Request for a Petition of Vacation of right-of-way

## COMMENTS:

We present the following information concerning this request to vacate certain public street ROW:

- A. Does this vacation request result in uniform or non-uniform right-of-way widths? *Neither, as the internal right-of-way will be completely eliminated.*
- B. From a traffic handling viewpoint will this vacation request result in a reduced traffic handling capability? *No, since the subdivision was never constructed.*
- C. Does it appear that the vacation request involves only excess right-of-way? *No. It is to eliminate the dedicated internal right-of-way by the Town Center 44/50 No. 2 Final Map which is now being reverted to acreage.*
- D. Does this vacation request coincide with development plans of the adjacent parcels? *No.*
- E. Does this vacation request eliminate public street access to any abutting parcel? *No.*
- F. Does this vacation request result in a conflict with any existing City requirements? *No.*
- G. Does the Department of Public Works have an objection to this vacation request? *No.*

If approved, the following conditions are recommended:

## CONDITIONS OF APPROVAL:

1. The limits of this Petition of Vacation shall be defined as the public rights-of-way and unused City of Las Vegas public sewer and drainage easements as dedicated and granted by the Town Center 44/50 No. 2 Final Map, Book 138, Page 12.
2. Prior to or concurrent with the recordation of the Order of Vacation, a Reversionary Map, such as FMP-36937, or other mapping mechanism shall be recorded to eliminate existing legal parcels that would otherwise leave separate parcels without access to a public sewer easement by this Petition of Vacation.
3. Prior to the recordation of the Order of Vacation, provide a Document of Record of what is constructed and what is not.
4. An update to the previously approved Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate drainage easements shall be reserved if recommended by the approved Drainage Plan/Study.
5. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of the Order of Vacation.
6. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

Planning & Development Department  
City of Las Vegas  
731 South Fourth St.  
Las Vegas, NV 89101

Subject: Town Center 44/50 #2  
Request for Vacation (VAC-36934)

To Whom It May Concern:

On behalf of the applicant, Pardee Homes, we respectfully request review and approval of the attached application for Vacation. The subject property is located at the southeast corner Deer Springs Way and Tee Pee Lane and comprises approximately 3.37 acres. The residential subdivision was originally approved and recorded to include 24 residential lots and 4 common elements. A copy of the recorded Final Map, Book 138, Page 12, is included for your reference. The applicant's request is to allow the vacation and abandonment of all easements and rights-of-way that were granted and conveyed per the Final Map that lie within the subdivision boundaries - specifically all City of Las Vegas rights-of-way, drainage easements, sewer easements, streetlight and traffic control easements and pedestrian access easements. The dedications that were granted for the public streets surrounding the subdivision are not included as part of this request and will remain in place. The applicant is pursuing a reversion to acreage that is submitted concurrently with this Vacation request.

The reversion of this property to acreage meets with all City standards, regulations and policies. The applicant intends to pursue future approvals for a residential subdivision with different lot configurations that more appropriately address the desires of the home buying market. The applicant understands that any future development will be subject to City review and approval.

Please place this item on the January 28, 2010 Planning Commission agenda. Please contact our office should you have any questions or require further information. Thank you for your kind consideration of this matter.

Very truly yours,
