RE: ABEYANCE - ARC-39375

Mr. Jb Quejarro:

Your request for a signage review on an existing retail building at 201 South Las Vegas Boulevard (APN 139-34-611-050), C-2 (General Commercial) Zone, Ward 3 (Reese), was considered by the Downtown Design Review Committee (DDRC) on October 12, 2010.

The Downtown Design Review Committee (DDRC) voted to **APPROVE** your request, subject to the following amended conditions:

1. Conformance to the sign elevations and documentation as submitted and date stamped ~~09/28/10, 9/30/10, and 10/01/10~~ 10/12/10 in conjunction with this request, except as modified herein.
2. All signage, including temporary signage, shall have proper permits obtained through the Building and Safety Department.
3. All City Code requirements and design standards of all City departments must be satisfied.
4. *Roof sign not included or required in the approval.*

This action by the Downtown Design Review Committee on October 12, 2010 is final unless a written appeal is filed with the City Clerk within ten (10) days of the date of the Downtown Design Review Committee's decision.

**** CONDITIONS ****

ARC-39375 CONDITIONS

Planning and Development

1. A Waiver of Title 19.14.020(N) Freestanding Sign Design Standards is hereby approved.
2. Conformance to the sign elevations and documentation as submitted and date stamped 09/28/10, 9/30/10, and 10/01/10 in conjunction with this request, except as modified herein.
3. All signage, including temporary signage, shall have proper permits obtained through the Building and Safety Department.
4. All City Code requirements and design standards of all City departments must be satisfied.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a modification to the west façade of the building at 201 South Las Vegas Boulevard with a roof sign and a freestanding sign. The property is within the Las Vegas Boulevard Scenic Byway Overlay District. The roof sign will have white letters highlighted with red neon in a 10 foot tall by 23 foot wide red rectangular box.

The freestanding sign will have white letters highlighted with red neon in an 11.5 foot tall by 11.5 foot wide red square box at a maximum height of 30 feet. Staff is recommending denial of this request, as the proposed signage does not meet the requirements of the Scenic Byway Overlay District. If this request is denied, the proposed signage will not be permitted and the applicant may present redesigned signs.

ISSUES

The applicant is asking for a Waiver of Title 19.14.020(N) Freestanding Sign Design Standards.

- The Waiver is to allow a freestanding sign not in compliance with the minimum requirements of architectural compatibility with the principle building. Staff cannot support this Waiver as it does not meet the minimum requirements of Freestanding Sign Design Standards applicable to the Las Vegas Boulevard Scenic Byway Overlay District.

ANALYSIS

The applicant requested an abeyance from the September 14th meeting in order to revise the plans to reflect a roof sign and a freestanding sign installed on the west façade. The applicant is requesting the roof sign be placed on top of the parapet. The roof sign will have white letters highlighted with red neon spelling out "Amalgamated Bank" in addition to the AB symbol of the bank and horizontal rows of white neon on either side. The sign is 10 feet tall by 23 feet wide.

The freestanding sign will have white letters highlighted with red neon spelling out "Amalgamated Bank" in addition to the AB symbol of the bank and horizontal rows of white neon on either side. The sign is 11.5 feet tall by 11.5 feet wide and sits on top of a pole at a maximum height of 30 feet. The sign meets the neon standard for the Las Vegas Boulevard Scenic Byway Overlay District, but is not in compliance with Title 19.14.020(N) for Freestanding Sign Design Standards. Therefore staff cannot support this application.

The purpose and intent of the Freestanding Sign Design Standards are to improve the appearance of the vertical elements and supporting structures of freestanding signs. The design of the supporting elements of the freestanding sign should utilize architectural features of a Mid-Century Modern Building that uses tapered diamond shaped columns to support the portico. The materials, colors and finishes to construct the supporting elements should be similar or complementary to the materials utilized on the façade of the principal building. The finished product should result in a sign that complements the building and enhances the overall appeal of the sign.

FINDINGS

The roof sign meets the minimum requirements for the Las Vegas Boulevard Scenic Byway Overlay District. The freestanding sign meets the neon standard for the Las Vegas Boulevard Scenic Byway Overlay District, but is not in compliance with Title 19.14.020(N) for Freestanding Sign Design Standards. The supporting element of the sign does not utilize architectural features, materials, colors and finishes of the principle building. Therefore staff cannot support the Wavier of Title 19.14.020(N) Freestanding Sign Design Standards and is recommending denial of the application.

Re: Amalgamated Bank/ Pole Sign
201 S. Las Vegas Blvd.
Las Vegas, NV

Dear Downtown Review Committee,

We would like to request a waiver of Title 19.14.020 (and freestanding sign design standards).

We believe that our sign is justified as it meets the requirements of Community Development Code. The sign is 75% neon as required. As it shows in the pictures provided, the neon is exposed and attached to an aluminum back plate with glass stands. It is wired through PK weatherproof housings and is connected to a transformer with GTO wiring and connected to existing electrical.

Like any other retailer competing for business in a neighborhood, our bank branches require well designed and compelling exterior signage to both draw attention and drive customer traffic to our site. Signage is critical to our ability to compete for the deposit and loan relationship with customers and local businesses that drive the revenue and profitability level of each location. It is a vital component of each branch office, just as important to our success as a well trained staff and competitive products.

PROJECT DESCRIPTION

This is a request for a façade modifications of the building located at 201 S. Las Vegas Boulevard with two Amalgamated Bank signs to be installed on the west and south facades. The signs have white letters highlighted with red neon in a red 2.5' tall by 11.5' rectangular box. The property is located within the Las Vegas Boulevard Scenic Byway Overlay District. Staff is recommending approval of this request, as the proposed signage meets the requirements for neon/animation of the Scenic Byway Overlay District. If this request is denied, the proposed signage will not be permitted and the applicant may present redesigned signs.

ANALYSIS

The applicant is requesting the approval of two signs hung between the tapered diamond shaped columns of the portico to a Mid-Century Modern building located within the Las Vegas Boulevard Scenic Byway Overlay District.

The proposed signage consists of 2 signs encompassing 1% of the west elevation and 1% of the north elevation. The signs have white letters highlighted with red neon in a red 2.5' tall by 11.5' rectangular box. Both proposed signs are in compliance with the Las Vegas Boulevard Scenic Byway Overlay District signage standards.

The proposed signage does not meet the design intent of the Las Vegas Boulevard Scenic Byway Overlay District, which seeks to preserve the tradition of neon art and encourage signage that will enhance the district as a nationally recognized place. The proposed signs do not:

- Enhance the historic character of the district.
- Celebrate the best of the sign makers' art.
- Improve the quality and appearance of new development within the district.

FINDINGS

Staff can support the signs on the west and south elevation as they meet the requirements for the Las Vegas Boulevard Scenic Byway Overlay District.

Dear Downtown Review Committee,

We believe that our sign is justified as it meets the requirements of Community Development Code. The Sign is 75% neon as required. As it shows in the pictures provided, the neon is attached to an aluminum back plate with a glass stand and is exposed. It is then wired in PK Housing and has GTO wiring that goes to an electrical transformer and a power supply that is plugged in to the existing electrical.

Like any other retailer competing for business in a neighborhood, our bank branches require well designed and compelling exterior signage to both draw attention and drive customer traffic to our sites. Signage is critical to our ability to compete for the deposit and loan relationships with consumers and local businesses that drive the revenue and profitability level of each location. It is a vital component of each branch office, just as important to our success as a well trained staff and competitive products.
