To Whom It May Concern:

On September 24, 2011, the UnitedHealthcare Childrens Foundation would like to hold a 5k run and 1 mile walk, with all proceeds raised from the run and walk to be directly given to the foundation to support worthwhile charity causes. 90% of the walk and run will be held on the property located at 2700 N. Tenaya, which is the headquarters of the Nevada division of UnitedHealthcare. The remaining portion of the run will briefly utilize Box Canyon Dr. and Cathedral Rock Dr. We have worked with Highway Technologies for a Traffic plan on this very low utilized road, especially on a Saturday morning. We have contacted the only business that could have business interruptions on that morning, Petroglyph, and they response was, thank you for letting us know, but it will cause no issues on a Saturday morning.

We will utilize the parking facilities at UnitedHealthcare, which will give us ample parking for all participants and spectators.

Our subject site is physically suitable for the type and intensity of our event. We do not expect more than 300 participants, which can be easily handled by our facility, which regularly has over 1,000 employees come to work on a normal work day. There will be adequate public access to the site, as Tenaya provides the easiest access into the site, and traffic on Tenaya will be in no way altered for the event. This application is in no way a continuation of consecutive applications or otherwise an attempt to circumvent the limitations of Title 19.

Thank you so much for consideration of our event.
