Subject: SDR-39338

Revised plans have arrived for this item. After reviewing the plans, it has been determined that this item can be a Minor SDR and that the two accompanying variances (VAR-39335 and VAR-39337) can be refunded, since they will no longer be needed. Staff can also refund the notification and recordation fees for SDR-39338, as this will not be a public hearing item.

I have made the proper changes to the header and other info in Hansen for this case:

SDR-39338 - SITE DEVELOPMENT PLAN REVIEW - MINOR REVIEW - APPLICANT/OWNER: KELLY K. AND IWONA M. HULSEY - Request for a Minor Site Development Plan Review FOR THE ADDITION OF 2,436 SQUARE FEET OF GARDEN BANQUET AREA TO AN EXISTING 18,014 SQUARE-FOOT BANQUET FACILITY AND WEDDING CHAPEL on 1.28 acres at 4125 West Charleston Boulevard (APNs 162-06-510-023 and 024), C-1 (Limited Commercial) Zone, Ward 1 (Tarkanian).

Carman, I will have the revised plans and justification letter to you shortly.

Thanks.

Subject: **Jusification Letter**
Site Development Design Review and
Request for Variances
Rainbow Gardens Parcel 162-06-510-023 & 024

Request

We request a design review of our proposal to convert a portion of existing parking to landscaped garden to support wedding ceremonies and associated banquet operations. We propose to build a new facade at our southwest entrance door as an aesthetic improvement. We also propose to build a sunshade canopy in our new north garden to serve as shelter for various functions that may occur in this garden in connection with our banquet functions.

Variances

- We request a variance to allow a 10 foot high masonry fence (where 8 foot high fences or walls) are allowed to enclose the newly created front yard.
- We also request a variance to allow 38 onsite parking spaces where 88 are required. These onsite spaces are supplemented by 83 parking spaces on nearby property to the immediate south, that are secured by a joint access agreement. Thus 121 total parking spaces are available under this arrangement to bear the parking load driven by our occupancy. The two properties taken together call for 112 spaces when facilities on both properties are fully occupied. The combined count of available spaces is 123 (two of which are beyond 300 ft. from the applicant's entrances).
- Variances are not needed for landscaping or for offsite development.

Background

This existing facility has been in business for more than twenty years as a banquet facility. Mature landscaping is in need of renovation, and the expansion of our front garden will enhance our banquet capability as well as improve the general appearance of Charleston Boulevard.

Justification

Parking - Adequate parking is provided with all required accessible spaces on site and by ample shared parking that is established by lease with neighbors to the south within 300 feet of our doors. 121 spaces are available within the 300 foot limit under long established shared parking agreements. This project will reduce existing onsite parking by about 24 spaces and in effect shift a portion of our parking load to the leased parking lot immediately south, which has been used this way for many years under our existing agreements. All required accessible parking is provided onsite near our main entrance. The occupancy located on neighboring site to the south is a professional engineering office belonging to the
