**** STAFF REPORT ****

PROJECT DESCRIPTION

The applicant operates a Community Residence (previously referred to in Title 19.04 as a Group Residential Care Facility) at 919 Hazard Avenue. A Special Use Permit (SUP-30250) allowing this use for a maximum of six adults with a distance separation of 830 feet from a similar facility was approved in December 2008 with a required one-year administrative review. Because of changes updating municipal zoning and licensing codes regarding community residences, the facility is no longer licensed by the city and is instead regulated by the State of Nevada. There have not been any negative code enforcement issues, all previous conditions of approval have been met and the use has been shown to be harmonious and compatible with adjacent land uses. The Planning and Development therefore is approving the required review with conditions.

ISSUES

- A Special Use Permit was originally required for this use pursuant to Title 19.04.040. The proposed location of the Group Residential Care Facility was less than 1,500 feet from two existing Group Residential Care Facilities; therefore, a Special Use Permit was required.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc</i>	
12/03/08	The City Council approved a request for a Variance (VAR-30789) to allow three parking spaces to back out onto a public street where two spaces are the maximum permitted at 919 Hazard Avenue. The Planning Commission recommended approval. Staff recommended denial.
	The City Council approved a request for a Special Use Permit (SUP-30250) for a Group Residential Care Facility (Maximum Six Adults) with a Waiver to allow an 830-foot distance separation from another Group Residential Care Facility at 919 Hazard Avenue. The approval was subject to an administrative review one year from the date of final approval. The Planning Commission recommended approval. Staff recommended denial.
07/21/10	The City Council approved Ordinance #6098, which updated the city's zoning and licensing regulations applying to Community Residences (commonly referred to as group homes) and similar uses.

<i>Most Recent Change of Ownership</i>	
11/28/07	A deed was recorded for a change in ownership.

The permit was finalized on 12/31/07.
01/02/08	A building permit (104947) was issued to obtain a Non-Work Certificate of Occupancy for a Group Residential Care Facility at 919 Hazard Avenue. The Certificate of Occupancy was issued on 01/03/08.

ANALYSIS

This review was requested by the Planning Commission as a result of the potential effects of the reduced distance separation between residential group care facilities in this neighborhood. In the period since the business license was issued there have been no complaints of negative effects on the neighborhood or on the closest existing residential group care facility. The subject property is well maintained and conditions of approval of Special Use Permit (SUP-30250) have been met. Staff is therefore approving this review with conditions that include conformance with the previous actions. Further reviews of the use permit are not needed.

The subject property is located within the North Las Vegas Airport Overlay Map within the 105-foot height limitation contour. The building located on the subject property does not extend beyond this limitation.

Fire sprinklers were deemed by the city of Las Vegas to be necessary for this facility. Sprinklers were added to the residence and inspected prior to approval of the Special Use Permit. The Las Vegas Valley Water District will require the applicant to submit civil improvement plans to LVVWD for review and approval of an upsized water meter and backflow prevention assembly.
