5 shall be mapped as a "Common Lot" and shall be annotated as a "Public Drainage Easement to be Privately Maintained by the Homeowner's Association".
10. On sheet 2, the 20 foot drainage easement south of Lot 5 is not required as a drainage easement but is required as a public sewer easement, label the easement appropriately.
11. The 10-foot drainage easement along the south side of lots 6 through 8 shall be labeled as a "Private Drainage Easement to be Privately Maintained".
12. The 10-foot drainage easement along the south side of the Common Lot shall be labeled as a "Public Drainage Easement to be Privately Maintained by the Homeowner's Association".
13. On sheet 1, revise the City Engineer's signature to read: Jorge Cervantes, P.E. #13977, P.T.O.E.
14. Provide Site Visibility Restriction Zones at all intersections. Include the following statement on the map: "No walls, fences, trees, shrubs, utility appurtenances or any other object, other than traffic control devices and street light poles, may be constructed or installed within the Sight Visibility Restriction Zone (S.V.R.Z.) unless said object is maintained at less than 24 inches in height measured from adjacent top of curb, or where no curb exists, a height of 27 inches measured from the top of adjacent asphalt, gravel, or pavement street surface. Area shall be labeled as "Privately Maintained". In addition, we request that all future final maps within the City of Las Vegas also provide a similar explanation if S.V.R.Z.s are necessary.

Mr. Orlo E. Cox
FMP-12787 - Page Three
May 1, 2006

15. Add the Final Map number, FMP-12787, to the lower right hand corner of the cover sheet.
16. Site development to comply with all previous conditions of approval for the Ann & Torrey Pines Tentative Map.
17. Prior to recordation, this Final Map must show all required easements and right-of-way dedications, must coincide with the approved drainage plan/study and construction plans, and the Owner's Certificate must make specific reference to all easements and right-of-ways noted/offered for public use as required by the Department of Public Works. Appropriate sight visibility restriction zones, if applicable, are also required to be shown on this Final Map at all interior intersections, at all perimeter intersections abutting this subdivision site, at all intersections where an interior subdivision street connects with an abutting public street and at all other locations as required by the Traffic Engineer. Also, as necessary, all easements relating to the placement of or access to Traffic Control devices located outside of public right-of-way shall be shown on this Final Map prior to recordation.

This action by the Planning and Development Department on May 1, 2006 is final unless a written appeal is filed with the Director of Planning and Development within seven days of receiving written notice of the decision. A nonrefundable fee must accompany the appeal. The Planning Commission shall hear the appeal within 30 days after the appeal is filed with the Director.

Re: **ANN & TORREY PINES - 2ND REVIEW**
FMP-12787

Attached is a redlined drawing delineating comments from Survey review. **THE REDLINED PRINT MUST BE RETURNED TO SURVEY ALONG WITH A CORRECTED DRAWING FOR APPROVAL.**

PLEASE NOTE: These comments are for survey review only. Please do not submit the mylar to Land Development, Public Works Department, until the map is also in compliance with the comments from Public Works noting the conditions of approval.

Comments:

Please revise the legal description to include the entire boundary owned, including those areas to be dedicated, as marked on Sheet 2.

We believe this site contains a total of 3.64 acres.

We note that this submittal's Owner's Certificate has been revised and the paragraph granting easements to the City of Las Vegas has been removed. This will have to be replaced.

On Sheet 2, there is a line along the right-of-way of Ann Road that I believe defines the area dedicated by Book 20010516, Instrument 0459. This line may simply serve to confuse the issue and I believe it should be removed, both on the right-of-way of Ann Road and also in Detail A as marked.

As mentioned above, the area being dedicated per this plat should be shown within the graphic boundary of this map as marked on Sheet 2.

Please change the Sight Visibility Restriction Easements (SVRE) to Sight Visibility Restriction Zones (SVRZ) to conform to current standard details.

Please check curve and radial line data as marked on Sheet 2.

Please correct miscellaneous errors, typos, or omissions as shown on the redlines.

Please note this is the second Comment Review Memo on this map.

Comments:

Please provide a metes and bounds legal description sufficient to close your site and arrive at a total acreage.

Please change the name of the City Engineer.

Planning and Right-of-Way are now requiring conduit to be added to the last paragraph of the Owner's Certificate after traffic signals.

Please change the name of the director of the Department of Planning and Development.

The boundary and many lots on this map do not close as shown. We were unable to complete a map check at this time and it is my opinion that this map is not suitable for submission to a governmental entity. Please check the work and resubmit after a thorough in-house quality control check.

Request for a Final Map Technical Review for a 15 lot residential subdivision

REVISED COMMENTS: -- These comments supersede all previous memos/comments:

COMMENTS:

We note that an approved Drainage Plan/Study is on file with the Flood Control Section of the Department of Public Works. We also note that a Traffic Impact Analysis was not required by the Traffic Engineering Division for the Ann & Torrey Pines subdivision.

CONDITIONS OF APPROVAL:

1. The Owner's Certificate shall be modified to state; "dedicate rights-of-way" and "grant easements".
2. Revise the Owner's Certificate to delete the reference to trails as there are none for this subdivision.
3. The radius corner dedication at the southeast corner of Ann Road and Torrey Pines shall be located within the bold lines of the mapped property boundary and sectioned off as stand alone parcel/lot, then labeled as "Hereby Dedicated".
4. Remove the Ingress/Egress area from the dedication. The area south of the northern tangency of C29 must be "Private" as the City of Las Vegas does not accept Ingress/Egress areas.
5. Show the interior street name and label the interior street as "Private Street, P.U.E., City of Las Vegas Sewer Easement, and Public Drainage Easement (To Be Privately Maintained by the Homeowner's Association)."
6. Add a note to the Final Map: A Homeowners' Association shall be established to maintain all perimeter walls, private roadways, landscaping and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
7. The 10 foot drainage easement between lots 4 and 5 shall be mapped as a "Common Lot" and shall be annotated as a "Public Drainage Easement to be Privately Maintained by the Homeowner's Association".
8. On sheet 2, the 20 foot drainage easement south of Lot 5 is not required as a drainage easement but is required as a public sewer easement, label the easement appropriately.
9. The 10-foot drainage easement along the south side of lots 6 through 8 shall be labeled as a "Private Drainage Easement to be Privately Maintained".
10. The 10-foot drainage easement along the south side of the Common Lot shall be labeled as a "Public Drainage Easement to be Privately Maintained by the Homeowner's Association".
11. On sheet 1, revise the City Engineer's signature to read: Jorge Cervantes, P.E. #13977, P.T.O.E.
12. Provide Site Visibility Restriction Zones at all intersections. Include the following statement on the map: "No walls, fences, trees, shrubs, utility appurtenances or any other object, other than traffic control devices and street light poles, may be constructed or installed within the Sight Visibility Restriction Zone (S.V.R.Z.) unless said object is maintained at less than 24 inches in height measured from adjacent top of curb, or where no curb exists, a height of 27 inches measured from the top of adjacent asphalt, gravel, or pavement street surface. Area shall be labeled as "Privately Maintained". In addition, we request that all future final maps within the City of Las Vegas also provide a similar explanation if S.V.R.Z.s are necessary.
13. Add the Final Map number, FMP-12787, to the lower right hand corner of the cover sheet.
14. In accordance with Condition of Approval #8 of the approved Tentative Map, provide a Traffic Signal Chord Easement at the southeast corner of Torrey Pines Drive and Ann Road.
15. Site development to comply with all previous conditions of approval for the Ann & Torrey Pines Tentative Map.
16. Prior to recordation, this Final Map must show all required easements and right-of-way dedications, must coincide with the approved drainage plan/study and construction plans, and the Owner's Certificate must make specific reference to all easements and right-of-ways noted/offered for public use as required by the Department of Public Works. Appropriate sight visibility restriction zones, if applicable, are also required to be shown on this Final Map at all interior intersections, at all perimeter intersections abutting this subdivision site, at all intersections where an interior subdivision street connects with an abutting public street and at all other locations as required by the Traffic Engineer. Also, as necessary, all easements relating to the placement of or access to Traffic Control devices located outside of public right-of-way shall be shown on this Final Map prior to recordation.

2. Revise the Owner's Certificate to delete the reference to trails as there are none for this subdivision.
3. The radius corner dedication at the southeast corner of Ann Road and Torrey Pines shall be located within the bold lines of the mapped property boundary and sectioned off as stand alone parcel/lot, then labeled as "Hereby Dedicated".
4. Remove the Ingress/Egress area from the dedication. The area south of the northern tangency of C29 must be "Private" as the City of Las Vegas does not accept Ingress/Egress areas.
5. Show the interior street name and label the interior street as "Private Street, P.U.E., City of Las Vegas Sewer Easement, and Public Drainage Easement (To Be Privately Maintained by the Homeowner's Association)."
6. Add a note to the Final Map: A Homeowners' Association shall be established to maintain all perimeter walls, private roadways, landscaping and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
7. The 10 foot drainage easement between lots 4 and 5 shall be mapped as a "Common Lot" and shall be annotated as a "Public Drainage Easement to be Privately Maintained by the Homeowner's Association".
8. On sheet 2, the 20 foot drainage easement south of Lot 5 is not required as a drainage easement but is required as a public sewer easement, label the easement appropriately.
9. The 10-foot drainage easement along the south side of lots 6 through 8 shall be labeled as a "Private Drainage Easement to be Privately Maintained".
10. The 10-foot drainage easement along the south side of the Common Lot shall be labeled as a "Public Drainage Easement to be Privately Maintained by the Homeowner's Association".
11. On sheet 1, revise the City Engineer's signature to read: Jorge Cervantes, P.E. #13977, P.T.O.E.
12. Provide Site Visibility Restriction Zones at all intersections. Include the following statement on the map: "No walls, fences, trees, shrubs, utility appurtenances or any other object, other than traffic control devices and street light poles, may be constructed or installed within the Sight Visibility Restriction Zone (S.V.R.Z.) unless said object is maintained at less than 24 inches in height measured from adjacent top of curb, or where no curb exists, a height of 27 inches measured from the top of adjacent asphalt, gravel, or pavement street surface. Area shall be labeled as "Privately Maintained". In addition, we request that all future final maps within the City of Las Vegas also provide a similar explanation if S.V.R.Z.s are necessary.
13. Add the Final Map number, FMP-12787, to the lower right hand corner of the cover sheet.
14. Site development to comply with all previous conditions of approval for the Ann & Torrey Pines Tentative Map.
15. Prior to recordation, this Final Map must show all required easements and right-of-way dedications, must coincide with the approved drainage plan/study and construction plans, and the Owner's Certificate must make specific reference to all easements and right-of-ways noted/offered for public use as required by the Department of Public Works. Appropriate sight visibility restriction zones, if applicable, are also required to be shown on this Final Map at all interior intersections, at all perimeter intersections abutting this subdivision site, at all intersections where an interior subdivision street connects with an abutting public street and at all other locations as required by the Traffic Engineer. Also, as necessary, all easements relating to the placement of or access to Traffic Control devices located outside of public right-of-way shall be shown on this Final Map prior to recordation.

Gentlemen:

SUBJECT: WATER AVAILABILITY – FMP-12787 ANN AND TORREY
PINES; A.P.N. 125-35-501-001

The Las Vegas Valley Water District (District) has reviewed the subject subdivision map and has been unable to confirm any existing commitment for water service. The subject project will not be provided water service from the District's system without a water commitment.

A water commitment may be provided to the subdivision when all requirements of the District's Service Rules are met. The total projected water usage of the subdivision is 15.4 acre-feet/year.

If you have any questions, please contact Karen Jensen at 258-3276.

RE: Approved Bond Estimate * for :ANN & TORREY PINES

Land Development Project H# : 11331

Attached is the approved bond estimate for the above-reference project. You are required to complete the improvements listed, or guarantee their completion by providing surety prior to the issuance of permits and/or the recordation of any maps. Certain information is required in order to prepare these agreements. As soon as the type of surety (bond, cash, financial institution) is known, please contact Land Development so that the appropriate off-site improvement agreements can be prepared. Please note that the agreements will be prepared using the "owner" shown on the final map. If the project does not have a final map, (a non-subdivision), the "owner" will be determined by the Assessors Parcel Number, please have this available when you call. If there has been a change of ownership, or if someone other than the listed owner will be developing the tract, please submit a copy of the recorded deed showing the new owners, the agreements will be prepared. Please follow these steps or delays may occur. If you have any questions please contact Land Development at 229-6371.

* PLEASE BE AWARE THAT WE HAVE OUR OWN BOND FORM

Re: Ann and Torrey Pines – A 15 Lot Residential Subdivision

The Planning Department has reviewed the aforementioned plans and has the following comments:

1. Please place a new detail depicting the bus turnout along Ann Road as has been depicted on Sheet GP1.
2. For any perimeter screen walls that are proposed provide a detail and label as "decorative block wall with 20% contrasting material and cap." [Detail N]
3. Please label all of the heights for both the existing and proposed walls. [Details G, J and M]
4. Provide elevation details that indicate overall height, color, material, and texture of existing and proposed retaining and screen walls and step-backs.
5. Information on Civil Plans must match Final Map.
6. Please submit a supplementary landscape plan to the Department of Planning and Development to insure conformance with Condition #6 and 7 of approved Site Development Plan Review [SDR-5789].
7. Civil plan redlines must be returned with mylars for planning signature.

NLS

NOTE: Please be aware that it is the applicant's responsibility to ensure that all plans submitted for permits; including, civil improvement plans, building permit submittals and final maps, must be identical in terms of site design.

Dear Mr. Cox:

Your request for a Tentative Map FOR A 15-LOT SINGLE-FAMILY RESIDENTIAL SUBDIVISION on 4.87 acres adjacent to the southeast corner of Ann Road and Torrey Pines Drive (APN 125-35-501-001), R-E (Residence Estates) Zone under Resolution of Intent to R-PD3 (Residential Planned Development - 3 units per acre) Zone, Ward 6 (Ross), was considered by the Planning Commission on July 28, 2005.

The Planning Commission voted to **APPROVE** your request, subject to the following:

Planning and Development

- I. Approval of the Tentative Map shall be for no more than two (2) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within two (2) years of the approval of the Tentative Map, a new Tentative Map must be filed.
2. The development shall conform to the Conditions of Approval for the Site Development Plan Review (SDR-5789).
3. Prior to submittal for a Final Map Technical Review or for review of Civil Improvement plans, whichever occurs first, a revised Tentative Map depicting the conditions of approval in this report shall be approved by staffs of the Planning and Development Department and Public Works Department. In particular, the following should be addressed:
 - A decorative block wall not exceeding a height of eight feet with at least 20 percent contrasting materials shall be shown. Where a greater wall height is needed, it shall be stepped back or terraced by a distance of five feet so no portion thereof exceeds a height of eight feet.
 - Corner side yards should be dimensioned as not exceeding 15 feet.
 - Cross sections E, F, G, H, J, and K should be submitted and depict approved conditions.

4. Street names must be provided in accordance with the City's Street Naming Regulations.
5. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
6. As an attachment to the civil bond, any part of which shall not be released until this has been satisfied, and prior to the sale of any lots or units, the developer is required to adopt a plan for the maintenance of infrastructure improvements, which shall be reviewed and approved by the Field Operations Division of the Public Works Department. The plan is to include a listing of all infrastructure improvements, along with assignment of maintenance responsibility to common interest community, individual property owner, or City of Las Vegas, and the proposed level of maintenance for privately maintained components. The agreement must be approved by the City of Las Vegas, and must include a certification by the licensed professional engineer of record that all infrastructure components are addressed in the maintenance plan. The plan must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. The adoption process must include recordation of the plan against all parcels concurrent with the recordation of the Covenants, Conditions and Restrictions for the subdivision.
7. All development is subject to the conditions of City departments and State subdivision statutes.

Public Works

8. Grant a Traffic Signal Chord easement on the southeast corner of Torrey Pines Drive and Ann Road.
9. Provide public sewer easements for all public sewers not located within existing public street right-of-way prior to the issuance of any permits. Improvement Drawings submitted to the City for review shall not be approved for construction until all required public sewer easements necessary to connect this site to the existing public sewer system have been granted to the City.
10. Site development to comply with all applicable conditions of approval for ZON-5788, SDR-5789 and all other applicable site-related actions.

Mr. Orlo E. Cox
TMP-7339 - Page Three
July 29, 2005

11. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision-related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations.

This action by the Planning Commission on July 28, 2005 is final unless a written appeal is filed with the City Clerk within seven days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on *July 29, 2005*.

AGENDA MEMO

PLANNING COMMISSION MEETING DATE: FEBRUARY 10, 2005

DEPARTMENT: PLANNING AND DEVELOPMENT

**ITEM DESCRIPTION: SDR-5789 - APPLICANT: GAUGHAN RICHARDSON
DEVELOPMENT - OWNER: COX FAMILY TRUST**

**** CONDITIONS ****

STAFF RECOMMENDATION: **APPROVAL**, subject to:

Planning and Development

1. A Variance (VAR-5952) to allow an R-PD zoning district on less than five acres, a Rezoning (ZON-5788) to a R-PD3 (Residential Planned Development - 3 Units per Acre) Zoning District, and a Waiver of Title 18 (WVR-5790) approved by the City Council.
2. This Site Development Plan Review shall expire two years from date of final approval unless it is exercised or an Extension of Time is granted by the City Council.
3. All development shall be in conformance with the site plan and building elevations date stamped 02/02/05, except as amended by conditions herein.
4. All homes within the development shall be single-story homes.
5. The elevations shall be submitted and approved by Planning and Development Department staff prior to the time application is made for a building permit.
6. The setbacks for this development shall be a minimum of 20 feet to the front of the house and face of garage as measured from back of sidewalk or from back of curb if no sidewalk is provided, 10 feet on the side, 15 feet on the corner side, and 20 feet in the rear.
7. The 6-foot landscaped strip located on the perimeter of the development must be placed within a common lot element that will be maintained by a homeowners' association.
8. The landscape plan shall be revised and approved by Planning and Development Department staff, prior to the time application is made for a building permit.
9. Landscaping and a permanent underground sprinkler system shall be installed as required by the Planning Commission or City Council and shall be permanently maintained in a satisfactory manner.
10. No turf shall be permitted in the non-recreational common areas, such as medians and amenity zones, in this development.

11. Any property line wall shall be a decorative block wall, with at least 20 percent contrasting materials. Wall heights shall be measured from the side of the fence with the least vertical exposure above the finished grade, unless otherwise stipulated.
12. Prior to approval of any final map, developer is required to adopt a plan for the maintenance of infrastructure improvements. The plan is to include a listing of all infrastructure improvements, along with assignment of maintenance responsibility to common interest community, individual property owner, or City of Las Vegas, and the proposed level of maintenance for privately maintained components. The agreement must be approved by the City of Las Vegas, and must include a certification by the licensed professional engineer of record that all infrastructure components are addressed in the maintenance plan. The plan must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. The adoption process must include recordation of the plan against all parcels prior to approval of the final map. Should additional maintenance activities be requested by the common interest community, or members thereof, the associated costs shall be assessed to the common interest community and/or members thereof.
13. All City Code requirements and design standards of all City departments must be satisfied.

Public Works

14. The proposed 39-foot street shall be private and may not be gated as currently configured.
15. A Homeowner's Association shall be established to maintain all perimeter walls, private roadways, landscaping and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
16. The Special Improvement District section of the Department of Public Works must be contacted and appropriate written agreements (if necessary) must be executed by the property owner(s) of record prior to the recordation of a Final Map or the issuance of any building permits, whichever may occur first. The written agreements (if applicable) will allow the recalculation and/or the redistribution of all assessments of record on this site.
17. Site development to comply with all applicable conditions of approval for ZON-5788 and all other site-related actions.
18. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the submittal of a Tentative Map or construction drawings, whichever may occur first.
