Written objection to site development plan
related to Var. 39487 & SUP. 39488. Ward 6
located @ 6.41 acres 4660 N. Rancho Dr.
APN C138-02-113-001-C1.

My objection to this project is based
on two story dwellings being built in
front of a residential community (Eagle
Trace) of single story homes. When these
homes were sold, D.R. Horton informed
new home purchasers that all land in
front was zoned single story - commercial.
This was done to always keep the
integrity of our neighborhood to the
west, and permit the breathtaking
mountain views.

The other issue is the traffic on
Tarkey Pines has increased ten fold in
the past 11 years we have been residing
here. Eagle Trace residents have no other
entrance - or exit other than Tarkey Pines.
There are always numerous accidents
on both ends of our intersections - Lone
Mountain or Rancho! I think a traffic

study needs to be complete before another driveway is even discussed.

Another concern we have is whether or not there will be ambulances using this driveway at different hours of the day and night.

We endured a year and a half of dust, noise, cement trucks and construction, only to have this all begin again! It is not a pleasant prospect.

This is a residential community.

The planning commission needs to be aware of the fact - our subdivision has been here for 14 years! I think our voices need to be heard!

Sincerely

Donald Taylor

**RE: VAR-39487 - VARIANCE RELATED TO SUP-39488 AND SDR-39485
PLANNING COMMISSION MEETING OF OCTOBER 21, 2010**

Dear Mr. Davis:

Your request for a Variance TO ALLOW 252 PARKING SPACES WHERE 259 ARE REQUIRED on 6.41 acres at 4660 North Rancho Drive (APN 138-02-113-001), C-1 (Limited Commercial) Zone, Ward 6 (Ross), was considered by the Planning Commission on October 21, 2010.

The Planning Commission voted to **APPROVE** your request, subject to the following:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Special Use Permit (SUP-39488) and Site Development Plan Review (SDR-39485) shall be required, if approved.
2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for new construction. An Extension of Time may be filed for consideration by the City of Las Vegas.
3. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.
4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.
5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

RE: Proposed Respiratory Care Facilities, 2 Single story Medical Office Buildings, 2 – Single Story general office buildings, 1 -Single Story Dialysis Clinic Building and (2) - 2 story 60 beds Health Care Building.

JUSTIFICATION LETTER FOR SDR, SUP AND VAR

APN: 138-02-113-001

Previous Case # SDR16503

Dear John:

We respectfully request favorable consideration for the above referenced project, for a Site Development Review, Special Use Permit and Variance.

Site Development Review Justification

The proposed Site plan Development is for (2) 60 Bed 2-story Respiratory Care Facilities with adjacent leased Medical and General Office Suites. The overall facility will employ approximately 136 people. The hours of operation for the Medical and General Office uses will be Monday to Friday, 8:00 AM to 5:00 PM. The Respiratory Care facilities will operate 24 hours a day, 7 days a week.

The proposed operator has similar facilities that can be viewed at www.coppersandsinc.com. There will be a required state license to operate as a Skilled Nursing Facility.

This request is appropriate based on the following finding of the facts:

1. The development is compatible with adjacent development and development in the area.
2. The development is consistent with the General Plan, Title 19 and the Design Standards Manual, the landscape, wall and buffer standards, and other duly adopted city plans, policies and standards.
3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic.
4. Building and landscape materials are appropriate for the area and for the city.
5. Building Elevations, design characteristics and other Architectural and aesthetic features are not unsightly, undesirable or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area.
6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

Use Permit Justification

The proposed Use Permit is to allow for (2) 60 Bed 2-story Respiratory Care Facilities.

This request is appropriate based on the following finding of the facts:

7. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land use as projected by the General Plan.
8. The subject site is physically suitable for type and intensity of land use being proposed.
9. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.
10. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan

Variance Justification

The proposed Parking Variance is to allow 252 parking spaces where 262 spaces are required.

This request is appropriate based on the following finding of the facts:

11. The development is only short 10 parking stalls, which is approx. a 4% overall shortage. The current required parking calculations show a requirement of 262 spaces and we can only provide 252. We feel that this very small overall percentage will not negatively impact the project or adversely affect the community.
12. The benefits to the community by providing the proposed health care development by far outweigh the minor shortage of required parking.
13. The actual number of trips generated by the proposed use is significantly less than the previously approved Business Park, and they average length of stay per trip is much shorter. Because of this the amount of available parking stalls should be greatly increased.
14. Because of the mixed use of Office Leased Space and Respiratory Care Facilities, there will be a significant benefit to parking availability given the fact that the Office Use Demand is primarily during the work week (Mon. thru Friday) and the Respiratory Care Facilities have their peak parking requirements primarily during the weekends. This offsetting of peak parking demands will easily compensate for the very small shortage of 10 parking stalls.

Should you have any questions or require additional information please contact our office.

Sincerely,

Richard c. Gallegos
Principal
