RE: EOT-36070 - ADMINISTRATIVE - EXTENSION OF TIME

Dear Applicant:

Your request for an Extension of Time of a previously approved Vacation (VAC-28548), which vacated portions of Durango Drive Farm Road generally located on the southeast corner of Durango Drive and Farm Road, Ward 6 (Ross) was considered administratively by the Planning and Development Department staff.

The Planning and Development Department staff has administratively **APPROVED** your request subject to the following:

1. This Extension of Time shall expire on September 17, 2010 unless the Order of Vacation is recorded or another Extension of Time is approved by the Planning and Development Department.
2. Conformance to all conditions of approval of Vacation (VAC-28548) and all other subsequent site related actions as required by the Planning and Development Department and Department of Public Works.

This action by the Planning and Development Department staff is final.

Sincerely,

Steve Gebeke

RE: VAC-28548 - VACATION
CITY COUNCIL MEETING OF SEPTEMBER 17, 2008
RELATED TO MOD-28538, VAR-28540, SUP-28542, SUP-28544,
SUP-28545, SUP-28546, SUP-28547, SUP-28712, SUP-28713,
SUP-28868 AND SDR-28535

Dear Mr. Zeiter:

The City Council at a regular meeting held September 17, 2008 APPROVED the Petition to Vacate a portion of Durango Drive and a portion of Farm Road generally located on the southeast corner of Durango Drive and Farm Road. The Notice of Final Action was filed with the Las Vegas City Clerk on September 18, 2008. This approval is subject to:

Planning & Development

1. Provide proof that the Nevada Department of Transportation (NDOT) has determined that the existing right-of-way is no longer needed to support the US95 access ramps, and has relinquished all access rights thereto.
2. Prior to recordation of an Order of Vacation, provide a plan acceptable to the City Engineer showing how the right-of-way proposed to be vacated will be incorporated into the abutting properties, including the property not controlled by the applicant (if applicable), so that no un-maintained "no-man's land" areas are produced by this action, and all affected parties are aware of the final disposition of the property to be vacated. The required plan shall identify exactly who is responsible to reclaim each portion of right-of-way and exactly how the right-of-way will be reclaimed, and shall provide a schedule of when such reclamation will occur.
3. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate public drainage easements shall be reserved if recommended by the approved Drainage Plan/Study. If easements are retained, this Vacation may record in phases, to allow for future elimination of easements at the discretion of the City Engineer. The drainage study required by SDR-28535 may be used to satisfy this requirement provided that it addresses the area to be vacated.

4. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of the Order of Vacation. All new improvements shall conform to the Town Center Development Standards.
5. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

In addition to this application, a Major Modification and several Special Use Permit applications were discussed. A list was provided detailing the Waivers from Town Center Development Standards that the applicant needed to request. Submittal requirements were discussed.

Neighborhood Meeting	
07/01/08	A neighborhood meeting was held on Tuesday, July 1, 2008 at 5:30 p.m. at the YMCA Club in the CLV Community Resource Room located at 6601 North Buffalo Drive. There were 29 members of the public, seven representatives of the applicant and two city staff were present. The applicant and one of the proposed tenants offered a presentation on the proposed development. Members of the public raised the following questions and concerns: • Concerns were raised regarding the height of the hotel building (the applicant explained that the building would be approximately 55 to 60 feet in height). Some members of the public requested that the height be reduced to three stories, and stated that five-story buildings were inappropriate in that area (the east side of the freeway). • Several concerns were expressed regarding traffic flow and the amount of traffic generated by the development. The applicant noted that the traffic study for the project had already been completed, and was being reviewed by city staff. Specific concerns were raised about northbound traffic coming out of the development onto Farm Road, potential increases in traffic on Tule Springs, construction traffic on eastbound Farm Road, and whether or not a traffic light could be installed at the entrance to the development. • One member of the public stated that the hotel use was inappropriate for the site; others questioned the viability of the hotel based on the proximity of the Santa Fe Hotel/Casino and the new hotel/casino at the Kyle Canyon development. • Questions were raised relative to the other tenants proposed for the site and the ability of the developer to lease the retail space based on current market conditions. • Concerns were raised regarding the carwash and any buffers that would be provided to screen the use, and whether the use was necessary. • Questions were raised regarding impacts to the homes that are proposed abutting the site in the Village of Centennial Springs development. • Concerns were raised relative to the signage proposed for the site; the applicant stated that they would comply with the Town Center requirements.
Field Check	
07/01/08	A field check was made on site. The site is currently an undeveloped property that is juxtaposed between two major streets. To the south of this property is a mixed-use development that is under construction and across Farm Road to the north is a large shopping center.

***A Multi-Use Transportation Trail is required adjacent to this site on Farm Road. The proposal adheres to Exhibit 1 of the Transportation Trails Element of The Las Vegas 2020 Master Plan.*

DESCRIPTION

This is a request to Vacate a portion of Durango Drive and a portion of Farm Road generally located on the southeast corner of Durango Drive and Farm Road.

The above property is legally described as a portion of right-of-way, said property being a portion of the Southeast Quarter (SE1/4) of the Southwest Quarter (SW1/4) of the Northeast Quarter (NE1/4) of Section 17, Township 19 south, Range 60 east, M.D.M.

The subject site is currently zoned T-C (Town Center) with a SC-TC (Service Commercial – Town Center) Special Land Use designation. The applicant is proposing a Major Modification (MOD-28538) of the Town Center Land Use Plan to GC-TC (General Commercial – Town Center). The General Commercial District allows all types of retail, service, office and other general business uses of a more intense commercial character. These uses will normally require a Special Use Permit and will commonly include limited outdoor display of product and lights or other characteristics not generally compatible with the adjoining residential areas without significant transition. Examples include new and used car sales, highway commercial uses such as hotels and motels, and tourist commercial uses such as resorts and recreational facilities.

In addition to this application, the applicant has requested a Variance (VAR-28540) to allow a 60-foot setback where Residential Adjacency Standards require 185 feet for a proposed Hotel; a Special Use Permit (SUP-28542) for a proposed 7,900 square-foot Liquor Establishment (Tavern) and an associated Gaming Establishment, Restricted License Special Use Permit (SUP-28712); a Special Use Permit (SUP-28544) for a proposed 5,100 square-foot Convenience Store with Fuel Pumps with a Waiver to allow a zero-foot distance separation from a single-family detached dwelling where 330 feet is required, an associate Gaming Establishment, Restricted License (SUP-28713), and Special Use Permit (SUP-28868) for Accessory Package Liquor Off-Sale; a Special Use Permit (SUP-28546) for a proposed Hotel with a Waiver to allow a zero-foot separation from a single-family detached dwelling where 330 feet is required; Petition to Vacate (VAC-28548) a portion of Durango Drive and a portion of Farm Road generally located on the southeast corner of Durango Drive and Farm Road; and a Site Development Plan Review (SDR-28535) for a 139-room five-story Hotel and a 64,700 square-foot retail development with Waivers to allow a five-story building where two stories is the maximum height permitted and a 14-foot setback where a 20-foot setback is required for retail buildings on 7.97 acres at the southwest corner of Durango Drive and Farm Road.

ANALYSIS

A) Planning discussion

Planning cannot support this Vacation as it is part of a proposed development that is not compatible and harmonious with surrounding development.

B) Public Works discussion

- A. Does this vacation request result in uniform or non-uniform right-of-way widths? *It will result in uniform widths as the right-of-way line along Durango Drive and Farm Road will follow the existing constructed width.*
- B. From a traffic handling viewpoint will this vacation request result in a reduced traffic handling capability? *No, since the existing roadway adjacent to this vacation request is constructed to full width.*
- C. Does it appear that the vacation request involves only excess right-of-way? *Yes.*
- D. Does this vacation request coincide with development plans of the adjacent parcels? *Yes, SDR-28535 for the adjacent hotel property.*
- E. Does this vacation request eliminate public street access to any abutting parcel? *No.*
- F. Does this vacation request result in a conflict with any existing City requirements? *No.*
- G. Does the Department of Public Works have an objection to this vacation request? *No.*

RE: VAC-28548 - VACATION

Dear Mr. Zeiet:

Your petition to Vacate a portion of Durango Drive and a portion of Farm Road generally located on the southeast corner of Durango Drive and Farm Road, Ward 6 (Ross), was considered by the Planning Commission on August 14, 2008.

The Planning Commission voted to recommend **APPROVAL** of your request, subject to the following:

1. Provide proof that the Nevada Department of Transportation (NDOT) has determined that the existing right-of-way is no longer needed to support the US95 access ramps, and has relinquished all access rights thereto.
2. Prior to recordation of an Order of Vacation, provide a plan acceptable to the City Engineer showing how the right-of-way proposed to be vacated will be incorporated into the abutting properties, including the property not controlled by the applicant (if applicable), so that no un-maintained "no-man's land" areas are produced by this action, and all affected parties are aware of the final disposition of the property to be vacated. The required plan shall identify exactly who is responsible to reclaim each portion of right-of-way and exactly how the right-of-way will be reclaimed, and shall provide a schedule of when such reclamation will occur.
3. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate public drainage easements shall be reserved if recommended by the approved Drainage Plan/Study. If easements are retained, this Vacation may record in phases, to allow for future elimination of easements at the discretion of the City Engineer. The drainage study required by SDR-28535 may be used to satisfy this requirement provided that it addresses the area to be vacated.
4. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of the Order of Vacation. All new improvements shall conform to the Town Center Development Standards.

5. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

This item will be considered by the City Council on **September 17, 2008** at 1:00 P.M. in the City Council Chambers of City hall, 400 Stewart Avenue, Las Vegas, Nevada. ***The Council requires that you or your representative be present at this meeting.*** If you or your representative chooses not to attend, the City Council may act in your absence without your input.

Memorandum

City of Las Vegas
Department of Public Works
Development Coordination

To: Department of Planning and Development
From: Bart Anderson, Manager, Development Coordination, Department of Public Works *BIA*
CC: Ed Byrge, Right-of-Way; Wayne Dowdey, Land Development; O. C. White, Traffic Engineering; Alan R. Riekk, Survey (FM, PM, & A's only)
Date: July 1, 2008
Re: **VAC-28548** Investment Capital Fund, LLC SWC of Durango Drive and Farm Road
Request for a Petition of Vacation of Public Right-of-Way

We present the following information concerning this request to vacate certain public street ROW:

- A. Does this vacation request result in uniform or non-uniform right-of-way widths? *It will result in uniform widths as the right-of-way line along Durango Drive and Farm Road will follow the existing constructed width.*
- B. From a traffic handling viewpoint will this vacation request result in a reduced traffic handling capability? *No, since the existing roadway adjacent to this vacation request is constructed to full width.*
- C. Does it appear that the vacation request involves only excess right-of-way? *Yes.*
- D. Does this vacation request coincide with development plans of the adjacent parcels? *Yes, SDR-28535 for the adjacent hotel property.*
- E. Does this vacation request eliminate public street access to any abutting parcel? *No.*
- F. Does this vacation request result in a conflict with any existing City requirements? *No.*
- G. Does the Department of Public Works have an objection to this vacation request? *No.*

If approved, the following conditions are recommended:

CONDITIONS OF APPROVAL:

- 1. Provide proof that the Nevada Department of Transportation (NDOT) has determined that the existing right-of-way is no longer needed to support the US95 access ramps, and has relinquished all access rights thereto.
- 2. Prior to recordation of an Order of Vacation, provide a plan acceptable to the City Engineer showing how the right-of-way proposed to be vacated will be incorporated into the abutting properties, including the property not controlled by the applicant (if applicable), so that no un-maintained "no-man's land" areas are produced by this action, and all affected parties are aware of the final disposition of the property to be vacated. The required plan shall identify exactly who is responsible to reclaim each portion of right-of-way and exactly how the right-of-way will be reclaimed, and shall provide a schedule of when such reclamation will occur.
- 3. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate public drainage easements shall be reserved if recommended by the approved Drainage Plan/Study. If easements are retained, this Vacation may record in phases, to allow for future elimination of easements at the discretion of the City Engineer. The drainage study required by SDR-28535 may be used to satisfy this requirement provided that it addresses the area to be vacated.
- 4. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of the Order of Vacation. All new improvements shall conform to the Town Center Development Standards.
- 5. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

NATASHA DECARVALHO FOR RAPINDER CHIMA; CK #0097; 702-396-5113 (ACE ENGINEERING)

May 25, 2008

City of Las Vegas
Planning & Development
731 S. Fourth Street
Las Vegas, NV 89101

Subject: *Durango Farm Road Commercial, 8433 Farm Road
Site Development Plan Review – Special Use Permit, Major Modification,
Variance, Waiver and Vacation of Excess Right of Way
APN Numbers 125-17-601-010, 007 & 013*

Dear Sir/Madam,

On behalf of my client, Mr. Rupee Chima, we are submitting a development plan for his property located on the southwest corner of Durango Drive and Farm Road. The Assessors Parcel numbers are 125-17-601-007, 125-17-601-010, and 125-17-601-013. Farm Road and Durango Drive are both major streets and capable of carrying any additional traffic generated by our project.

A Major Modification to the Centennial Hills Sector Plan, from SC-TC to GC-TC is requested, in order to allow all of our proposed development.

We wish to provide a much needed hotel, both for the guests of Centennial Hills residents and for out-of-town family members who have loved ones at Centennial Hills Hospital. In order to attract a quality hotelier to the area a certain minimum number of rooms must be available. We are proposing a Holiday Inn with 139 guest rooms. A Special Use Permit for a hotel is being requested for this project. Due to the height of this building, we are asking for a Variance from Title 19.08.060(B)1.(a), the Residential Adjacency Proximity Slope, to allow a 60 foot setback along the southern property line where 170 feet are required. We are also seeking Waivers from the Town Center Development Standards, to allow a hotel to be 60 feet from a single-family dwelling where 330 feet are required, to allow a 5-story building where a 2-story limit is in place.

In addition to the Holiday Inn, we are proposing approximately 65,325 square feet of retail buildings, which will include

- A Convenience Store with fuel pumps and a full service Car Wash,
- A fast-food retail area including a Restaurant, Juice and Coffee shops with a drive-through
- A Tavern
- Other shops and services.

For the convenience store we are seeking Special Use Permits for Fuel Pumps, a Retail Establishment with Accessory Package Liquor (Off-Sale), and a Gaming Establishment Restricted License. Our plan exceeds all required separation distances.

We are also asking for Special use Permits to allow a Liquor Establishment (Tavern) and a Restaurant (with drive-through). Again, we exceed the separation distance requirements for these uses.

Retail Buildings #1 and #2 are single story and are proposed 15 feet from the southern property line. A Waiver to allow a 15-foot setback whereas 20 feet is required, is requested. The residential property line on South is separated by 30 feet wide residential street from the south property line, thereby making total distance of 45 ft from Retail to Residential Property line.

Durango Drive is fully developed and constructed along the subject property. We hereby request, to vacate excess right of way (13,715 square feet) on Durango and Farm Road. A dedication of 5,029 square feet of area is being made along Farm Road, in order to conform to Centennial Hills Standards.

We believe each of our proposed uses will provide a necessary service for our neighbors in Centennial Hills and be compatible with the surrounding development, which is commercially zoned on each of the other corners of this major intersection. Upon completion, the hotel and other tenants will contribute to the retail choices available within the Town Center area and enhance the lifestyles of our neighbors in Centennial Hills.

Respectfully yours,

Ace Engineering
