AGENDA DOCUMENTATION

Date December 6, 1989

TO: REDEVELOPMENT AGENCY

FROM: ASHLEY HALL
EXECUTIVE DIRECTOR

SUBJECT: DISCUSSION AND POSSIBLE ACTION ADOPTING THE RESOLUTION OF THE CITY OF LAS VEGAS DOWNTOWN REDEVELOPMENT AGENCY DECLARING THE PUBLIC NECESSITY FOR THE TAKING FOR CERTAIN PROPERTY FOR PURPOSES OF THE MINAMI DEVELOPMENT PROJECT.

PURPOSE / BACKGROUND

As part of the Owner Participation Agreement entered into between the Agency and Minami Development, Incorporated, the Agency has agreed to acquire certain parcels of land and leasehold interest which are a part of the project site. The Agency will enter into negotiations with the property owners and the holder of the leasehold interest in an effort to acquire such property under mutually agreeable terms. In the event that the property owners and/or the leaseholder do not accept the Agency's offer of just compensation, the Agency requests authorization pursuant to the attached Resolution to commence condemnation proceedings to acquire all rights, title and interest in the real properties, and all the lessee's interest in the leasehold, identified more fully in said Resolution.

As a condition to adopting the Resolution, the Agency must find (i) that the redevelopment project set forth in the Owner Participation Agreement is planned and located in the manner that will be most compatible with the greatest public good and least private injury, (ii) that the acquisition of the real properties and leasehold interest is for a public purpose and (iii) that the owner(s) and/or tenant(s) have been offered just compensation for the acquisition of their property. With respect to subparagraph (iii), the Developer has after all of the property owner(s) and/or tenant an amount equal to or greater than the appraised value of the property.

FISCAL IMPACT

Execution of the Resolution has no fiscal impact on the Agency.

RECOMMENDATIONS

It is the recommendation of the Executive Director that the Agency adopt this Resolution declaring the Public Necessity for the acquisition of the property described therein.
