Todd-

Just wanted to touch bases with you regarding the original applications for the shipping container site. They were held from the June PC meeting and are scheduled to be heard next week on 07/10. Are you planning to request a withdrawal (without prejudice) of the items, now that apps are in for the site across the street? If so, we will need a letter (or email) to that effect. The case numbers are SUP-45254 and SDR-45253.

Re: SDR-45253 Shipping Containers, LLC 707 Fremont St.
Request for a Site Development Plan Review for a proposed commercial development with plaza

COMMENTS:

We note that this action may require some type of mapping. We recommend that the Planning Department impose the condition that "The applicant shall coordinate with the City Surveyor and other city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits."

We also note that this site does not have any on-site accommodation for vehicular parking. Staff is recommending that a traffic study be performed to determine the impacts of this development on traffic in the area.

CONDITIONS OF APPROVAL:

1. Dedicate a 10 foot radius on the southwest corner of Fremont Street and 7th Street prior to the issuance of any permits.
2. In accordance with code requirements of Title 13.56, remove and replace all substandard sidewalk, if any, adjacent to this site and replace with new sidewalk meeting Current City Standards concurrent with development of this site. Downtown Centennial Standards are not required at this time. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.
3. Proposed water features shall be designed to prevent storm water from entering the sanitary sewer collection system.
4. Prior to the approval of Construction drawings for this site, sign a Covenant Running with Land agreement for the possible future undergrounding of all existing overhead utility lines adjacent to this site not placed underground per requirements of the Downtown Centennial Plan. The Covenant agreement must be recorded with the County Recorder and a copy of the recorded document must be provided to the City prior to the issuance of building permits for this site.
5. A Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, or the submittal of any construction drawings. Comply with the recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The Traffic Impact Analysis shall also include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements for bus turnouts adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights-of-way required by Standard Drawing #201.1 for exclusive right turn lanes and dual left turn lanes shall be dedicated prior to or concurrent with the commencement of on-site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. If additional rights-of-way are not required and Traffic Control devices are or may be proposed at this site outside of the public right-of-way, all necessary easements for the location and/or access of such devices shall be granted prior to the issuance of permits for this site. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.
6. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

Re: SDR Application re APN's 139-34-611-020 & 021 & 022

Dear Mr. Fagg:

Please accept this as our official justification letter for the SDR encompassing the proposed shipping container retail plaza located at the corner of 7th Street & Fremont. The Applications are FOR A SDR FOR A PROPOSED GENERAL RETAIL PLAZA LOCATION AND A WAIVER OF THE STREETScape, SITE PLANNING AND ARCHITECTURAL DESIGN STANDARDS on 0.88 acres at 645 Fremont Blvd and 118 & 102 North 7th Street, Las Vegas, NV zoned C-2 (General Commercial).

We are extremely excited about this project and believe it will be a one of a kind iconic development that will further enhance the revitalization of Downtown by making it a destination that attracts tourists and locals and assists in the success of the many other ongoing projects. It will also create more energy, help enhance the attractiveness of the Downtown Renaissance and be an integral part of Downtown Las Vegas by further highlighting the beautification and revitalization of Downtown.

As part of this justification letter, we would like to formally request waivers to the Downtown Centennial Plan (DCP) Streetscape, Site Planning and Architectural Design Standards. Our request is based on the fact that we are seeking only a temporary 3 year entitlement. However, please note that the overall development, in its entirety, provides the pedestrian environment required and keeps the spirit of the DCP. We believe our waivers and the proposed development are 'in-line' with the vision of the Centennial Plan and will further help change the face of Downtown.

If you have any questions and/or concerns, please do not hesitate to contact me.

Sincerely,

Todd Kessler

Parking Plan Statement

While there is no onsite parking provided, we have begun discussions with the numerous parking garages Downtown including the El Cortez, Neonopolis, Lady Luck and the FSE garage in order to provide employee parking and customer parking incentives. Additionally, we are working with other businesses nearby that have excess parking. The marketing material and website for the development will clearly indicate that no parking is provided but will also clearly identify adjacent parking structures that offer incentives for parking for the development as well as other tips for parking Downtown.

Dear Administrator:

Please accept this letter as written confirmation that Michael J. Nolan AKA Mike Nolan, is hereby authorized to sign the Planning Department application and other related planning documents relating to parcel APN 139-34-611-020, and on behalf of IKE Gaming, Inc. aka Exber, Inc. This authority is granted in connection with the shipping container retail development that is being proposed by applicant, Shipping Containers, LLC. Final Corporate authority for this development is dependent upon the successful negotiation of a ground lease. At that time, consent minutes will be drafted to complete the transaction.

Please feel free to call Joe Woody at 702-355-1772 should you have any questions relating to this authority.
