SHEET 3
OF 3 SHEETS

PLANNING & DEVELOPMENT DEPARTMENT

TENTATIVE MAP CHECKLIST

A. TENTATIVE MAP CONTENTS

- ☒ The name of the proposed subdivision. (If applicable, this shall include proper designation as a condominium, townhouse, residential planned development or commercial subdivision.)
- ☒ Names, addresses and phone numbers of owners(s), subdivider and surveyor or engineer.
- ☒ Date, north arrow and scale.
- ☒ A location map giving sufficient legal description to describe tract boundaries and relationships to surrounding areas and existing public streets.
- ☒ Existing topography (obtained by actual survey at one (1) foot contours [based on City datum] on-site and within one hundred fifty (150) feet of the proposed subdivision [except for existing subdivisions within one hundred fifty (150) feet]. The Department of Public Works may require larger contour intervals for large tracts.
- ☒ Existing structures and other physical features. *If none exist, indicate this on the map.*
- ☒ Existing and proposed lot lines and dimensions. Each proposed lot shall be numbered in sequence and each block shall be numbered or lettered. Letters may be used to identify common lots.
- ☒ Existing and proposed street right-of-way widths, grades (with the direction of drainage indicated) and corner radii. *If non exist, indicated this on the map.*
- ☒ Existing and proposed street names. (A separate alphabetical listing must be submitted in addition to the names being shown on the map.)
- ☒ Existing and proposed utility rights-of-way and easement widths. *If none exist, indicate this on the map.*
- ☒ Existing and proposed irrigation or drainage channel rights-of-way and easement widths. *If none exist, indicate this on the map.*
- ☒ Existing and proposed storm drains. *If none exist, indicate this on the map.*
- ☒ Existing and proposed sanitary sewer systems showing direction of flow and grade, and estimated average and peak daily sewage flows to be contributed by proposed subdivision. *If none exist, indicate this on the map.*
- ☒ Existing and proposed potable water mains and a subdivision to be supplied by wells, the location, pressure and capacity of such wells shall be authorized under a State certificate, and the potential population capable of being served by such wells. *If none exist, indicate this on the map.*
- ☒ Proposed reservations or dedications for parks, schools, or other public or quasi-public uses. *If none exist, indicate this on the map.*
- ☒ Existing street names, rights-of-way and pavement widths for streets within one hundred fifty (150) feet of the proposed subdivision. *If none exist, indicate this on the map.*

B. SUPPLEMENTAL INFORMATION

The following supplemental information may be required by the Department of Public Works or the Planning and Development Department. When required, it shall be submitted on separate drawings.

- ☒ A traffic impact analysis, single subdivision access report, or master driveway and on-site circulation plan, prepared in accordance with City standards or as directed by the City Traffic Engineer.
- ☒ Any proposed deviations from City standards.
- ☒ Whenever perimeter block walls are proposed which; 1) face a public street or that adjoin property not in common ownership; 2) are within a single plane, not separated by landscaping; and 3) exceed the maximum height of all heights indicated in Table "A" contained in Chapter 18.08 of LVMC, the applicant shall submit three copies of a plan showing all proposed perimeter grades which indicate such walls. This plan may be superimposed on the tentative map, but must be legible. The plan shall include cross sections of all perimeter walls which exceed the height limitations indicated in Table "A".

PLANNING COMMISSION MEETING OF MARCH 8, 2011**

Dear Mr. Walters:

Your request for a Tentative Map FOR A ONE-LOT COMMERCIAL SUBDIVISION on 14.69 acres at the southeast corner of Charleston Boulevard and Hualapai Way (APN 163-06-111-008), C-1 (Limited Commercial) Zone, Ward 2 (Wolfson), was considered by the Planning Commission on March 8, 2011.

The Planning Commission accepted the applicant's request to **TABLE** this item. Pursuant to Title 19.18.010 G; Any application under this Chapter that requires a public hearing and that is tabled at the request of an applicant shall expire six months after the last announced public hearing date, unless:

1. Within that period of time, the applicant has requested that the item be scheduled again for hearing; or
2. The motion to table the application specified otherwise.

After an application has expired in accordance with this Subsection (G), the applicant must submit a new application.

This action by the Planning Commission on **March 8, 2011** is final unless a written appeal is filed with the City Clerk within seven (7) days of the date of the Planning Commission's decision as allowed by code or there is a review action filed by the City Council within the same time period.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Gebeke", with a long horizontal line extending to the right.

RE: TMP-40556 – Tentative Map – Hualapai Commons

To Whom It May Concern:

Our request for a Tentative Map FOR A ONE-LOT COMMERCIAL SUBDIVISION on 14.69 acres at the southeast corner of Charleston Boulevard and Hualapai Way (APN 163-06-111-008), C-1 (Limited Commercial) Zone, Ward 2 (Wolfson), is scheduled to be heard at the March 8, 2011 Planning Commission meeting.

Due to some items brought to our attention by the city planners, there may be some changes to our request and because we are unsure how long it will take us to have the changes made, we respectfully ask that our request be tabled until further noticed.

Thank you,

Kerry L. Walters, CFO

Re: **TMP-40556** Hualapai Commons SEC Charleston Blvd. & Hualapai Way
Request for a Tentative Map for a commercial subdivision

COMMENTS:

We note that properties addressed between 9755 through 9785 West Charleston Boulevard are discharging into a private sewer that is shared by the property to the east. This is in violation of current building codes. In the future no new connections will be allowed to connect to this line. We also note that the original Parcel Map (File 96, Page 50 of Parcel Maps) did not provide perpetual intersite drainage rights across parcel lines, but the approved drainage study and approved construction drawings assumed storm water draining from the west to the east.

CONDITIONS OF APPROVAL:

1. Sewer service for this commercial subdivision shall be shown in accordance with one of the following three alternatives, and the appropriate Note shall appear on the face of the recorded Final Map:
 - I. Onsite sewers, 8-inches in diameter or larger, are public sewers where located within 20 foot wide dedicated public sewer easements.
 - II. Onsite sewers are a common element privately owned and maintained per the Conditions, Covenants, and Restrictions (CC&Rs) of this commercial subdivision.
 - III. Onsite sewers are a common element privately owned and maintained per the Joint Use Agreement of this commercial subdivision.
2. In accordance with the intent of a Commercial Subdivision, all sites within this subdivision shall have perpetual common access to all driveways connecting this site to the abutting streets and a note to this effect shall appear on the Final Map for this site. No barriers (e.g. curbs, wall, etc.) shall be erected within the boundaries of the overall commercial subdivision map site which would prohibit any vehicle on this site from utilizing any driveway connecting this commercial development site to the abutting public streets.
3. All subdivided parcels comprising this commercial subdivision shall provide perpetual intersite common drainage rights across all existing and future parcel limits and a note to this effect shall appear on the Final Map for this site.
4. Provide a note on the map that guarantees that off-site storm water from Parcel 1 of File 96, Page 50 of Parcel Maps shall be allowed to drain to this Site. Alternatively, A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.
5. Site development to comply with all applicable conditions of approval for Z-17-90 and all other site-related actions.
6. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision-related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations.

January 11, 2011

Department of Community Planning & Development
City of Las Vegas
731 S. Fourth Street
Las Vegas, NV 89101

SUBJECT: TM-40556 – HUALAPAI COMMONS (1 LOTS/UNITS)

Gentlemen:

We have completed a review of the above map as submitted and conditionally approve it subject to the following:

1. When there is more than one onsite service connection, the water lines shall be installed in accordance with the UDACS. This includes water/sewer parallel separations and crossings.
2. **The following is part of the Improvement Plan review at the Southern Nevada Health District as previously e-mailed to the Engineering firms on 9/9/05. Please inform Engineering and Design staff.**

For Subdivisions having an onsite Fire Protection Water Loop connected to the offsite or onsite potable water main by means of a Backflow Prevention Device or pump and separate from the onsite Domestic/Potable Water supply lines (i.e. Commercial Subdivisions):

- a. Submit any provisions to periodically circulate and/or flush potable water through the Fire Protection Water lines or else:
 - b. **The Fire Protection Water is considered non-potable** and therefore:
 - i. The Fire Protection Water lines will adhere to the UDACS separation requirements of subsections 2.23.01, 2.22, and 2.04 as non-potable water lines (i.e. 6' minimum horizontal separation and 6" minimum vertical separation from potable water lines).
 - ii. Separation of the Fire Water lines from the storm and sanitary sewer lines (i.e. 5' - 6' minimum horizontal separation) should be maintained in order to protect the offsite potable water after the Backflow Prevention Device.
3. Add a note on all Utility Plans displaying a "Fire" Water line that is worded **exactly** as follows:

FIRE WATER AT DOMESTIC WATER CROSSINGS

All Non-Potable Fire Water Lines crossing Potable Domestic Water Lines are to be installed with "a vertical separation of no less than six inches..." and in accordance with UDACS 2.23.01, 2.04.05, 2.22.02.B1, and 2.22.02.B2."

4. If there is a potential for a pretreatment device such as a Grease Interceptor, Sand-Oil Separator or similar to be installed, the building sewer inverts should be located at an elevation that allows for gravity flow of wastewater from the building drains through the pretreatment device and to the building sewer.
5. Provide the seasonal high groundwater depth below grade or provide a statement that seasonal high groundwater is greater than 20 feet below the ground surface.

DEPARTMENT OF COMMUNITY PLANNING & DEVELOPMENT
CITY OF LAS VEGAS
JANUARY 11, 2011
PAGE 2

The following items must also be submitted for review and approval before the Final Map Mylar will be signed:

1. A copy of the Final Map which must contain the P.L.S. stamp, signature and date (wet stamp not required).
2. Improvement plans which must contain the P.E. stamp, signature and date (wet stamp not required). Include "Finished Floor" elevations and "Sanitary Sewer Manhole" rim elevations on all UTILITY PLANS to expedite review of the required sewer "BACK WATER VALVES" on your improvement plans. **The applicable Plan Review Fee must accompany the Improvement Plan submittal.**
3. A letter from the appropriate sewer agency stating that service from the existing system of community sewerage will be extended to the subdivision and the community facility for treatment will not be caused to exceed its capacity and the discharge permit requirements by this added service or that the facility will be expanded to provide for the added service.
4. A letter from the appropriate water utility stating that it will supply water for domestic and fire protection purposes, that the system has the necessary facilities to treat water to meet the standards of the Water Supply Regulations Part I, and that the capacity is available to meet the demands upon the system.
5. Written verification from the Division of Environmental Protection of the State Department of Conservation and Natural Resources that the **Final Map** or plan has been approved with regard to water pollution and sewage disposal in accordance with the Nevada Water Pollution Control Law.

If you have any questions, please do not hesitate to contact this office at (702) 759-0661.

RE: JUSTIFICATION LETTER
Tentative Map Hualapai Commons (One Lot Commercial Subdivision)
Assessors Parcel Number -163-06-111-008

This letter is to point out the justification for this One Lot Commercial Subdivision for the existing Hualapai Commons LTD LLC a Commercial Development located at the South West corner of Charleston Blvd and Hualapai Way, and was constructed from City Approved Plans in 2001. No modification of the original plan has been construction within the original development. The filing of this Tentative Map is the initial planning to prepare a One Lot Commercial Subdivision on the Parcel 2 of the Parcel Map recorded in File 96 Page 50 of Parcel Maps. The approval of and Recording of a One Lot Commercial Subdivision will allow for the future parceling of a building area for the purpose of separating the ownership and/or creating a separate Tax Parcel. These possible parcels will not include existing building structure but will be from inside surface to inside surface of a existing unit.

This Tentative Map is identical to the Map approved by the City Council in 2007 and the following Commercial Subdivision Map was also approved by the City Council in the fall of 2007, however, was not recorded because of the lien holder could not obtain information from the Title Company which they thought was important. The Lien Holder has now been satisfied to those conditions and agrees to proceed with the Commercial Subdivision Mapping.

The recording of a Commercial Subdivision and the parceling of any separate use area will not allow the modification of any structure within the present overall appearance as the present owner of the Hualapai Commons development will control the Architect Appearance of the development since they will own and control the existing structure.

Sincerely

Larry A. Miller, CEO
Peccole Nevada Corporation
