Justification Letter for Variance
For: Carl's Jr. Clearance Arm, 7598 Vegas Drive.

To Whom It May Concern:

Please see the attached submittal of a variance for a Drive Thru Clearance Arm for the Carl's Jr. Restaurant at 7598 Vegas Drive. This is an incidental sign which is seven feet six inches greater in height than the five feet allowed by code and has a logo and sign copy area greater than the 25% of the sign area allowed by code. This clearance bar has been designed to facilitate safer & faster ingress and egress through the drive thru lane. It accomplishes this by combining a height detector that is easier to see by the motoring public, with a menu of the more popular items that the restaurant offers. This combination helps citizens make quicker decisions regarding their patronage of the establishment. In addition, the clearance bar better identifies the drive thru in this busy shopping center, helping traffic flow more smoothly and safely. Therefore, we feel that the application is justified.

Should you have any questions, please feel free to contact me at your convenience.

Respectfully,

Ed Blend
