Subject to the terms and conditions, and in reliance upon the representations, warranties and agreements hereinafter set forth, the Agency hereby agrees to sell to the Underwriter, all (but not less than all) \$ _____ aggregate principal amount of the Agency's Tax Increment Revenue Bonds, Series 2008A ("the Bonds"). The 2008A Bonds and the 2008C Bonds will be subject to redemption prior to their respective maturities at the option of the Agency as described in "THE 2008 BONDS--Redemption Provisions." Authority for Issuance

The Bonds are authorized to be issued pursuant to the Act, a resolution (the "Bond Resolution") to be adopted by the City of Las Vegas Redevelopment Agency Board (the "Board") on September 17, 2008, and the respective 2008 Indentures.

Purpose

The proceeds of the 2008AB Bonds will be used to: (i) pay a portion of the costs for redevelopment improvements in the Redevelopment Area (the "Redevelopment Project"); (ii) fund reserve fund for the 2008AB Bonds; and (iii) pay the costs of issuing the 2008AB Bonds. See "SOURCES AND USES OF FUNDS."

The proceeds of the 2008C Bonds will be used to (i) pay a portion of the costs of low-income housing projects in the City (the "Housing Project"); (ii) fund a reserve fund for the 2008C Bonds; and (iii) pay the costs of issuing the 2008C Bonds. See "SOURCES AND USES OF FUNDS."

Security

General. The 2008 Bonds do not constitute a general obligation of the Agency. Owners of the 2008 Bonds may not look to any other funds or accounts other than those specifically pledged by the Agency to the payment of the respective series of the 2008 Bonds. *The Agency has no taxing power.*

The 2008AB Bonds. *General.* The 2008AB Bonds constitute special, limited obligations of the Agency, equally and ratably secured by an irrevocable pledge of and a lien on, and payable as to principal, premium, if any, and interest solely from the 2008AB Trust Estate (defined below) described in the 2008AB Indenture.

The 2008AB Trust Estate. The 2008AB Trust Estate is comprised of: (i) 82% of the Total Tax Increment, as defined and more fully described below (the "2008AB Pledged Property Tax Revenues"); (ii) the 2008AB Debt Service Fund and the 2008AB Reserve Fund, each of which is a trust fund established pursuant to the 2008AB Indenture (collectively, the "2008AB Trust Funds"); (iv) certain investment income; and (v) the Cooperation Agreement dated December 4, 1985, between the City and the Agency, as supplemented and amended from time to time (the "Cooperation Agreement"). See "SECURITY FOR THE BONDS--The 2008AB Bonds" and Appendix B - Summary of Certain Provisions of the 2008 Indentures. The 2008AB Pledged Property Tax Revenues and the investment income from the investment of the Trust Funds are referred to collectively as the "2008AB Pledged Revenues."

Lien Priority. The 2008AB Pledged Property Tax Revenues are defined as "that portion of ad valorem property taxes which would be produced by the rate upon which the tax is

levied each year by or for each of the taxing agencies within or overlapping the Redevelopment Area upon that portion of the assessed value of all taxable property within the Redevelopment Area which is in excess of the Property Tax Base Amount (defined below), all as calculated pursuant to NRS 279.676 (the "Total Tax Increment"); provided, however, that such amount shall be reduced (i) by any lawful collection fee charged by the County, and (ii) by an amount equal to 18% percent of the total revenue paid to the Agency in any Fiscal Year which shall be set aside and used by the Agency to increase, improve, and preserve the number of dwelling units in the City for low-income households as provided in NRS 279.685 (the "Housing Set-Aside"). Accordingly, the 2008AB Pledged Property Tax Revenues currently are comprised of 82% of the Total Tax Increment.

The lien of the 2008AB Bonds on the 2008AB Pledged Property Tax Increment is on a parity with the lien thereon of the Agency's Tax Increment Subordinate Lien Revenue Refunding Bonds (Fremont Street Experience Project), Series 2003 (the "2003A Bonds"), currently outstanding in the aggregate principal amount of \$18,300,000. The 2003A Bonds and the 2008AB Bonds are referred to collectively as the "Parity Bonds." See "SECURITY FOR THE BONDS--The 2008AB Bonds" and Appendix B - Summary of Certain Provisions of the 2008 Indentures. Also see "AGENCY DEBT STRUCTURE--Other Agency Obligations - Other OPAs--Buy-Low Market" for a description of an agreement requiring the Agency to provide specified grant funds to a developer.

"Property Tax Base Amount" is the amount as certified by the County Assessor on the assessment roll as (a) the assessed value of all taxable property within the Redevelopment Area last equalized prior to the adoption of the Redevelopment Plan, or (b) with respect to any property added to the Redevelopment Area subsequent to the original adoption of the Redevelopment Plan, the assessed value of all taxable property so added to the Redevelopment Area last equalized prior to the adoption of the amendment to the Redevelopment Plan which added such property to the Redevelopment Area. The Property Tax Base Amount also may be adjusted downward if any real property within the Redevelopment Area is acquired by the State or for Native American reservation uses. The Agency's Property Tax Base Amount has been amended several times to account for the inclusion of additional property within the Redevelopment Area and was adjusted downward in fiscal year 2008 to account for property acquired by the State or a Native American reservation. The current Property Tax Base Amount is \$578,571,790.

The Agency previously had outstanding its Tax Increment Refunding Parity Lien Revenue Bonds, Series 1995A (the "1995A Bonds") and Subordinate Lien Refunding Revenue Bonds, Series 1995B (the "1995B Bonds"). The Agency has escrowed funds to retire the 1995A Bonds and the 1995B Bonds; they have been called for redemption and will be redeemed on September 15, 2008. For purposes of this Official Statement, the 1995A Bonds and the 1995B Bonds are considered to be no longer outstanding. While outstanding, the 1995A Bonds had a superior lien on the 2008AB Pledged Property Tax Revenues (as well as a superior lien on the 2008C Pledged Revenues (described below) and certain other Agency revenues that are not available to pay debt service on the 2008AB Bonds) and the 1995B Bonds had a parity lien on those revenues.

Additional Bonds. Pursuant to the 2008AB Indenture, and subject to the satisfaction of certain conditions, the Agency may issue additional bonds secured by a pledge of and lien upon the 2008AB Pledged Revenues on a parity with the lien thereon of the 2008AB

Bonds ("Additional Parity Bonds"). The Agency may not issue any additional bonds with a lien on the 2008AB Pledged Revenues that is superior to the lien of the 2008AB Bonds. See "THE SECURITY FOR THE BONDS--Additional Obligations - Additional Parity Bonds."

The 2008C Bonds. *General.* The 2008C Bonds constitute special, limited obligations of the Agency, equally and ratably secured by an irrevocable pledge of and a lien on, and payable as to principal, premium, if any, and interest solely from the 2008C Trust Estate (defined below) described in the 2008CA Indenture.

The 2008C Trust Estate. The 2008C Trust Estate is comprised of: (i) 18% of the Total Tax Increment (the "2008C Pledged Revenues"); (ii) the 2008C Debt Service Fund and the 2008C Reserve Fund, each of which is a trust fund established pursuant to the 2008C Indenture (collectively, the "2008C Trust Funds"); (iii) certain investment income; and (iv) the Cooperation Agreement. See "SECURITY FOR THE BONDS--The 2008C Bonds" and Appendix B - Summary of Certain Provisions of the 2008 Indentures." The 2008C Pledged Property Tax Revenues and the investment income from the investment of the Trust Funds are referred to collectively as the "2008C Pledged Revenues."

Lien Priority. The 2008C Pledged Property Tax Revenues are comprised of the Housing Set-Aside revenues (i.e., 18% of the Total Tax Increment). The lien of the 2008C Bonds on the Housing Set-Aside is on a parity with the lien thereon of the Agency's Tax Increment Subordinate Lien Revenue Refunding Bonds (Housing Project), Series 2003B (the "2003B Bonds"), currently outstanding in the aggregate principal amount of \$1,445,000. The 2003B Bonds and the 2008C Bonds are referred to collectively as the "Housing Bonds."

Additional Bonds. Pursuant to the 2008C Indenture, and subject to the satisfaction of certain conditions, the Agency may issue additional bonds secured by a pledge of and lien upon the 2008C Pledged Revenues on a parity with the lien thereon of the 2008C Bonds ("Additional Housing Bonds"). The Agency may not issue any additional bonds with a lien on the 2008C Pledged Revenues that is superior to the lien of the 2008C Bonds. See "THE SECURITY FOR THE BONDS--Additional Obligations - Additional Housing Bonds."

Reserve Funds. The 2008AB Bonds also are secured by a reserve fund (the "2008AB Reserve Fund" established by the 2008AB Indenture. The 2008C Bonds also are secured by reserve fund (the "2008C Reserve Fund") established by the 2008C Indenture. See "SECURITY FOR THE BONDS--Reserve Funds." *The 2008AB Reserve Fund does not secure the 2008C Bonds and the 2008C Reserve Fund does not secure the 2008AB Bonds.*

In the opinion of Swendseid & Stern, a member in Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the 2008A Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2008A Bonds (the "Tax Code"), and interest on the 2008A Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the "adjusted current earnings" adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations. See "TAX MATTERS--State Tax Exemption."

Continuing Disclosure

The Agency will execute a continuing disclosure certificate (the "Disclosure Certificate") at the time of the delivery of the 2008 Bonds. The Disclosure Certificate will be executed for the benefit of the beneficial owners of the 2008 Bonds and the Agency will covenant in each 2008 Indenture to comply with its terms. The Disclosure Certificate will provide that so long as the 2008 Bonds remain outstanding, the Agency will annually provide certain financial information and operating data to each nationally recognized municipal securities information repository ("NRMSIR") or other entity approved in accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"), and will provide notice of certain material events to one of the entities approved by the SEC in accordance with the Rule, in compliance with the Disclosure Certificate. Fiscal Consultant's Report

The Fiscal Consultant's Report dated July 14, 2008, attached to this Official Statement as Appendix G, has been prepared by Keyser Marston Associates ("KMA"), Los Angeles, California. *Investors should review the entire contents of Appendix G in order to obtain an understanding of the scope and conclusions of the Fiscal Consultant's Report. Special attention should be paid to the sections of the report detailing the limitations of the report and to the assumptions used in formulating the projections contained therein.* The Fiscal Consultant's Report is based upon estimates, assumptions and other information, the sources of which are stated therein. Inevitably, some of these assumptions may not materialize and unanticipated

events and circumstances will occur. Therefore, actual results are likely to vary from those projected in the Fiscal Consultant's Report and such variations could be material. Consequently, the projections set forth in the Fiscal Consultant's Report should not be regarded as a representation that the forecasted results will be achieved. To the extent that the forecasts prove to be inaccurate, the 2008AB Pledged Property Tax Revenues and the 2008C Pledged Property Tax Revenues may not be sufficient to pay the principal and interest on the respective series of 2008 Bonds when due. Also see "Forward-Looking Statements" below.

Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. The estimated costs discussed below are Agency estimates only; the final costs of any component of the projects will not be determined until contracts are let.

The following list of projects could comprise the Redevelopment Project, as finally determined by the Board:

(1) Construction of public infrastructure (utilities, roads, curb and gutter improvements) for Phases 2 and 3 of the Union Park project at an estimated cost of \$56.8 million; the Union Park project is discussed in more detail in "THE REDEVELOPMENT AREA--Projects in the Redevelopment Area - Future Projects--Union Park."

(2) Improvements to Stewart Avenue at an estimated cost of \$10.0 million;

The Housing Project

The City provides affordable housing assistance within the City. The Agency expects to provide the proceeds of the 2008C Bonds to the City to fund affordable housing projects as approved and prioritized by the City Council. The City Council may determine to change programs or projects to be funded with 2008C Bond proceeds as circumstances warrant. Various affordable housing projects may include, but are not limited to: (i) construction of new multi-family housing developments serving low income seniors, families or persons with special needs; (ii) the purchase of infill lots for future transfer to non-profit housing developers through Request for Proposals process for the development of multi-family or single family affordable housing; (iii) the acquisition of foreclosed homes for affordable housing; (iv) homebuyer assistance programs; (v) lease-to-own programs; and (vi) modified tenant-based rental assistance programs.

When executed and delivered, the Bonds and the Agency Documents will constitute the legally valid and binding obligations of the Agency enforceable in accordance with their respective terms, except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or affecting creditors' rights generally. The Agency has complied, and will at the Closing be in compliance in all respects, with the terms of the Agency Documents.

(c) Official Statement Accurate and Complete The Preliminary Official Statement was as of its date, and the Official Statement is, and at all times subsequent to the date of the Official Statement up to and including the Closing will be, true and correct in all material respects, and the Official Statement does not contain, and up to and including the Closing will not contain, any

2008C Bonds - Mandatory Sinking Fund Redemption.* The 2008C Bonds maturing on June 15, ____, and on June 15, ____, are subject to mandatory sinking fund redemption, in part, by lot in such manner as the Trustee shall determine (giving proportionate weight to 2008C Bonds in denominations larger than \$5,000), at a redemption price equal to the principal amount of each 2008C Bond or portion thereof so redeemed plus accrued interest thereon to the redemption date.

The 2008C Bond maturing on June 15, ____, will be subject to mandatory sinking fund redemption on June 15 of each of the years and in the principal amounts set forth below:

Redemption Date (June 15)	Principal Amount
------------------------------	---------------------

The remaining \$_____* principal amount of 2008C Bonds maturing on June 15, ____, shall be paid upon presentation and surrender at or after their maturity (unless otherwise sooner redeemed pursuant to the optional redemption provisions described above).

The 2008C Bond maturing on June 15, ____, will be subject to mandatory sinking fund redemption on June 15 of each of the years and in the principal amounts set forth below:

Redemption Date (June 15)	Principal Amount
------------------------------	---------------------

The remaining \$_____* principal amount of 2008C Bonds maturing on June 15, ____, shall be paid upon presentation and surrender at or after their maturity (unless otherwise sooner redeemed pursuant to the optional redemption provisions described above).

The amount of any 2008C Bonds which are redeemed at the option of the Agency as described above prior to the mandatory sinking fund redemption dates set forth above shall be credited against such mandatory sinking fund obligations in such order as the Agency directs to the Trustee.

Notice of Redemption. Notice of the call for any prior redemption, identifying the 2008 Bonds or portions thereof to be redeemed, shall be given by the Trustee by first class mail (or, only if and to the extent so directed in writing by the Agency, by registered or certified mail), at least thirty (30) days and not more than sixty (60) days prior to the date fixed for redemption, to the Registered Owner of each 2008 Bond to be redeemed, in whole or in part, at the address shown on the registration records; provided, however, that failure to give such notice by mailing, or any defect therein, shall not affect the validity of the proceedings for the redemption of any 2008 Bond. Any notice mailed as described above shall be conclusively

presumed to have been duly given, whether or not the Registered Owner actually receives the notice.

Notwithstanding the foregoing, any notice of optional redemption may contain a statement that the redemption is conditioned upon the receipt by the Trustee of funds on or before the date fixed for redemption sufficient to pay the redemption price of the 2008 Bonds so called for redemption, and that if such funds are not available, such redemption shall be cancelled by written notice to the Registered Owners of the 2008 Bonds called for redemption in the same manner as the original redemption notice was mailed.

Redemption Payments. Prior to the date fixed for redemption, funds shall be deposited with the Trustee in the applicable Debt Service Fund to pay, and the Trustee is authorized and directed to apply such funds to the payment of, the applicable 2008 Bonds or portions thereof called, together with accrued interest thereon to the redemption date and any required premium. The principal amount so redeemed will be payable at the principal corporate trust office of the Trustee or at such other office as may be designated by the Trustee, upon presentation and surrender to the Trustee of the 2008 Bonds so redeemed. Accrued interest to the redemption date will be paid by check or draft mailed by the Trustee to the Registered Owners thereof, as determined by the Trustee and stated in the notice of the call for redemption (or by alternative means if so agreed to by the Registered Owner of any such 2008 Bond and the Trustee). Upon the giving of notice as described above and the deposit of funds for redemption, interest on the 2008 Bonds or portions thereof thus called shall no longer accrue after the date fixed for redemption.

Tax Covenants

In the 2008AB Indenture, the Agency covenants for the benefit of the Registered Owners of the 2008A Bonds that it will not take any action or omit to take any action with respect to the 2008A Bonds, the proceeds thereof, any other funds of the Agency or the Agency Improvements if such action or omission (i) would cause the interest on the 2008A Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the 2008A Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Tax Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the 2008A Bonds until the date on which all obligations of the Agency in fulfilling the above covenant under the Tax Code and the law of the State have been met.

In addition, the Agency covenants in the 2008AB Indenture that its direction of investments pursuant to the 2008AB Indenture shall be in compliance with the procedures established by the Federal Tax Exemption Certificate (defined in Appendix B) to the extent required to comply with its covenants described above and, to the extent required to comply with such covenants, the investment earnings on any moneys held by the Trustee or the Agency under the 2008AB Indenture, or other Pledged Revenues, or other legally available moneys of the Agency, shall be deposited from time to time in the Rebate Fund for timely payment of all amounts due and owing to the United States Treasury. The Agency shall provide to the Trustee at least annually from the date of delivery of the 2008A Bonds a certificate of the Agency

Representative to the effect that (i) all requirements of the 2008AB Indenture with respect to the Rebate Fund have been met on a continuing basis, (ii) the proper amounts have been and are on deposit in the applicable Rebate Fund, and (iii) timely payment of all amounts due and owing to the United States Treasury have been made. If the certifications required by either (ii) or (iii) above cannot be made, the certificate shall so state and shall be accompanied either by Pledged Revenues or other legally available moneys of the Agency, together with a direction to the Trustee to either deposit such moneys to the applicable Rebate Fund or to pay such moneys over to the United States Treasury, as appropriate, or by directions to the Trustee to transfer investment income available in any fund held by the Trustee under the 2008AB Indenture to the Rebate Fund or to the United States Treasury, as appropriate.

Book-Entry-Only System

Each series of the 2008 Bonds will be available only in book-entry form in the principal amount of \$5,000 or any integral multiple thereof. DTC will act as the initial securities depository for the 2008 Bonds. The ownership of one fully registered 2008 Bond for each maturity in each series, as set forth on the inside cover page of this Official Statement, in the aggregate principal amount of each such series and maturity coming due thereon, will be registered in the name of Cede & Co., as nominee for DTC. See Appendix E - Book-Entry-Only System.

SO LONG AS CEDE & CO, AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE 2008 BONDS, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

Neither the Agency nor the Trustee will have any responsibility or obligation to DTC's Direct Participants or Indirect Participants (defined herein), or the persons for whom they act as nominees, with respect to the payments to or the providing of notice for the Direct Participants, the Indirect Participants or the beneficial owners of the 2008 Bonds as further described in Appendix E to this Official Statement.

SECURITY FOR THE BONDS

The purchase of the 2008 Bonds involves certain investment risks that are discussed throughout this Official Statement, particularly in the section entitled "CERTAIN RISK FACTORS." Accordingly, each prospective purchaser of the 2008 Bonds should make an independent evaluation of all of the information presented in this Official Statement in order to make an informed investment decision.

Security Generally

General. *The 2008 Bonds constitute special, limited obligations of the Agency. The 2008AB Bonds are payable solely from the 2008AB Pledged Revenues and the 2008C Bonds are payable solely from the 2008C Pledged Revenues. Subject to the terms of the respective 2008 Indentures, each series of 2008 Bonds also is payable from any other amounts held in the funds and accounts established by such 2008 Indentures and specifically pledged to the applicable series of 2008 Bonds. Owners of the 2008 Bonds may not look to any other funds or accounts other than those specifically pledged by the Agency to the payment of the specific series of 2008 Bonds pursuant to the applicable 2008 Indenture.*

The 2008 Bonds do not constitute a general obligation or a debt or indebtedness of the Agency within the meaning of any constitutional or statutory provision or limitation and are not a general obligation of the Agency. The Agency has no taxing power. The 2008 Bonds are not payable from any funds or properties other than those specifically pledged by the Agency pursuant to the applicable 2008 Indenture. The 2008 Bonds are not an obligation of the City and the City is not liable for their payment.

The 2008AB Bonds. Under the 2008AB Indenture, the Agency has pledged the 2008AB Trust Estate as security for the 2008AB Bonds. The 2008AB Trust Estate includes the 2008AB Pledged Property Tax Revenues, the 2008AB Trust Funds, certain investment income and the Cooperation Agreement. The 2008AB Bonds have a lien on the 2008AB Pledged Revenues which is on a parity with the lien thereon of the 2003A Bonds.

The 2008C Bonds. Under the 2008C Indenture, the Agency has pledged the 2008C Trust Estate as security for the 2008B Bonds. The 2008C Trust Estate includes the 2008C Pledged Property Tax Revenues, the 2008C Trust Funds, certain investment income and the Cooperation Agreement. The 2008C Bonds have a lien on the 2008C Pledged Revenues that is on a parity with the lien thereon of the 2003B Bonds.

Schedules of Historical Pledged Revenues and Debt Service Coverage*

2008AB Pledged Property Tax Revenues. The following table depicts a five-year history of 2008AB Pledged Property Tax Revenues (calculated as described below), the actual debt service paid on outstanding Agency bonds in the time period indicated, and the debt service coverage in each year (calculated by dividing the amount of 2008AB Pledged Property Tax Revenues in each year by the actual debt service paid in each year). The 2008AB Pledged Property Tax Revenues for fiscal year 2008 amounts shown in the following table are unaudited; those amounts have been provided by the Agency and the Agency believes them to be reliable. However, the 2008 estimated financial results remain subject to change and adjustment during

the audit process. *There is no assurance that the 2008AB Pledged Property Tax Revenues will continue to be realized in the amounts illustrated below or that 2008AB Pledged Property Tax Revenues will grow on a year-to-year basis in the future.* The 2008AB Pledged Revenues also include investment income on the 2008AB Trust Funds; investment income on the trust funds established in the indenture related to the 2003A Bonds also constitute pledged revenues for the 2003A Bonds. However, investment income revenues have been excluded from the following table.

The 2008AB Pledged Property Tax Revenues have been calculated by subtracting the 18% Housing Set-Aside from the Total Tax Increment revenues generated in the Redevelopment Area in each year.

While outstanding, the 1995A Bonds had a superior lien on the 2008AB Pledged Property Tax Revenues (as well as a superior lien on the 2008C Pledged Revenues and certain other Agency revenues that are not available to pay debt service on the 2008AB Bonds).

For fiscal year 2009, the Agency has budgeted to receive Total Tax Increment Revenues of \$24,651,251. That would result in 2008AB Pledged Property Tax Revenues of \$20,214,026 (after subtracting the Housing Set-Aside). Based upon the estimated combined Maximum Annual Debt Service payable on the 2008AB Bonds and the 2003A Bonds (\$14,038,219* in fiscal year 2025*; see "DEBT SERVICE REQUIREMENTS--2008AB Bonds and 2003A Bonds"), debt service coverage using the budgeted 2009 information would be 1.44x.

For fiscal year 2009, the Agency has budgeted to receive Total Tax Increment Revenues of \$24,651,251. Using that budgeted figure, the 2008C Pledged Property Tax Revenues (i.e., the Housing Set-Aside) would be \$4,437,225. Based upon the combined Maximum Annual Debt Service payable on the 2008C Bonds and the 2003B Bonds (\$3,081,418* in fiscal year 2011*; see "DEBT SERVICE REQUIREMENTS--2008C Bonds and 2003B Bonds"), debt service coverage using the budgeted 2009 information would be 1.44x.

Reserve Funds

The 2008AB Reserve Fund. The 2008AB Indenture creates the 2008AB Reserve Fund as a continuing reserve for the payment of debt service on the 2008AB Bonds. The 2008AB Reserve Fund is required to be funded and maintained in an amount equal to the "2008AB Reserve Fund Requirement," which means an amount (calculated separately for the 2008AB Bonds and each series of Additional Parity Bonds) equal to the lesser of: (i) 10% of the spendable proceeds; (ii) the Average Annual Principal and Interest Requirements; or (iii) the

* Subject to change

Maximum Annual Debt Service. Upon issuance of the 2008AB Bonds, the 2008AB Reserve Fund Requirement will be \$ _____.* All of that amount is expected to be funded with 2008AB Bond proceeds.

The 2008AB Reserve Fund Requirement will be recalculated after the payment of principal of the 2008AB Bonds or any redemption of 2008AB Bonds. The Agency may, at any time, substitute a Reserve Fund Insurance Policy for cash or investments on deposit in the 2008AB Reserve Fund, so long as the requirements of the 2008AB Indenture are met. For a further description of the 2008AB Reserve Fund, see Appendix B - Summary of Certain Provisions of the 2008 Indentures.

The 2008C Reserve Fund. The 2008C Indenture creates the 2008C Reserve Fund as a continuing reserve for the payment of debt service on the 2008C Bonds. The 2008C Reserve Fund is required to be funded and maintained in an amount equal to the "2008C Reserve Fund Requirement," which means an amount (calculated separately for the 2008C Bonds and each series of Additional Parity Bonds) equal to the lesser of: (i) 10% of the spendable proceeds; (ii) the Average Annual Principal and Interest Requirements; or (iii) the Maximum Annual Debt Service. Upon issuance of the 2008C Bonds, the 2008C Reserve Fund Requirement will be \$ _____.* All of that amount is expected to be funded with 2008C Bond proceeds.

The 2008C Reserve Fund Requirement will be recalculated after the payment of principal of the 2008C Bonds or any redemption of 2008C Bonds. The Agency may, at any time, substitute a Reserve Fund Insurance Policy for cash or investments on deposit in the 2008C Reserve Fund, so long as the requirements of the 2008C Indenture are met. For a further description of the 2008C Reserve Fund, see Appendix B - Summary of Certain Provisions of the 2008 Indentures.

Additional Obligations

Additional Parity Bonds. So long as no Event of Default (described in Appendix B) under the 2008AB Indenture has occurred and is at the time continuing, the Agency may issue Additional Parity Bonds for any lawful purpose; provided, however, that prior to the issuance of any Additional Parity Bonds, the Agency shall furnish to the Trustee a certificate of the Chairman of the Agency, the City Finance Director, or an independent certified public accountant or firm of certified public accountants to the effect that the 2008AB Pledged Revenues received by the Agency for the most recently completed fiscal year have been not less than 125% of the Maximum Annual Debt Service on the 2003A Bonds, the 2008AB Bonds, any Additional Parity Bonds then outstanding and the Additional Parity Bonds proposed to be issued.

The certificate described above shall not be required in connection with the issuance of Additional Parity Bonds for the purpose of refunding any outstanding 2008AB Bonds, 2003A Bonds or Additional Parity Bonds as long as the average annual principal and interest requirements for the outstanding 2008AB Bonds, 2003A Bonds and Additional Parity Bonds (after giving effect to the issuance of the proposed Additional Parity Bonds) do not exceed by more than 10% the Average Annual Principal and Interest Requirements for the then-outstanding 2008AB Bonds, 2003A Bonds and Additional Parity Bonds as calculated immediately prior to the issuance of such proposed Additional Parity Bonds.

* Subject to change

For purposes of the tests described above, "2008AB Pledged Revenues" shall not include income from the investment or reinvestment of the 2008AB Trust Funds. Every issue of Additional Parity Bonds shall be secured by a reserve fund in an amount not less than the 2008AB Reserve Fund Requirement. Any such reserve fund for Additional Parity Bonds may be funded in whole or in part with a Reserve Fund Insurance Policy.

Additional Housing Bonds. So long as no Event of Default (described in Appendix B) under the 2008C Indenture has occurred and is at the time continuing, the Agency may issue Additional Housing Bonds for any lawful purpose; provided, however, that prior to the issuance of any Additional Housing Bonds, the Agency shall furnish to the Trustee a certificate of the Chairman of the Agency, the City Finance Director or an independent certified public accountant or firm of certified public accountants to the effect that the 2008C Pledged Property Tax Revenues available to the Agency for the most recently completed Fiscal Year have been not less than 125% of the Maximum Annual Debt Service on the 2008C Bonds, the 2003B Bonds, any Additional Housing Bonds then Outstanding and the Additional Housing Bonds proposed to be issued.

The certificate described above shall not be required in connection with the issuance of Additional Housing Bonds for the purpose of refunding any outstanding 2003B Bonds, 2008C Bonds or other Additional Housing Bonds as long as the Average Annual Principal and Interest Requirements for the outstanding 2003B Bonds, 2008C Bonds and Additional Housing Bonds (after giving effect to the issuance of the proposed Additional Housing Bonds) do not exceed by more than 10% the Average Annual Principal and Interest Requirements for the then outstanding 2003B Bonds, 2008C Bonds and Additional Housing Bonds as calculated immediately prior to the issuance of such proposed Additional Housing Bonds.

Every issue of Additional Housing Bonds shall be secured by a reserve fund in an amount not less than the 2008C Reserve Fund Requirement. Any such reserve fund for Additional Housing Bonds may be funded in whole or in part with a Reserve Fund Insurance Policy.

Subordinate Obligations Allowed, Superior Obligations Prohibited. Pursuant to each of the 2008 Indentures, the Agency may issue bonds or other obligations with liens on all or any portion of the applicable tax increment revenues that are subordinate to the liens thereon of the 2008 Bonds (the "Subordinate Obligations") for any lawful purpose so long as no default under the applicable 2008 Indenture has occurred. The documents pursuant to which any such Subordinate Obligations are issued shall not provide for acceleration of the payment of such Subordinate Obligations.

No obligations with a lien on the 2008AB Pledged Revenues (or any portion thereof) or the 2008C Pledged Revenues (or any portion thereof) which is superior to the lien of the applicable series of 2008 Bonds may be issued by the Agency.

Nothing in either of the 2008 Indentures affects the power of the Agency to issue obligations not secured by any portion of the respective 2008 Trust Estates.

Other Limitations on Issuance of Additional Parity Bonds and Additional Housing Bonds. Any Owner Participation Agreement ("OPAs") to which the Agency is a party (the current OPAs are discussed in more detail in "AGENCY DEBT STRUCTURE--Outstanding

misstatement of any material fact and does not omit, and up to and including the Closing will not omit, any statement necessary to make the statements contained therein, in the light of the circumstances in which such statements were made, not misleading

(d) Underwriter's Consent to Amendments and Supplements to Official Statement. The Agency will advise the Underwriter promptly of any proposal to amend or supplement the Official Statement and will not effect or consent to any such amendment or supplement without the consent of the Underwriter, which consent will not be unreasonably withheld. The Agency will advise the Underwriter promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Official Statement in connection with the offering, sale or distribution of the Bonds.

(e) Redevelopment Area, Redevelopment Plan and Tax Revenues. The City or the Agency, as applicable, has duly and validly taken, or caused to be taken, all proceedings necessary under the Constitution and laws of the State, including the Community Redevelopment Law, (i) to enable the Agency to function in the City, (ii) to form the Redevelopment Area, (iii) to approve and adopt the Redevelopment Plan and (iv) to be entitled, under and pursuant to the provisions of the Community Redevelopment Law, to receive the "taxes," as defined in NRS Section 279.674, levied on the taxable property in the Redevelopment Area, except to the extent that such taxes are required pursuant to the Community Redevelopment Law to be allocated and paid to the agencies levying such taxes

(f) No Breach or Default. As of the time of acceptance hereof and as of the time of the Closing, except as otherwise disclosed in the Official Statement, the Agency is not and will not be in breach of or in default under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the Agency is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument; and, as of such times, except as disclosed in the Official Statement, the authorization, execution and delivery of the Agency Documents, and the Bonds and compliance with the provisions of each of such agreements or instruments do not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance agreement or order to which the Agency (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties is bound, nor will any such authorization, execution, delivery or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation or instrument, except as may be provided by the Bonds and the Agency Documents.

(g) No Litigation As of the time of acceptance hereof and the Closing, except as disclosed in the Official Statement, no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, government agency, public board or body, pending or threatened (i) in any way questioning the corporate existence of the Agency or the titles of the officers of the Agency to their respective offices; (ii) in any way questioning the existence of the Redevelopment Area, the validity or enforceability of the Redevelopment Plan or the right of the Agency to receive the taxes

Agency Obligations - Owner Participation Agreements”) also may restrict the ability of the Agency to issue Additional Parity Bonds and Additional Housing Bonds. Certain of the existing OPAs obligate the Agency to issue notes payable from specified portions of the Total Tax Increment upon the satisfaction of certain conditions. See the discussion in “AGENCY DEBT STRUCTURE--Outstanding Agency Obligations - Owner Participation Agreements” for a description of those conditions. The obligations represented by such notes are subordinate to all pre-existing bonds and other obligations of the Agency, including the 2008 Bonds. The obligations represented by such notes also will be subordinate to all future bonds and obligations of the Agency (except Agency debt owed to the City), if and only if, prior to the issuance of any such future obligations, the chief financial officer of the Agency files a certificate establishing that the reasonably projected aggregate amount of the Total Tax Increment to be generated within the Redevelopment Area over the remaining term of the then-outstanding notes, minus the aggregate amount of such Total Tax Increment revenues required to satisfy the statutory housing set-aside (currently 18% of Total Tax Increment revenues) and minus the aggregate remaining debt service on all then-outstanding notes, equals at least 115% of the reasonably projected debt service on all of the then-outstanding Agency debt and the proposed obligations in each year in which a note is to be outstanding.

REVENUES AVAILABLE FOR DEBT SERVICE

General

The 2008AB Pledged Revenues consist primarily of the 2008AB Pledged Property Tax Revenues (which constitute 82% of the Total Tax Increment). The 2008C Pledged Revenues consist primarily of the 2008C Pledged Property Tax Revenues (which constitute 18% of the Total Tax Increment; i.e., the current Housing Set-Aside). Information regarding the levy and collection of ad valorem property taxes, from which the Total Tax Increment is derived, is set forth below.

Allocation of Taxes Generally

General. As provided in the Redevelopment Plan, and pursuant to the Law, taxes levied upon taxable property in the Redevelopment Area each year by or for the benefit of the State, the City, the County, Clark County School District (the "School District") and any district or other public corporation (herein collectively referred to as "taxing agencies") for fiscal years beginning after the effective date of the Redevelopment Plan, are divided as follows:

(a) To taxing agencies: That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of said taxing agencies upon (a) the total sum of the assessed value of the taxable property in the Redevelopment Area as shown upon the assessment roll used in connection with the taxation of such property by such taxing agency, last equalized prior to the effective date of the ordinance adopting the Redevelopment Plan, must be allocated to, and when collected must be paid into the funds of the respective taxing agencies as taxes by or for said taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory of the Redevelopment Area on the above established effective dates but to which such territory is annexed or otherwise included after such effective date, the assessment roll of the County as of the applicable fiscal year as provided above must be used in determining the assessed valuation of the taxable property in the Redevelopment Area as of said date) and (b) the revenue generated by the tax rate levied for any bond issue or tax override approved by the voters on or after November 5, 1996, on the assessed value of the Redevelopment Area must be allocated to and when collected must be paid into the appropriate fund of that taxing agency; and

(b) To the Agency: That portion of the levied taxes each year in excess of such amounts must be allocated to, and when collected, shall be paid to the Agency to pay the principal of and interest on loans, monies advanced to or indebtedness incurred by the Agency to finance or refinance, in whole or in part, redevelopment in the Redevelopment Area. When said loans, advances and indebtedness, if any, and interest thereon, have been paid, all monies thereafter received from taxes upon the taxable property in the Redevelopment Area must be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

Unless the assessed valuation of the taxable property in the Redevelopment Area exceeds the amounts described in paragraph (a) above, all of the taxes levied and collected upon the taxable property in the Redevelopment Area must be paid into the funds of the respective taxing agencies.

The allocation of incremental tax revenues between the Agency and the other taxing agencies pursuant to the Abatement Act is described in "Required Property Tax Abatements" below.

Exclusion of Certain Mill Levies from Tax Rates. NRS 279.676, Section 1(c)(d) excludes from tax increment revenues certain tax revenues that are approved by the voters on or after November 5, 1996 for a particular purpose. Such tax revenues are to be paid to the taxing agency levying the tax rate. Under the terms of NRS 279.676, the revenues generated by a voter approved tax override and for a voter approved debt levy approved on or after November 5, 1996, are excluded from tax increment revenues. As applied to the Agency, NRS 279.676 presently would exclude from tax revenues the Las Vegas Public Safety tax override, the Las Vegas Metropolitan Police ("Metro") and the School District. For fiscal year 2009, revenues from a tax rate of \$0.0950 will be allocated to the Las Vegas Public Safety tax override (this override expires after fiscal year 2031); revenues from a tax rate of \$0.4336 will be allocated to the School District; and revenues from a tax rate of \$0.2000 will be allocated to Metro (this override expires after fiscal year 2027).

The tax rate to be allocated to the School District in future years is dependent on the amount of debt service paid in any year and the respective assessed valuation. Other tax rate(s) excluded in the future depends on many variables, including assessed value, future legislative action and future voter approved tax override and bond questions. See "CERTAIN RISK FACTORS." Also see Table 5 in Appendix G hereto for an illustration of historic and projected future tax rates.

Required Allocation of Excess Taxes. Notwithstanding anything described above, pursuant to the Act (specifically Section 279.676(2) NRS), the total revenue paid to the Agency (including revenues attributable to the Redevelopment Area and any increment districts created by the City in the future) must not exceed an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 10% of the total assessed valuation of the City. Based upon the City's 2008-09 assessed valuation of \$24,992,555,583 and a total overlapping tax rate of \$3.2714 per \$100 of assessed value, the tax increment limit would equal \$81,760,646. The Agency has budgeted to receive \$24,651,251 in tax increment for fiscal year 2008-09.

Pursuant to the Act, if the revenue paid to the Agency must be limited as described in the preceding paragraph, the Agency shall determine the allocation of revenues to each of its then-existing redevelopment areas (including the Redevelopment Area and any redevelopment or increment districts created in the future). Any revenue which would be allocated to the Agency but for these provisions must be paid into the funds of the respective taxing agencies.

Property Tax Base and Tax Roll

General. In July of each year, the State Department of Taxation ("Taxation") publishes Property Tax Rates for Nevada Local Governments (the "Redbook"); the Redbook reports official assessed valuation and tax rate information for each fiscal year, as reported by the county assessors to the State in the March immediately preceding the start of the fiscal year and, if applicable, as subsequently updated to account for allowable adjustments to assessed value. (For example, the Redbook valuations for the 2007-08 fiscal year were reported in March 2007

and in some cases updated in May 2007.) The Redbook comprises the official report of assessed valuation and tax rates for each taxing entity in the State. However, pursuant to State law, the County Assessor may reopen the tax roll prior to the lien date (July 1 of each year), i.e., after Redbook values are reported, and adjust assessed valuations to account for new construction or significant additions before preparing final tax bills. In addition, the County Assessor may prepare and bill "supplemental" tax rolls under certain circumstances. It is the current practice of the County Assessor to prepare "segregation reports" (reports reflecting the assessed valuation of all property) at several different points during the year, including January (reflecting the initial certified valuation), March (reflecting the initial certification and adjusting for taxpayer challenges, assessor corrections or other updated valuations), and October (reflecting valuations including supplemental tax rolls and final unsecured values for the prior year (which are estimated for Redbook purposes); the October report is prepared in anticipation of the January certification for the following year). The Redbook values typically are based upon the March report, although the Redbook may reflect adjustments for interim valuations as described above. Because the calculation of assessed valuation is a dynamic process through the year, the assessed valuation figures presented on tax bills and in other official County reports prepared after the Redbook reporting date may differ from those shown in the prior paragraph and in "History of Assessed Value" below. The Fiscal Consultant's Report in Appendix G shows a history of assessed valuations within the Redevelopment Area at various points during the property tax cycle.

Current Valuation Information. According to the 2008-09 Redbook, the assessed valuation of property within the Redevelopment Area for the fiscal year ending June 30, 2009, is \$2,048,443,086 (representing a base amount of \$578,571,790 and an incremental assessed value of \$1,469,871,296). That assessed value represents a 28.4% increase over the total assessed valuation from the Redbook value for the prior fiscal year; however, a portion of the increase reflects the addition of 750 additional acres to the Redevelopment Area (with a total assessed value of \$156,308,585), which became effective in fiscal year 2009. However, due to property tax abatement laws originally adopted in 2005 (described in "Required Property Tax Abatements" below), the amount of taxes on each parcel that can be collected by taxing agencies within the County is capped; as a result, property tax revenues likely will not increase at the same growth rate as the assessed value.

State law requires that the County Assessor reappraise, at least once every five years, all real and secured personal property (other than certain utility owned property which is centrally appraised and assessed by the Nevada Tax Commission). While the law provides that in years in which the property is not reappraised, the County assessor is to apply a factor representing typical changes in value in the area since the preceding year, it is the current policy of the County Assessor to reappraise all real and secured personal property in the County each year. State law currently requires that property be assessed at 35% of taxable value; that percentage may be adjusted upward or downward by the Nevada State Legislature (the "Legislature"). Based upon the assessed valuation for fiscal year 2009 (as reported in the Redbook), the taxable value of all taxable property within the Redevelopment Area was \$5,852,694,531.

"Taxable value" is defined by State law as the full cash value in the case of land and as the replacement cost less straight-line depreciation in the case of improvements to land and in the case of taxable personal property, less depreciation and applicable obsolescence in accordance with the regulations of the Tax Commission. "Obsolescence" means an impairment

to property resulting in the full cash value of the property being less than its taxable value as otherwise computed. The taxable value of property cannot exceed the full cash value of the property. If the computed taxable value of property exceeds its full cash value, the taxable values must be reduced to comply with that requirement. A county assessor is required by law to make reductions in assessed value as described above if (i) if the owner of the property calls to the assessor's attention the facts warranting it, (ii) the assessor discovers those facts during physical reappraisal of the property or (iii) the assessor is otherwise aware of those facts. In making a determination of whether taxable value exceeds the full cash value, the assessor may consider several factors set forth in State law, including comparative sales and capitalization of the fair economic expectancy or fair economic rent or an analysis of discounted cash flow. Owners of any income producing property (including casinos) may appeal the determination of taxable value based upon poor economic performance. The assessor may then consider an "income approach" (as described in the prior sentence) to value such properties to determine whether the replacement cost (or market value) of the property is excessive. Depreciation of improvements to real property must be calculated at 1.5% of the cost of replacement for each year of adjusted actual age up to a maximum of fifty years. "Adjusted actual age" is actual age adjusted for any addition or replacement which is valued at 10% or more of the replacement cost after the addition or replacement. The maximum depreciation allowed is 75% of the cost of replacement. When a substantial addition or replacement is made to depreciable property, its "actual age" is adjusted to reflect the increased useful term of the structure. The adjusted actual age has been used for tax appraisals since 1986-87.

In Nevada, county assessors are responsible for assessments in the counties except for certain properties centrally assessed by the State, which include railroads, airlines, and utility companies.

History of Assessed Valuations

General. The following table sets forth a history of the base year assessed value in the Redevelopment Area (as reported by the County Assessor's office), the incremental assessed value in the Redevelopment Area (as reported in the Redbook), the total assessed value in the Redevelopment Area and the tax rate for each year. *The Redbook values differ slightly from the historical values presented in the Fiscal Consultant's Report in Appendix G.*

These values were provided by the County Assessor based upon the March Segregation Report.

Property Tax Collections

In Nevada, county treasurers are responsible for the collection of property taxes, and forwarding the allocable portions thereof to the overlapping taxing units within the counties. See Table 6 in the Fiscal Consultant's Report attached hereto as Appendix G for a depiction of Historic Tax Increment Allocations in the Redevelopment Area.

Taxes on real property are due on the third Monday in August unless the taxpayer elects to pay in installments on or before the third Monday in August and the first Mondays in October, January, and March of each fiscal year. Penalties are assessed if any taxes are not paid within 10 days of the due date as follows: 4% of the delinquent amount if one installment is delinquent, 5% of the delinquent amount plus accumulated penalties if two installments are delinquent, 6% of the delinquent amount plus accumulated penalties if three installments are delinquent and 7% of the delinquent amount plus accumulated penalties if four installments are delinquent. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 10% per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and any assessments made by local governments for improvements to the property.

Overlapping Tax Rates

The following table presents a five-year history of the overlapping tax rate for the Redevelopment Area (representing Tax Areas 203, 204 and 207 for fiscal years 2005 through 2008 and Tax Areas 203, 204, 207 and 212 for fiscal year 2009). The overlapping rates for incorporated and unincorporated areas within the Redevelopment Area vary depending on the rates imposed by applicable taxing jurisdictions. *This table includes the total tax rate imposed by each taxing entity listed; in some instances, the entire tax rate is not available to the Agency.*

The table also reflects the tax rate available to the Agency in each year, as calculated in Table 5 in the Fiscal Consultant's Report attached hereto as Appendix G.

Principal Taxpayers

The following table represents the ten largest taxpayers (representing land owned or controlled by the listed taxpayer) in the Redevelopment Area based on the fiscal year 2008-09 assessed valuations, as presented in the March Segregation Report and compiled by the Fiscal Consultant. See the Fiscal Consultant's Report attached hereto as Appendix G. This table reflects secured roll (real property) values only; unsecured roll (personal property) valuations are excluded. A determination of the largest parcel assessments can be made only by manually reviewing individual assessment records. Therefore, it is possible that an owner of several parcels may have an aggregate assessed value that is larger than those listed below. *No independent investigation has been made of, and consequently there can be no representation as to, the financial conditions of the taxpayers listed below, or that such taxpayers will continue to maintain their status as major taxpayers based on the assessed valuation of their property in the Redevelopment Area.*

Property Tax Limitations

Overlapping Property Tax Caps. Article X, Section 2, of the Constitution of the State of Nevada limits the total ad valorem property taxes levied by all overlapping governmental units within the boundaries of any county (i.e., the State, and any county, city, town, school district or special district) to an amount not to exceed five cents per dollar of assessed valuation (\$5 per \$100 of assessed valuation) of the property being taxed. Further, the combined overlapping tax rate is limited by a statute to \$3.64 per \$100 assessed valuation in all counties of the State with certain exceptions that (a) permit a combined overlapping tax rate of up to \$4.50 or \$5.00 per \$100 in assessed valuation in the case of certain entities that are in financial difficulties; and (b) require that \$0.02 of the statewide property tax rate of \$0.17 per \$100 assessed valuation is not included in computing compliance with this \$3.64 cap. (This \$0.02 is, however, counted against the \$5.00 cap). It should be noted that State statutes provide a priority for taxes levied for the payment of general obligation bonded indebtedness in that in any

year in which the proposed tax rate to be levied by overlapping units within a county exceeds any rate limitation, a reduction must be made by those units for purposes other than the payment of general obligation bonded indebtedness, including interest thereon.

Local Government Property Tax Revenue Limitation. State statutes limit the revenues local governments, other than school districts, may receive from ad valorem property taxes for purposes other than paying certain general obligation indebtedness which is exempt from such ad valorem revenue limits. The amount generally is limited as follows: The assessed value of property is first differentiated between that for property existing on the assessment rolls in the prior year (old property) and new property. Second, the property tax revenue derived in the prior year is increased by no more than 6% and the tax rate necessary to generate the increase is determined against the current assessed value of the old property. Finally, that tax rate is applied against all taxable property to produce the allowable property tax revenues. This cap operates to limit property tax revenue dependent upon changes in the value of old property and the growth and value of new property.

A local government, other than a school district, may exceed the property tax revenue limitation if the proposal is approved by its electorate at a general or special election. In addition, the Executive Director of the Department of Taxation will add to the allowed revenue from ad valorem taxes the amount approved by the Legislature for the costs to a local government of any substantial programs or expenses required by legislative enactment. In the event sales tax estimates from the State Department of Taxation exceed actual revenues available to local governments, Nevada local governments receiving such sales tax may levy a property tax to make up the revenue shortfall.

State statutes limit the revenues school districts may receive from ad valorem property taxes for operating purposes. Pursuant to NRS 387.195, each board of county commissioners shall levy a tax of \$0.75 per \$100 of assessed valuation for the support of the public schools within the County school district. School districts are also allowed additional levies for voter-approved debt service and voter-approved tax overrides for capital projects.

The Nevada Tax Commission monitors the impact of tax legislation on local government services.

Constitutional Amendment - Abatement of Taxes for Severe Economic Hardship. At the November 5, 2002 election, the State's voters approved an amendment to the State constitution authorizing the State Legislature to enact a law providing for an abatement of the tax upon or an exemption of part of the assessed value of an owner-occupied single-family residence to the extent necessary to avoid severe economic hardship to the owner of that residence.

The legislation implementing that amendment provides that the owner of a single-family residence may file a claim with the county treasurer to postpone the payment of all or part of the property tax due against the residence if (among other requirements): the residence has an assessed value of not more than \$175,000; the property owner does not own any other real property in the State with an assessed value of more than \$30,000; the residence has been occupied by the owner for at least 6 months; the owner is not in bankruptcy; the owner owes no delinquent property taxes on the residence; the owner has suffered severe economic hardship caused by circumstances beyond his control (such as illness or disability expected to last for at least 12 continuous months); and the total annual income of the owner's household is at or below

the federally designated poverty level. The amount of tax that may be postponed may not exceed the amount of property tax that will accrue against the residence in the succeeding three fiscal years. Any postponed property tax (and any penalties and the interest that accrue as provided in the statute) constitutes a perpetual lien against the residence until paid. The postponed tax becomes due and payable if: the residence ceases to be occupied by the claimant or is sold; any non-postponed property tax becomes delinquent; if the claimant dies; or on the date upon which the postponement expires, as determined by the county treasurer.

Required Property Tax Abatements

General. In 2005, the Legislature approved legislation (the "Abatement Act"), which requires reductions ("abatements") of ad valorem taxes imposed on property in certain situations. In the Abatement Act, the Legislature determined that year-to-year increases in property tax bills exceeding 3% constitute a severe economic hardship to homeowners; the State constitution permits the Legislature to prevent such hardships. The Abatement Act established formulas to determine whether tax abatements are required for property owners (including residential and low-income rental property) in any year. The general impact of the Abatement Act is to limit increases in ad valorem property tax revenues received by any taxing agency on existing residential property to approximately 3% per year (larger increases are allowed for non-residential properties). Those limitations could negatively impact the finances and operations of the taxing agencies in the State, including the Agency, to an extent that cannot be determined at this time.

The Abatement Act directs the Tax Commission and the Committee on Local Government Finance to adopt regulations for the administration and interpretation of certain of its provisions, and some provisions of the Abatement Act likely will require additional interpretation through legislation, regulation or by the State's courts.

Formulas to Determine Abatements. For existing owner occupied residential properties, an abatement generally is required to reduce the amount of property taxes owed to not more than 3% more than the amount levied in the immediately preceding fiscal year. That same formula applies (as a charitable exemption) to commercial property that qualifies as low-income rental housing. Finally, for all existing properties, an abatement from ad valorem taxation is required to reduce the amount of property taxes owed; the maximum percentage increase (over the prior year) in tax liability for each existing property is 8%, or a lesser amount determined pursuant to the following formula: the greater of: (a) the average percentage change in the assessed valuation of all taxable property in the county over the 10-year period immediately preceding the fiscal year in which a levy is to be made; (b) twice the percentage of increase in the Consumer Price Index for all Urban Consumers, U.S. City Average (All Items) for the immediately preceding calendar year; or (c) zero. This abatement formula also must be applied to existing owner-occupied residential properties and low-income rental properties if it yields a greater reduction in property taxes than the 3% test described above. Unless otherwise provided by a specific statute, if any legislative act imposes a duty on a taxing agency to levy a new ad valorem tax or to increase the rate of an existing ad valorem tax, the amount of any new tax or increase in the rate of the existing tax is exempt from the partial abatement formulas.

In addition to the required abatements, the Abatement Act requires the Nevada Tax Commission to adopt regulations simplifying the procedures to be followed by any business

allocable to it as described in paragraph (e) of this Section; (iii) affecting, contesting or seeking to prohibit, restrain or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contesting or affecting the validity of the Bonds or the Agency Documents or the consummation of the transactions contemplated thereby or hereby, or contesting the exclusion of the interest on the Bonds from taxation or contesting the powers of the Agency or its authority to issue the Bonds, (iv) which may result in any material adverse change relating to the Agency; or (v) contesting the completeness or accuracy of the Preliminary Official Statement or the Official Statement or any supplement or amendment thereto or asserting that the Preliminary Official Statement or the Official Statement contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. There is no basis for any action, suit, proceeding, inquiry or investigation of the nature described in the preceding sentence.

6 Closing Conditions. The Underwriter has entered into this Bond Purchase Agreement in reliance upon the representations, warranties and covenants herein and the performance by the Agency of its obligations hereunder, both as of the date hereof and as of the date of the Closing. The Underwriter's obligations under this Bond Purchase Agreement to purchase and pay for the Bonds shall be subject to the following additional conditions:

(a) Bring-Down Representation. The representations, warranties and covenants of the Agency contained herein shall be true, complete and correct both at the date hereof and at the time of the Closing, as if made at the time of the Closing.

(b) Executed Agreements and Performance Thereunder At the time of the Closing the Agency Documents and the Redevelopment Plan shall be in full force and effect, and shall not have been amended, modified or supplemented except with the written consent of the Underwriter

(c) Termination Events The Underwriter shall have the right to terminate this Bond Purchase Agreement, without liability therefor, by notification to the Agency if at any time at or prior to the Closing:

(i) any event shall occur which causes any statement contained in the Official Statement to be materially misleading or results in a failure of the Official Statement to state a material fact necessary to make the statements in the Official Statement, in the light of the circumstances under which they were made, not misleading; or

(ii) the marketability of the Bonds or the market price thereof, in the opinion of the Underwriter, has been materially adversely affected by an amendment to the Constitution of the United States or by any legislation in or by the Congress of the United States or by the State, or the amendment of legislation pending as of the date of this Bond Purchase Agreement in the Congress of the United States, or the recommendation to Congress or endorsement for passage (by press release, other form of notice or otherwise) of legislation by the President of the United States, the Treasury Department of the United States, the Internal Revenue Service or the Chairman or ranking minority member of the Committee on Finance of the United States Senate or the Committee on Ways and Means of the United States House of Representatives, or the proposal for consideration of legislation by either such Committee or by any member thereof, or the presentment of legislation for consideration as an option by either such Committee, or by the staff of the Joint Committee

in the State to obtain a reduction in the assessed value of property used to conduct a business if such a reduction is appropriate under the “income approach” to property valuation.

Apportionment of Abatements Generally. If the application of the partial abatement provisions requires a reduction in the amount of ad valorem taxes levied in a county for a fiscal year, the Abatement Act requires that the amount of the reduction be allocated among all of the taxing agencies and deducted from the amount of ad valorem taxes each taxing agency otherwise would be entitled to receive for that fiscal year. Generally, abatements caused by tax rate increases are to be allocated to the entities that increased their tax rates in proportion to the amount of tax rate increases for each such entity. Other abatements (i.e., those caused by an increase in assessed value) generally are required to be allocated among taxing agencies in the same proportion as the rate of ad valorem taxes levied for that taxing agency bears to the total combined rate of all ad valorem taxes levied for that fiscal year. In order to assure that any required abatements apply to all taxing agencies uniformly, the Tax Commission has adopted a regulation clarifying that future year abatements resulting from tax rate increases are to be allocated against the entity that would benefit from the tax increase rather than among all entities uniformly. See the following paragraph for a description of the apportionment of abatements in the Redevelopment Area.

Allocation of Abatements - Redevelopment Areas. Since the Abatement Act became effective, substantially all abatement amounts of property located within redevelopment or tax increment areas were presumed to be allocable to the amount of assessed value in excess of the Property Tax Base Amount (the “Incremental Value”). As a result, abatements have been absorbed by the Redevelopment Area rather than by the overlapping taxing entities. Legislation adopted in 2007 changed that presumption and the State has approved regulations to implement the legislation. Once an abatement amount is determined, the regulations require the calculation of a “parcel share of base value” for each parcel. Abatements are then allocated by applying an overlapping adjusted tax rate (calculated in accordance with the regulations) to the parcel share of base value and distributing the calculated amount of taxes to the overlapping entities; a tax rate adjusted to account for post-1996 exempt tax rates also is applied to the parcel’s share of incremental value and the resulting taxes are also to be distributed to overlapping entities. The remaining taxes (which are equal to the adjusted tax rate as applied to the parcel share of incremental value) are to be distributed to the redevelopment area. However, it is not possible to predict what impact the Abatement Act will have on Agency revenues in the future. Future changes to the Abatement Act and the accompanying regulations may be needed in the future.

Recapture of Lost Revenue in Certain Cases. Notwithstanding the abatement provisions discussed above, if the taxable value of any property (a) decreases by 15% or more from its taxable value on July 1 of the second year immediately preceding the lien date for the current year; and (b) increases by 15% or more from its taxable value for the immediately preceding fiscal year, the amount of ad valorem taxes which would have been collected for the property as a result of that increase in taxable value if not for the required abatement (but excluding any amount attributable to any increase in the taxable value of the property above its taxable value on the date determined pursuant to clause (a) above), must be levied on the property over three fiscal years. The amount of taxes carried forward and levied on any property must be added to the amount of ad valorem taxes each taxing agency would otherwise be entitled to receive in a fiscal year using the allocation formula described above.

Levies for Debt Service. Notwithstanding the abatement provisions discussed above, a taxing agency may, if otherwise authorized by law, increase the rate of an ad valorem tax for the payment of any obligations secured by the proceeds of that tax ("tax-secured obligations") if the entity determines that the additional tax rate is necessary to satisfy those obligations. Pursuant to the Abatement Act, an additional tax rate is deemed necessary if the rate of the ad valorem tax most recently levied for the payment of the tax-secured obligations will not produce sufficient revenue, after considering the effect of the partial abatement, to satisfy those obligations during the next fiscal year. Such an increase in the rate of an ad valorem tax for the payment of tax-secured obligations is exempt from the partial abatement formulas if the obligations for which that increase is imposed are issued (a) before July 1, 2005 or (b) on or after July 1, 2005, if before the issuance of the obligations (1) the governing body of the taxing agency makes a finding that no increase in the rate of an ad valorem tax is anticipated to be necessary for payment of the obligations during their term and (2) the debt management commission of the county approves the finding. The tax rate also may be increased if otherwise authorized by law if voter approval is obtained. However, tax rates which were voter-approved before April 6, 2005, generally are not exempt from the Abatement Act formulas. *This provision does not apply to the Agency because the Agency is not authorized to levy taxes.*

Possible Effects on Operating Levies. Under existing State law, limited tax levies must be used to pay debt service on general obligation bonds before being used for operations. Even though increases in the rate of an ad valorem tax for the payment of tax-secured obligations and voter-approved taxes are exempt from the partial abatement formulas, the revenue limits imposed by the Abatement Act may require taxing agencies in the State to cut operating revenues, and therefore the services funded by those revenues, to an extent that cannot be determined at this time. In addition, the abatement formulas may cause the statutory maximum combined overlapping tax rate of \$3.64 per \$100 of assessed valuation to be reached sooner than it would otherwise be reached.

CERTAIN RISK FACTORS

The payment by the Agency of the principal of and interest on the 2008 Bonds is subject to certain risks which are discussed throughout this Official Statement. Particular attention should be given to the factors described below which, among others, could affect the payment by the Agency of debt service on the 2008 Bonds, and which could also affect the market price of the 2008 Bonds to an extent that cannot be determined. This section of the Official Statement does not include all risks to which such repayment by the Agency is subject, but is merely an attempt to summarize certain of such risks. Each potential purchaser of the 2008 Bonds should read this Official Statement in its entirety.

Limited Security for the 2008 Bonds

The 2008 Bonds are special, limited obligations of the Agency, are secured solely by the respective Trust Estates and are payable solely from the specific portions of the Pledged Revenues pledged pursuant to the respective 2008 Indenture. The Registered Owners of the 2008 Bonds may not look to the general fund or any other fund of the Agency or the City, and may not compel the levying of any tax for the payment of the 2008 Bonds or interest thereon. The 2008 Bonds are not secured by an encumbrance or mortgage on any property of the Agency.

The 2008AB Pledged Property Tax Revenues and the 2008C Pledged Property Tax Revenues are comprised of tax increment revenues generated within the Redevelopment Area. As a result, payment of the principal of and interest on the 2008 Bonds is dependent principally upon the receipt of tax increment revenues as described herein. *The Agency has no power to levy or collect taxes.* As more fully described below, any legislative policy change or other event having the effect of reducing property taxes within the Redevelopment Area would result in a reduction in the amount of tax increment revenues available to the Agency for payment of the principal of and interest on the 2008 Bonds.

Limited Duration of Incremental Assessed Valuation

The Act limits redevelopment plans (and accordingly, the availability of tax increment revenues to the Agency) to a period not to exceed 45 years from the date the Redevelopment Plan was adopted. The Redevelopment Plan originally was adopted on March 5, 1986; accordingly, the Agency will not be able to rely on tax increment as a revenue source after March 5, 2031. If the tax increment were to be insufficient to pay debt service on the 2008 Bonds in the future, the limited duration of the Redevelopment Plan could adversely affect the Agency's ability to restructure or refinance the 2008 Bonds to try to respond to financial difficulties.

General Risks Related to Tax Increment Revenues

Tax increment revenues constitutes the primary security for the 2008 Bonds. Accordingly, payment of the 2008 Bonds is dependent upon the amount of the Incremental Value, upon the tax rate allocable to the Agency, and upon any applicable abatements or revenue limitations which may reduce the amount of tax increment revenues. As illustrated in "REVENUES AVAILABLE FOR DEBT SERVICE--History of Assessed Value," the tax rate allocable to the Agency has declined in several recent years. Should the assessed value of the land in the Redevelopment Area remain stagnant or decline (or not increase sufficiently to offset declines in the tax rate), declines in the tax rate available to the Agency could cause a reduction

in tax increment revenues. There is no assurance that the assessed value of the land within the Redevelopment Area will continue to increase in future years. Should the assessed valuation of taxable property within the Redevelopment Area materially decrease and/or should tax rates of overlapping taxing jurisdictions materially decrease, tax increment revenues may not be sufficient to pay the 2008 Bonds when due. *The Agency does not have the power to impose taxes, nor may the Agency or other persons compel any taxing jurisdiction to levy a property tax under the Act.* In addition, delinquencies in the payment of property taxes could have an adverse effect on the Agency's ability to make timely debt service payments.

Additional factors that may impact tax increment revenues are discussed later in this "CERTAIN RISK FACTORS" section.

Reduction of Tax Revenues Generally

Assessed Value and Tax Rates. Tax increment allocated to the Agency generally is determined by the amount of incremental assessed value of properties in the Redevelopment Area and the current rate at which property in the Redevelopment Area is taxed. The reduction of assessed values of taxable property in the Redevelopment Area caused by adverse economic conditions, a relocation out of the Redevelopment Area by one or more major property owners, the complete or partial destruction of property, a halt or significant delay in development activity, or the occurrence of other unforeseen events, could result in a reduction in the tax increment revenues that secure the 2008 Bonds.

In addition, any reduction in overlapping tax rates in the Redevelopment Area would cause a reduction in the tax increment revenues that secure the 2008 Bonds. Any taxing agency in the County may reduce its tax rate in the future without notice to the Agency. Such reductions may be due to taxing agency's decision to lower its tax rate to compensate for increased tax revenues attributable to increased assessed value. To the extent the growth in assessed valuation in the Redevelopment Area is slower than in other areas of the City or the County, tax increment revenues may be disproportionately impacted. Any reduction of tax increment revenues could have an adverse effect on the Agency's ability to make timely payments of principal of and interest on the 2008 Bonds.

As discussed in "REVENUES AVAILABLE FOR DEBT SERVICE--Property Tax Limitations," the total tax rate levied by all governmental units within a county generally is limited to \$3.64 per \$100 of assessed valuation, although certain taxes levied by the State (a tax rate equal to \$0.0200) are exempt from the \$3.64 limit. (Tax rates generally are expressed herein as a number equal to \$x.xxx per \$100 of assessed value.) In any year in which that limit is exceeded, local governments must reduce levies other than general obligation bond levies in order to achieve the limit. Accordingly, if the \$3.64 limit is reached within the County in the future, the overlapping local governments may be required to reduce or eliminate their operating levies in order to reach the limit; it is primarily the operating levies on which the Agency relies to generate its tax increment. No assurance can be given that any jurisdiction which overlaps the Redevelopment Area will in fact impose any particular tax rate in any year or that tax rates currently imposed by overlapping taxing entities will not decrease in the future. Any action to reduce tax rates (particularly operating tax rates) could result in a corresponding reduction in the tax rate available to the Agency. See "Assessment and Valuation of Real Property" below and REVENUES AVAILABLE FOR DEBT SERVICE--Property Tax Limitations."

Assessment Appeals/Taxpayer Protests. Tax increment revenues also may be reduced if taxpayers within the Redevelopment Area successfully protest the level of their property tax assessments or if the County Assessor amends valuations for any reason. State law provides remedies for property owners claiming over-valuation of real or secured personal property. Any such property owner must appeal such assessment on or before January 15 of the fiscal year in which the assessment was made. If the County board of equalization finds an inequity exists in the assessment of the value of the land or the value of the improvements, or both, the board may add to or deduct from the value. Any taxpayer who believes the action of the County board of equalization failed to equalize the value of his property may file an appeal with the State board of equalization no later than March 10 of each year. If assessed valuations of property within the Redevelopment Area are reduced due to appeals, tax increment revenues also will decline.

As illustrated in the Fiscal Consultant's Report attached hereto as Appendix G (particularly the section entitled "REVIEW OF PROJECT ASSESSED VALUES--Assessment Appeals and County Adjustments" and the associated tables), protests reduced the 2008-09 assessed value of property within the Redevelopment Area by approximately \$25.7 million. The majority of protests for 2008-09 primarily were filed by owners of units in the Allure condominium project (329 parcels owned by the developer and 95 owned by individuals); those successful protests accounted for approximately \$14.4 million (or approximately 56%) of the successful appeals. The next largest protest, by the owner of the Neonopolis commercial retail center, accounted for approximately \$10.1 million (or approximately 39.2% of the successful appeals). See Appendix G for more detailed information about 2008-09 valuation protests and other valuation changes. Appendix G also illustrates historic appeals since fiscal year 2004-05; those appeals resulted in successful valuation reductions ranging from approximately \$7.6 million in fiscal year 2005-06 to approximately \$23.0 million in fiscal year 2006-07. Successful taxpayer protests of assessed value or the voluntary amendment of assessed values by the County Assessor in the future could negatively impact tax increment revenues to an extent that cannot be determined at this time.

Sufficiency of Tax Increment Revenues. The 2008C are secured only by the 2008C Pledged Revenues, which primarily are comprised of the revenues realized from the Housing Set-Aside (an amount equal to 18% of the Total Tax Increment). Should the tax increment revenues be significantly reduced for any reason, there is no guarantee that the 2008C Pledged Revenues will be sufficient to pay debt service on the 2008C Bonds. Similarly, should tax increment revenues decline significantly for any reason, there may be insufficient tax increment revenues remaining (after the subtraction of the 2008C Pledged Revenues) to pay debt service on the 2008AB Bonds.

Other Factors. As described in "Other Statutory Limitations on Tax Increment" below and in "REVENUES AVAILABLE FOR DEBT SERVICE--Property Tax Limitations" and "REVENUES AVAILABLE FOR DEBT SERVICE--Required Property Tax Abatements," certain revenue limitations or caps also may reduce the amount of tax increment revenues allocated to the Agency in the future. Any reduction in tax increment could have an adverse effect on the Agency's ability to make timely payments of principal of and interest on the 2008 Bonds.

Other Statutory Limitations on Tax Increment

As discussed in “REVENUES AVAILABLE FOR DEBT SERVICE--Required Property Tax Abatements,” in 2005 the Legislature approved the Abatement Act, which requires abatements of ad valorem taxes imposed on property in certain situations. The general impact of the Abatement Act is to limit increases in ad valorem property tax revenues received by any taxing agency on existing property to 3% per year for residential properties and a maximum of 8% for non-residential properties; those limitations generally do not apply to new construction or increases attributable to significant changes in use in the year the new construction or use is added to the tax roll. The Abatement Act requires the calculation of abatements on a parcel-by-parcel basis. The statutory formula for the allocation of tax revenues between the Agency and the various taxing agencies is impacted by the Abatement Act. In the last several years, substantially all abatement amounts were presumed to be allocable to the Incremental Value and were absorbed by the Redevelopment Area rather than by the overlapping taxing entities. Legislation adopted in 2007 changed that presumption and the State has approved regulations to implement the legislation. However, it is not possible to predict what impact the Abatement Act will have on Agency revenues in the future. Further, the Abatement Act is a relatively new piece of legislation that is administratively complex to administer. It is possible that calculation or application errors have occurred or will occur in the future. The County likely will continue to refine its application of the Abatement Act over the next several years in order to reduce errors. It is not possible to predict what impact past errors or future changes in the administration of the Abatement Act will have on the tax increment revenues available to the Agency.

As discussed in “SECURITY FOR THE BONDS--Allocation of Taxes” and “REVENUES AVAILABLE FOR DEBT SERVICE--Property Tax Limitations,” the Agency’s tax increment also are subject to statutory revenue limitations. Should those limits ever be reached, the Agency would be required to allocate the available Tax Revenues among its then-existing redevelopment areas and any future increment districts created by the City.

Other revenue limitations may be enacted by the Legislature or may be initiated by voters in the future. See “Changes in Laws May Occur” below.

Business, Economic, or Other Factors May Limit Tax Increment

General. No property owner or business operator in the Redevelopment Area is obligated to pay debt service on the 2008 Bonds. Certain circumstances, many of which will be beyond the control of the Agency, may have an effect on the generation of Pledged Revenues in the Redevelopment Area. Such circumstances may include, among others: general and local economic conditions (including cyclical trends in the construction industry, competition and interest rates); a decline in property valuations for any reason; the destruction of taxable property within the Redevelopment Area, whether by natural forces or any other event; limits on growth in the City for any reason, including lack of available water service; the rate of employment or economic growth within the Redevelopment Area, the City, or the region; competition with other commercial areas within the City or the region causing closure of commercial properties; vulnerability of retail or tourism-related properties to general economic cycles and reduced spending; and the ability or inability of property owners in the Redevelopment Area to pay property taxes as they become due.

Dependence on Gaming, Tourism and Other Factors. The economy of the County (and the State) is heavily dependent on the tourism industry, which is largely based on legalized gambling. Some of the largest taxpayers in the Redevelopment Area are dependent on the gaming and tourism industries, which are particularly sensitive to reductions in travel or other factors associated with a decline in the economy. Gaming competition from California has increased in recent years, adding competitive pressure to the region. See Appendix F - Economic and Demographic Information--Gaming. To the extent that existing or planned development in the Redevelopment Area relies on tourism or gaming, their success may be sensitive to general economic conditions in the region and the nation. The Agency cannot predict what impact the spread of legalized gaming to other jurisdictions may have on such taxpayers.

A decline in travel and tourist activities may negatively impact the ability of some property owners in the Redevelopment Area to pay property taxes and/or remain in business. In addition, those factors (among others) may result in the inability of the owners and/or developers of commercial property within the Redevelopment Area to attract or retain tenants in their developments. Should that occur, the projects may not remain viable and Pledged Revenues would be negatively impacted.

Reductions in air service for any reason (including industry mergers or bankruptcies) or sharp increases in the price of such service may result in reduced visitors to the County and the City. It is not possible to predict whether such events will occur in the future. In addition, other circumstances (over which the Agency has no control) may adversely affect tourist activity. Such circumstances may include, among others, unwillingness to travel to the area due to terrorist attacks or other hostile acts occurring in the United States or other parts of the world, adverse changes in national and local economic and financial conditions generally, increases in gas prices impacting decisions to travel to the City, and various other factors. It is not possible to quantify the impact these activities may have on future property values or tax increment revenues.

Land Use Policies. City land use policies, including future limits on growth or building permits, condemnation and/or other acquisition of land for public or quasi-public purposes by governmental agencies or non-profit corporations (which would eliminate the assessed valuation attributable to such land and therefore result in reduced tax increment revenues) also could impact generation of tax increment revenues in the future.

No Benefit From Certain Tax Rate Increases

As discussed in "SECURITY FOR THE 2008 BONDS--Allocation of Taxes - Exclusion of Certain Mill Levies from Tax Rates," the Act excludes from tax increment revenues that portion of taxes attributable to the tax rate levied by a taxing agency to make annual principal and interest payments on any bonded indebtedness, or any other special taxes, that are approved by the voters on or after November 5, 1996. Such tax revenues must be paid to the taxing agency levying the tax. As a result, unless the Act is changed by future legislation, the Agency will not benefit from any increased tax rates levied for future voter-approved bond issues or tax overrides. See the Fiscal Consultant's Report in Appendix G for an illustration of tax overrides and exempted debt levies currently imposed by the various taxing agencies overlapping the Agency. The Fiscal Consultant's Report finds that, as applied to the Agency, this provision

excluded from tax revenues a tax rate of \$0.6970 for fiscal year 2008 (comprised of certain tax overrides and debt levies); for fiscal year 2009, the excluded tax rate is projected to be \$0.7286).

The tax rate to be excluded in the future depends on many variables, including assessed valuation and whether or not tax rates for future voter-approved bond issues replace tax rates that existed prior to November 5, 1996. For example, the Agency expects the excluded tax rate to increase in the future as the School District retires bonds issued prior to November 5, 1996 and issues additional voter-approved debt to replace it. The tax rate to be excluded for the School District is expected to reach \$0.5534 by fiscal year 2017; however, it is not possible to predict whether additional bond or tax override levies will be imposed by the various overlapping taxing entities in the future. To the extent that future tax rate increases replace tax rates that were approved prior to November 5, 1996, the tax rate available to the Agency likely will be reduced.

Assessment and Valuation of Real Property

The amount of tax increment revenues available in any given year is subject to the rate of increase or decrease in the assessed valuation of property within the Redevelopment Area above or below the property tax base amount and to increases or decreases in the total mill levy imposed by overlapping taxing entities. Any additional increase in the assessed valuation of the property within the Redevelopment Area is in part dependent upon the development of property in the Redevelopment Area and the construction of new buildings and the use and occupancy of buildings in the Redevelopment Area. There can be no assurance that any additional development, redevelopment, construction or use will occur. Decreases in assessed valuation could be caused by future acquisition of property by governmental entities or non-profit corporations or a general decline in the commercial value of existing properties.

Concentration of Assessed Value

Property taxes are not personal obligations of each of the property owners within the Redevelopment Area. Instead, the obligation to pay property taxes is tied to the properties taxed, and if timely payment is not made, the obligation constitutes a lien against the specific properties. To the extent payment of property taxes depends upon the financial stability of property owners in the Redevelopment Area, no assurance can be given that timely payment will occur. The Agency has not undertaken any independent investigation of the financial condition of any property owners within the Redevelopment Area. The top ten taxpayers within the Redevelopment Area represent approximately 27% of the total assessed value of the Redevelopment Area for fiscal year 2009 and approximately 38% of the Incremental Value. See "REVENUES AVAILABLE FOR DEBT SERVICE--Principal Taxpayers" herein. The failure by the largest property owners to make full and timely payment of their property taxes may have a material adverse impact on the Agency's ability to pay debt service on the 2008 Bonds.

Risks Related to Collection of Property Taxes

To enforce the property tax liens, the County Treasurer is obligated to foreclose on and cause the sale of the property that is subject to the delinquent taxes or fees, as provided by law. However, foreclosure is a time-consuming remedy which may extend more than one year. In addition, proceeds realized from a foreclosure sale, if any, may or may not be sufficient to cover the delinquent taxes or fees and there is no assurance that such property will sell at a foreclosure sale. Owners of the 2008 Bonds cannot foreclose on property within the

Redevelopment Area or sell such property in order to pay the principal of, premium, if any, or interest on their 2008 Bonds.

In addition, the sales of property in the Redevelopment Area to enforce such liens could be delayed by bankruptcy laws and other laws affecting creditor's rights generally. During the pendency of any bankruptcy of any property owner in the Redevelopment Area (or the holders of liens on any property in the Redevelopment Area), the parcels owned by such property owner or subject to lien by such a lienholder could be sold only if the bankruptcy court approves the sale. There is no assurance that property taxes would be paid during the pendency of any bankruptcy; nor is it possible to predict the timeliness of such payment. If the property taxes are not paid over a period of years, the Agency's ability to pay principal and interest on the 2008 Bonds could be affected.

Changes in Laws May Occur

It is possible that legislation could be enacted in the State (or initiated petitions approved by voters) which would limit the availability of tax increment financing to entities such as the Agency, reduce or eliminate the property tax which taxing jurisdictions are permitted to impose, increase the percentage of revenues that must be set aside for low income housing purposes, shift property tax revenues to other governmental entities (such as school districts) or limit the tax rates authorized to be imposed. Any one or more of such occurrences may have the effect of reducing the amount of tax increment revenues available to pay the principal of and interest on the 2008 Bonds. However, the Act includes a provision in which the State pledges that it will not repeal, amend or take other action to impair bonds, taxes or other revenues provided for in the Act while any bonds are outstanding.

Additional Bonds

The Agency may issue Additional Parity Bonds or Additional Housing Bonds after satisfying the conditions set forth in the respective 2008 Indentures. Issuance of any such additional bonds may dilute the existing security for the respective series of 2008 Bonds. A detailed description of the circumstances under which additional bonds or other obligations may be issued is set forth above in "SECURITY FOR THE BONDS--Additional Obligations."

Limitations on Remedies Available to Owners of Bonds

No Acceleration. There is no provision for acceleration of maturity of the principal of the 2008 Bonds in the event of a default in the payment of principal of or interest on either series of the 2008 Bonds. Consequently, remedies available to the owners of the 2008 Bonds may have to be enforced from year to year.

Judicial Remedies. Upon the occurrence of an Event of Default under the applicable 2008 Indenture, any judgment will only be enforceable against the applicable Trust Estate and other moneys held under the applicable 2008 Indenture and not against any other Agency funds or properties. Due to the delays in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly. Any delays in obtaining judicial remedies to enforce the covenants and agreements of the Agency under the applicable 2008 Indenture, to the extent enforceable, could result in delays in any payment of principal of and interest on the 2008 Bonds.

Bankruptcy and Police Power. The enforceability of the rights and remedies of the owners of the 2008 Bonds and the obligations incurred by the Agency in issuing the 2008 Bonds are subject to the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equity principles which may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings or the exercise of powers by the federal or State government (including the imposition of tax liens by the federal government), if initiated, could subject the owners of the 2008 Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation or modification of their rights.

Secondary Market

No guarantee can be made that a secondary market for the 2008 Bonds will be maintained by the Underwriter or others. Owners of 2008 Bonds should be prepared to hold their 2008 Bonds to maturity.

(v) additional material restrictions not in force as of the date hereof shall have been imposed upon trading in securities generally by any governmental authority or by any national securities exchange which restrictions materially adversely affect the Underwriter's ability to trade the Bonds; or

(vii) the United States has become engaged in hostilities or there has occurred any other outbreak of hostilities or a national or international calamity or crisis, or there has occurred any escalation of existing hostilities, calamity or crisis, financial or otherwise, the effect of which on the financial markets of the United States being such as, in the reasonable opinion of the Underwriter, would affect materially and adversely the ability of the Underwriter to market the Bonds at the prices or yields set forth in Exhibit A; or

(viii) any rating of bonds of the City or the Agency have been downgraded, suspended or withdrawn by a national rating service, which, in the Underwriter's reasonable opinion, materially adversely affects the marketability or market price of the Bonds; or

(ix) the commencement of any action, suit or proceeding described in paragraph (g) of Section 5 hereof which, in the judgment of the Underwriter, materially adversely affects the market price of the Bonds; or

THE AGENCY

General

Pursuant to the Act, the legislative body of a city is authorized to adopt a resolution creating a redevelopment agency to function within the city. In addition, all rights, powers, duties, privileges and immunities vested by the Act in a redevelopment agency may be vested in the legislative body of the city. The Agency was activated in November 1985 by a resolution adopted by the City Council pursuant to the Act and currently is operating pursuant to the Redevelopment Plan, which has been amended several times since its inception. The Redevelopment Area currently encompasses approximately 3,948 acres in the heart of the City, approximately 4.6% of the existing incorporated area in the City. The Agency is responsible for redeveloping and eliminating blighted areas of the City. The City Council serves as the governing body of the Agency. Many City staff members serve the Agency in various capacities. The City Manager serves as Executive Director.

The Agency may exercise certain governmental functions and authority to accomplish its purposes, including, but not limited to, the right to issue bonds or notes and the right to acquire, sell, rehabilitate, develop, administer or lease property in accordance with the Act. The Agency may demolish buildings, clear land, and cause to be constructed certain improvements including streets, sidewalks and utilities, and can further prepare for use as a building site any real property which it owns or administers.

The Agency may, from any funds made available to it for such purposes, pay for all or part of the value of land and the cost of buildings, facilities, or other improvements to be publicly owned and operated and maintained, provided that such improvements are of benefit to a redevelopment project area and cannot be financed by any other reasonable method. Subject to certain limited exceptions specified in the Act, the Agency may not construct or develop buildings, with the exception of public buildings, and must sell or lease cleared property which it acquires within a redevelopment project area for redevelopment in conformity with a particular redevelopment plan, and may further specify a period within which such redevelopment must begin and be completed.

Governing Body

All powers of the Agency are vested in its seven officers who are the Mayor and the elected members of the City Council. Pursuant to the Act, the Agency is a separate public body and exercises governmental functions in planning and implementing redevelopment projects and activities within the Redevelopment Area. The seven officers of the Agency and the expiration date of their terms are as follows:

<u>Name</u>	<u>Represented Area</u>	<u>Principal Occupation</u>	<u>Length of Service</u>	<u>Term Expires</u>
Oscar B. Goodman, Mayor and Chairman of the Board	At Large	Attorney	9 5 years	06/11
Gary Reese, Vice Chairman	Ward 3	Public Service	13 0 years	06/11
Larry Brown	Ward 4	Attorney	11.0 years	06/09
Steven Wolfson	Ward 2	Barber Shop Owner/Operator	4 years	06/09
Lois Tarkanian	Ward 1	Public Service	3.5 years	06/11
Steven D. Ross	Ward 6	Public Service	3.0 years	06/11
Ricki Y. Barlow	Ward 5	Electrical Contractor	1.0 year	06/09

Conflicts of Interest

Certain members of the governing body and the Agency staff have in the past and may in the future have conflicts of interest from time to time, particularly related to the ownership of property within the Redevelopment Area or other matters. Agency policy requires that members with such conflicts declare their conflict and abstain from voting on matters related thereto.

Staff

Professional City staff members and certain other elected City officials serve the Agency in various capacities. The following officers are currently serving in their designated roles:

<u>Name</u>	<u>Agency Position/City Position</u>
Douglas A. Selby	Executive Director/City Manager
Bradford R. Jerbic	General Counsel/City Attorney
Mark R. Vincent	Finance Officer/City Finance Director
Beverly Bridges	Secretary/City Clerk

The Agency does not have any employees. Rather, the City employs 28 full-time employees who work full time on Agency projects. Approximately 35.7% of those employees are members of the City Employee Association, an independent labor organization for "classified" employees, as determined by the City's Civil Service Board. Pursuant to the Cooperation Agreement (described below), the Agency reimburses the City for salaries and benefits for the employees working on Agency matters. According to the Agency's Finance Officer, the state of employee relations is good. Cooperative Agreements with the City

To assist the Agency in the rehabilitation and redevelopment of areas within the Redevelopment Area and to facilitate the implementation of the Redevelopment Plan, the Agency and the City enter into cooperative agreements from time to time. The only cooperative agreement currently in effect is the Cooperation Agreement.

In the Cooperation Agreement dated December 4, 1985, as amended by the 1995 Amendment to Cooperation Agreement dated as of June 1, 1995 (the "Cooperation Agreement"), the City agrees to provide to the Agency staff, assistance, supplies and technical services as the Agency may require. In addition, the City may advance funds to the Agency for the preparation and implementation of a redevelopment plan, including the cost of surveys, planning and studies for the adoption of a redevelopment plan. As authorized by law, the Agency agrees in the

Cooperation Agreement to reimburse the City for all costs incurred for services performed by the City pursuant to the Cooperation Agreement, to the extent that funds are available to do so. The obligation of the Agency to reimburse the City under the Cooperation Agreement constitute an indebtedness of the Agency, to be repaid to the City by the Agency with interest at the rate of twelve percent (12%) per annum. However, the Agency's reimbursement obligations are subordinate to the Agency's obligation to pay debt service on any bonds issued by the Agency (including the 2008 Bonds). No amounts currently are outstanding under the Cooperation Agreement.

The Agency and the City may enter into other cooperative agreements in the future, including any Disposition and Development Agreements to which the Agency is a party or which are entered into by the Agency in the future.

Budget Process

The Agency adopts its annual budget in compliance with State law. By the first Tuesday in February of each year, the Agency staff submits appropriation requests to the City's budget and finance division for preparation of an Agency budget to be effective the following July 1. The budget is prepared by fund, function and activity and includes information on the prior fiscal year, current year estimates and requested appropriations for the next fiscal year. The Agency Board approves annual appropriated budgets by expenditure category; however, expenditures for all governmental fund types are controlled at the function level as required by law. A tentative budget is submitted to the State Department of Taxation by April 15 of each year. A public hearing is required to be held on the third Tuesday of May and the final budget must be adopted by the Agency Board and filed with the Department of Taxation by June 1 of each year.

Financial Statements

General. The Agency maintains its financial records on a fiscal year basis (July 1 through the following June 30) and utilizes the full accrual method of accounting. Under this method, expenditures are generally recorded when liabilities are incurred and revenues are generally recorded when received in cash unless susceptible to accrual that is measurable and available to finance the Agency's operations. See Note 1 in the audited financial statements attached to this Official Statement as Appendix A for a description of the Agency's significant accounting policies.

The Agency is a component unit of the City for accounting purposes; however, the Agency's Finance Officer prepares a comprehensive annual financial report for the Agency setting forth the financial condition of the Agency on June 30 of each fiscal year. The latest completed report is for the fiscal year ended June 30, 2007 (see Appendix A). The comprehensive annual financial report is the official financial report of the Agency. It was prepared following generally accepted accounting principles.

Management's Discussion and Analysis. As required by GASB 34, an overview of the financial activity and overall financial condition of the Agency is presented in the City of Las Vegas Redevelopment Agency Management's Discussion and Analysis for fiscal year ended June 30, 2007, included in Appendix A. The Agency is not aware of any material adverse change in the Agency's financial condition since June 30, 2007.

Outstanding Agency Obligations

The following table presents the outstanding obligations of the Agency as of September 1, 2008 (assuming issuance of the 2008 Bonds). For purposes of this table, the 1995A Bonds and the 1995B Bonds are treated as no longer outstanding. The Agency has escrowed funds for the retirement of the 1995A Bonds and the 1995B Bonds; they will be called for redemption on September 15, 2008.

Other Agency Obligations

Disposition and Development Agreements. In order to provide for the redevelopment of Agency-owned land within the Redevelopment Area, the Agency routinely enters into Disposition and Development Agreements (“DDAs”) with developers. The DDAs set forth the obligations of the developer with respect to projects (including the obtaining of financing and permits, among other items) and set timelines for various stages of development. The DDAs also impose responsibilities on the Agency, including in certain cases, the provision of financial assistance for public portions of projects or the conveyance of land to developers. The Agency currently is a party to three DDAs and one Master Development Agreement that obligate it to transfer land to developers and/or provide financing for public projects. The Agency owns additional land in the Project Area. Accordingly, in addition to the DDAs discussed below, the Agency expects to enter into new DDAs with developers in the future.

The Agency entered into a DDA dated January 22, 2003 with City Parkway IV-A, Inc. and PH GSA LLC (the “PH GSA DDA”) with respect to the Molasky Corporate Center. Pursuant to the PH GSA DDA, the developer is required, in phases, to acquire portions of a 5.1 acre site from City Parkway IV-A, Inc. (“CPY”) through grant and sale and develop that site. As part of phase 1, the developer constructed a four-story IRS office building with approximately 85,000 square feet (which was completed in December 2004) and a parking structure. Phase 2 included the construction of a 285,000 square-foot LEED-certified office building. The PH GSA also provides for certain leases between the developer, CPY, and other parties. The Agency is obligated to issue notes to the developer to reimburse certain hard and soft costs incurred by the developer (see below). The PH GSA DDA provides for termination of the agreement by the

* Subject to change.

parties upon certain events of default; other legal and equitable remedies are also provided for in the agreement.

The Agency also has entered into a DDA dated as of April 18, 2001, with WLVD, LLC (the "WLVD DDA") with respect to the Edmond Town Center. Pursuant to the WLVD DDA, the Agency conveyed a property site to the developer and the developer constructed a shopping and retail center including a parking lot and internal traffic circulation system. The WLVD DDA provides for termination of the agreement by either party upon certain events of default by the other; other remedies at law (including the right of the Agency to demand return of the site) are also provided for in the agreement.

The Agency also has entered into a DDA dated as of January 9, 2008 (the "Heritage DDA"), with Heritage-Nevada VII, LLC and City Parkway V, Inc., a Nevada non-profit company ("CPV") with respect to development of the World Jewelry Center in Union Park. See "THE REDEVELOPMENT AREA--Projects in the Redevelopment Area - Future Projects--Union Park." Pursuant to the Heritage DDA, the developer is to acquire the 5.84-acre site from CPV and develop the World Jewelry Center, an approximately 1.35 million square-foot project consisting of an office and residential tower that is planned to include approximately 815,229 square feet of office and 139,052 square feet of residential condominiums, a conference center, private club and related amenities. The World Jewelry Center also is planned to include 225,000 square feet of space to house various stores, restaurants and related services, as well as a parking structure.

The Agency has entered into a Master Development Agreement, dated as of May 21, 2008, with various non-profit companies and LiveWork, LLC and other parties (the "LiveWork MDA"). The Agency currently is negotiating numerous transaction documents for a three-tiered transaction pursuant to which LiveWork, LLC (Forest City Enterprises, Mitchell Holdings, LLC, and Barnet Liberman) would develop a new City Hall complex, a 1,000-room hotel-casino complex, and an Office and Civic Headquarters complex (Block Project), a five block development proposed to include a new headquarters for the Regional Transportation Commission, a transportation hub, and up to 1 million square feet of office with ground floor retail. The purpose of the LiveWork MDA is to pursue the feasibility of the projects described above and to establish the framework for negotiating various agreements needed to complete the projects, including: the purchase of various parcels from a non-profit corporation for development of the hotel-casino complex; the possible development (and related leases and subleases) of the City Hall Complex on the current Queen of Hearts hotel-casino property; and a property exchange agreement between the City and the developer to provide for construction of the new City Hall Complex.

The DDAs and the associated projects described above may not be completed, the project descriptions may change in the future and/or the projects may not be completed for a variety of reasons, including the inability of the private developers to obtain financing. In addition to the agreements described above, the Agency has received an application from The View, a residential project originally planned as condominiums but now expected to contain rental units.

Owner Participation Agreements. The Agency routinely enters into Owner Participation Agreements ("OPAs") with private developers in order to provide tax increment rebates with respect to projects (accomplished through the issuance of Developer Notes as

described below); performance by the developer is a prerequisite to issuance of a Developer Note. The OPAs set forth certain terms and conditions pursuant to which the Agency will reimburse the developers with a portion of the tax increment generated by the project to be developed. Generally, each OPA provides for the issuance of "special limited obligation tax increment revenue developer notes" ("Developer Notes") in amounts equal to the Qualified Expenditures (as defined in each agreement) for the project. Regardless of the actual amount of Qualified Expenditures, the amount of the Developer Note for each project may not exceed the "Available Accrued Taxes" as defined in each OPA. The Agency agrees to issue the Developer Notes within 60 days after the Developer satisfies certain conditions set forth in each OPA (including a determination by the Agency that the development plans are in compliance with the applicable development agreement, City approval of the plans, and issuance of a Certificate of Completion by the Agency); provided, however, that Developer Notes will be issued only between March 15 and June 30 of each year. The OPAs provide for alternative interest rates based on whether or not the Developer Notes are subject to federal income taxation. Generally, tax-exempt Developer Notes bear interest at a rate equal to the Bond Buyer 20-Bond Index published nearest to the date of issuance of the notes (the "Index") and taxable Developer Notes bear interest at 300 basis points above the Index rate.

In all cases, the OPAs provide that the Agency's obligations to pay the Developer Notes is subordinate to the repayment of all pre-existing bonds and, upon satisfaction of the test described in "SECURITY FOR THE BONDS--Additional Obligations - Other Limitations on Issuance of Additional Parity Bonds and Additional Housing Bonds," the Agency's obligations to pay the Developer Notes also will be subordinate to Agency bonds or other obligations issued after issuance of the applicable Developer Note. In addition, on the maturity date of the Developer Notes, all unpaid principal and interest is abated to the extent that Available Accrued Taxes are insufficient to pay any amounts owed.

Existing Developer Notes. The following is a summary of the Developer Notes issued pursuant to the Agency's current OPAs. In addition to the OPAs discussed below, the Agency expects to enter into new OPAs with developers in the future.

World Market Center. Pursuant to an OPA between the Agency and World Market Center, LLC (the "World Market OPA"), the Agency issued a Developer Note dated June 30, 2005 (WM #1), in the maximum principal amount of \$1,696,622, maturing on June 30, 2025, and bearing interest at an annual rate of 8.04%. The Agency has calculated a maximum annual payment of \$173,706 for WM #1. Pursuant to the World Market OPA, the Agency issued a second Developer Note dated June 30, 2006 (WM #2), in the maximum principal amount of \$8,725,545, maturing on June 30, 2025, and bearing interest at an annual rate of 8.04%. The Agency has calculated a maximum annual payment of \$890,977 for WM #2. The Agency currently is paying interest on WM #1, then interest on WM#2 before applying any amounts toward the principal of the two notes; during fiscal year 2008, the Agency paid \$353,825 on WM #1 and WM #2 combined. The Agency has issued a third Developer Note for Phase 2 of the World Market Center project (WM #3) ; that Developer Note is dated June 18, 2008, has a maximum principal amount of \$14,268,157, matures on June 30, 2025, and bears interest at the annual rate of 7.90%. The Agency has calculated a maximum annual payment of \$1,511,897 for WM #3; during fiscal year 2008, the Agency paid \$595,496. "Available Accrued Taxes" in the World Market OPA means 50% of the tax increment paid in connection with the project based on the 2002-03 assessed value of the property (less the applicable housing set aside-currently 18%).

The developer has completed phase 3 of the Word Market Center, but has not yet requested the issuance of a Developer Note with respect to phase 3. The Agency currently expects that the developer will request issuance of a Developer Note in March 2009; however, it is not certain when the developer actually will request such an issuance. The Agency anticipates that the amount of the Developer Note, if requested, could be issued in a maximum amount of up to \$12 million

PS GSA Office Buildings. Pursuant to an OPA between the Agency and PH GSA LLC (the "PH GSA OPA") entered into on January 23, 2003, the Agency issued a Developer Note in the principal amount of \$995,510 (the "PSGSA") maturing on June 30, 2026, and bearing interest at an annual rate of 7%. The Agency has calculated a maximum annual payment of \$93,960 for PSGSA; during fiscal year 2008, the Agency paid \$36,403. "Available Accrued Taxes" in the PH GSA OPA means 50% of the tax increment paid in connection with the project based on the 2003-2004 assessed value of the property (less the applicable % housing set aside).

Chelsea Premium Outlet Stores. Pursuant to an OPA between the Agency and Simon/Chelsea Las Vegas Development, LLC (the "Simon Chelsea OPA") entered into on June 9, 2002, the Agency has issued a Developer Note dated June 30, 2004, in the principal amount of \$1,837,360 ("Chelsea #1"), which matures on March 5, 2016, and bears interest at an annual rate of 7%. The Agency has calculated a maximum annual payment of \$219,842 for Chelsea #1. The Agency has issued an additional Developer Note dated June 18, 2008 ("Chelsea #2"), in the principal amount of \$756,095, maturing on June 30, 2016, and bearing interest at an annual rate of 7%. The Agency has calculated a maximum annual payment of \$126,622 for Chelsea #2. The Agency currently is paying interest on Chelsea #1, then interest on Chelsea #2 before applying any amounts toward the principal of the two notes; during fiscal year 2008, the Agency paid \$149,781 on Chelsea #1 and Chelsea #2 combined. "Available Accrued Taxes" in the Simon Chelsea OPA means 50% of the tax increment paid in connection with the project based on the 2002-03 assessed value of the property (less the applicable housing set aside-currently 18%).

Allure Condos, Phase 1. Pursuant to an OPA between the Agency and SP Sahara Development, LLC (the "Sahara OPA") entered into on June 15, 2005, the Agency has issued a Developer Note dated June 30, 2008, in the maximum principal amount of \$20,912,094 (the "Allure Note"). The Allure Note matures on June 30, 2027, and bears interest at an annual rate equal to 7.90%. "Available Accrued Taxes" in the Sahara OPA means 50% of the tax increment paid in connection with the project based on the 2005-2006 assessed value of the property (less the applicable housing set aside-currently 18%). The Agency has calculated a maximum annual payment of \$2,114,117 for the Allure Note, during fiscal year 2008, the Agency paid \$300,418.

Other OPAs. The following paragraphs describe additional OPAs to which the Agency is a party; no Developer Notes have been issued pursuant to these agreements.

REI. In June 2007, the Agency entered into an OPA with REI NEON, LLC (the "REI OPA"). The Agency has not yet issued any Developer Notes pursuant to this OPA; at this time the future of the project is uncertain and the Agency is not able to predict when or if a Developer Note will be issued. If a Developer Note is issued, it will mature on the earlier of (i) 20 years after issuance or (ii) March 5, 2031. "Available Accrued Taxes" in the REI OPA

means either 50% or 81% of the tax increment paid in connection with the project based on the 2007-08 assessed value of the property (less the 18% housing set aside), depending on the category of improvements for which the Developer Notes are being issued.

Buy-Low Market. Pursuant to an OPA between the Agency and Buy-Low Market Inc. (the "Buy-Low OPA") entered into on June 18, 2008, the Agency will offer up to \$900,000 in grant funds to the participant for making certain tenant improvements to a grocery store site which the participant must continue to operate as a grocery store. \$200,000 of the grant funds are intended to reimburse the participant for qualifying equipment purchase; the remaining \$700,000 is intended to reimburse the participant construction of certain grocery store tenant improvements and will be paid in increments of \$100,000 (or a lesser amount depending on the cost of improvements) over seven years. The participant also is eligible for reimbursement of up to \$50,000 for qualifying façade work pursuant to the Agency's Visual Improvement Program (see "THE REDEVELOPMENT AREA--Agency Programs"). The Buy-Low OPA does not provide for the issuance of Developer Notes. Amounts required to be paid under this agreement must be reimbursed by the Agency to the developer in each year in which qualifying expenditures occur.

World Jewelry Center. The Agency has entered into an OPA dated as of January 9, 2008, with Heritage-Nevada VIII, LLC (the "Heritage OPA"). The Agency has not yet issued any Developer Notes pursuant to this OPA. The World Jewelry Center is a component of the Union Park Project (discussed in more detail in "THE REDEVELOPMENT AREA--Projects in the Redevelopment Area - Future Projects--Union Park") and construction currently is expected to begin in the fall of 2009. No Developer Note will be issued until completion of the Project. If a Developer Note is issued, it will mature on the earlier of (i) 20 years after issuance or (ii) March 5, 2031. "Available Accrued Taxes" in the Heritage OPA means the product of 61% multiplied by the "Agency Share of Real Estate Taxes." The Agency Share of Real Estate Taxes equals ad valorem real estate taxes paid in connection with the World Jewelry Center (the "Real Estate Taxes"), minus each of the following: (a) the portion of taxes required to be set aside to provide low income housing (i.e., the 18% Housing Set-Aside); (b) the Real Estate Taxes paid on the then-current tax rate applied against the fiscal year 2007-08 assessed value of the property on which the project is located, if any; (c) the Real Estate Taxes paid with respect to the project that is attributable to a tax rate levied by a taxing agency to produce revenues in an amount sufficient to make annual repayments of the principal of and interest on any bonded indebtedness approved by the voters on or after November 5, 1996 as provided in NRS 279.676(1)(d); and (e) an other portion of the Real Estate Taxes paid with respect to the project which is not transferred to the Agency under NRS 279.676.

LiveWork. Pursuant to the LiveWork MDA described above, the Agency agrees to enter into an OPA with the LiveWork developer. The OPA has not yet been executed. However, the Agency currently expects that the OPA will include an agreement to enter into a Developer Note to rebate all Available Accrued Taxes (100% of the received taxes, less the 18% Housing set-aside) generated by the Block Project. The total value of the Block Project is currently projected at \$700M. Therefore, the Block Project would not result in any new tax increment to the Agency, except for the 18% Housing Set-Aside. Although the LiveWork OPA has not yet been finalized, it is expected that it will contain a requirement that the rebate provisions be subordinate to the payment of debt service on the Agency's existing and future bonds.

Other Agreements. The Agency is a party to numerous other agreements. Included in these agreements are various leases for parking spaces in downtown parking facilities from various private parties.

THE REDEVELOPMENT AREA

General

As presently constituted, the Redevelopment Area encompasses approximately 3,948 acres of land, consisting of all of downtown Las Vegas and certain surrounding areas. Included within the Redevelopment Area is the central business district of the City, which includes hotel/casinos, low-, mid- and high-rise office buildings, governmental buildings, community retail centers and residential areas, as well as the bulk of the industrial land within the City. The population of the Redevelopment Area is currently estimated to be approximately 30,928, or approximately 5% of the total population of the City.

Land Use in the Redevelopment Area

The land use in the Redevelopment Area is varied, consisting of residential, industrial, commercial and other (governmental uses, industrial uses, vacant land and miscellaneous). The current land use (by number of parcels and assessed valuation) is primarily commercial.

The following table, derived from the Fiscal Consultant's Report, illustrates the current land use in the Redevelopment Area. Also see Appendix G. The information in the table was summarized by KMA based upon the March segregation report provided by the County Assessor's office. Acreage information was provided by the City's Information Technology Department.

Agency Programs

The Agency offers various incentive programs to assist in attracting new retail, office and industrial businesses to downtown Las Vegas. These incentive programs include:

- (i) Tax increment financing rebates for qualified expenditures through the issuance of Developer Notes (see "AGENCY DEBT STRUCTURE--Other Agency Obligations - Owner Participation Agreements").
- (ii) The Fast Track program, pursuant to which the Agency staff assists businesses with expedited entitlements and permitting and provides information on State incentives for job creation. During 2007, the Agency assisted 97 property owners and developers through Fast Track.

(iii) Visual Improvement Programs, which aid in the upgrading of commercial or industrial properties by offering matching grants for qualified exterior improvement costs to upgrade building appearance and for bringing businesses up to code. Qualified improvements include including signs, building facades, permanent landscaping, parking facilities, and other improvements.

At the end of fiscal year 2007, the Agency also implemented a retail attraction program called "Retail Downtown Las Vegas." The initiative is intended to attract and retain high-quality retailers by sharing information on downtown commercial opportunities, available business incentives and up-to-date market data. It includes the following elements: (i) recommending City programs and incentives to encourage retailers to enter the downtown market; (ii) providing property owners and tenants within the Redevelopment Area with expedited assistance for tenant improvements and development; (iii) addressing social issues such as crime and transportation; (iv) identifying existing retail trade areas, anchor tenants and tenant mixes that provide the highest and best uses for ground-floor commercial, office and downtown residential spaces; (v) creating programs to avoid redundant and undesired uses; and (vi) requiring that existing store-front retail within the Redevelopment Area be merchandised or covered with uniform, design-consistent window dressing.

Projects in the Redevelopment Area

Completed Projects. The following table presents a summary of certain redevelopment projects completed within the Redevelopment Area since 2002. Although the Agency has provided assistance to certain of these projects (including assembly of land or other financial assistance), it is not responsible for their ongoing operation and makes no guarantee as to the financial viability or continued operation of any of the projects.

In addition to the projects listed below, from 2005 to date in 2008, approximately \$36.2 million in Commercial Visual Improvement Program (façade improvements) have been approved by the Agency. The total value of Agency participation for these approved visual improvement projects is approximately \$1.5 million; the private participation is approximately \$34.6 million.

Source. The Agency

Planned Projects. There are several projects currently under construction in the Redevelopment Area. These projects are expected to increase future tax increment revenue. See the Fiscal Consultant's Report attached hereto as Appendix G. Although the Agency has provided assistance to certain of these projects (including assembly of land and other financial assistance), the Agency is not responsible for completion of construction or ongoing operation and makes no guarantee as to the financial viability of any of the projects. Further, there is no guarantee that all of the projects discussed below will be completed, will be completed as currently planned or that their size or characteristics will not be changed over time. Completion of these projects generally is in the hands of individual developers and is beyond the control of the Agency.

Commercial projects currently under construction (or substantially completed) include: relocation of Bank of America's MLK branch; the Cox Communication Regional Headquarters; the El Cortez Cabana Suites; the construction of a Golden Nugget expansion and new hotel tower; the Las Vegas Corporate Center, and the World Market Center Phase 3.

Residential projects currently under construction (or substantially completed) include: the Allure (428 high-rise condominium units); juhl Las Vegas (354 residential units in six mid-rise buildings); Streamline Tower (275 condominium units); Newport Lofts (168 loft-style units); Soho Lofts (120 units); Urban Lofts Townhomes (101 units in two locations).

In addition, the Agency is nearing completion on the renovation of The Fifth Street School, a historic school building revitalized as the home to an assortment of local arts and architectural organizations, including: the University of Nevada Las Vegas Fine Arts Program including the Downtown Design Center for the School of Architecture; the Nevada School of the

Arts (a music education organization); the American Institute of Architects; and the City's Cultural Affairs Division.

Future Projects. Numerous projects have been proposed for construction or development within the Redevelopment Area. The following paragraphs provide a description of several of those projects. There is no guarantee that all of the projects discussed below will be completed, will be completed as currently planned or that their size or characteristics will not be changed over time. Completion of these projects generally is in the hands of individual developers and is beyond the control of the Agency. Factors such as the housing market, availability of construction financing, availability of mortgage financing, need for additional retail space, planned configuration of retail space, and other factors may cause the developers to determine not to proceed with any of these projects or to proceed with projects with materially different size or other characteristics. See "CERTAIN RISK FACTORS."

Union Park. Union Park is planned as a 61-acre mixed-use urban community located in the heart of downtown Las Vegas. The Union Park project is being master planned by the City and Newland Communities, LLC, which also is acting as development manager overseeing day-to-day development. Union Park is located in downtown Las Vegas, east of I-15 and north of Charleston Boulevard. The site is bordered on the east by the Union Pacific Railroad tracks and on the west and north by Grand Central Parkway and Bonneville Avenue.

The Union Park development is planned as a pedestrian-oriented, mixed-use urban center divided into four districts: the civic district, including the two-acre Symphony Park, the Smith Center for the Performing Arts (described below), and future arts-related venues; the specialty district, including hospitality uses, specialty retail, hotel and entertainment uses; the residential district, containing a variety of "urban neighborhood" housing types, including apartments, condominiums, street-level brownstones, walk-ups and mid-rise use with first level retail; and the medical/office district, anchored by the Lou Ruvo Brain Institute and containing office and clinic space to support medical and general uses. Union Park currently is planned to encompass approximately 10-11 million square feet ("s.f."). Currently planned components include: approximately 1.9 million s.f. of office/medical uses; 5.2 million s.f. of residential uses (approximately 3,200 units); 675,000 s.f. contained in two non-gaming hotels; one gaming hotel/casino (approximately 975,000 s.f. of hotel space and 60,000 to 100,000 s.f. of casino space); and 475,000 s.f. of retail.

Union Park also is planned to contain the 67,000 s.f. Lou Ruvo Brain Institute, a Frank Gehry-designed facility dedicated to research and treatment of neurodegenerative diseases like Alzheimer's, Huntington's, Parkinson's and ALS. The Las Vegas Performing Arts Center Foundation also is expected to construct the Smith Center for the Performing Arts to house the Nevada Ballet Theatre, the Las Vegas Philharmonic, Broadway shows and other touring productions. Union Park also is planned to include: the World Jewelry Center, containing approximately 2 million s.f. of mixed-use tower office space with a primary focus on the international gem trade; the Charlie Palmer Hotel, containing 400 suites and rooms, a spa and pool and a signature Charlie Palmer restaurant; and a hotel/casino to be developed by Forest City, a publicly traded real estate company. The Agency also expects to solicit additional requests for proposals for development other parcels in Union Park.

The Union Park master developer (Newland Communities LLC) is the largest privately owned national real estate developer involved in residential and master-planned community development nationwide with offices in more than 20 U.S. cities. The developer currently holds entitled land for more than 80,000 single-family residences and 15,000 multi-family residences and has over 40 developments underway in 14 states.

Union Park Phase 1 improvements began construction early in 2008. The proceeds of the 2008AB Bonds are expected to be used to pay a portion of the public infrastructure costs for Phases 2 and 3. See "SOURCES AND USES OF FUNDS--The Redevelopment Project." Certain other required improvements (including electric, natural gas, and telecommunications infrastructure and any required remediation of privately owned sites) are expected to be financed with land sale proceeds.

LiveWork/Forest City. LiveWork/Forest City project is planned as a five block development proposed to include: a transportation hub anchored by a new headquarters for the Regional Transportation Commission; a new, 300,000 s.f., City Hall; and approximately one million s.f. of office space with ground floor retail. See "AGENCY DEBT STRUCTURE--Other Agency Obligations -Disposition and Development Agreements.

CIM. The CIM project includes the revitalization of the City's downtown casino district, including the restoration and renovation of the Lady Luck Hotel and Casino with a renovated casino and a 700-room hotel tower, approximately 200,000 to 300,000 square feet of retail space and other amenities. The CIM project also is expected to surround the Lady Luck with entertainment venues intended to connect the area with Fremont Street and may include an additional tower, the use of which has not yet been determined. The CIM project is expected to surround the POST Modern Museum to be constructed by the Agency. See "SOURCES AND USES OF FUNDS--The Redevelopment Project."

Old City Hall Site. Once the new City Hall is completed, the Agency expects to demolish the existing city hall and offer its 7-acre site for redevelopment, together with an additional 12 acres the Agency has assembled east of Las Vegas Boulevard. The site would be located at the northern gateway into downtown Las Vegas along the Strip. The Agency has not yet made any final determinations as to the anticipated use for the site; however, the Agency expects that the site would be suitable for new mixed use development, an arena or sports venue, a casino-hotel, or other entertainment venues.

The Redevelopment Plan

The three principal goals of the Redevelopment Plan are (i) to diversify the downtown area's economy by attracting corporate and other offices to the area; (ii) to create an urban market place environment that will attract City residents back to the downtown area as a place for shopping, dining, and recreation; and (iii) to attract more tourists and visitors to the downtown area and to keep them there longer.

The specific objectives of the Redevelopment Plan are:

(1) To eliminate and prevent the spread of blight and deterioration and the conservation, rehabilitation and redevelopment of the Redevelopment Area in accord with the Master Plan, the Redevelopment Plan and local codes and ordinances. (2) To assemble land into

parcels suitable for modern, integrated development and allow for improved pedestrian and vehicular circulation in the Redevelopment Area.

(2) To achieve an environment reflecting a high level of concern for architectural, landscape and urban design and land use principles appropriate for attainment of the objectives of the Redevelopment Plan.

(3) To minimize unplanned growth by guiding revitalization activities and new development in such fashion as to meet the needs of the Redevelopment Area, the City and its citizens.

(4) To retain existing businesses by means of redevelopment and rehabilitation activities and by encouraging cooperation and participation of owners, businesses and public agencies in the revitalization of the Redevelopment Plan.

(5) To encourage investment by the private sector in the development and redevelopment of the Redevelopment Area by eliminating impediments to such development and redevelopment.

(6) To encourage maximum participation of residents, businesspersons, property owners, and community organizations in the redevelopment of the Redevelopment Area.

(7) To replan, redesign and develop areas which are stagnant or improperly used.

(8) To insure adequate utility capacity to accommodate redevelopment and new development.

Redevelopment of the Redevelopment Area pursuant to the Plan and the goals and objectives described above are intended to attain the purposes of the Act by:

(a) elimination of areas suffering from economic dislocation and disuse in affected areas;

(b) replanning, redesign and/or redevelopment of areas which are stagnant or improperly utilized, in ways which could not be accomplished solely by private enterprise without public participation and assistance;

(c) protection and promotion of sound development and redevelopment of blighted areas and the general welfare of the citizens of the City by remedying such injurious conditions through the employment of appropriate means;

(d) installation of new, or replacement of existing public improvements, facilities and utilities in areas which are currently inadequately served with regard to such improvements, facilities and utilities; and

(e) other means as determined appropriate.

The Redevelopment Area has been designated a blighted area under the Act and it is intended that the Agency undertake various activities to cause the elimination of blight and blighting influences while providing for the development and redevelopment of the entire Redevelopment Area in conformance with the Redevelopment Plan. In order to accomplish this, the Redevelopment Plan provides the Agency with a variety of powers. As permitted by the Act, these powers include the authority to acquire and convey land, the power of eminent domain, the authority to set design standards and approve development projects and the authority to construct infrastructure as well as other public facilities.

LEGAL MATTERS

Litigation

There is no action, suit, proceeding or investigation at law or in equity pending or, to the Agency's knowledge, threatened in any way to restrain or enjoin the authorization, issuance, execution or delivery of the 2008 Bonds, or the pledge or collection of the Pledged Revenues or the payments to be made pursuant to the 2008 Indentures, or in any way contesting the validity of the 2008 Bonds, the Indenture, or any proceedings of the Agency with respect thereto.

Sovereign Immunity

Pursuant to State statute (NRS Section 41.035), an award for damages in an action sounding in tort against the Agency may not include any amount as exemplary or punitive damages and is limited to \$75,000 per cause of action (that amount increased from \$50,000 effective October 1, 2007). The limit will increase to \$100,000 effective October 1, 2011. The increase in the limitation will have the effect of increasing the liability insurance costs for the Agency. The limitation does not apply to federal actions brought under federal law such as civil rights actions under 42 U.S.C. Section 1983 and actions under The Americans with Disabilities Act of 1990 (P.L. 101-336), or to actions in other states.

Police Power

The obligations of the Agency are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power and powers of taxation inherent in the sovereignty of the State, and to the exercise by the United States of the powers delegated to it by the Federal Constitution.

Approval of Certain Legal Proceedings

The approving opinions of Swendseid & Stern, a member in Sherman & Howard L.L.C., as Bond Counsel, will be delivered with each series of the 2008 Bonds. Forms of the Bond Counsel opinions are attached to this Official Statement as Appendix C. Each opinion will include a statement that the obligations of the Agency are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers delegated to it by the federal constitution, including bankruptcy. Swendseid & Stern, a member in Sherman & Howard L.L.C. has also acted as Special Counsel to the Agency in connection with this Official Statement. The City Attorney, acting as Agency Counsel, will pass upon certain legal matters for the Agency.

TAX MATTERS

Federal Tax Matters

2008A Bonds. In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described below, interest on the 2008A Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2008A Bonds (the "Tax Code"), and interest on the 2008A Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the "adjusted current earnings" adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations as described below. For purposes of this paragraph and the succeeding discussion, "interest" includes the original issue discount on certain of the 2008A Bonds only to the extent such original issue discount is accrued as described herein.

The Tax Code imposes several requirements which must be met with respect to the 2008A Bonds in order for the interest thereon to be excluded from gross income and alternative minimum taxable income (except to the extent of the aforementioned adjustment applicable to corporations). Certain of these requirements must be met on a continuous basis throughout the term of the 2008A Bonds. These requirements include: (a) limitations as to the use of proceeds of the 2008A Bonds; (b) limitations on the extent to which proceeds of the 2008A Bonds may be invested in higher yielding investments; and (c) a provision, subject to certain limited exceptions, that requires all investment earnings on the proceeds of the 2008A Bonds above the yield on the 2008A Bonds to be paid to the United States Treasury. The Agency will covenant and represent in each of the 2008 Indentures that it will take all steps to comply with the requirements of the Tax Code to the extent necessary to maintain the exclusion of interest on the applicable series of 2008A Bonds from gross income and alternative minimum taxable income (except to the extent of the aforementioned adjustment applicable to corporations) under such federal income tax laws. Bond Counsel's opinion as to the exclusion of interest on the 2008A Bonds from gross income and alternative minimum taxable income (to the extent described above) is rendered in reliance on these covenants, and assumes continuous compliance therewith. The failure or inability of the Agency to comply with these requirements could cause the interest on the 2008A Bonds to be included in gross income, alternative minimum taxable income or both from the date of issuance. Bond Counsel's opinion also is rendered in reliance upon certifications of the Agency and other certifications furnished to Bond Counsel. Bond Counsel has not undertaken to verify such certifications by independent investigation.

Section 55 of the Tax Code contains a 20% alternative minimum tax on the alternative minimum taxable income of corporations. Under the Tax Code, 75% of the excess of a corporation's "adjusted current earnings" over the corporation's alternative minimum taxable income (determined without regard to this adjustment and the alternative minimum tax net operating loss deduction) is included in the corporation's alternative minimum taxable income for purposes of the alternative minimum tax applicable to the corporation. "Adjusted current earnings" includes interest on the 2008A Bonds.

With respect to 2008A Bonds that were sold in the initial offering at a discount (the "Discount Bonds"), the difference between the stated redemption price of the Discount

Bonds at maturity and the initial offering price of those bonds to the public (as defined in Section 1273 of the Tax Code) will be treated as "original issue discount" for federal income tax purposes and will, to the extent accrued as described below, constitute interest which is excluded from gross income and alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs. The original issue discount on the Discount Bonds is treated as accruing over the respective terms of such Discount Bonds on the basis of a constant interest rate compounded at the end of each six-month period (or shorter period from the date of original issue) ending on June 15 and December 15 with straight line interpolation between compounding dates. The amount of original issue discount accruing each period (calculated as described in the preceding sentence) constitutes interest which is excluded from gross income and alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs and will be added to the owner's basis in the Discount Bonds. Such adjusted basis will be used to determine taxable gain or loss upon disposition of the Discount Bonds (including sale or payment at maturity). Owners should consult their own tax advisors with respect to the tax consequences of the ownership of the Discount Bonds.

Owners who purchase Discount Bonds after the initial offering or who purchase Discount Bonds in the initial offering at a price other than the initial offering price (as defined in Section 1273 of the Tax Code) should consult their own tax advisors with respect to the federal tax consequences of the ownership of the Discount Bonds. Owners who are subject to state or local income taxation should consult their tax advisor with respect to the state and local income tax consequences of ownership of the Discount Bonds. It is possible that, under the applicable provisions governing determination of state and local taxes, accrued original issue discount on the Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The Tax Code contains numerous provisions which may affect an investor's decision to purchase the 2008A Bonds. Owners of the 2008A Bonds should be aware that the ownership of tax-exempt obligations by particular persons and entities, including, without limitation, financial institutions, insurance companies, recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, foreign corporations doing business in the United States and certain "subchapter S" corporations may result in adverse federal and state tax consequences. Under section 3406 of the Tax Code, backup withholding may be imposed on payments on the 2008A Bonds made to any owner who fails to provide certain required information, including an accurate taxpayer identification number, to certain persons required to collect such information pursuant to the Tax Code. Backup withholding may also be applied if the owner underreports "reportable payments" (including interest and dividends) as defined in Section 3406, or fails to provide a certificate that the owner is not subject to backup withholding in circumstances where such a certificate is required by the Tax Code. Certain of the 2008A Bonds may be sold at a premium, representing a difference between the original offering price of those 2008A Bonds and the principal amount thereof payable at maturity. Under certain circumstances, an initial owner of such bonds (if any) may realize a taxable gain upon their disposition, even though such bonds are sold or redeemed for an amount equal to the owner's acquisition cost. Bond Counsel's opinion relates only to the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2008A Bonds from gross income and alternative minimum taxable income as described above and will state that no opinion is expressed regarding other federal tax consequences arising from the receipt or

Community Redevelopment Law to be allocated and paid to the agencies levying such taxes;

(C) The Agency's Counsel has no reason to believe that the statements contained in the Official Statement (except for any financial statements, engineering, demographic, economic, engineering or statistical data and any statements of trends, forecasts, estimates, projections, assumptions, or any expressions of opinion, and information concerning The Depository Trust Company ("DTC") provided by DTC contained in the Official Statement and its Appendices, as to which no view need be expressed), contained any untrue statement of a material fact or omitted any material fact required to be stated therein or necessary to make the statements in the Official Statement, in light of the circumstances under which they were made, not misleading,

(D) Except as otherwise disclosed in the Official Statement and to the best knowledge of such counsel after due inquiry, there is no litigation, proceeding, action, suit, or investigation at law or in equity before or by any court, governmental agency or body, pending or threatened against the Agency, challenging the creation, organization or existence of the Agency, or the validity of the Agency Documents or seeking to restrain or enjoin the repayment of the Bonds or in any way contesting or affecting the validity of the Agency Documents or contesting the authority of the Agency to enter into or perform its obligations under any of the Agency Documents, or which, in any manner, questions the right of the Agency to use the Pledged Revenues for repayment of the Bonds or affects in any manner the right or ability of the Agency to collect or pledge the Pledged Revenues, and

(E) Except as disclosed in the Official Statement, there are no outstanding bonds, notes or other obligations of the Agency which are payable out of Pledged Revenues or any of the funds and revenues pledged to the payment of the Bonds and to which the Bonds will be subordinate;

(B) No event affecting the Agency has occurred since the date of the Official Statement which has not been disclosed therein or in any supplement or amendment thereto which event should be disclosed in the Official Statement in order to make the statements therein, in the light of the circumstances under which they were made, not misleading;

accrual of interest on or ownership of the 2008A Bonds. Owners of the 2008A Bonds should consult their own tax advisors as to the applicability of these consequences.

The opinions expressed by Bond Counsel are based on existing law as of the delivery date of the 2008A Bonds. No opinion is expressed as of any subsequent date nor is any opinion expressed with respect to pending or proposed legislation. Amendments to the federal or state tax laws may be pending now or could be proposed in the future that, if enacted into law, could adversely affect the value of the 2008A Bonds, the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2008A Bonds from gross income or alternative minimum taxable income or both from the date of issuance of the 2008A Bonds or any other date, or that could result in other adverse tax consequences. In addition, future court actions or regulatory decisions could affect the tax treatment or market value of the 2008A Bonds. Owners of the 2008A Bonds are advised to consult with their own tax advisors with respect to such matters.

The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether or not the Service will commence an audit of the 2008A Bonds. If an audit is commenced, the market value of the 2008A Bonds may be adversely affected. Under current audit procedures, the Service will treat the Agency as the taxpayer and the Owners may have no right to participate in such procedures. The Agency will covenant in the Indenture not to take any action that would cause the interest on the 2008A Bonds to lose its exclusion from gross income for federal income tax purposes or lose its exclusion from alternative minimum taxable income except to the extent described above for the owners thereof for federal income tax purposes. None of the Agency, the Underwriter, the Financial Advisor, Bond Counsel or Special Counsel is responsible for paying or reimbursing any Registered Owner or Beneficial Owner for any audit or litigation costs relating to the 2008A Bonds.

2008B Bonds and 2008C Bonds. *Any tax advice concerning the 2008B Bonds and 2008C Bonds, interest on the 2008B Bonds and 2008C Bonds or any other federal income tax issues associated with the 2008B Bonds and 2008C Bonds, express or implicit in the provisions of this Official Statement, is not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding penalties that may be imposed on any taxpayer by the Internal Revenue Service. This document supports the promotion or marketing of the transactions or matters addressed herein. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.*

In the opinion of Bond Counsel, interest on the 2008B Bonds and 2008C Bonds is not excluded from gross income pursuant to the Tax Code.

Owners who purchase 2008B Bonds and 2008C Bonds in the initial offering at a price other than the original offering price shown on the inside cover page hereof and owners who purchase 2008B Bonds and 2008C Bonds after the initial offering should consult their own tax advisors with respect to the tax consequences of the ownership of the 2008B Bonds and 2008C Bonds. Owners who are subject to state or local income taxation should consult their tax advisor with respect to the state and local income tax consequences of ownership of the 2008B Bonds and 2008C Bonds. It is possible that, under the applicable provisions governing

determination of state and local taxes, accrued original issue discount on the 2008B Bonds and 2008C Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment. The rules relating to the computation and accrual of original issue discount are complex, and Owners of the 2008B Bonds and 2008C Bonds are urged to consult their own tax advisors with respect to the tax consequences of owning, and the treatment of any original issue discount with respect to, the 2008B Bonds and 2008C Bonds.

State Tax Exemption

In the opinion of Bond Counsel, the 2008 Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

RATING

Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies, Inc. ("S&P") has assigned each series of the 2008 Bonds the rating shown on the cover page of this Official Statement. An explanation of the significance of any ratings given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041.

There is no assurance that such ratings will continue for any given period of time after they are received or that they will not be lowered or withdrawn entirely if, in the judgment of the rating agency, circumstances so warrant. Other than the Agency's obligations under the Disclosure Certificate, neither the Agency nor the Financial Advisor has undertaken any responsibility either to bring to the attention of the owners of the 2008 Bonds any proposed change in or withdrawal of such ratings or to oppose any such proposed revision. Any such change in or withdrawal of the ratings could have an adverse effect on the market price of the 2008 Bonds.

Independent Auditors' Report

The Honorable Chairperson, Members of the Board,
and Executive Director
City of Las Vegas Redevelopment Agency:

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Las Vegas Redevelopment Agency (the Redevelopment Agency), a component financial reporting unit of the City of Las Vegas, Nevada, as of and for the year ended June 30, 2007, which collectively comprise the Redevelopment Agency's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Redevelopment Agency's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Redevelopment Agency's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the City of Las Vegas Redevelopment Agency as of June 30, 2007, and the respective changes in financial position thereof, and the respective budgetary comparisons for the general and special revenue funds for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2007 on our consideration of the Redevelopment Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 7 through 14 is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Redevelopment Agency's basic financial statements. The introductory section, individual fund budgetary comparison financial statements for the Debt Service and Capital Projects funds, and the capital assets schedules are presented for purpose of additional analysis and are not a required part of the basic financial statements. Such individual fund budgetary comparison financial statements and capital assets schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

CITY OF LAS VEGAS REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

The information presented in the "Management's Discussion and Analysis" is intended to be a narrative overview of the City of Las Vegas Redevelopment Agency (Agency) financial activities for the fiscal year ended June 30, 2007. We encourage readers to consider this information in conjunction with the accompanying basic financial statements.

The City of Las Vegas Redevelopment Agency is a component unit of the City of Las Vegas, Nevada. Separate financial information for the Agency is required to fulfill a trust indenture requirement and requirements of Nevada State law.

Financial Highlights

The assets of the City of Las Vegas Redevelopment Agency exceeded its liabilities at the close of fiscal year ended June 30, 2007, by \$52,235,207 (*net assets*). Of this amount, \$20,438,718 (*unrestricted net assets*) may be used to meet the Agency's on-going obligations to citizens and creditors.

- The Agency's total net assets increased by \$10,051,274 in fiscal year ended June 30, 2007.
- As of the close of the current fiscal year, the City of Las Vegas Redevelopment Agency's governmental funds reported combined ending fund balances of \$22,007,434 an increase of \$4,636,861 in comparison with the prior year. Approximately 14 percent of the ending fund balance, \$3,096,881, is *available for spending* at the government's discretion (*unreserved undesignated fund balance*).
- At the end of the current fiscal year, the unreserved undesignated fund balance for the general fund was \$2,802,733.
- The City of Las Vegas Redevelopment Agency's total debt decreased by \$3,440,785 (11 percent) (net of premiums, discounts and amortized debt refunding costs) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Las Vegas Redevelopment Agency's basic financial statements. The City of Las Vegas Redevelopment Agency's basic financial statements comprise three components: 1) agency-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains the Auditors' Compliance Section in addition to the basic financial statements themselves.

Agency-wide financial statements. The *Agency-wide financial statements* are designed to provide readers with a broad overview of the Agency's finances. These statements include all assets and liabilities, using the full accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the fiscal year's revenues and expenses are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Thus assets, liabilities and expenses are reported in these statements for some items that will result in cash flows in future periods.

The *statement of net assets* presents information on all of the Agency's assets and liabilities with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The *statement of activities* presents information showing how the Agency's net assets, revenues and expenses have changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

CITY OF LAS VEGAS REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION & ANALYSIS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

The governmental activities of the City of Las Vegas Redevelopment Agency include general government and economic development and assistance. The City of Las Vegas Redevelopment Agency has no business-type activities.

The Agency-wide financial statements can be found on pages 15 and 16 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Agency has only governmental fund types.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the agency-wide financial statements. However, unlike the Agency-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating an agency's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the Agency-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the agency-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provides a reconciliation on page 17 and 19 to facilitate this comparison between *governmental funds* and *governmental activities*.

The Agency maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, debt service fund and the capital projects fund, all of which are considered to be major funds. Budgetary comparison information for the general fund and special revenue fund are also presented.

The basic governmental fund financial statements can be found on pages 17 through 21 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to have a full understanding of the data provided in the agency-wide and fund financial statements. The notes to the basic financial statements can be found on pages 23-35 of this report.

Other information. In addition to the basic financial statements and accompanying notes, the reports also present certain Supplemental Financial Information relating to the Agency's budget for its Debt Service and Capital Projects Funds. The individual schedules provide budget versus actual comparisons and can be found in the Supplemental Financial Information section on pages 36-37 of this report. Also, the section includes information on the Agency's capital assets used in operation on pages 38-39 of this report.

(v) *Trustee's Certificate.* A certificate of the Trustee, dated the date of Closing, addressed to the Agency and the Underwriter, in form and substance acceptable to the Underwriter, to the following effect:

(A) The Trustee is duly organized and existing as a national banking association under the laws of the United State of America, having the full power and authority to enter into and perform its duties under the Indenture;

(B) The Trustee is duly authorized to enter into the Indenture, and

(C) To the best knowledge of the Trustee, after due inquiry, there is no action, suit, proceeding or investigation, at law or in equity, before or by any court or governmental agency, public board or body pending against the Trustee or threatened against the Trustee which in the reasonable judgment of the Trustee would affect the existence of the Trustee or in any way contesting or affecting the validity or enforceability of the Indenture or contesting the powers of the Trustee or its authority to enter into and perform its obligations under such agreements,

(vi) *Special Counsel Letter.* A letter of the Agency's Special Counsel, dated the date of the Closing, addressed to the Agency and the Underwriter and in form and substance acceptable to them, to the effect that, based upon the information provided to the Special Counsel in the course of its participation in the preparation of the Official Statement, and without having undertaken to determine independently the accuracy or completeness of the statements contained in the Official Statement, the Special Counsel has no reason to believe that the Official Statement, as of the date of the Official Statement omitted, or as of the date hereof omits, to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

(vii) *Rating* Evidence that the Bonds have been rated "A" by Standard & Poor's, a division of The McGraw-Hill Companies.

(viii) *Documents* An original executed copy of each of the Agency Documents, the Ordinance and the resolutions approving the Agency Documents, which shall be delivered and in full force and effect;

(ix) *Other Documents.* Such other documents, certificates or instruments as may be reasonably requested by Bond Counsel or the Agency's Special Counsel as an incident to the rendering of its opinion hereunder

If the Agency shall be unable to satisfy the conditions contained in this Bond Purchase Agreement, or if the obligations of the Underwriter shall be terminated for any reason permitted by this Bond Purchase Agreement, this Bond Purchase Agreement shall terminate and neither the Underwriter or the Agency shall be under any further obligation hereunder

7. Expenses. Whether or not the Underwriter accept delivery of and pay for the Bonds as set forth herein, the Underwriter shall be under no obligation to pay, and the Agency shall pay or cause to be paid out of any legally available funds of the Agency all expenses incident to the performance of the Agency's obligations hereunder, including but not limited to. the cost of

Total net assets	<u>\$ 52,235,207</u>	<u>\$ 42,183,933</u>

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Agency, assets exceeded liabilities by \$52,235,207 at June 30, 2007.

By far the largest portion of the City of Las Vegas Redevelopment Agency's net assets (56 percent) reflects its investment in capital assets (e.g., land, land improvements and buildings) less any related debt used to acquire those assets that are still outstanding. The City of Las Vegas Redevelopment Agency uses these capital assets to improve the economic opportunities within the Agency. Although the City of Las Vegas Redevelopment Agency's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Las Vegas Redevelopment Agency's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net assets* \$20,438,718 may be used to meet the Agency's ongoing obligations to citizens and creditors.

- The Agency received \$1,670,526 from the City of Las Vegas for debt service payments (see Note 8).
- The Agency received \$110,968 from the sale of land held for resale and recognized a gain of \$33,036.
- The Agency had expenditures of \$3,019,579 for Housing Set-aside, \$1,400,000 to the City of Las Vegas Municipal Parking Fund, \$1,210,811 to the City of Las Vegas Redevelopment Agency Reimbursement Fund and incurred \$ 497,575 in project and operating costs. Costs remain fairly constant due to the shift in economic incentive strategy over the last three years from direct cash subsidies and/or the buy-down in the value of land to the implementation of tax increment financing. The creation of a competitive market strategy for new urban development has made revenue available for investments and capital improvements, and long-range planning will help to improve the Agency's financial position.

CITY OF LAS VEGAS REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION & ANALYSIS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

Financial Analysis of Agency's Funds

As noted earlier, the City of Las Vegas Redevelopment Agency uses fund accounting to ensure and demonstrate compliance with finance-regulated legal requirements.

Governmental funds. The focus of the Agency's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the Agency's financing requirements. In particular, the *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2007, the City of Las Vegas Redevelopment Agency's governmental funds reported combined ending fund balances of \$22,007,434, an increase of \$4,636,861 in comparison with the prior year. Approximately 48 percent of this amount, or \$10,531,000 constitutes *unreserved fund balance designated for redevelopment projects*. Approximately 14 percent of this amount, or \$3,096,881 constitutes *unreserved undesignated fund balance*, which is available for spending at the Agency's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed (1) For land held for resale \$6,027,464 (2) to pay debt service of \$2,176,000, and (3) for maintenance of capital improvements acquired with bond proceeds and other restricted purposes of \$176,089.

The general fund is the chief operating fund of the City of Las Vegas Redevelopment Agency. At the end of the current fiscal year, unreserved fund balance of the general fund was \$2,802,733.

During the current fiscal year, the fund balance of the City of Las Vegas Redevelopment Agency's general fund decreased by \$858,220. The key factors in the decrease was \$384,865 in investment earnings offset by \$1,210,811 in reimbursable costs paid to the City of Las Vegas, and \$32,274 in operating costs.

The special revenue fund has a fund balance of \$16,558,464, partially as a result of a \$9,280,000 transfer from the debt service fund of excess ad valorem taxes and \$6,027,464 of land held for resale.

The debt service fund has a total fund balance of \$2,470,148, with \$2,176,000 (88 percent) reserved for the payment of debt service. The remaining \$294,148 (12 percent) is unreserved and undesignated.

The capital projects fund has a total fund balance of \$176,089 all of which is reserved for maintenance of the Agency's capital projects.

General Fund Budgetary Highlights

The general fund had an original budget in general government and economic development and assistance of \$2,898,441 for the fiscal year. The fund's actual expenditures were less than budgeted expenditures by \$255,356, mainly due to the understatement of economic development and assistance budget to actual by \$250,080. This difference was because the Las Vegas internal service fund Redevelopment Agency reimbursable expenditures were less than the budgeted reimbursements from the Agency's General Fund.

Amounts reported for governmental activities in the Statement of Activities (page 18) are different because:

Excess (deficiency) of revenues and other financing sources over (under) expenditures and other financing uses (page 18).	\$ 4,636,861
Certain property tax revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the fund.	396,397

CITY OF LAS VEGAS REDEVELOPMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

1. Summary of significant accounting policies

The basic financial statements of the City of Las Vegas Redevelopment Agency have been prepared in conformity with U. S. generally accepted accounting principles as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies are described below.

A. Reporting entity

The City of Las Vegas Redevelopment Agency (hereafter referred to as the Agency) is a component unit of the City of Las Vegas, Nevada's financial reporting entity and is included in the comprehensive annual financial report of the City of Las Vegas, Nevada. The purpose of a separate Agency component unit financial report is to fulfill a trust indenture requirement and the requirements of the Nevada Revised Statutes (NRS).

On November 6, 1985, the City Council of the City of Las Vegas, acting pursuant to the provisions of the Nevada Community Redevelopment Law (NRS 279.382 to 279.680, inclusive), created by resolution the City of Las Vegas Redevelopment Agency. City Council members also serve as members of the Board of Directors for the Agency.

On March 5, 1986, the official Redevelopment Plan was adopted to facilitate redevelopment efforts for the downtown Las Vegas area.

B. Agency-wide and fund financial statements

The agency-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Agency. The effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent on fees and charges for support. The Agency engages only in governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the Agency-wide financial statements (note that the Agency has no proprietary funds and fiduciary funds). Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting and financial statement presentation

The Agency-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

CITY OF LAS VEGAS REDEVELOPMENT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

1. Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting and financial statement presentation (continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Agency considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when cash is received by the Agency.

The Agency reports the following major governmental funds:

The *general fund* is the Agency's primary operating fund. It accounts for all financial resources of the agency, except those required to be accounted for in another fund.

The *special revenue fund* accounts for the Agency's expenditures associated with redevelopment projects.

The *debt service fund* accounts for the resources accumulated and payments made for principal and interest on long-term tax increment revenue debt of governmental funds.

The *capital projects fund* accounts for funds established for the extraordinary maintenance, repair or improvement of capital projects constructed from bond proceeds.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the Agency-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services or privileges provided and 2) operating grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources, as they are needed.

D. Assets, liabilities and net assets

1. Cash, cash equivalents and investments

Investments include short-term investments that are easily converted to cash and long-term investments with a maturity of more than three months when purchased. Investments are stated at fair value or amortized cost in accordance with GASB Statement No. 31, *Accounting and Reporting for Certain Investments and for External Investment Pools*.

I. Summary of significant accounting policies (continued)

D. Assets, liabilities and net assets (continued)

1. Cash, cash equivalents and investments (continued)

The Agency reports investments at amortized cost if they have a remaining maturity at the time of purchase of one year or less. Fair value of investments is determined by using quoted market prices provided by a nationally recognized major financial institution.

The Nevada Revised Statutes (NRS) authorized the Agency to invest in obligations of the U.S. Government and its agencies, commercial paper, corporate bonds, mutual funds, repurchase agreements or other securities in which commercial banks may legally invest money.

2. Property taxes receivable

The Agency's primary source of revenue is ad valorem property tax. The Nevada Tax Commission must certify all tax rates on June 25, the levy date, and property is liened on July 1. Property taxes are levied in July and are payable to the County Treasurer in four equal installments during August, October, January and March. Apportionment of taxes by Clark County to the Agency is made in the calendar quarters of September, December, March and June.

The Agency receives that portion of ad valorem tax which is produced by the rate at which the tax is levied each year by all taxing entities in the redevelopment area. This tax is applied to that portion of the assessed valuation of all taxable property in the redevelopment area, which is in excess of the amount of the assessed valuation as certified by the Clark County Tax Assessor for the 1986 fiscal year. For fiscal year 2007, the incremental valuation (assessed value) was \$596,262,854 with a tax rate of \$2.8122 apportioned to the Agency per \$100 of assessed value.

3. Loans

The Redevelopment Agency has loans receivable as follows:

- Office District Parking, Inc. for \$25,000
- City of Las Vegas Industrial Development Special Revenue Fund for \$811,534

The loans accrue interest at 2% per annum with principal and interest due when borrower and Agency mutually agree to the repayment of the note.

4. Intergovernmental receivables/payables

Intergovernmental receivables and payables represent current amounts due from or payable to the City of Las Vegas and other governmental agencies.

5. Deferred charges

Deferred charges represent bond issuance costs. In the governmental funds, issuance costs are recognized in the current period as expenditures. On the Agency-wide financial statements, the issuance costs are recorded as deferred charges and amortized.

1. **Summary of significant accounting policies (continued)**

D. Assets, liabilities and net assets (continued)

6. **Restricted assets**

Resources set aside for repayment of debt are classified as restricted assets on the statement of net assets because they are maintained in separate bank accounts and are required by bond covenant to make up potential future deficiencies in debt service payments.

Section 354.6015 of the NRS allows funds to be set aside in a separate account for the extraordinary maintenance, repair or improvement of capital projects constructed with bond proceeds. The Agency accounts for this in the Capital Projects Fund.

7. **Land held for resale**

Land held for resale is recorded at the lower of cost or estimated net realizable value.

8. **Capital assets**

Capital assets which include land, land improvements, buildings, building improvements, equipment and construction in progress are reported in the applicable governmental activities column in the Agency-wide financial statements. Capital assets are defined by the Agency as assets with an initial individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings and improvements, land improvements and equipment of the Agency are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	40
Land Improvements	20
Equipment	3-10

9. **Long-term obligations**

In the Agency-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statements of net assets. Initial-issue bond premiums and discounts, as well as insurance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the unamortized portion of applicable premium or discount. Unamortized bond issuance costs, including underwriters' discounts, are reported as deferred charges.

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs during the period issued. The face amount of debt issued is reported as other financing sources. Premiums received are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

1. Summary of significant accounting policies (continued)

D. Assets, liabilities and net assets or equity (continued)

10. Net assets

In the Agency-wide financial statements, net assets are reported in three categories: net assets invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. Restricted net assets represent net assets restricted by parties outside of the Agency (such as creditors, grantors, contributors, laws and regulations of other governments). All other net assets are considered unrestricted.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

11. Estimates

The preparation of financial statements in conformance with U. S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

2. Reconciliation of agency-wide and fund financial statements

A. Explanation of certain differences between Governmental Funds Balance Sheet and the Agency-wide Statement of Net Assets

The Governmental Funds Balance Sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the Agency-wide Statement of Net Assets. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$27,233,040 difference are as follows:

Bonds and loans payable	\$ 26,925,000
Add: previously amortized original issue discount and premium (amortized over the life of the bonds to interest expense and fiscal charges)	504,460
Less: previously amortized deferred bonds issuance costs (amortized over the life of the bonds to interest expense and fiscal charges)	(277,277)
Add: Accrued interest payable	<u>70,857</u>
Net adjustment to decrease <i>fund balance – total governmental funds</i> to arrive at <i>net assets – governmental activities</i>	<u>\$ 27,223,040</u>

B. Explanation of certain differences between Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance and the Agency-wide Statement of Activities

The Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net assets of governmental activities* as reported in the Agency-wide Statement of Activities. One element of the reconciliation explains that "governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense." The details of this \$1,625,086 difference are as follows:

Capital outlay	\$ 2,265,724
Depreciation expense	<u>(640,638)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 1,625,086</u>

Another element of that reconciliation states that "the issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities." The details of this \$3,495,000 difference are as follows:

Principal repayment:

Tax increment revenue bonds - Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 3,495,000</u>
---	---------------------

Another element of that reconciliation states that "some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this (\$102,070) difference are as follows:

Amortization of bond premiums	\$ 78,122
Change in accrued interest	14,489
Amortization of defeasance costs	(111,140)
Amortization of bond issuance costs	(62,344)
Amortization of bond discounts	<u>(21,197)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ (102,070)</u>

3. Stewardship and legal compliance

A. Budgetary information

Budgets are adopted on a basis consistent with U. S. generally accepted accounting principles. Annual appropriated budgets are adopted for the general, special revenue, capital projects and debt service funds. The budget is filed with the Nevada Department of Taxation, a branch of the state government charged with the responsibility to oversee local government finances. The Agency Board of Directors approves annual appropriated budgets by expenditure categories; however, expenditures for all governmental fund types are controlled at the function level as prescribed by law.

By the first Tuesday in February of each year, Agency staff submits appropriation requests to the City of Las Vegas' Financial Services Division for the preparation of an Agency budget to be effective the following July 1. The budget is prepared by fund, function and activity and includes information on the prior year, current year estimates and requested appropriations for the next fiscal year.

A tentative budget is submitted to the Nevada Department of Taxation by April 15. A public hearing is required on the third Tuesday of May and the final budget must be adopted by the Agency Board and filed with the Department of Taxation by June 1. For fiscal year 2007, management believes that the Agency complied with all legal mandates.

The Agency Board may amend or augment the annual budget following a public hearing. In any legislative year the State of Nevada Legislature increases the revenues of any local government, and such increase was not anticipated and included in the final budget, the local government may amend the final budget before August 15 and file such amended budget with the Department of Taxation increasing budgeted revenues and expenditures (NRS 354.599). An augmented budget is approved and filed when the total revenues and corresponding expenditures change. All budget appropriations lapse at the end of each fiscal year.

B. Excess of expenditures over appropriations

The Agency's debt service fund expenditures exceeded appropriations in debt service by \$638,008 due to higher than expected principal and interest payments on the Tax Increment Finance Notes. Nevada Revised Statutes 354.626(1) provides that expenditures for long-term repayments do not constitute a violation of law.

The Agency's debt service fund expenditures exceeded appropriations in current-economic development and assistance by \$55,479, due to 18 percent housing set aside payments to the City of Las Vegas. Nevada Revised Statutes 354.626 2(k)(2) provides that expenditures required by statute to be remitted to another governmental entity do not constitute a violation of law.

4. Deposits and investments

As of June 30, 2007, the Agency had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted-Average Maturity (Year)</u>
US Treasury	\$ 1,936,000	0.452
Money Market Fund	15,347,014	0.002
Total fair value	<u>\$ 17,283,014</u>	
Portfolio weighted-average maturity		0.053

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

4. Deposits and Investments (continued)

Reconciliation of cash, cash equivalents and investments for government-wide financial statements:

Cash (deficit)	\$ (57,898)
Money market fund	15,347,014
Total cash and cash equivalents	<u>15,289,116</u>
Investments	<u>1,936,000</u>
Total cash and investments	<u>\$ 17,225,116</u>

Interest Rate Risk: In accordance with its investment policy, the Agency manages its exposure to declines in fair value by limiting the weighted-average maturity of its investment portfolio to less than ten months.

Credit Risk: Statutes authorize the Agency to invest in obligations of the U.S. Treasury and U.S. agencies (i.e., FNMA, FHLB, etc.), repurchase agreements, certificates of deposit, money market mutual funds or other securities in which banking institutions may legally invest.

Concentration of Credit Risk: The Agency's investment policy allows for investments as follows (1) U.S. Treasury, money market funds and agencies, no limit; (2) Repurchase agreements, 20% of portfolio; (3) commercial paper, 20% of portfolio with a 10% per issue limit; (4) corporate notes, 20% of portfolio with a 25% per issue limit; and (5) certificates of deposit, \$100,000 per institution. To reduce the overall portfolio risks, the Agency will diversify its investments by security type and institution. With the exception of U.S. Treasuries and government agency securities, no more than 50% of the Agency's total investment portfolio will be invested in a single security type or with a single financial institution.

Custodial Credit Risk – Deposits: In the case of deposits, this is the risk that in the event of a bank failure, the Agency's deposits may not be returned to it. The Agency has a deposit policy for custodial credit risk requiring all money deposited with a bank, savings and loan, savings bank or credit union including checking accounts, savings accounts, NOW accounts, non-negotiable certificates of deposit, time deposits or similar type accounts provided by the financial institution in excess of the amount of federal insurance to be fully collateralized. As of June 30, 2007, the Agency had a deficit cash balance per books of \$57,898 and a bank balance of \$1,111,726. The bank balance was not exposed to custodial credit risk because it was collateralized with securities held in the name of the Agency at a third party depository on behalf of the depository.

Custodial Credit Risk – Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the Agency will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Agency's investments are registered and the securities are held by the Agency's agent in the Agency's name, minimizing the Agency's custodial credit risk.

In addition and if necessary, the Agency receives \$1,400,000 from the City of Las Vegas parking fund per an agreement between the entities to be used for the repayment of principal and interest. As added security, \$2,176,000 has been deposited in a debt service reserve account with the Agency's trustee. The following schedule summarizes the changes in general long-term debt:

B. Defeasance of debt

In prior fiscal years, the Agency has defeased outstanding debt, resulting in the removal of the defeased debt from the Agency's financial statements. The amount of outstanding defeased debt as of June 30, 2007 is summarized as follows:

On December 1, 1989, the Agency placed \$14,065,459 of the \$35,000,000 long-term bond proceeds in trust to defease the outstanding December 1986 \$15,000,000 tax increment revenue long-term bonds. The 1986 bonds were defeased to relieve the Agency of restrictive covenants contained in that issue. The outstanding balance on the defeased 1986 bonds is \$3,470,000 at June 30, 2007.

C. Annual debt service requirements to maturity

Annual debt service requirements to maturity for the Agency's bonds and loans at June 30, 2007, are as follows:

7. Customer Deposits

In prior years, the Stratosphere Corporation deposited \$4,295,000 with the Agency. This money, along with interest earned, has been used for the acquisition of property. Of this total \$3,915,815 has been spent, net of interest income, leaving a balance of \$379,185 at June 30, 2007. The excess money will be returned to Stratosphere Corporation. The Agency has other deposits of \$178,250 for other projects. At June 30, 2007, total customer deposits were \$557,435.

8. Intergovernmental revenues

The following schedule details intergovernmental revenues as of June 30, 2007:

From	To		Total
	General Fund	Debt Service	
City of Las Vegas	\$ 1,400,000	\$ 270,526	\$ 1,670,526

The City of Las Vegas gave the Agency \$1,400,000 of pledged revenue from parking meter fees and fines for debt service (See Note 6), and \$270,526 for principal and interest payment on the Series 2003B Tax Increment Subordinate Lien Revenue Refunding Bonds.

9. Commitments and contingent liabilities

The Agency is currently involved in various litigations. These actions could result in additional costs to the Agency. A fiscal impact cannot be determined at this time. The Agency is appealing these cases and believes it will prevail.

The Agency has entered into tax increment subordinate lien notes as part of an owner participation agreement. The indebtedness represented by the notes have been allocated to the land and improvements and is payable solely and exclusively from a predetermined percentage of the Site Tax Increment received by the Agency on the parcel and shall not be payable from any other source. Because the requirements to repay the note are contingent on the Agency receiving sufficient site tax increment on the specific parcels and subordinate to the lien of the Agency's preexisting debt and future debt, the potential future obligation of the Agency has not been reflected in the basic financial statements. The following summarizes the unique terms of the notes:

- Simon/Chelsea Las Vegas Development, LLC Note – Taxable tax increment subordinate Lien Note entered into June 30, 2004, in the amount of \$1,837,360, payments starting June 30, 2004 and continuing for twelve years until March 5, 2016, interest at 7 percent beginning accrual July 1, 2004. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year the Agency received site tax increment revenue and on June 30, 2007, paid \$33,794 in principal and \$130,750 in interest to Simon/Chelsea Las Vegas Development, LLC which was charged to economic and development expenditures, leaving an outstanding balance of \$1,692,461, at June 30, 2007.
- WMCV Phase I, LLC Note – Taxable tax increment subordinate Lien Note entered into June 30, 2005, in the amount of \$1,696,622, payments starting June 30, 2006 upon the payment of property taxes and continuing for twenty years until June 30, 2026, interest at 8.07 percent beginning July 1, 2005. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and on June 30, 2007 paid \$284,884 in interest to WMCV Phase I, LLC which was charged to economic and development expenditures, leaving an outstanding balance of \$1,696,622 at June 30, 2007.

The Agency may at any time substitute (i) cash or investments for a Reserve Fund Insurance Policy, (ii) a Reserve Fund Insurance Policy for cash or investments, or (iii) a Reserve Fund Insurance Policy for another Reserve Fund Insurance Policy so long as the amount on deposit in the Reserve Fund after substitution for cash or investments is at least equal to the Reserve Fund Requirement. Notwithstanding the foregoing, no Reserve Fund Insurance Policy shall be accepted by the Trustee for substitution for cash or investments unless the Trustee has received an opinion of nationally recognized municipal bond counsel acceptable to the Trustee to the effect that such substitution and the intended use by the Agency of the cash or investments to be released from the Reserve Fund will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Series 2008A Bonds.

Except as otherwise provided in Sections 4.05 (Rebate Fund) and 5.08 (Tax Covenant) of the Indenture, investment income or gain on moneys in the Reserve Fund shall be retained in the Reserve Fund to any extent necessary to restore the total amount on deposit in the Reserve Fund to the Reserve Fund Requirement; otherwise such investment income or gain on moneys in the Reserve Fund shall (except as otherwise provided in Sections 4.05 and 5.08) be deposited into the Debt Service Fund. The Trustee shall determine the valuation of the investments and other amounts then on deposit in the Reserve Fund annually, on the Business Day immediately prior to June 15 of each year, and at such other times as may be required pursuant to Article VI of the Indenture (described in "Investments" below), but nothing in the Indenture shall prevent the Trustee from making more frequent determinations of such valuation.

CITY OF LAS VEGAS REDEVELOPMENT AGENCY,

as Grantor

AND

U.S. BANK NATIONAL ASSOCIATION

as Trustee

INDENTURE OF TRUST

Dated as of November 1, 2008

This instrument has been entered into by the City of Las Vegas Redevelopment Agency and the Trustee in order to secure certain City of Las Vegas Redevelopment Agency, Tax Increment Revenue Bonds, Series 2008A, issued in the original aggregate principal amount of \$[08A par], as more fully described herein.

Such determinations shall be made in accordance with the provisions of Article VI of the Indenture. If such pre-June 15 valuation reveals that the amount on deposit in the Reserve Fund is in excess of the Reserve Fund Requirement, such excess shall be immediately transferred to the Debt Service Fund. If amounts on deposit in the Reserve Fund shall, at any time, be less than the Reserve Fund Requirement, such deficiency shall be made up from the first available Pledged Revenues, after required deposits to the Debt Service Fund.

Rebate Fund

There shall be deposited into the Rebate Fund investment income on moneys in any fund created under the 2008AB Indenture to the extent directed by the Agency pursuant to Section 5.08 (Tax Covenant) of the 2008AB Indenture; Pledged Revenues to the extent described in "Flow of Funds-2008AB Pledged Revenues" above; and all other moneys received by the Trustee when accompanied by directions not inconsistent with the provisions described in this paragraph that such moneys are to be deposited into the Rebate Fund. The Trustee shall cause amounts on deposit in the Rebate Fund to be forwarded to the United States Treasury (at the address provided in the Federal Tax Exemption Certificate) at the times and in the amounts directed by the Agency pursuant to the 2008AB Indenture. Upon receipt by the Trustee of an opinion of nationally recognized bond counsel acceptable to the Trustee to the effect that the amount in the Rebate Fund is in excess of the amount required to be on deposit therein pursuant to the provisions of the Federal Tax Exemption Certificate, such excess shall be transferred to the Debt Service Fund.

Investment of Moneys

Any moneys held by the Trustee under the 2008 Indentures shall be invested or deposited by the Trustee, on direction of the Agency, in accordance with the provisions of this section. Any such investments or deposits shall be held by or under the control of the Trustee. The Trustee shall sell and reduce to cash a sufficient amount of such investments or deposits whenever the cash balance in any fund under the 2008 Indentures is insufficient to make a required payment from such fund, or otherwise upon the direction of the Agency.

The Agency covenants in each 2008 Indenture that moneys on deposit in any fund created thereunder, whether or not such moneys were derived from the proceeds of the sale of the 2008 Bonds or from any other sources, will be invested or deposited in compliance with the Agency's covenants in Section 5.08 (Tax Covenant) of the applicable 2008 Indenture (upon issuance, only the 2008A Bonds will be subject to the provisions of Section 5.08). See "Tax Covenants - 2008A Bonds" below.

All moneys held by the Agency under the 2008 Indentures shall be invested or deposited by the Agency in any lawful investments or deposits for funds of the Agency. All moneys held by the Trustee under the 2008 Indentures shall be invested or deposited by the Trustee, on direction of the Agency, in Permitted Investments. Except to the extent otherwise provided by the 2008 Indentures, obligations purchased as an investment or deposit of moneys in any fund or account created under the 2008 Indenture shall be deemed at all times to be a part of such fund or account, any interest accruing thereon and any gain realized from such investment or deposit shall be credited to such fund or account, and any loss resulting from any such investment or deposit shall be charged to such fund or account. In computing the amount in any fund or account, Permitted Investments shall be valued at the lower of the cost or the market

price, exclusive of accrued interest. A Reserve Fund Insurance Policy shall be valued at the amount available to be drawn thereunder. With respect to all funds and accounts except the Reserve Fund, valuation shall occur at least annually. The Reserve Fund shall also be valued at least annually on the Business Day immediately preceding June 15 of each year, except in the event of a withdrawal from the Reserve Fund, whereupon it shall be valued immediately after such withdrawal. Nothing in the 2008 Indentures prevents the Trustee from making more frequent determinations of valuation.

Tax Covenants - 2008A Bonds

In the 2008AB Indenture, the Agency covenants for the benefit of the Registered Owners of the 2008A Bonds that it will not take any action or omit to take any action with respect to the 2008A Bonds, the proceeds thereof, any other funds of the Agency or the Agency Improvements if such action or omission (i) would cause the interest on the 2008A Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Code, or (ii) would cause interest on the 2008A Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the 2008A Bonds until the date on which all obligations of the Agency in fulfilling the above covenant under the Code and the law of the State have been met.

In addition, the Agency covenants in the 2008AB Indenture that its direction of investments pursuant to Article VI of the 2008AB Indenture (described in "Investments" above) shall be in compliance with the procedures established by the Federal Tax Exemption Certificate to the extent required to comply with its covenants contained in the foregoing provisions of this section and, to the extent required to comply with its covenants contained in the foregoing provisions of this section, the investment earnings on any moneys held by the Trustee or the Agency under the 2008AB Indenture, or other Pledged Revenues, or other legally available moneys of the Agency, shall be deposited from time to time in the Rebate Fund for timely payment of all amounts due and owing to the United States Treasury. The Agency shall provide to the Trustee at least annually from the date of delivery of the 2008A Bonds a certificate of the Agency Representative to the effect that (i) all requirements of the 2008AB Indenture with respect to the Rebate Fund have been met on a continuing basis, (ii) the proper amounts have been and are on deposit in the Rebate Fund, and (iii) timely payment of all amounts due and owing to the United States Treasury have been made. If the certifications required by either (ii) or (iii) above cannot be made, the certificate shall so state and shall be accompanied either by Pledged Revenues or other legally available moneys of the Agency, together with a direction to the Trustee to either deposit such moneys to the Rebate Fund or to pay such moneys over to the United States Treasury, as appropriate, or by directions to the Trustee to transfer investment income available in any fund held by the Trustee under the 2008AB Indenture to the Rebate Fund or to the United States Treasury, as appropriate.

Other Covenants

In the 2008 Indentures, the Agency makes numerous covenants for the benefit of the owners of the 2008 Bonds. Certain, but not all, of those covenants are described below.

Payment of Principal, Premium, if any, and Interest. The Agency covenants that it shall promptly pay the principal of, premium, if any, and interest on every 2008 Bond issued under 2008 Indentures at the place, on the dates and in the manner provided therein and in said 2008 Bonds according to the true intent and meaning thereof, subject to the limitations stated in each 2008 Indenture (see "Limited Obligations" above). Instruments of Further Assurance. The Agency shall do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such indentures supplemental hereto and such further acts, instruments and transfers as the Trustee may reasonably require for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Trustee all and singular the amounts pledged hereby to the payment of the principal of, premium, if any, and interest on the 2008 Bonds.

Compliance With Cooperation Agreement. The Agency covenants and agrees that the Agency shall promptly notify the Trustee whenever the Agency shall have reason to believe that any material provision of the Cooperation Agreement shall have been violated by the Agency or any other party thereto. In the event of a material violation of the Cooperation Agreement, the Agency shall, in cooperation with the Trustee, diligently and promptly pursue all rights and remedies which the Agency may have as a result of any such violation. The Agency hereby grants to the Trustee the right to independently pursue all such rights and remedies if the Agency fails to do so or is unable to do so.

Books, Records, Accounts and Financial Statements. The Agency covenants and agrees that it shall at all times keep, or cause to be kept, proper and current books, records and accounts in which complete and accurate entries shall be made of all transactions relating to the Pledged Revenues. Such books, records and accounts, as well as all other records of the Agency relating to the Cooperation Agreement, shall be open to inspection at reasonable times by the Trustee, the Original Purchaser, and such accountants and other agents as any of them may designate. The Agency shall prepare or cause to be prepared, within one hundred eighty (180) days after the close of each Fiscal Year, a complete financial statement or statements for such year in reasonable detail covering the Pledged Revenues, certified by an independent certified public accountant or firm of certified public accountants selected by the Agency, and shall furnish a copy of such statement or statements to the Trustee, the Original Purchaser and to any Registered Owner upon written request therefor. Such financial statements may be combined with the financial statements of the City.

Disposition of Property. The Agency covenants and agrees that it shall not dispose of more than fifteen percent (15%) of the land area in the Redevelopment Area (except property not currently on the tax rolls or which is shown in the Redevelopment Plan as planned for public use, including without limitation property to be used for public streets, public off-street parking, sewage facilities, parks, easements or rights of way for public utilities or other similar uses) to public bodies or other Persons or entities whose property is exempt from ad valorem property taxes.

Protection of Security and Rights of Registered Owners of 2008 Bonds. The Agency covenants and agrees to preserve and protect the security for the 2008 Bonds, and the rights of the Registered Owners of the 2008 Bonds, under such instruments respectively, and to defend their rights thereunder under all claims and demands of all Persons. The Agency covenants and agrees to take no action which would result in Pledged Revenues required to be paid to the Trustee under the 2008 Indentures being withheld from the Trustee.

Maintenance of Existence. The Agency covenants and agrees to take no action to terminate its existence so long as any 2008 Bonds remain Outstanding.

Eminent Domain Proceedings. The Agency covenants and agrees that if all or any part of the Redevelopment Project should be taken from it, by eminent domain proceedings or other proceedings authorized by law, for any public or other use under which the property will be tax exempt, the net proceeds realized by the Agency therefrom shall be deemed to be Pledged Revenues.

Complete Redevelopment Project; Amendment to Redevelopment Plan; Compliance With Cooperation Agreement. The Agency covenants and agrees that the Agency shall diligently and in a sound and economical manner carry out and continue to completion, with all practicable dispatch, the Redevelopment Project in accordance with its duty so to do under and in accordance with the Act, the Redevelopment Plan and the Cooperation Agreement. The Redevelopment Plan may be amended, but no amendment shall be made unless the Agency shall have received an opinion of counsel to the Agency and acceptable to the Trustee to the effect that such amendment would not result in a failure of the Redevelopment Plan, as so amended, to comply with the requirements of the Indenture or adversely affect the security for the 2008 Bonds.

The Agency covenants and agrees that the Agency shall comply with the terms and provisions of the Cooperation Agreement from time to time in effect, and shall promptly notify the Trustee whenever the Agency shall have reason to believe that any provision of the Cooperation Agreement shall have been violated by the Agency or any other party thereto. In the event of a material violation of any provision of any of the Cooperation Agreement, the Agency shall, in cooperation with the Trustee, diligently and promptly pursue all rights and remedies which the Agency may have as a result of any such violation.

Discharge of Indenture

If the Agency shall pay or cause to be paid, or there shall otherwise be paid or provision for payment made, to the Registered Owners of the 2008 Bonds, the principal of, premium, if any, and interest due or to become due thereon at the times and in the manner stipulated therein, and if the Agency shall pay or cause to be paid to the Trustee all sums of money due or to become due to the Trustee, then these presents and the estate and rights granted by the 2008 Indenture shall cease, determine and be void, whereupon the Trustee shall cancel and discharge the lien of the 2008 Indenture, and execute and deliver to the Agency such instruments in writing as shall be required to release the lien of the 2008 Indenture, and reconvey, release, assign and deliver unto the Agency any and all of the estate, right, title and interest in and to any and all rights or property conveyed, assigned or pledged to the Trustee or otherwise subject to the lien of the 2008 Indenture, except cash and securities held by the Trustee for the payment of the principal of, premium, if any, and interest on the 2008 Bonds.

Any 2008 Bond shall be deemed to be paid within the meaning of this section and for all purposes of the 2008 Indenture when (a) payment of the principal of and premium, if any, on such 2008 Bond, plus interest thereon to the due date thereof (whether such due date is by reason of maturity or upon redemption as provided in the 2008 Indenture) either (i) shall have been made or caused to be made in accordance with the terms thereof, or (ii) shall have been provided for by irrevocably depositing in trust and irrevocably setting aside exclusively for such

payment (A) moneys sufficient to make such payment, (B) Government Obligations (which shall not contain provisions permitting the redemption thereof at the option of the issuer) maturing as to principal and interest in such amounts and at such times as will insure the availability of sufficient moneys to make such payment, or (C) a combination of such cash and Government Obligations, and (b) all necessary and proper fees, compensation and expenses of the Trustee pertaining to the 2008 Bond with respect to which such deposit is made shall have been paid or the payment thereof provided for to the satisfaction of the Trustee. If 2008 Bonds for which an irrevocable deposit has been made as provided in clause (ii) above are to be redeemed prior to maturity at the Agency's option pursuant to the 2008 Indenture, the Agency shall also have given to the Trustee irrevocable instructions to give notice of such redemption in accordance with the terms of the 2008 Indenture. At such times as a 2008 Bond shall be deemed to be paid under this section, as aforesaid, such 2008 Bond shall no longer be secured by or entitled to the benefits of the 2008 Indenture, except for the purposes of any such payment from such moneys and Government Obligations.

Notwithstanding the Agency's deposit of Governmental Obligations to meet the requirements set forth above with respect to the 2008B Bonds or the 2008C Bonds, the Agency is obligated to contribute additional securities to pay the 2008B Bonds or the 2008C Bonds if necessary to provide sufficient amounts to satisfy the payment obligations on such 2008B Bonds or 2008C Bonds unless the Agency has obtained an opinion of nationally recognized bond counsel to the effect that such continuing Agency obligation to contribute additional securities is not necessary to prevent a deemed reissuance under Section 1001 of the Code.

Certain Provisions Related to the Trustee

Fees, Charges and Expenses of Trustee; Indemnification. The Trustee shall be entitled to payment and reimbursement for reasonable fees for its services rendered under the 2008 Indentures and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by the Trustee in connection with such services, and Pledged Revenues shall be applied thereto in the priority and manner provided by subparagraph (4) in "Flow of Funds - 2008AB Pledged Revenues" and "Flow of Funds - 2008C Pledged Revenues" above. Upon the occurrence of an Event of Default, but only upon the occurrence of an Event of Default, the Trustee shall have a first lien with right of payment prior to payment on account of principal of, premium, if any, and interest on any Bond upon the Trust Estate for the foregoing fees, charges and expenses incurred by the Trustee.

Merger. Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, shall be and become successor Trustee under the 2008 Indenture and vested with all of the title to the Trust Estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties to the 2008 Indenture.

Resignation or Removal. The Trustee and any successor Trustee may at any time resign from the trusts created by the 2008 Indentures by giving 30 days' written notice by first class mail (i) to the Agency, and (ii) to the Registered Owner of each 2008 Bond as shown by the

registration records; provided that such resignation shall not take effect until the appointment of a successor trustee as discussed below.

The Trustee may be removed at any time by the Agency, in the event the Agency reasonably determines that the Trustee is not duly performing its obligations under the Indenture or by an instrument or concurrent instruments in writing delivered to the Trustee and to the Agency and signed by the Registered Owners (or by their attorneys in fact duly authorized) of at least a majority in aggregate principal amount of the applicable series of Outstanding 2008 Bonds. No removal of the Trustee shall be effective until the appointment of a successor Trustee as discussed below.

In case the Trustee shall resign or be removed, a successor may be appointed by the Registered Owners of at least a majority in aggregate principal amount of Outstanding 2008 Bonds by an instrument or concurrent instruments in writing signed by such Registered Owners, or by their attorneys in fact duly authorized, a copy of which shall be delivered personally or sent by certified or registered mail to the Agency. In case of any such vacancy, the Agency may appoint a Trustee to fill such vacancy (or, if the Agency fails to make such appointment within a reasonable time, the predecessor Trustee may make such appointment) unless and until a different Trustee shall be appointed by the Registered Owners of the 2008 Bonds in the manner described above; and the Trustee so appointed by the Agency or the predecessor Trustee shall immediately and without further act be superseded by the Trustee so appointed by the Registered Owners of the 2008 Bonds. Any successor Trustee appointed pursuant to the provisions described in this paragraph shall (i) be a trust company or bank in good standing, duly authorized to exercise trust powers and subject to examination by federal or state authority, and (ii) have a reported capital and surplus of not less than \$50,000,000.

Events of Default and Remedies

Events of Default. The occurrence of any of the following events constitutes an Event of Default pursuant to the 2008 Indentures. *An event of default under one of the 2008 Indentures shall not trigger a default under the other 2008 Indenture.*

(a) Default by the Agency in the due and punctual payment of interest on any 2008 Bond;

(b) Default by the Agency in the due and punctual payment of the principal of or premium, if any, on any 2008 Bond, whether at the stated maturity thereof, or upon proceedings for prior redemption thereof;

(c) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Agency set forth in the applicable 2008 Indenture or in the 2008 Bonds and failure to remedy the same after notice thereof pursuant to the applicable 2008 Indenture;

(d) The Agency shall file a petition or answer seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America, or a court of competent jurisdiction shall approve a petition, filed with or without the consent of the Agency, seeking reorganization under the federal bankruptcy laws or any other applicable law of the United States of America, or, under the provisions of any other law for the

relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the Agency, or of the whole or any substantial portion of its property.

Remedies. Upon the occurrence of an Event of Default, the Trustee may exercise its rights as a secured creditor with respect to the Trust Estate and may also pursue any available remedy at law or in equity to enforce the payment of the principal of, premium, if any, and interest on the Outstanding 2008 Bonds. If an Event of Default shall have occurred and be continuing and if requested to do so by the Registered Owners of at least twenty-five percent (25%) in aggregate principal amount of Outstanding 2008 Bonds, and upon indemnification as set forth in the Indenture, the Trustee shall be obligated to exercise such one or more of the rights and powers conferred by this section as the Trustee shall deem most expedient in the interests of the Registered Owners of the 2008 Bonds. No remedy conferred upon or reserved to the Trustee (or to the Registered Owners of the 2008 Bonds) by the terms of the 2008 Indenture is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Registered Owners of the 2008 Bonds under the 2008 Indenture or now or hereafter existing at law or in equity.

No delay or omission to exercise any right or power accruing upon an Event of Default shall impair any such right or power or shall be construed to be a waiver of any such Event of Default or acquiescence therein; and such right or power may be exercised from time to time as often as may be deemed expedient. No waiver of an Event of Default under the 2008 Indenture, whether by the Trustee or by the Registered Owners of the 2008 Bonds, shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

Before taking any of the actions referred to above, the Trustee may require that a satisfactory instrument of indemnity be furnished for the reimbursement of all expenses which it may be caused to incur and to protect it against all liability, except liability which is adjudicated to have resulted from its negligence or willful default in connection with any such action.

Right of Registered Owners of Bonds to Direct Proceedings. Anything in the 2008 Indenture to the contrary notwithstanding, the Registered Owners of a majority in aggregate principal amount of the Outstanding 2008 Bonds shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the 2008 Indenture, or for the appointment of a receiver or any other proceedings under the 2008 Indenture, provided that such direction shall not be otherwise than in accordance with the provisions of law and of the 2008 Indenture.

Before taking any of the actions referred to above, the Trustee may require that a satisfactory instrument of indemnity be furnished for the reimbursement of all expenses which it may be caused to incur and to protect it against all liability, except liability which is adjudicated to have resulted from its negligence or willful default in connection with any such action.

No Registered Owner of any 2008 Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of the Indenture or for the execution of any trust hereof or for the appointment of a receiver or any other remedy under the 2008 Indenture, unless: (i) an Event of Default has occurred of which the Trustee has been notified as provided in the 2008 Indenture, and the Registered Owners of twenty-five percent (25%) in

aggregate principal amount of the Outstanding 2008 Bonds shall have made written request to the Trustee and shall have offered to the Trustee reasonable opportunity either to proceed to exercise the powers granted in the 2008 Indenture or to institute such action, suit or proceeding in its own name, (ii) they have offered to the Trustee indemnity as provided in the 2008 Indenture, and (iii) the Trustee shall thereafter fail or refuse to exercise the powers granted, or to institute such action, suit or proceeding in its own name. Such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of the 2008 Indenture, and to any action or cause of action for the enforcement of the 2008 Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more Registered Owner of the 2008 Bonds shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of the 2008 Indenture by its, his, her or their action or to enforce any right hereunder except in the manner provided herein, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided herein and for the equal and ratable benefit of the Registered Owners of all Outstanding 2008 Bonds. However, nothing set forth in the 2008 Indenture shall affect or impair the right of any Registered Owner of any 2008 Bond to enforce the payment of the principal of, premium, if any, and interest on any 2008 Bond at and after the maturity thereof, or the obligation of the Agency to pay the principal of, premium, if any, and interest on each of the 2008 Bonds issued hereunder to the respective Registered Owners at the time, place, from the source and in the manner expressed in the 2008 Bonds.

Appointment of Receivers. Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Registered Owners of the Bonds under the 2008 Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Trust Estate and of the revenues, earnings, income, products and profits thereof, pending a determination of such proceedings, with such powers as the court making such appointment shall confer.

Application of Moneys in Default. All moneys received by the Trustee pursuant to any right given or action taken under the provisions described below shall, after payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of the fees, expenses, liabilities, and advances incurred or made by the Trustee, including attorney fees, be deposited in the Debt Service Fund and all moneys in the Debt Service Fund shall be applied as follows:

FIRST - To the payment to the Persons entitled thereto of all installments of interest then due on the 2008 Bonds, in the order of the maturity of the installments of such interest and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or privilege; and

SECOND - To the payment to the Persons entitled thereto of the unpaid principal of and premium, if any, on any of the 2008 Bonds which shall have become due (other than 2008 Bonds matured or called for redemption for the payment of which moneys are held pursuant to the provisions of the 2008 Indenture), with interest on such 2008 Bonds from the respective dates upon which they became due, and if the amount available shall not be sufficient to pay the 2008 Bonds in full, together with such interest, then to the payment ratably, according to the amount

of principal due on such date, to the Persons entitled thereto without any discrimination or privilege; and

THIRD - To be held for the payment to the Persons entitled thereto as the same shall become due of the principal of and premium, if any, and interest on the 2008 Bonds which may thereafter become due either at maturity or upon call for redemption prior to maturity, and if the amount available shall not be sufficient to pay in full 2008 Bonds due on any particular date, together with interest then due and owing thereon, payment shall be made ratably according to the amount of principal and interest due on such date to the Persons entitled thereto without any discrimination or privilege.

Whenever moneys are to be applied pursuant to the provisions described above, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Subject to the provisions of the 2008 Indentures concerning Special Record Dates for the payment of defaulted interest (see "THE 2008 BONDS--Payment Provisions" in this Official Statement), whenever the Trustee shall apply such funds, it shall fix the date (which shall be an interest payment date unless it shall deem another date more suitable) upon which such application is to be made, and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. Subject to the provisions of the 2008 Indentures concerning Special Record Dates for the payment of defaulted interest, the Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Registered Owner of any 2008 Bond until such 2008 Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Remedies Vested in Trustee. All rights of action (including the right to file proof of claims) under the 2008 Indenture or under any of the 2008 Bonds may be enforced by the Trustee without the possession of any of the 2008 Bonds or the production thereof in any trial or other proceeding relating thereto, any such suit or proceeding instituted by the Trustee shall be brought in its name as the Trustee without the necessity of joining as plaintiffs or defendants any Registered Owner of the 2008 Bonds, and any recovery of judgment shall be for the equal and ratable benefit of the Registered Owners of the Outstanding 2008 Bonds.

Before taking any of the actions referred to above, the Trustee may require that a satisfactory instrument of indemnity be furnished for the reimbursement of all expenses which it may be caused to incur and to protect it against all liability, except liability which is adjudicated to have resulted from its negligence or willful default in connection with any such action.

Termination of Proceedings. In case the Trustee shall have proceeded to enforce any right under the 2008 Indenture by the appointment of a receiver or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case, the Agency, the Trustee and the Registered Owners of the 2008 Bonds shall be restored to their former positions and rights hereunder, respectively, with regard to the property subject to this Indenture, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Waivers of Events of Default. The Trustee may, at its discretion, waive any Event of Default under the Indenture and its consequences and, notwithstanding anything to the contrary in the Indenture, shall do so upon the written request of the Registered Owners of (i) more than two-thirds (2/3) in aggregate principal amount of all Outstanding Bonds in respect of which an Event of Default in the payment of principal or interest, or both, exists, or (ii) more than two-thirds (2/3) in aggregate principal amount of all Outstanding Bonds in the case of any other Event of Default; provided, however, that there shall not be waived any Event of Default in the payment of the principal of or interest on any Outstanding Bonds unless prior to such waiver or rescission, all arrears of principal and interest, and all fees and expenses of the Trustee in connection with such Event of Default or otherwise in connection with the performance of the Trustee's duties under the Indenture, shall have been paid or provided for. In case of any such waiver or rescission, then and in every such case the Agency, the Trustee and the Registered Owners of the 2008 Bonds shall be restored to their former positions and rights hereunder, respectively, but no such waiver or rescission shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Notice of Covenant Defaults; Opportunity of Agency to Cure Such Defaults. Notwithstanding anything to the contrary in the Indenture, no default described under paragraph (c) under "Events of Default" above shall constitute an Event of Default until actual notice thereof by registered or certified mail shall be given to the Agency by the Trustee or by the Registered Owners of not less than twenty-five percent (25%) in aggregate principal amount of all Outstanding 2008 Bonds and the Agency shall have had 30 days after receipt of such notice to correct said default or cause said default to be corrected, and shall not have corrected said default or caused said default to be corrected within the applicable period; provided, however, that if said default be such that it cannot be corrected within the applicable period, it shall not constitute an Event of Default if corrective action is instituted by the Agency within the applicable period and diligently pursued until the default is corrected.

Amendment of Indentures and Cooperation Agreement

not less than two-thirds (2/3) in aggregate principal amount of the Outstanding 2008 Bonds shall have the right, from time to time, anything set forth in the 2008 Indenture to the contrary notwithstanding, to consent to and approve the execution by the Agency and the Trustee of such other indenture or indentures supplemental hereto as shall be deemed necessary and desirable by the Agency for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions set forth in the Indenture or in any supplemental indenture; provided, however, that nothing in the Indenture shall permit, or be construed as permitting:

(a) An extension of the maturity of the principal of, or the interest on, any 2008 Bond, or a reduction in the principal amount of, or any redemption premium on, or the rate of interest on, any 2008 Bond, or a privilege or priority of any 2008 Bond or 2008 Bonds over any other 2008 Bond or 2008 Bonds, or the deprivation of the Registered Owner of any 2008 Bond of the lien created by the Indenture on the Trust Estate, without the consent of the Registered Owner of each 2008 Bond adversely affected thereby; or

(b) A reduction in the aggregate principal amount of the 2008 Bonds required for consent to such supplemental indentures, or the creation of any lien on the Trust Estate or any part thereof which is prior or superior to the lien of the 2008 Bonds (except as described above with respect to the fees, charges and expenses of the Trustee upon an Event of Default), without the consent of the Registered Owners of all 2008 Bonds Outstanding.

Such notices shall briefly set forth the nature of the proposed supplemental indenture and shall state that copies thereof are on file at the principal corporate trust office of the Trustee for inspection by all Registered Owners of the 2008 Bonds. If, within 60 days or such longer period as shall be prescribed by the Agency following such notices, the Registered Owners of not less than two-thirds (2/3) in aggregate principal amount of the 2008 Bonds Outstanding at the time of the execution of any such supplemental indenture shall have consented to and approved the execution thereof as provided in the 2008 Indenture, no Registered Owner of any 2008 Bond shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Agency from executing the same or from taking any action pursuant to the provisions thereof. Upon the execution of any such supplemental indenture, the Indenture shall be and be deemed to be modified and amended in accordance therewith.

Amendments, Etc. to Bond Resolution and Cooperation Agreement Not Requiring Consent of Owners of the 2008 Bonds. The Agency and the Trustee shall without the consent of or notice to the Owners of the 2008 Bonds consent to any amendment, change or modification of the Bond Resolution or the Cooperation Agreement, (a) required by the provisions of the Bond Resolution, the Cooperation Agreement or the 2008 Indenture, (b) for the purpose of curing any ambiguity or formal defect or omission so long as such cure does not adversely affect the interests of the Owners of the 2008 Bonds, (c) to add additional rights acquired in accordance with the provisions of the Bond Resolution or the Cooperation

Amendments, Etc. to Bond Resolution and Cooperation Agreement Requiring Consent of Owners of the 2008 Bonds. Except for the amendments, changes or modifications as provided in the previous paragraph, neither the Agency nor the Trustee shall consent to any other amendment, change or modification of the Bond Resolution or the Cooperation Agreement without the giving of notice and the written approval or consent of the Owners of not less than 66-2/3% in aggregate principal amount of the 2008 Bonds at the time Outstanding given and procured as described in this section. If at any time the Agency shall request the consent of the Trustee to any such proposed amendment, change or modification of the Bond Resolution or the Cooperation Agreement, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of such proposed amendment, change or modification to be mailed in the same manner described above with respect to supplemental indentures. Such notice shall briefly set forth the nature of such proposed amendment, change or modification and shall state that copies of the instrument embodying the same are on file with the Trustee for inspection by all Owners of the 2008 Bonds. Nothing described above shall permit, or be construed as permitting, a reduction of the aggregate principal amount of 2008 Bonds, the Owners of which are required to consent to any amendment, change or modification of the Bond Resolution or the Cooperation Agreement or a reduction in, or a postponement of, the payments of Pledged Revenues, without the consent of the Owners of all the 2008 Bonds then Outstanding.

City of Las Vegas Redevelopment Agency, Nevada
Taxable Tax Increment Revenue Bonds
Series 2008B

Ladies and Gentlemen:

We have acted as bond counsel to the City of Las Vegas Redevelopment Agency, Nevada (the "Agency"), in connection with the issuance of its Tax Increment Revenue Bonds, Series 2008A (the "2008A Bonds") and its Taxable Tax Increment Revenue Bonds, Series 2008B (the "2008B Bonds" and together with the 2008A Bonds, the "Bonds") pursuant to the 2008A and 2008B Indenture of Trust dated as of October 1, 2008 (the "Indenture") between the Agency and U.S. Bank National Association, as trustee. In such capacity, we have examined the Agency's certified proceedings and such other documents and such law of the State of Nevada and of the United States of America as we have deemed necessary to render this opinion letter. Except as otherwise expressly defined herein, capitalized terms used herein have the meanings ascribed to such terms in the Indenture.

Regarding questions of fact material to our opinions, we have relied upon the Agency's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bonds constitute valid and binding, special, limited obligations of the Agency payable solely from the Pledged Revenues and from funds pledged therefor under the Indenture.
2. The Indenture creates a valid lien on the Pledged Revenues pledged therein for the security of the Bonds on a parity with the lien thereon of the Parity Obligations.

The Indenture also creates a valid lien on the Debt Service Fund and the Reserve Fund. Except as described in this paragraph, we express no opinion regarding the priority of the lien on the Pledged Revenues or on the Debt Service Fund and Reserve Fund created by the Indenture.

3. Interest on the 2008A Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the 2008A Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the adjusted current earnings adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations. The opinions expressed in this paragraph assume continuous compliance with the covenants and representations contained in the Agency's certified proceedings and in certain other documents and certain other certifications furnished to us.

4. Interest on the 2008B Bonds is not excluded from gross income for federal income tax purposes.

5. Under laws of the State of Nevada in effect as of the date hereof, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State of Nevada or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the Agency pursuant to the Bonds and the Indenture are subject to the application of equitable principles, to the reasonable exercise in the future by the State of Nevada and its governmental bodies of the police power inherent in the sovereignty of the State of Nevada, and to the exercise by the United States of America of the powers delegated to it by the Federal Constitution, including without limitation, bankruptcy powers.

The provisions of this opinion letter concerning federal tax issues were not written and cannot be used by any taxpayer for the purpose of avoiding penalties that may be imposed on any taxpayer by the Internal Revenue Service. This writing supports the promotion or marketing of the transactions or matters addressed herein. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

In this opinion letter issued in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not opining upon the adequacy, accuracy or completeness of the Official Statement or any other statements made in connection with any offer or sale of the Bonds or upon any federal or Nevada tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

This opinion letter is issued as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

(DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2008 Bond certificate will be issued for each series and maturity of the 2008 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of 2008 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2008 Bonds on DTC's records. The ownership interest of each actual purchaser of each 2008 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2008 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2008 Bonds, except in the event that use of the book-entry system for the 2008 Bonds is discontinued.

To facilitate subsequent transfers, all 2008 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2008 Bonds

with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2008 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2008 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2008 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2008 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2008 Bond documents. For example, Beneficial Owners of 2008 Bonds may wish to ascertain that the nominee holding the 2008 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2008 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2008 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Agency as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts 2008 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption proceeds on the 2008 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Agency or the Trustee on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or the Agency, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest or redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Agency or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2008 Bonds at any time by giving reasonable notice to the Agency or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, 2008 Bond certificates are required to be printed and delivered.

The Agency may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2008 Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Agency believes to be reliable, but the Agency takes no responsibility for the accuracy thereof.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE 2008 BONDS, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE 2008 BONDS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

The Agency and the Trustee may treat DTC (or its nominee) as the sole and exclusive owner of the 2008 Bonds registered in its name for the purpose of payment of the principal of or interest or premium, if any, on the 2008 Bonds, giving any notice permitted or required to be given to registered owners under the Indenture, including any notice of redemption, registering the transfer of 2008 Bonds, obtaining any consent or other action to be taken by registered owners and for all other purposes whatsoever, and will not be affected by any notice to the contrary. The Agency and the Trustee will not have any responsibility or obligation to any DTC Participant, any person claiming a beneficial ownership interest in the 2008 Bonds under or through DTC or any DTC Direct Participant, Indirect Participant or other person not shown on the records of the Trustee as being a registered owner with respect to: the accuracy of any records maintained by DTC, any DTC Direct Participant or Indirect Participant regarding ownership interests in the 2008 Bonds; the payment by DTC, any DTC Direct Participant or Indirect Participant of any amount in respect of the principal of or interest or premium, if any, on the 2008 Bonds; the delivery to any DTC Direct Participant, Indirect Participant or any Beneficial Owner of any notice which is permitted or required to be given to registered owners under the Authorizing Document, including any notice of redemption; the selection by DTC, any DTC Direct Participant or any Indirect Participant of any person to receive payment in the event of a partial redemption of the 2008 Bonds; or any consent given or other action taken by DTC as a registered owner.

As long as the DTC book-entry system is used for the 2008 Bonds, the Trustee will give any notice of redemption or any other notices required to be given to registered owners of 2008 Bonds only to DTC or its nominee. Any failure of DTC to advise any DTC Direct Participant, of any DTC Direct Participant to notify any Indirect Participant, of any DTC Direct Participant or Indirect Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity of the redemption of the 2008 Bonds called for redemption or of any other action premised on such notice.

Income

The following two tables reflect Median Household Effective Buying Income ("EBI") and also the percentage of households by EBI Groups. EBI is defined as "money income" (defined below) less personal tax and nontax payments. "Money income" is defined as the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veteran Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deductions are made for personal income taxes (federal, state and local), personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied nonbusiness real estate. The resulting figure is known as "disposable" or "after-tax" income.

Employment

Beginning with the release of January 2005 data, the State of Nevada's Employment and Security Department ("DETR") began publishing labor force and industrial employment data using a new Bureau of Labor Statistics ("BLS") methodology. This new methodology introduces newly-defined metropolitan statistical areas ("MSA"). The Las Vegas MSA has been reconfigured to include Clark County only and is defined as the "Las Vegas - Paradise MSA." Historical data has been revised to reflect the reconstructed Las Vegas - Paradise MSA.

The Las Vegas - Paradise MSA average annual labor force summary as prepared by DETR is as follows:

Gaming

General. The economy of the County is substantially dependent on the tourist industry, which is based on legalized gambling and related forms of entertainment. The following table shows the gross taxable revenue from gaming in the County as compared to the State. Over the last five years, an average of 83.1% of the State's total gross taxable gaming revenue has been generated from Clark County.

Tourism

Tourism is an important industry in the County. Hoover Dam, Lake Mead, Mt. Charleston and other tourist attractions are in Clark County. Attractions such as the Great Basin, Grand Canyon, Yosemite, Bryce Canyon, Zion, and Death Valley National Parks are each within a short flight or day's drive of southern Nevada.

A reflection of the growth of tourism in southern Nevada is the increase in the number of hotel and motel rooms available for occupancy as shown in the following table. The area's hotels and motels have historically experienced higher occupancy rates than those on a national level.

Set forth in the table below is the Las Vegas Convention and Visitors Authority-Marketing Department's estimate of the number of visitors to the Las Vegas Metropolitan Area since 2003.

Transportation

Clark County, through its Department of Aviation, operates an airport system comprised of McCarran International Airport ("McCarran") and a reliever airport in North Las Vegas. Other general aviation airports in the County include Jean Sport, Overton, and Henderson Executive Airport in Henderson. Boulder City Municipal Airport, which is not owned by the County, is located in the southeastern part of Clark County.

McCarran was the seventh busiest airport in North America and 15th busiest in the world, according to the 2007 report from Airports Council International, in addition to being designated as an international port of entry. Nearly half of all Las Vegas visitors arrive by air via McCarran, making it a major driving force in the southern Nevada economy. In 2007, McCarran completed the busiest year in its 59-year history, with approximately 47.7 million arriving and departing passengers. In addition to scheduled carriers, McCarran is served by supplemental, commuter and charter carriers and continuously updates its long-range plan to meet anticipated growth in airline passengers and aircraft operations by building and maintaining state-of-the-art facilities, maximizing existing resources, and capitalizing on new and innovative technology.

A major railroad crosses Clark County. There are nine federal highways in Nevada, two of which are part of the interstate system. Interstate 15, connecting Salt Lake City and San Diego, passes through Las Vegas and provides convenient access to the Los Angeles area. Interstate 80 connects Salt Lake City with the San Francisco Bay area and passes through the Reno-Sparks area. Several national bus lines and trucking lines serve the State.

U.S. Highways 95 and 93 are major routes north from Las Vegas, through Reno and Ely, Nevada, respectively. South of Las Vegas, U.S. 95 extends to the Mexican border, generally following the Colorado River, and U.S. 93 crosses Hoover Dam into Arizona.

Federal Activities

Operations and facilities of the Federal Government in the State have been significant, beginning with Hoover Dam in the 1930's, an Army Air Force gunnery school (which later became Nellis AFB) during World War II, and the subsequent creation of the Nevada Test Site. Currently, the following federal activities are located in the County.

Hoover Dam. Hoover Dam, operated by the Bureau of Reclamation, is a multiple-purpose development. The dam controls floods and stores water for irrigation, municipal and industrial uses, hydroelectric power generation, and recreation. Hoover Dam is still one of the world's largest hydroelectric installations with a capacity of more than 2,000,000 kilowatts. Hoover Dam also is a major tourist attraction in the County.

Nellis Air Force Base. Nellis Air Force Base, a part of the U.S. Air Force Air Combat Command, is located adjacent to the City of Las Vegas. The base itself covers more than 14,000 acres of land, while the total land area occupied by Nellis Air Force Base and its ranges is over three million acres. The base hosts numerous military programs as well as civilian workers. It is the home base of the "Thunderbirds," the world famous air demonstration squadron.

Nevada Test Site. The Nevada Test Site ("NTS") was established in 1950 as the nation's proving ground for nuclear weapons testing. In recent years, under the direction of the Department of Energy's (DOE) Nevada Operations Office, NTS use has diversified into many other areas such as hazardous chemical spill testing, emergency response training, conventional weapons testing, and waste management projects that can best be conducted in this remote desert area. The NTS has been designated as an Environmental Research Park where scientists and students can conduct research on environmental issues. Located 65 miles northeast of Las Vegas, the NTS is a massive outdoor laboratory and national experimental center. NTS comprises 1,350 square miles, surrounded by thousands of additional acres of land withdrawn from the public domain for use as a protected wildlife range and for a military gunnery range, creating an unpopulated area of some 5,470 square miles. Federal employees and independent contractors are employee at NTS.

Yucca Mountain. The President, on the Department of Energy's recommendation, has approved the suitability of Yucca Mountain (located near Las Vegas in Nye County) as a national nuclear repository for high level waste and spent fuel from nuclear power plants around the country. Several years ago the Governor exercised his Notice of Disapproval to the U.S. Congress ("Congress"); however, both houses of Congress voted to overrule the notice as a prerequisite to a submission of a license application to the U.S. Nuclear Regulatory Commission ("NRC"). A federal lawsuit filed by the State relating to the use of Yucca Mountain for storage has been dismissed. The Department of Energy is continuing its planning for Yucca Mountain, including addressing design and transportation issues. Due to budget constraints and regulatory issues, the timeline for opening the project has been delayed. If the NRC grants the licenses to proceed with the construction and operation of a monitored geologic repository at Yucca Mountain, it is currently expected that acceptance of radioactive materials would begin in 2017.

Development Activity

The Nevada Development Authority ("NDA") is a nonprofit organization dedicated to the expansion and diversification of the entire southern Nevada community. Now in its fifth decade of service, NDA's membership is comprised of hundreds of business-oriented individuals. NDA's primary function is to provide information to companies considering relocation as well as to firms already doing business in southern Nevada. Nevada does not have corporate or personal income tax; inheritance or gift tax; unitary franchise on income; admission's tax; inventory tax; chain-store tax; special intangible tax; or franchise tax, which attracts many businesses to the area.

Complementing the area's emphasis on economic diversification are the numerous business incentives unique to the State of Nevada. Competitive wage rates, an expanding labor force, low out-bound freight transportation costs to other prominent southwestern markets and a graduated schedule for payment of sales and use tax on new capital equipment combine to give business and industry an attractive advantage. The State also abates sales and use taxes on capital equipment for qualified relocating or expanding companies. Additional incentives include a customized job training program (Train Employees Now) as well as no corporate, personal or inventory taxes.

Utilities

Electric utility services are provided to the vast majority of southern Nevada residents by Nevada Power Company ("NPC"), a stand-alone subsidiary of Sierra Pacific Resources with headquarters in Las Vegas, Nevada, and natural gas is provided by Southwest Gas Corporation.

Embarq is the largest provider of local telephone service to the greater Las Vegas area, including the smaller communities of Blue Diamond, Boulder City, Cal-Nev-Ari, Cottonwood Cove, Goodsprings, Jean, Laughlin, Mt. Charleston, Nelson, Primm and Searchlight.

Water

General. The major water purveyors in Clark County are: The Big Bend Water District, Boulder City, Henderson, the Las Vegas Valley Water District (the "LVVWD"), Nellis Air Force Base, and North Las Vegas. The LVVWD provides water service to the City of Las Vegas, the unincorporated urban areas of Clark County, Jean, Mt. Charleston, Blue Diamond, and Searchlight. The Big Bend Water District serves the Town of Laughlin. In addition, the Virgin Valley Water District serves the City of Mesquite and surrounding area, and the Moapa Valley Water District serves Logandale, Overton, Moapa and Glendale.

In July 1991, a regional water entity was created for southern Nevada. This new entity, the Southern Nevada Water Authority (the "SNWA"), was established in recognition of the need to address water on a regional basis rather than an individual purveyor basis. The members of the SNWA include the cities of Boulder City, Henderson, Las Vegas and North Las Vegas, the Big Bend Water District, Clark County Water Reclamation District (formerly Clark County Sanitation District), and the LVVWD. Among other things, this agency is addressing water resource management and water conservation on a regional basis; planning, managing and developing additional supplies of water for southern Nevada; and expanding and enhancing regional treatment and delivery capabilities. The LVVWD provides the management and staff for the SNWA.

The Southern Nevada Water System (the "SNWS") is a water supply system comprised of two water treatment plants and pumping and transmission facilities with an annual delivery capacity of approximately 750 million gallons per day (mgd). Water is treated after diversion from Lake Mead and the potable product is delivered to the SNWA water purveyors. As a result of legislative action in 1995, the SNWS was transferred from the Colorado River Commission (the "CRC") to the SNWA. The LVVWD, under a facilities and operations agreement with the SNWA, operates the SNWS for the benefit of all SNWA water purveyor member agencies.

The State's annual consumptive use right to Colorado River water is 300,000 acre-feet. This right was established pursuant to the Colorado River Compact, various federal laws and contracts and various court decrees. Consumptive use is the amount of water withdrawn, less water that is returned to the river. The SNWA and its purveyor members' share of the State's annual Colorado River consumptive use right is about 272,000 acre-feet annually. In the twelve months ending in March 2008, the SNWA diverted approximately 473,898 acre-feet to consumptively use this amount, including approximately 17,585 acre-feet for water banking under the Southern Nevada Water Bank and approximately 7,000 acre-feet in the California water bank. The diversion figure takes into account the fact that the SNWA's members return water to the Colorado River system, thereby increasing the total amount of water available for delivery. The SNWA also has a contract right to unused and surplus Colorado River water when available as determined by the Secretary of the Interior. See "Seven Basin States Record of Decision" below.

In January 2001, the Secretary of the Interior (the "Secretary") approved the Colorado River Interim Surplus Guidelines (the "Guidelines"); the Guidelines were amended effective December 2007. The Guidelines are designed to reduce California's overuse of its 4.4 million acre-feet allocation of Colorado River water and will be used to determine the availability of "surplus" Colorado River water for use within the states of Arizona, California and Nevada. See "Seven Basin States Record of Decision" below. Water in excess of the State's allotment was available to SNWA in the years 1996-2004 and 2006; no excess was available pursuant to the Guidelines in 2005 and 2007, nor is any excess expected to be available during 2008.

SNWA Water Resource Plan, Drought Plan and Integrated Resource Management. As part of its mission, the SNWA maintains several key planning documents, including a Water Resource Plan and a Drought Plan. These documents summarize existing resources and options that reflect current conditions.

Water Resource Plan. The first SNWA Water Resource Plan, which provides a comprehensive overview of water resources and demands in southern Nevada, was adopted in 1996. The plan is reviewed annually and updated as needed. The 2008 Water Resource Plan represents the seventh revision. The SNWA Water Resource Plan provides a demand projection for southern Nevada for a 50-year period and outlines a portfolio of resource options to meet the projected demand. This resource portfolio includes local groundwater, as well as Nevada's 300,000 acre-feet basic Colorado River apportionment, surplus Colorado River water when available, wastewater reuse and other current and potential supplies.

In addition, the SNWA amended its agreement with the Arizona Water Banking Authority in 2004 to guarantee the availability of 1.25 million acre-feet of Colorado River water storage credits for Nevada's future use. Under the amended storage agreement, the SNWA is entitled to consumptively use up to 20,000 acre-feet annually in 2007 and 2008, up to 30,000 acre-feet annually in 2009 and 2010, and up to 40,000 acre-feet annually in 2011 and beyond. The amended agreement will remain in force until the SNWA uses all its storage credits or June 1 2060, whichever comes first. In 2004, the SNWA also entered into agreements with the Metropolitan Water District of Southern California ("MWD") and the federal Bureau of Reclamation to store a portion of the State's unused Colorado River water in southern California until it is needed; under those agreements, the State can recover up to 30,000 acre-feet per year from the storage account, with six months advance notice provided to MWD. The acquisition

and use of Colorado River water remains one of the best and most cost-effective options to meet future demands in southern Nevada, surpassed only by conservation.

Drought Plan. The Colorado River Basin is experiencing one of the worst droughts on record, which impacts Lake Mead reservoir levels. Should the drought worsen and reservoir levels along the Colorado River decline low enough, the Lower Basin States (including Nevada) could see their basic apportionment of Colorado River water curtailed in some years. This shortage condition is the worst-case scenario on the river. As part of its response to these drought conditions, the SNWA and its member agencies have prepared the regional Drought Plan as a supplement to the SNWA Water Resource Plan. The original Drought Plan was amended in 2004, 2005 and April 2007.

The Drought Plan establishes stages of drought conditions (No Drought, Drought Watch, Drought Alert and Drought Critical). The Drought Plan clarifies the overall process for declaring drought stages. In determining whether the various drought stages exist, the SNWA Board will consider the Lake Mead water level projections from the Bureau of Reclamation in conjunction with the community's conservation achievements, projected water demands and other related factors. To date, measures restricting water demands have been developed for Drought Watch and Drought Alert. Those restrictions include watering restrictions, golf course watering budgets, more restrictive landscape development codes for new developments and water waste enforcement and fees. Restrictions for a Drought Critical stage will depend on resource needs at the time and will be developed to achieve the greatest level of water savings. Those restrictions will be defined and incorporated into the Drought Plan prior to any declaration of Drought Critical.

Local purveyors in the Las Vegas Valley (including the LVVWD) have enacted ordinances to support enforcement of the restrictions included in the Drought Plan and also have implemented rate increases to promote additional conservation and greater awareness of drought conditions. The drought stage currently is Drought Alert.

Integrated Water Planning Process. The SNWA is engaged in the development of additional in-state water resources. The development of these in-state resources will be a significant focus of the SNWA over the next decade. Currently, the SNWA is in the preliminary stages of planning and environmental compliance for the construction of necessary infrastructure to transport unused groundwater in Clark, Lincoln and White Pine counties to the Las Vegas Valley. Applications for various rights-of-way have been submitted to the appropriate Bureau of Land Management ("BLM") offices and technical analyses are underway. In September 2006, the SNWA participated in its first hearings before the State Engineer to consider the SNWA's applications for unappropriated groundwater in Spring Valley, Nevada. During those hearings, the SNWA presented its plan to convey groundwater from Lincoln and White Pine Counties to Clark County. In April 2007, the State Engineer approved a portion of the groundwater rights applications, enabling SNWA to develop a maximum of 60,000 acre-feet annually from the basin. To aid in the management of the Spring Valley, SNWA has begun to acquire a number of ranch properties, and the water rights associated with them; the ranches will be an essential tool in managing the overall groundwater system in Spring Valley. In the spring of 2008, the SNWA amended prior agreements with the Virgin Valley Water District and the Moapa Valley Water District ("MVWD") to implement the acquisition and development of Virgin Valley River water rights and Muddy River water rights and to provide for the development, treatment and transport of Coyote Spring Valley groundwater through the MVWD system.

Seven Basin States Record of Decision. On December 13, 2007, the Secretary of the Interior ("Secretary") signed a Record of Decision ("ROD") approving adoption of "Colorado River Interim Guidelines for Lower Basin Shortages and the Coordinated Operations for Lake Powell and Lake Mead." The ROD is the result of a lengthy public process that began in 2005 when the Secretary requested input from the seven states of the Colorado River Basin ("Seven Basin States") and other stakeholders regarding development of additional operational guidelines and tools to meet the challenges of the ongoing drought in the Colorado River Basin. During this process, the Bureau of Reclamation issued a Draft Environmental Impact Statement and a Final EIS that reflected comments from the Seven Basin States, general public and other interested parties.

The ROD approves and outlines specific interim Lower Basin shortage guidelines and coordinated management strategies for Lakes Powell and Mead under low reservoir conditions. Except for several operational refinements as a result of the public input, the approved guidelines and strategies substantially reflect a conceptual plan and subsequent comments developed by the Seven Basin States and submitted to the Secretary on February 3, 2006 and April 30, 2007, respectively. These guidelines and strategies, which are intended to remain in effect through 2036 regarding water supply and through 2026 regarding reservoir operating decisions, include:

- Establishment of discrete levels of shortage volumes associated with Lake Mead elevations to conserve reservoir storage and provide water users and managers in the Lower Basin with greater certainty to know when, and by how much, water deliveries will be reduced in drought and other low reservoir conditions;
- Coordinated operation of Lake Powell and Lake Mead determined by specified reservoir conditions that would minimize shortages in the Lower Basin and avoid the risk of curtailments in the Upper Basin;
- A mechanism to encourage and account for augmentation and conservation of water supplies, referred to as Intentionally Created Surplus ("ICS"), that would minimize the likelihood and severity of potential future shortages; and
- The modification and extension of the Interim Surplus Guidelines through 2025.

Other elements of the agreement relating to tributary and imported water will be in effect past the expiration of reservoir operating and water supply guidelines and strategies.

As approved and adopted, the new guidelines implement interim reservoir operations that are designed to minimize shortages in the Lower Basin and avoid the risk of curtailments in the Upper Basin through an operating strategy for Lakes Powell and Mead that strives to balance the water supply between these reservoirs, while maximizing their use. The guidelines replace the existing Interim Surplus Guidelines by extending the Interim Surplus Guidelines through 2025, with amendments that (a) remove the partial domestic surplus category (which was implemented in 2001), (b) limit domestic surpluses for the Metropolitan Water District, Arizona and the SNWA to 250,000 acre-feet, 100,000 acre-feet, and 100,000 acre-feet per year, respectively, during the years 2016 through 2025, and (c) implement shortage conditions when Lake Mead's elevation is at 1,075 feet or lower. The guidelines also provide an opportunity for Lower Basin States to develop, store and access ICS water through extraordinary

IndENTURE OF TRUST

THIS IndENTURE OF TRUST, dated as of November 1, 2008, including any amendments hereto made in accordance herewith (the "Indenture"), between the CITY OF LAS VEGAS REDEVELOPMENT AGENCY (the "Agency"), a public body corporate and politic duly organized and existing as a redevelopment agency under the laws of the State of Nevada, and U.S. BANK NATIONAL ASSOCIATION, (the "Trustee"), a banking corporation duly organized and existing under and by virtue of the laws of the United States of America, as trustee;

WITNESSETH:

WHEREAS, the Agency is a public body corporate and politic, and has been duly organized, established and authorized by the City of Las Vegas, Nevada (the "City") to transact business and exercise its powers as a redevelopment agency, all under and pursuant to the Nevada Community Redevelopment Law, consisting of NRS 279.382 to 279.680, inclusive (the "Act"); and

WHEREAS, pursuant to the Act, the Agency has the power and authority to issue "bonds" (defined by the Act to mean and include any bonds, notes, interim certificates, debentures or other obligations) to finance the corporate purposes of the Agency authorized to be undertaken by the Agency under the Act; and

WHEREAS, a redevelopment plan, known as the "City of Las Vegas Downtown Redevelopment Plan" (the "Redevelopment Plan"), has been duly and regularly approved by the City Council of the City for a redevelopment project under the Act known and designated as the "City of Las Vegas Downtown Redevelopment Project" (the "Redevelopment Project"); and

WHEREAS, all applicable requirements of the Act and other provisions of law for and precedent to the adoption and approval by the City of the Redevelopment Plan have been duly complied with; and

WHEREAS, in order to refinance certain undertakings in connection with the Redevelopment Project and which are authorized pursuant to the Act and the Redevelopment Plan, the Agency has issued \$19,115,000 in aggregate principal amount of its "City of Las Vegas Redevelopment Agency, Tax Increment Subordinate Lien Revenue Refunding Bonds (Fremont Street Project), Series 2003" (the "2003A Bonds"), which are payable from and secured by a lien on tax increment revenues and other revenues which constitute part of the Trust Estate (as defined herein) ; and

WHEREAS, in order to provide funds to defray a portion of the costs of funding certain Agency Improvements (as herein defined) to be acquired or constructed pursuant to the Redevelopment Plan, including, without limitation, the payment of issuance expenses and other incidental expenses, and the capitalization of a reserve fund, the Agency deems it necessary to issue at this time \$[08A par] in aggregate principal amount of its "Tax Increment Revenue Bonds, Series 2008A" (the "Bonds"), which shall be payable from and secured by the Trust Estate on a parity with the lien thereon on the 2003A Bonds; and

conservation efforts, tributary conservation, system efficiency projects or importation of non-Colorado River water into the mainstream of the Colorado River. In any one year, the creation of extraordinary conservation ICS for California, Nevada and Arizona will be limited to 400,000 acre-feet, 125,000 acre-feet, and 100,000 acre-feet, respectively, while the maximum amount of extraordinary conservation ICS water that California, Nevada and Arizona can accumulate at any one time is limited to 1.5 million acre-feet, 300,000 acre-feet, and 300,000 acre-feet, respectively. These limits do not apply to other categories of ICS water available to Nevada.

With regard to shortage conditions, Arizona and Nevada have executed a Shortage Sharing Agreement premised upon the Secretary's reductions in deliveries with the United States of 333,000, 417,000 and 500,000 acre-feet per year based upon specific Lake Mead elevations. The Shortage Sharing Agreement between Arizona and Nevada is based on the assumption that the United States would also determine how it will reduce the quantity of water to Mexico during declared shortages.

The ROD also activates an existing agreement between the Seven Basin States ("Seven States Agreement") to diligently pursue interim water supplies, system augmentation, system efficiency and water enhancement projects within the Colorado River system, including the addition of new sources of supply to the Colorado River Basin (including but not limited to importation from outside the Colorado River Basin or desalination of ocean water or brackish water).

The SNWA believes that the ROD and associated guidelines are a major advancement in the management of Colorado River water resources with significant benefits to southern Nevada. The guidelines provide for the development of procedures that will allow Nevada's pre-compact tributary and imported groundwater water resources to be introduced, conveyed through and diverted from the Colorado River system. Ninety-five percent of this water would be recoverable and available during any shortage and could contribute to return flow credits. As the SNWA pursues development of available groundwater supplies within Nevada, these procedures would provide opportunity for the southern Nevada area to significantly extend the use of these resources. The guidelines also allow Nevada to participate in the implementation of system efficiency projects such as the Drop 2 Reservoir along the All American Canal in California and the Yuma Desalting Plant in Arizona, as well as future augmentation projects. Participation in the Drop 2 project will give Nevada access to a one-time supply of water (at least 400,000 acre-feet) that can be accessed in future years on an as-needed basis.

Clean Water Coalition

The Clean Water Coalition (the "CWC") is a joint powers authority created in 2002 by cooperative agreements between the City of Las Vegas, the City of Henderson, the Clark County Water Reclamation District and the City of North Las Vegas (the "Members"). The purpose of the CWC is to carry out the Systems Conveyance and Operations Program ("SCOP"). SCOP encompasses the planning, design, financing, construction, and operation and maintenance of a regional system to transport highly treated wastewater effluent from the facilities of the Member agencies to the ultimate outfall location within the Colorado River system. The primary objective of the SCOP is to improve water quality in Lake Mead at the point of discharge. The CWC is prohibited from performing any function that is being performed by a Member without the written consent of that Member.

Construction of the SCOP project currently is anticipated to cost approximately \$800 million. The CWC has received authorization to issue up to \$800,000,000 of special obligations (not more than \$200,000,000 may be outstanding at any time) to pay all or part of the cost of the SCOP project; the County's Bond Bank has issued commercial paper notes on behalf of the CWC. The CWC special obligations are secured by and payable from regional fees comprised of sewer connection charges and sewer usage charges assessed by CWC (the "Regional Fees") and certain other CWC revenues. All of the Members have begun imposing Regional Fees. However, if the Regional Fees are inadequate, the Members are required to pay CWC's financial obligations in the following percentages: City of Las Vegas - 30%, Clark County Water Reclamation District - 46%, City of Henderson - 14%, and City of North Las Vegas - 10%. Each Member, in its sole judgment, determines the method of raising the funds needed to satisfy its obligations under the cooperative agreements.

Clean Air

The County is subject to various clean air requirements imposed by the federal government and enforced by the U.S. Environmental Protection Agency ("EPA"). These include carbon monoxide, dust and ozone concerns. The County has submitted a clean air plan for the Las Vegas Valley serious carbon monoxide ("CO") nonattainment area and the EPA has issued a finding that the applicable standard has been met. The County must prepare a CO maintenance plan for EPA approval in order to be designated as a CO attainment area.

The also County has finalized and submitted a clean air plan to address PM10 (dust) concerns in the Las Vegas Valley in accordance with the Federal Clean Air Act on June 19, 2001 and has attained the PM10 standard and submitted a final report as required by EPA.

On April 30, 2004, the U.S. EPA published in the Federal Register nonattainment designations for the new 8-hour ozone standard, classifying Clark County as a Subpart 1 ozone nonattainment area. The classification requires Clark County to attain the 8-hour ozone standard no later than 2009. In December 2006, the District of Columbia circuit court vacated EPA's Phase I implementation rule, which contained the standards for Subpart 1 designated areas. The court's action remanded the rule back to EPA for further action. However, Clark County is currently in attainment with the ozone standard for the latest three-year average of the 4th highest reading (2004, 2005, 2006) and can demonstrate attainment through 2018. Therefore, the County is working with EPA on receiving a clean data finding and submission of an ozone maintenance plan. Clark County submitted the request to the EPA on June 7, 2007, and is awaiting their decision.

If the U.S. EPA disapproves a clean air plan, the County could face sanctions, including withholding federal funds for new transportation projects, and could include the diversion of federal funds to projects outside the Las Vegas valley until acceptable plans are approved. The County cannot predict the effect of a plan disapproval on highway and road projects or other possible effects of the withholding of federal funds or its effect on growth in the County. The nature and scope of these effects will depend, among other things, on the projects and the period of time for which funding is withheld.

Education

Clark County School District provides public education services to the residents of the County and enrolls approximately 70% of all school children in the State; it is the fifth

largest school district in the United States. Higher education is provided by the Community College of Southern Nevada (a two-year institution), by Nevada State College in Henderson (a four-year institution) and by the University of Nevada, Las Vegas (a four-year university). All of these institutions are part of the Nevada System of Higher Education.

1. INTRODUCTION

Keyser Marston Associates, Inc (KMA) has been retained as Fiscal Consultant to the Las Vegas Redevelopment Agency (the Agency) to prepare a projection of tax increment revenues for the Downtown Las Vegas Redevelopment Project (the Project Area). Under the provisions of the Nevada Community Redevelopment Law, Nevada Revised Statutes (NRS) Sections 279.382 to 279.685, the Agency was established on November 6, 1985 for the purpose of eliminating blight. On March 5, 1986, the Las Vegas City Council adopted the Redevelopment Plan for the Project Area. The Redevelopment Plan was further amended in February 1988, April 1992, November 1996, December 2003 and May 2006

The Agency promotes and encourages the redevelopment of the Downtown Las Vegas urban core and surrounding commercial districts by working with developers, property owners and community associations to accomplish revitalization goals set forth in the Redevelopment Plan. To achieve these goals, the NRS authorizes the Agency to receive that portion of property tax revenue generated from the increase of the current year taxable values over the base year taxable values that existed at the time of adoption of the Project Area. This portion of property tax revenue is referred to as tax increment revenue. The NRS provides that the tax increment revenue may be pledged by the Agency for the repayment of Agency indebtedness.

This Fiscal Consultant Report has been prepared to reflect the tax increment revenues that would be allocable in FY 2008-09, based upon reported Project Area assessed values by the Clark County Assessor. The projected taxable values and resulting tax increment revenues for the Project Area are based on assumptions determined by a review of the assessed value history of the Project Area; Agency-identified new developments proposed for the Project Area; and the property tax assessment and property tax apportionment procedures of Clark County.

2. REVIEW OF THE PROJECT AREA

The Project Area generally encompasses the greater Downtown Las Vegas area east of Interstate 15, south of Washington Avenue, north of Sahara Avenue and west of Maryland Parkway. The Project Area also includes the Charleston Avenue, Martin Luther King Boulevard and Eastern Avenue commercial corridors.

2.1 Redevelopment Plan Time Limits

The NRS requires that the Redevelopment Plan contain specific time limitations on the establishment of indebtedness, the redevelopment plan effectiveness and the collection of tax increment revenue to repay debt. NRS 279.438 provides that a redevelopment plan adopted before January 1, 1991, and any amendments to the plan, must terminate at the end of the fiscal year in which the principal and interest of the last maturing of the securities issued before that date concerning the redevelopment area are fully paid or 45 years after the date on

which the original redevelopment plan was adopted, whichever is later. The following time limitations, as set forth in the Redevelopment Plan, are in effect for the Project Area:

Time Limit on Establishment of Indebtedness	March 5, 2016
Redevelopment Plan Effectiveness	March 5, 2031
Repayment of Indebtedness	March 5, 2031

2.2 Redevelopment Plan Dollar Limit

NRS 279.676(2) provides that in a municipality whose population is 100,000 or more, in any fiscal year the total revenue paid to a redevelopment agency must not exceed an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 10% of the total assessed valuation of the municipality. If the revenue allocated to the Agency must be limited, the Agency shall estimate the allocation of tax increment revenues to the Project Area and any excess taxes must then be allocated to the respective taxing agencies. Based on the City of Las Vegas' preliminary FY 2008-09 assessed value of \$25,792,700,000¹ and a City-wide overlapping tax rate of \$3 2714 per \$100 assessed value, the tax increment limit threshold by which the Agency would be limited would equal \$84,378,000. The projected tax increment in FY 2008-09 is estimated to be \$25,400,000

2.3 Low and Moderate Income Housing Set Aside

NRS 279.685 requires that an agency of a city whose population is 300,000 or more that receives tax increment revenue shall set aside not less than 15% of that revenue received on or before October 1, 1999, and 18% of that revenue received after October 1, 1999, to increase, improve and preserve the number of dwelling units in the community for low-income households. The set aside is used to increase, improve and preserve the number of dwelling units in the City for qualifying low and moderate income households. As of July 1, 2007, Clark County reports that the population of the City of Las Vegas was 603,093. Therefore, the tax increment projection shown on Table 8 deducts the 18% set aside for low and moderate income housing uses

2.4 Property Tax Abatement

In an effort to alleviate any financial burdens to homeowners resulting from the payment of rising property taxes, the State Legislature determined that year to year increases in such taxes exceeding 3% constituted an economic hardship. As a result, the Legislature enacted AB 489 in 2005 (NRS 361.4723) providing a partial abatement of property taxes and instituting a cap on growth on such property taxes. SB 509 was also approved in 2005, clarifying AB 489 with provisions for implementation and administration, as well as provisions for the distribution of the effect of tax abatements to redevelopment districts and the effect of abatements where overlapping tax rates increase.

¹ Secured and unsecured assessed values per County Assessor website for FY 2008-09.

Taxes on owner-occupied residential units (single-family homes, townhomes, condominiums or manufactured homes as the tax payer's primary residence in Nevada) are capped at 3% annual growth. If the tax calculated based on assessed value exceeds the allowable tax under the cap, an abatement is granted for the difference between the two. Residential properties containing rental units may also qualify for the 3% annual cap to the extent the rent on all units are at or below the fair market rent for the county, as most recently published by the Department of Housing and Urban Development (HUD). For most owner occupied properties, FY 2004-05 is the base year for applying the tax cap and calculating the abatement.

Increases in taxes for other properties (commercial, industrial, vacant land, mixed-use, non-owner occupied residential, and rental units whose rent exceeds the HUD guidelines) are capped based on a comparative formula which, ultimately, cannot exceed 8% annual growth. This cap would also apply to land, commercial buildings, business personal property, aircraft, etc and caps taxes billed by the County Treasurer, not the assessed value determined by the County Assessor. If the tax calculated based on assessed value exceeds the allowable tax under the cap, an abatement is granted for the difference between the two.

Property taxes on new construction, newly created parcels, or property that experienced a change of use (a zoning change or manufactured home conversion, for example) will not qualify for the cap in the then current fiscal year, but could qualify to receive the 3% or 8% cap starting the following fiscal year. For parcels created after FY 2004-05 and designated as new parcels by the County Assessor, the base year would be the year the parcel was created and the abatement and tax cap would apply from that year forward.

Although the tax abatement is parcel based, in order to estimate an "order of magnitude" estimate of future tax abatements on a Project Area-wide basis, the tax increment revenue projection on Table 8 incorporates separate Project Area-wide projections based on the following parameters:

- o Existing commercial assessed values (Table 8-1);
- o Existing owner-occupied residential assessed values (Table 8-2),
- o Projected new commercial assessed values (Table 8-3), and
- o Projected new owner-occupied residential assessed values (Table 8-4).

The allowable rate of increase for properties other than owner occupied dwellings has been projected at 6%, or twice the 20-year average CPI increase (a percentage based on twice the CPI is one component of the cap formula that is assumed to govern for purposes of these projections)

2.5 Allocation of Tax Abatement for Redevelopment Projects

NRS 361.4731 provides for allocation of the tax abatements in redevelopment project areas. On or before August 1, the County Treasurer determines for each parcel within the Project Area the property tax abatement. The tax abatement in a redevelopment project area must be shared, on a parcel-proportionate share of the base value for that property, between that portion borne by taxing entities receiving taxes from the frozen Base Year assessed value² and that portion borne by the taxing entities receiving the Tax Increment revenue (including the Agency).³ The Project Area Base Year FY 2008-09 assessed value comprises 28.7% of the total reported value and, therefore it is assumed, for purposes of this projection, that 28.7% of tax abatements are borne by the taxing entities receiving taxes from the frozen Base Year assessed value and that 71.3% of tax abatements are borne out of the Tax Increment revenue.

NRS 361.4731 further states that if the tax rate on the subject parcel exceeds the tax rate from the prior fiscal year by more than the permitted tax cap (3% or 8%), then the product of that excess multiplied by the parcel proportionate share of the base value would represent the abatement allocated to the taxing entities receiving taxes from the frozen Base Year assessed value. The balance of the tax abatement would be borne out of the Tax Increment revenue. The portion of the annual tax abatements borne out of the Tax Increment revenue is distributed among the Agency, and any other qualifying taxing entities, proportionate to their respective allocations.

3. REVIEW OF PROJECT ASSESSED VALUES

3.1 Real Property

Real property, as referred to in this Report, is defined to represent land, buildings and improvements which are not normally removable and mobile/manufactured homes that have been converted to real property. The Assessor estimates the land's taxable (full cash) value by considering its location, zoning, actual use, etc. Land values are estimated from market sales or other recognized appraisal methods. The taxable value of vacant land is determined by considering the use to which it may be lawfully put. The taxable value of improved land is determined by considering the use to which the improvements are being put. The taxable value of an improvement is the estimated replacement cost new less depreciation at 1½ percent per year to 50 years. The land value is added to the improvement's taxable value to arrive at the property's overall taxable value.

Property in Nevada is required to be reappraised (revalued) at least once every five years. Between reappraisal years, the values are adjusted each year by factors approved by the Nevada Tax Commission. Additional appraisals may occur when improvements are

² Pursuant to NRS 279.676(1)(a).

³ Pursuant to NRS 279.676(1)(b),(c), and (d).

added, new structures are built or because of use or zoning changes. If a structure has been removed from the property and the Assessor's office is notified, the Assessor will delete the value from the assessment. Also, if on or after the lien date there was partial or total destruction of a real property improvement or personal property and the property was rendered unusable for not less than 90 consecutive days, the owner of the property may be entitled to an adjustment or credit.

NRS 361.225 requires that all property subject to taxation be assessed at 35% of its taxable value: Taxable Value x 35% Level of Assessment = Assessed Value

3.2 Personal Property

Personal property is defined to represent property not permanently affixed to land, such as aircraft, business equipment, agricultural equipment, billboards, etc., and mobile manufactured homes not converted to real property. For personal property, depreciation is based on life expectancy.

3.3 Project Area Values

The Project Area assessed values are prepared by the County Assessor and are based on a July 1st property tax lien date. Each property assessment is assigned a unique parcel number which correlates to assessment maps prepared by the County Assessor. The corresponding assessed values for each parcel are then encoded to Tax Districts which are geographic subareas with common distribution of taxes and which are contained within the Project Area boundaries. Previously, the Project Area was represented by three Tax Districts (District numbers 203, 204 and 207). Commencing in FY 2008-09, the County Assessor created a new Tax District 212 to reflect the aggregated assessed values for the 750 acre Project Area amendment adopted in May 2006, as summarized on Table 1.

The County Assessor is responsible for the aggregation of the assessed values assigned to properties within the boundaries of the Project Area. In December of each year, Property Value Notice postcards are mailed to all real property owners for the tax roll that will be based on the upcoming July 1 lien date. The January aggregation of values shown on Table 1 represent the values as of the Property Value Notices. Petitions appealing the reported property values must be filed by January 15 to the County Board of Equalization (BOE) and taxpayer appeals are heard through February and March. The March aggregation of values shown on Table 1 reflect the values adjusted by the appeal petitions to the BOE, as well as any adjustments made by the County Assessor for new construction, escaped assessments or roll corrections. An aggregation of value in March, as shown on Table 1, reflects additional County Assessor adjustments and updates prior to the preparation of Property Value Notices for the next tax lien date.

In order to establish a static point of reference in the determination of historic and future tax increment revenues, as well as the identification of land uses by value and major property

tax payers, KMA has relied upon the County Assessor's March aggregation of values throughout this Report. The reported assessed values of the Project Area for the 2008-09 fiscal year are as follows:

	<u>2008-09 March Report</u>	<u>% Total Value</u>	<u>% of Base & Increment</u>
Secured	\$1,766,769,110	87.6%	
Unsecured	<u>250,735,073</u>	<u>12.4%</u>	
Total Reported Value	\$2,017,504,183	100.0%	
Base Year Value	<u>(578,571,790)</u>		28.7%
Incremental Value	\$1,438,932,393		71.3%

The County Assessor may annually revise the reported Base Year assessed values to the extent that real properties within the Project Area are acquired for uses by the State or by Native American reservation uses. In FY 2006-07, the Base Year assessed values were adjusted by the County Assessor due to such changes

3.4 Historic Assessed Values

Aggregated historic values of the Project Area are summarized on Table 1 covering fiscal years 2003-04 to 2008-09 (March report). The presentation compares the preliminary January, revised March and updated October reports of value published by the County Assessor over the course of the fiscal year. The change in incremental assessed values between the three reporting periods is shown on Table 1, as well as annual valuation change by reporting period (e.g. March 2003 vis-à-vis March 2004). The incremental assessed value increase over the five-year period for Tax Districts 203, 204 and 207 reflects a 363.7% increase between FY 2003-04 and FY 2008-09, representing an average annual assessed valuation gain of \$223.9 million per year (72.7% annual increase over the period).

3.5 Land Use Composition

As shown on Table 2, KMA analyzed the composition of land uses within the Project Area in FY 2008-09 (March report) using the County Assessor's tax roll land use classification system. Commercial retail uses constitute the largest land use category and represents 19.4% of the reported assessed value, followed by commercial hotel/casino uses representing 18.5%. Overall, commercial uses represent 59.6% of the reported Project Area assessed values. Various residential uses account for 17.1%.

Based upon GIS data supplied by the City's Information Technology Department, a determination of the parcel acreage by land use was also analyzed, based upon a total parcel acreage of 2,628 acres. The parcels designated with a commercial land use consisted of 1,142 acres, or 43.5% of the total acreage. Parcels designated with a residential land use consisted of 546 acres, or 20.8% of the total acreage.

3.6 Ten Largest Taxpayers

The ten largest property owners in the Project Area were identified by KMA based upon a review of the 2008-09 locally assessed real property secured tax roll reported by the County Assessor. The aggregated secured assessed values of the identified ten largest tax payers are shown on Table 3 and include the assessee name, property use, parcel count, FY 2008-09 assessed value, percentage share of the total Project Area value and incremental value, and the anticipated amount of net tax to be paid (net of the abatement cap).

The ten identified tax payers represent 27.1%, or \$546,760,432 of the total Project Area assessed value for 2008-09. When compared against the incremental assessed value, the ten assesseees represent 38% of the incremental value. The anticipated net property taxes represent 28.5% of the anticipated tax increment for FY 2008-09.

3.7 Assessment Appeals and County Adjustments

Real property taxable values determined by the County Assessor may be subject to an appeal petition filed by the property owner prior to January 15 of each year. Personal property appeals must be filed no later than March 10. Assessment appeals are annually filed with the County BOE for a hearing and resolution in February and/or March. The resolution of an appeal may result in a reduction to the Assessor's original assessed value and an adjustment to the property tax bill of the property owner.

In filing a petition, the property owners must demonstrate that the County Assessor's determination of assessed value is not at taxable value or that the taxable value exceeds the full cash value. Therefore, the property owner must provide evidence that proves the market value of the property is less than the taxable value. Supporting evidence would demonstrate that recent sales of similar properties in the vicinity support a value less than the taxable value of the property; that adverse factors affecting the value have not been considered by the Assessor; that the fair economic income expectancy of the property does not justify the value; or that an error was made by the Assessor in computing the taxable value.

As shown on Table 4-1, the County Assessor identified 435 real property parcel adjustments for FY 2008-09, either due to an assessment appeal or a change in value made by the Assessor prior to the publication of the March aggregation of value. Of this total, 424 parcels were from the Allure condominium project, of which 329 were assessed to the developer (S P Sahara Development LLC) and 95 were assessed to individual condominium owners. The 13.8% reduction of the 329 parcels owned by the developer amounted to a valuation reduction of \$10,093,000. Overall, the real property values subject to a BOE or County Assessor adjustment totaled \$114,408,968, representing 5.6% of the total FY 2008-09 assessed value for the Project Area. The actual adjustments totaled to a reduction of \$25,739,511, or a 1.3% reduction to the January aggregation of Project-wide value.

Historic BOE or County Assessor valuation adjustments from previous fiscal years are shown on Tables 4-2 to 4-5, based upon historic information identified by the County Assessor. The historic adjustments resulting from either an assessment appeal or change in value made by the Assessor prior to the publication of the March aggregation of value is summarized below:

	<u>Parcels</u>	<u>January Reported</u>	<u>Adjusted Value</u>	<u>Change in Value</u>
FY 2008-09	435	114,408,968	88,669,457	(25,739,511)
FY 2007-08	23	37,957,785	18,760,818	(19,196,967)
FY 2006-07	132	37,695,441	14,669,081	(23,026,360)
FY 2005-06	20	19,794,800	12,149,777	(7,645,023)
FY 2004-05	29	46,791,439	27,704,785	(19,086,654)

4. TAX ALLOCATION AND DISBURSEMENT

4.1 Tax Rates

Article 10, Section 2 of the State Constitution, limits the property tax rate to \$5 per \$100 of assessed value of the property being taxed. In the 1979 session, the State Legislature set the property tax rate at no more than \$3.64 per \$100 of assessed value, where it remains at the present time. In addition, the Legislature determined that \$0.02 of the statewide property tax rate of \$0.17 per \$100 of assessed value is not included subject to the \$3.64 per \$100 cap.

Legislatively Approved Overrides

At various times, the Legislature has enacted additional property taxes to fund a number of particular programs on a statewide basis, such as the funding of medical treatment to indigent persons.

Voter Approved Overrides

Pursuant to NRS 354.5982, a local government may exceed the limitations of NRS 354.59811 by proposing an additional property tax levy. The proposal must be placed on a general or special, but not primary election ballot. The question must state the proposed additional rate, the purpose, duration of the additional levy and an estimate of the amount of annual increase to the property tax bill for the owner of a new home with a fair market value of \$100,000. The duration of the levy, if approved, cannot exceed 30 years; and may be discontinued before it expires.

State Debt Rate

Pursuant to AB371, an initial property tax of 5 cents per \$100 of assessed valuation was levied for state purposes. In the ensuing years, the rate has fluctuated somewhat, depending on the state's need to fund debt service on its capital improvements.

projects throughout the state. At the present time, the state debt rate is 15 cents per \$100 which is included in the statutory cap, and 2 cents, enacted by SB507 (2003), which is outside the cap.

4.2 Exclusion of Post 1996 Levies

NRS 279.676, Section 1(c) and 1(d) excludes from the computation of tax increment revenues, the portion of taxes generated by levies approved by the voters on or after November 5, 1996. The portion of such taxes are to be paid to the respective taxing agencies for the repayment of the voter approved debt. As summarized on Table 5, for purposes of computing tax increment revenue, the FY 2008-09 tax rate of \$3.2714 per \$100 of assessed value has been reduced to eliminate voter approved levies for the City, police department and schools ⁴ to an anticipated tax rate of \$2.5428 per \$100 of assessed value. A subsequent projection of future tax rates based upon anticipated voter approved debt retirement is summarized on Table 5.

4.3 Allocation of Taxes

Tax bills are prepared and mailed out by August 1 of each year. Property taxes are due on the third Monday in August. However, a property owner may elect to pay in installments if the property taxes on a given parcel exceed \$100. The State Legislature has established four tax installment due dates each fiscal year. The installment due dates are in August, October, January and March.

In Clark County, real property tax increment allocations typically are made in the middle of each month, starting in August. By October, approximately 37% of total real property tax increment revenue is allocated. By January, approximately 65% of the real property tax increment revenue is allocated. And by March, approximately 84% of the real property tax increment revenue is allocated. The balance of allocations are then made until the close of the fiscal year in June. Unsecured personal property is billed beginning in September and continues through April.

4.4 Historic Computed Levy and Tax Receipts

A comparison of computed tax levy to actual tax receipts was prepared by Agency staff based upon database information supplied by the County Assessor and County Treasurer. This staff comparison is summarized on Table 6 for the period beginning in FY 2003-04 through the present FY 2007-08 based on the Agency's analysis. The partial collections for the current FY 2007-08 (as of June 26, 2008) are shown for memo purposes only. For purposes of this comparison, the March aggregation of assessed values have been

⁴ Future County School District voter-approved indebtedness was estimated by NSB Public Finance through FY 2015-16.

used in the computation of annual tax levies. The tax rates, as identified by Agency staff, are factored against the incremental assessed values each year.

The historic allocation ratio during the period from FY 2003-04 to FY 2006-07 exceeded the computed levy by 1.4% over the period. If the annual prior year redemption allocations were included in the tax receipt computation, the average allocation exceeded the computed levy by 3.4%.

5. TAX INCREMENT REVENUE PROJECTION

5.1 Tax Increment Revenues

Property tax revenues in excess of the amount resulting from the assessed valuation shown on the tax roll for the base year value of the Project Area are referred to as tax increment. The base year for a project area represents the fiscal year in which taxable property was last equalized prior to the effective date of the ordinance approving the redevelopment plan for the Project Area.

The projections of tax increment revenues shown on Table 8 are based upon the fiscal year 2008-09 secured assessed values reported by the County Assessor in March. The application of an assumed valuation growth factor on existing assessed values, plus anticipated values added from new developments identified by Agency staff (summarized on Table 7) results in the estimate of future project area values. Out of necessity to compute the AB 489 tax rebate, the projections were separated under the following criteria:

- o Existing commercial assessed values (Table 8-1);
- o Existing owner-occupied residential assessed values (Table 8-2);
- o Projected new commercial assessed values (Table 8-3); and
- o Projected new owner-occupied residential assessed values (Table 8-4).

Although the AB 489 tax abatement is parcel based, in order to estimate an "order of magnitude" estimate of future tax abatements on a Project Area-wide basis, the tax increment revenue projections were formulated to aggregate the existing commercial (Table 8-1) and existing residential (Table 8-2) assessed values and to treat each aggregation as if they were single parcels (i.e. one residential parcel and one commercial parcel). The respective existing assessed values were assumed to increase a maximum of 4% per year and the appropriate AB 489 formula was then applied to each aggregation to project future net tax increment (net of a projected tax rebate).

Increases in taxes for commercial properties (commercial, industrial, vacant land, mixed-use, non-owner occupied residential, and rental units whose rent exceeds the HUD guidelines) are capped at a maximum 8% annual growth. Based upon the FY 2008-09 data of the County Treasurer, 95.5% of the Project Area value is subject to the commercial property tax

IN TRUST NEVERTHELESS, upon the terms and trusts in this Indenture set forth for the equal and proportionate benefit, security and protection of all present and future Registered Owners of the Bonds from time to time issued under and secured by this Indenture, without privilege, priority or distinction as to the lien or otherwise of any of the Bonds over any of the other Bonds;

PROVIDED, HOWEVER, that if the Agency, its successors or assigns shall well and truly pay, or cause to be paid, the principal of, premium, if any, and interest on the Bonds due or to become due thereon, at the times and in the manner set forth in the Bonds according to the true intent and meaning thereof, and shall cause the payments to be made on the Bonds as required under Article V hereof, or shall provide, as permitted hereby, for the payment thereof in accordance with Article VII hereof, and shall well and truly cause to be kept, performed and observed all of its covenants and conditions pursuant to the terms of this Indenture, and shall pay or cause to be paid to the Trustee all sums of money due or to become due to the Trustee in accordance with the terms and provisions of this Indenture, then upon the final payment thereof, this Indenture and the rights hereby granted shall cease, determine and be void; otherwise this Indenture shall remain in full force and effect.

THIS INDENTURE OF TRUST FURTHER WITNESSETH, and it is expressly declared, that all Bonds issued and secured hereunder are to be issued, authenticated and delivered and all said property, rights and interests, including, without limitation, the Trust Estate, are to be dealt with and disposed of under, upon and subject to the terms, conditions, stipulations, covenants, agreements, trusts, uses and purposes as in this Indenture expressed, and the Agency has agreed and covenanted and does hereby agree and covenant with the Trustee and with the respective Registered Owners of the Bonds as follows:

rebate formula cap. The Table 8-1 projection assumes that the cap will only be 6% instead of the maximum 8%, since a 6% tax cap represents twice the 20-year average CPI increase (a percentage based on twice the CPI is one component of the cap formula that is assumed to govern for purposes of these projections).

Approximately 4.5% of the FY 2008-09 value is subject to the residential owner-occupied rebate formula cap. Taxes on owner-occupied residential units (single-family homes, townhomes, condominiums or manufactured homes as the tax payer's primary residence in Nevada) are capped at 3% annual growth under AB 489. Therefore, the Table 8-2 projection reflects this 3% tax cap.

The approach to calculating net tax increment for new developments was treated differently given that value added from new developments would be added to the tax rolls in different fiscal years, resulting in a staggered base from which the tax rebate formula would be applied under the provisions of AB 489. These projections are summarized on Tables 8-3 and 8-4.

5.2 New Development Value Added

New developments occurring in the Project Area have been identified by Agency staff for inclusion in the tax increment revenue projection. The projects included in the tax increment projection and their corresponding estimates of assessed value are presented on Table 7. The amount of new development values anticipated to be added to the future property tax rolls are assumed to be as of the July 1st lien date of each year and only include 21 Agency-identified new developments recently completed and or 24 projects under construction. The valuation estimates are based on cost estimates provided by Agency staff⁵ and are adjusted by an inflationary cost-of-living factor of 4% prior to being enrolled in future year tax rolls.

There are a number of other new development projects anticipated by the Agency that are currently in various stages of plan review. These projects have not been included in the Table 8 projection, but could add significant tax increment revenues to future years when they are completed. Over 160 various commercial and residential projects are slated to be built and have the potential of adding over \$2.7 billion in assessed value to the Project Area assessed value. This increase represents over \$70.2 million in aggregate tax increment revenue that could be realized in the future.

5.3 Centrally Assessed Property Revenue

Centrally assessed property is annually determined by the State Department of Assessment Standards (DOAS). There are three categories of property valued by the DOAS:

⁵ Based upon historic Agency staff tracking of completed developments, the County Assessor's cost approach to estimating new construction taxable value has been approximately 55% of developer cost estimates. Therefore, for purposes of the projection, the taxable values shown on Table 7 represent 55% of the developers' projected taxable value, to which the County's 35% assessed value factor is then applied.

(1) Utilities - companies having property of an interstate or inter-county nature, including electric, gas, distribution, telephone, airlines, railroads, and carlines, (2) Mines - improvements and personal property as valued by DOAS; and (3) Net Proceeds of Minerals - in lieu of a property tax on mineral ores, the value of the mineral ore is established after it is mined and processed.

During FY 2007-08 the Agency received \$211,000 in centrally assessed property tax revenues. For purposes of this projection, it is assumed that the centrally assessed property tax allocation will be conservatively be \$200,000 per year in future years hereafter, as shown on the Table 8 projection.

5.4 Unsecured Personal Property Revenue

Tax increment revenue generated from unsecured personal property represents a small part of the Agency's annual tax increment revenue. The FY 2008-09 projection shown on Table 8 assumes that the Agency will continue to receive approximately \$1.7 million attributable to unsecured tax increment, based upon prior year actual receipts.

5.5 No Growth Tax Increment Revenue Projection

For comparative purposes, a "no growth" projection of the tax increment revenues has been prepared as Appendix Table A and does not assume any valuation growth from new developments or inflationary increases after FY 2008-09.

6. CAVEATS

The projections reflect assumptions based on KMA's understanding of the assessment and tax apportionment procedures employed by the County. The County procedures are subject to change as a reflection of policy revisions or administrative, regulatory or legislative mandate. While we believe our estimates to be reasonable, taxable values resulting from actual appraisals may vary from the amounts assumed in the projections. These assumptions are based on existing State policies and are subject to future regulatory or legislative changes.

No assurances are provided by KMA as to the certainty of the projected tax increment revenues shown on Table 8. Actual revenues may be higher or lower than what has been projected and are subject to valuation changes resulting from new developments or transfers of ownership not specifically identified herein, on-going Assessor roll adjustments, future filing of appeals, or the non-payment of taxes due. The accuracy or completeness of this analysis is based solely upon information provided by the County Assessor's office and Agency staff as of the date of the original review of said data by KMA.

- (a) a copy, duly certified by the Secretary of the Agency, of the Bond Resolution adopted by the Agency authorizing the issuance of the Bonds and the execution and delivery of this Indenture;

- (b) original executed counterparts of this Indenture and the Cooperation Agreement; and

- (c) a request and authorization to the Trustee on behalf of the Agency and signed by its Chairman or Vice Chairman to authenticate and deliver the Bonds to the Original Purchaser upon payment to the Trustee, but for the account of the Agency, of a sum specified in such request and authorization plus accrued interest thereon, if any, to the date of delivery, which shall be paid over to the Trustee and deposited pursuant to Section 2.03 hereof

Section 2.07. Mutilated, Lost, Stolen or Destroyed Bonds. In the event that any Bond is mutilated, lost, stolen or destroyed, the Trustee may authenticate and issue a new Bond, provided that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there first shall be furnished to the Trustee such evidence, information and indemnity as the Trustee and the Agency may reasonably require. In the event that any such Bond shall have matured, instead of issuing a duplicate Bond, the Trustee may pay the same without surrender thereof. The Trustee may charge the Registered Owner of any mutilated, lost, stolen or destroyed Bond with its reasonable fees and expenses for such services.

Section 2.08. Registration and Exchange of Bonds; Persons Treated as Owners. Except as provided in Section 2.09 hereof, records for the registration and transfer of the Bonds as provided in this Indenture shall be kept by the Trustee. Upon surrender for transfer of any Bond at the principal corporate trust office of the Trustee or such other office as may be designated by the Trustee, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or the attorney for such Registered Owner duly authorized in writing, the Trustee shall enter such transfer on the registration records and shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of the same maturity for a like aggregate principal amount, bearing numbers not previously assigned.

Bonds may be exchanged at the principal corporate trust office of the Trustee or such other office as may be designated by the Trustee for a like aggregate principal amount of Bonds of the maturity of other authorized denominations. The Trustee shall authenticate and deliver Bonds which the Registered Owner making the exchange is entitled to receive, bearing numbers not previously assigned.

The Trustee shall not be required to transfer or exchange (i) all or any portion of any Bond subject to prior redemption during the period beginning at the opening of business fifteen days before the day of the mailing by the Trustee of notice calling any Bonds for prior redemption and ending at the close of business on the day of such mailing, or (ii) all or any portion of a Bond after the mailing of notice calling such Bond or any portion thereof for prior redemption.

The Trustee may require the payment, by the Registered Owner of any Bond requesting exchange or transfer, of any reasonable charges therefor, as well as any taxes, transfer fees or other governmental charges required to be paid with respect to such exchange or transfer.

Except as otherwise herein provided with respect to Record Dates and Special Record Dates, the person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, whether or not such Bond is overdue, and neither the Agency nor the Trustee shall be affected by any notice to the contrary; and payment of or on account of the principal, interest, or premium, if any, on any Bond shall be made only to or upon the written order of the Registered Owner thereof or his legal representative, but such registration may be changed as herein provided. All such payments shall be valid and effectual to satisfy and discharge such Bond to the extent of the sum or sums paid.

Subject to the registration provisions hereof, the Bonds shall be fully negotiable and shall have all the qualities of negotiable paper, and the Registered Owners thereof shall possess all rights enjoyed by the holders or owners of negotiable instruments under the provisions of the Uniform Commercial Code - Investment Securities. The principal of and interest on the Bonds shall be paid, and the Bonds shall be transferable, free from and without regard to any equities, set-offs or cross-claims between or among the Agency, the Trustee and the original or any intermediate owner of any Bonds.

Section 2.09. Book Entry. (a) Notwithstanding any contrary provision of this Indenture, the Bonds shall initially be evidenced by one Bond for each maturity in which the Bonds of mature in denominations equal to the aggregate principal amount of the Bonds maturing for that maturity. Such initially delivered Bonds shall be registered in the name of

Bonds, in substantially the form set forth in the Indenture, but with such changes therein as shall be consistent with the Indenture and this Resolution and which the officers of the Agency executing the Bonds shall approve, their execution thereof being deemed conclusive of their approval of any such changes. The seal of the Agency is authorized and directed to be affixed to or imprinted on the Bonds.

Section 8. The officers of the Agency shall take all action which they deem necessary or reasonably required in conformity with the Act to accomplish the transactions contemplated by the Indenture, the Bond Purchase Contract, the Letter of Representations, the Disclosure Certificate and the Preliminary Official Statement, including the paying of incidental issuance expenses, which are authorized to be paid, and the officers of the Agency are authorized and directed to execute all requisitions to pay issuance expenses, and for carrying out, giving effect to and consummating the transactions contemplated by this Resolution, the Indenture, the Bond Purchase Contract, the Letter of Representations, the Disclosure Certificate and the Preliminary Official Statement, including, without limitation, the execution and delivery of any necessary or appropriate closing documents to be delivered in connection with the issuance, sale and delivery of the Bonds.

Section 9. After the Bonds are sold and delivered to the Underwriter, this Resolution shall be and remain irrevocable, and may not be amended except in accordance with the Indenture, until the Bonds and interest thereon shall have been fully paid, cancelled and discharged in accordance with the Indenture.

Section 10. If any section, paragraph, clause or provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution.

“Cede & Co.” as nominee for The Depository Trust Company, the securities depository for the Bonds. The Bonds may not thereafter be transferred or exchanged except:

(1) to any successor of the Depository Trust Company or its nominee, which successor must be both a “clearing corporation” as defined in NRS 104.8102 and a qualified and registered “clearing agency” under Section 17A of the Securities Exchange Act of 1934, as amended; or

(2) upon the resignation of The Depository Trust Company or a successor or new depository under clause (1) or this clause (2) of this paragraph (a), or a determination by the Agency that The Depository Trust Company or such successor or new depository is no longer able to carry out its functions, and the designation by the Agency of another depository institution acceptable to the Agency and to the depository then holding the Bonds, which new depository institution must be both a “clearing corporation” as defined in NRS 104.8102 and a qualified and registered “clearing agency” under Section 17A of the Securities Exchange Act of 1934, as amended, to carry out the functions of The Depository Trust Company or such successor new depository; or

(3) upon the resignation of The Depository Trust Company or a successor or new depository under clause (1) or clause (2) of this paragraph (a), or a determination of the Agency that The Depository Trust Company or such successor or new depository is no longer able to carry out its functions, and the failure by the Agency, after reasonable investigation, to locate another qualified depository institution under clause (2) to carry out such depository functions.

(b) In the case of a transfer to a successor of The Depository Trust Company or its nominee as referred to in clause (1) of paragraph (a) hereof or designation of a new depository pursuant to clause (2) of paragraph (a) hereof, upon receipt of the Outstanding Bonds by the Trustee, together with written instructions for transfer satisfactory to the Trustee, a new Bond for each maturity of the Bonds then Outstanding shall be issued to such successor or new depository, as the case may be, or its nominee, as is specified in such written transfer instructions. In the case of a resignation or determination under clause (3) of paragraph (a) hereof and the failure after reasonable investigation to locate another qualified depository institution for the bonds as provided in clause (3) of paragraph (a) hereof, and upon receipt of the Outstanding Bonds by the Trustee, together with written instructions for transfer satisfactory to the Trustee, new Bonds shall be issued in the denominations of \$5,000 or any integral multiple thereof, as provided in and subject to the limitations of Section 2.08 hereof, registered in the names of such persons, and in such authorized denominations as are requested in such written transfer instructions; however, the Trustee shall not be required to deliver such new Bonds within a period of less than 60 days from the date of receipt of such written transfer instructions.

(c) The Agency and the Trustee shall be entitled to treat the registered owner of any Bond as the absolute owner thereof for all purposes hereof and any applicable laws, notwithstanding any notice to the contrary received by any or all of them and the Agency and the Trustee shall have no responsibility for transmitting payments to the beneficial owners of the Bonds held by the Depository Trust Company or any successor or new depository named pursuant to paragraph (a) hereof

(d) The Agency and the Trustee shall endeavor to cooperate with The Depository Trust Company or any successor or new depository named pursuant to clause (1) or (2) or paragraph (a) hereof in effectuating payment of the principal amount of the Bonds upon maturity or prior redemption by arranging for payment in such a manner that funds representing such payments are available to the depository on the date they are due.

(e) Upon any partial redemption of any maturity of the Bonds, Cede & Co. (or its successor) in its discretion may request the Agency to issue and authenticate a new Bond or shall make an appropriate notation on the Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case the Bond must be presented to the Trustee prior to payment.

Section 2.10. Cancellation of Bonds. Whenever any Outstanding Bond shall be delivered to the Trustee for cancellation pursuant to this Indenture, upon payment thereof or for replacement pursuant to Section 2.07, such Bond shall be promptly canceled by the Trustee, and a counterpart of a certificate of cancellation shall be furnished by the Trustee to the Agency, upon request by the Agency.

Section 2.11. Temporary Bonds. The Agency may execute and the Trustee may authenticate and deliver one or more Bonds in temporary form, whether printed, typewritten, lithographed or otherwise produced, substantially in the form herein provided, with appropriate omissions, variations and insertions, and in authorized denominations, pending the preparation of one or more Bonds in definitive form. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit of this Indenture.

Section 2.12. Additional Obligations. So long as no Event of Default has occurred and is at the time continuing, the Agency may issue Additional Parity Obligations for any lawful purpose; provided, however, that prior to the issuance of any Additional Parity Obligations, the Agency shall furnish to the Trustee a certificate of the Chairman of the Agency, the City Finance Director, or an independent certified public accountant or firm of certified public accountants to the effect that the Pledged Property Tax Revenues received by the Agency for the most recently completed Fiscal Year have been not less than one hundred twenty-five percent (125%) of the Maximum Annual Debt Service on the Outstanding Bonds, any Parity Obligations then outstanding and the Additional Parity Obligations proposed to be issued.

The certificate described above shall not be required in connection with the issuance of Additional Parity Obligations for the purpose of refunding any Outstanding Bonds or Parity Obligations as long as the Average Annual Principal and Interest Requirements for the Outstanding Bonds and Parity Obligations (after giving effect to the issuance of the proposed Additional Parity Obligations) do not exceed by more than 10% the Average Annual Principal and Interest Requirements for the then Outstanding Bonds and Parity Obligations as calculated immediately prior to the issuance of such proposed Additional Parity Obligations.

Every issue of Additional Parity Obligations shall be secured by a reserve fund in an amount not less than the Reserve Fund Requirement. Any such reserve fund for Additional Parity Obligations may be funded in whole or in part with a Reserve Fund Insurance Policy.

So long as no Event of Default has occurred and is at the time continuing, the Agency may issue Subordinate Obligations for any lawful purpose. The documents pursuant to

which any such Subordinate Obligations are issued shall not provide for acceleration of the payment of such Subordinate Obligations. No obligations with a lien on the Pledged Revenues which is superior to the lien of the Bonds may be issued by the Agency. Nothing in this Indenture shall affect the power of the Agency to issue obligations not secured by any portion of the Trust Estate.

ARTICLE III.

PRIOR REDEMPTION OF BONDS

Section 3.01. Mandatory Sinking Fund Redemption. The 2008_ Bonds maturing on June 15, 20__ are subject to mandatory sinking fund redemption, in part, by lot in such manner as the Trustee shall determine (giving proportionate weight to 2008_ Bonds in denominations larger than \$5,000), at a redemption price equal to the principal amount of each Bond or portion thereof so redeemed plus accrued interest thereon to the redemption date, on June 15 of each of the years and in the principal amounts set forth below:

Sinking Fund Redemption Date	Principal Amount of
_____(June 15)_____	2008_ Bonds Maturing on
	____June 15, 20____

The remaining \$_____ principal amount of 2008_ Bonds maturing on June 15, 20__ shall be paid upon presentation and surrender at or after their maturity on June 15, 20__ unless otherwise sooner redeemed pursuant to Section 3.02 hereof. The amount of any 2008_ Bonds maturing on June 15, 20__ which are redeemed at the option of the Agency pursuant to Section 3.02 hereof prior to the mandatory sinking fund redemption dates set forth above shall be credited against the mandatory sinking fund obligations set forth above in such order as the Agency directs to the Trustee. Unless the context otherwise clearly requires, all references in this Indenture to payment of principal on the 2008_ Bonds when due or at maturity (or words of similar import) shall be deemed to include the mandatory sinking fund redemption obligations set forth above.

Section 3.02. Optional Redemption Dates and Prices. The Bonds maturing on and after June 15, 201_ are subject to redemption prior to maturity, at the option of the Agency, on and after June 15, 201_, in whole or in part in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the Agency, and by lot within a maturity in such manner as the Trustee shall determine (giving proportionate weight to Bonds in denominations greater than \$5,000), at a redemption price equal to 100% of the principal amount of the Bonds to be redeemed, plus accrued interest to the date of redemption.

Section 3.03. Notice of Prior Redemption. The Agency Representative shall give written instructions concerning any optional prior redemption of Bonds pursuant to Section 3.02 hereof to the Trustee at least sixty (60) days prior to the redemption date, but no such notice to the Trustee shall be required with respect to mandatory sinking fund redemptions pursuant to Section 3.01 hereof. Notice of the call for any prior redemption, identifying the Bonds or portions thereof to be redeemed, shall be given by the Trustee by first class mail (or, only if and to the extent so directed in writing by the Agency, by registered or certified mail), at least thirty (30) days and not more than sixty (60) days prior to the date fixed for redemption, to

the Registered Owner of each Bond to be redeemed, in whole or in part, at the address shown on the registration records; provided, however, that failure to give such notice by mailing, or any defect therein, shall not affect the validity of the proceedings for the redemption of any Bond. Any notice mailed as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Registered Owner actually receives the notice. Notwithstanding the provisions of this section, any notice of optional redemption may contain a statement that the redemption is conditioned upon the receipt by the Trustee of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if such funds are not available, such redemption shall be cancelled by written notice to the Registered Owners of the Bonds called for redemption in the same manner as the original redemption notice was mailed.

Section 3.04 Redemption Payments. Prior to the date fixed for redemption, funds shall be deposited with the Trustee in the Debt Service Fund to pay, and the Trustee is hereby authorized and directed to apply such funds to the payment of, the Bonds or portions thereof called, together with accrued interest thereon to the redemption date and any required premium. The principal amount so redeemed and any redemption premium will be payable at the principal corporate trust office of the Trustee or at such other office as may be designated by the Trustee, upon presentation and surrender to the Trustee of the Bonds so redeemed. Accrued interest to the redemption date will be paid by check or draft mailed by the Trustee to the Registered Owners thereof, as determined by the Trustee and stated in the notice of the call for redemption (or by alternative means if so agreed to by the Registered Owner of any such Bond and the Trustee). Upon the giving of notice as set forth in Section 3.03 hereof and the deposit of funds for redemption, interest on the Bonds or portions thereof thus called shall no longer accrue after the date fixed for redemption.

Section 3.05. Cancellation. All Bonds which have been redeemed shall not be reissued but shall be canceled by the Trustee in accordance with Section 2.10 hereof

Section 3.06. Partial Redemption Upon surrender of any Bond for redemption in part only, the Trustee shall authenticate and deliver to the Registered Owner thereof (without expense to such Registered Owner) a new Bond or Bonds of authorized denominations, in an aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

ARTICLE IV.

REVENUES AND FUNDS

Section 4.01. Creation of Funds. There are hereby created and ordered established the following funds:

- (a) the Debt Service Fund;
- (b) the Reserve Fund;
- (c) the Rebate Fund.

Moneys and investments in each of the funds shall be used only and exclusively as provided herein.

Section 4.02. Character, Custody and Uses of Funds.

(a) The Debt Service Fund shall constitute a Trust Fund and shall be held by the Trustee. Moneys in the Debt Service Fund shall be used only for the payment of principal, interest and any prior redemption premium on the Bonds, except to the extent otherwise provided in Sections 4.05, 4.08 and 5.08 hereof.

(b) The Reserve Fund shall constitute a Trust Fund and shall be held by the Trustee. Moneys in the Reserve Fund shall be used only for deposit to the Debt Service Fund and payment of the Bonds as provided in Section 4.04 hereof, except to the extent otherwise provided in Sections 4.04, 4.05, 4.08 and 5.08 hereof.

(c) The Rebate Fund shall be held by the Trustee. Moneys in the Rebate Fund shall be used only as provided in Sections 4.05 and 5.08 hereof. Moneys in the Rebate Fund shall not be subject to the lien of this Indenture to the extent that such moneys are required to be paid to the United States Treasury.

(d) All funds held by the Trustee hereunder shall be held for the benefit of the Agency. The Agency hereby authorizes and directs the Trustee to apply the moneys in all such funds as set forth herein, which authorization and direction the Trustee hereby accepts.

Section 4.03. Flow of Pledged Revenues. The Pledged Revenues immediately upon receipt by the Agency shall be paid to the Trustee and applied as follows and in the following order of priority:

(1) The Pledged Revenues shall be deposited to the Debt Service Fund until the amount on deposit in the Debt Service Fund is sufficient (together with any moneys available therefor in the Debt Service Fund) to pay the principal, interest and any prior redemption premium coming due on the Bonds for the Fiscal Year.

(2) The remaining Pledged Revenues shall be deposited to the Reserve Fund, to the extent necessary to restore the total amount on deposit in the Reserve Fund to the Reserve Fund Requirement (subject to the provisions of Section 4.04 hereof). In the event a Reserve

Fund Insurance Policy is held in the Reserve Fund which satisfies the Reserve Fund Requirement, Pledged Revenues shall be used to make any required payments to the entity which provides the Reserve Fund Insurance Policy.

(3) The remaining Pledged Revenues shall be deposited to the Rebate Fund to the extent, if any, necessary to comply with Sections 4.05 and 5.08 hereof. Such deposits may be made, on the same dates as (but subsequent to) the deposits to the Debt Service Fund and the deposits (if any) to the Reserve Fund described in paragraphs 1 and 2 above, to the extent that the necessity of such deposits is apparent to the Agency on such dates; but such deposits shall in any event be made annually on the anniversary date of the delivery of the Bonds, as and to the extent provided in Section 5.08 hereof.

(4) Any Pledged Revenues remaining after the payments and deposits required by paragraphs 1, 2, and 3 above have been made shall be released from the lien of this Indenture (provided, however, that such releases may be effectuated at such other times as may be required to pay fees, charges and expenses of the Trustee with respect to the Bonds and of trustees for Parity Obligations).

Funds or accounts for Parity Obligations may be funded, and payments with respect to any Reserve Fund Insurance Policy may be made, ratably and concurrently (but not necessarily simultaneously) with the funds for the Bonds as provided above.

Section 4.04. Reserve Fund. There shall be deposited into the Reserve Fund proceeds of the Bonds as provided in Section 2.03 hereof, and Pledged Revenues to the extent provided in Section 4.03 hereof. In the event that, on any principal or interest payment date for the Bonds, the amount on deposit in the Debt Service Fund shall be less than the amount coming due on the Bonds on such payment date (including amounts coming due by mandatory sinking fund redemption pursuant to Section 3.01 hereof), an amount equal to such deficiency shall be transferred by the Trustee from the Reserve Fund to the Debt Service Fund and applied solely for the purpose of paying the principal and interest then coming due (including amounts coming due by mandatory sinking fund redemption pursuant to Section 3.01 hereof).

The Agency may at any time substitute (i) cash or investments for a Reserve Fund Insurance Policy, (ii) a Reserve Fund Insurance Policy for cash or investments, or (iii) a Reserve Fund Insurance Policy for another Reserve Fund Insurance Policy so long as the amount on deposit in the Reserve Fund after substitution for cash or investments is at least equal to the Reserve Fund Requirement. Notwithstanding the foregoing, no Reserve Fund Insurance Policy shall be accepted by the Trustee for substitution for cash or investments unless the Trustee has received an opinion of nationally recognized municipal bond counsel acceptable to the Trustee to the effect that such substitution and the intended use by the Agency of the cash or investments to be released from the Reserve Fund will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds

Except as otherwise provided in Sections 4.05 and 5.08 hereof, investment income or gain on moneys in the Reserve Fund shall be retained in the Reserve Fund to any extent necessary to restore the total amount on deposit in the Reserve Fund to the Reserve Fund Requirement; otherwise such investment income or gain on moneys in the Reserve Fund shall (except as otherwise provided in Sections 4.05 and 5.08 hereof) be deposited into the Debt Service Fund. The Trustee shall determine the valuation of the investments and other amounts

then on deposit in the Reserve Fund annually, on the Business Day immediately prior to June 15 of each year, and at such other times as may be required pursuant to Article VI hereof, but nothing herein shall prevent the Trustee from making more frequent determinations of such valuation. Such determinations shall be made in accordance with the provisions of Article VI of this Indenture. If such pre-June 15 valuation reveals that the amount on deposit in the Reserve Fund is in excess of the Reserve Fund Requirement, such excess shall be immediately transferred to the Debt Service Fund. If amounts on deposit in the Reserve Fund shall, at any time, be less than the Reserve Fund Requirement, such deficiency shall be made up from the first available Pledged Revenues, after required deposits to the Debt Service Fund.

Section 4.05. Rebate Fund. There shall be deposited into the Rebate Fund investment income on moneys in any fund created hereunder to the extent directed by the Agency pursuant to Section 5.08 hereof; Pledged Revenues to the extent provided in Section 4.03 hereof; and all other moneys received by the Trustee when accompanied by directions not inconsistent herewith that such moneys are to be deposited into the Rebate Fund. The Trustee shall cause amounts on deposit in the Rebate Fund to be forwarded to the United States Treasury (at the address provided in the Federal Tax Exemption Certificate) at the times and in the amounts directed by the Agency pursuant to Section 5.08 hereof. Upon receipt by the Trustee of an opinion of nationally recognized bond counsel acceptable to the Trustee to the effect that the amount in the Rebate Fund is in excess of the amount required to be on deposit therein pursuant to the provisions of the Federal Tax Exemption Certificate, such excess shall be transferred to the Debt Service Fund.

Section 4.06. Nonpresentment of Bonds. In the event that any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or at the date fixed for redemption thereof, or otherwise, if funds sufficient to pay such Bond shall have been made available to the Trustee for the benefit of the Registered Owner thereof, all liability of the Agency to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such funds for a period of four (4) years subsequent to the date the Bond became due (whether at maturity or otherwise), without liability for interest thereon, for the benefit of the Registered Owner of such Bond, who shall thereafter be restricted exclusively to such funds for any claim of whatever nature on his or her part under this Indenture or on, or with respect to, such Bond.

Section 4.07. Moneys to Be Held in Trust. All moneys required to be deposited with or paid to the Trustee for deposit in any Trust Fund shall be held by the Trustee in trust, and except for moneys deposited with or paid to the Trustee for the redemption of less than all of the Outstanding Bonds, notice of the redemption of which has been duly given, shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the lien created hereby.

Section 4.08. Excesses in Trust Funds. After payment in full of the principal of and premium, if any, and interest on the Bonds and the fees, charges and expenses of the Trustee and all other amounts required to be paid hereunder, any remaining moneys held by the Trustee (except moneys in the Rebate Fund, which shall be applied as otherwise provided herein), shall be paid to the Agency.

ARTICLE V.

GENERAL COVENANTS

Section 5.01. Payment of Principal, Premium, if any, and Interest. The Agency covenants that it shall promptly pay the principal of, premium, if any, and interest on every Bond issued under this Indenture at the place, on the dates and in the manner provided herein and in said Bonds according to the true intent and meaning thereof, subject to the limitations stated in Section 2.03 hereof.

Section 5.02. Performance of Covenants; Agency. The Agency shall faithfully perform at all times any and all covenants, undertakings, stipulations and provisions set forth in this Indenture, in any and every Bond executed, authenticated and delivered hereunder, and in all of its proceedings pertaining hereto. The Agency is duly authorized under the Constitution and laws of the State, including particularly and without limitation the Act, to issue the Bonds authorized hereby and to execute this Indenture, and to pledge the receipts and amounts hereby pledged, in the manner and to the extent set forth herein. The Agency hereby represents and warrants that all actions taken by the Agency in connection with the issuance of the Bonds and the execution and delivery of this Indenture have been duly and effectively taken, and that the Bonds in the hands of the Registered Owners thereof are and shall be valid and enforceable obligations of the Agency according to the terms thereof and of this Indenture.

Section 5.03. Instruments of Further Assurance. The Agency shall do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such indentures supplemental hereto and such further acts, instruments and transfers as the Trustee may reasonably require for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Trustee all and singular the amounts pledged hereby to the payment of the principal of, premium, if any, and interest on the Bonds.

Section 5.04. Compliance with Cooperation Agreement. The Agency covenants and agrees that the Agency shall promptly notify the Trustee whenever the Agency shall have reason to believe that any material provision of the Cooperation Agreement shall have been violated by the Agency or any other party thereto. In the event of a material violation of the Cooperation Agreement, the Agency shall, in cooperation with the Trustee, diligently and promptly pursue all rights and remedies which the Agency may have as a result of any such violation. The Agency hereby grants to the Trustee the right to independently pursue all such rights and remedies if the Agency fails to do so or is unable to do so.

Section 5.05. Books, Records, Accounts and Financial Statements. The Agency covenants and agrees that it shall at all times keep, or cause to be kept, proper and current books, records and accounts in which complete and accurate entries shall be made of all transactions relating to the Pledged Revenues. Such books, records and accounts, as well as all other records of the Agency relating to the Cooperation Agreement, shall be open to inspection at reasonable times by the Trustee, the Original Purchaser, and such accountants and other agents as any of them may designate. The Agency shall prepare or cause to be prepared, within one hundred eighty (180) days after the close of each Fiscal Year, a complete financial statement or statements for such year in reasonable detail covering the Pledged Revenues, certified by an independent certified public accountant or firm of certified public accountants selected by the

Agency, and shall furnish a copy of such statement or statements to the Trustee, the Original Purchaser and to any Registered Owner upon written request therefor. Such financial statements may be combined with the financial statements of the City.

Section 5.06. Disposition of Property. The Agency covenants and agrees that it shall not dispose of more than fifteen percent (15%) of the land area in the Redevelopment Area (except property not currently on the tax rolls or which is shown in the Redevelopment Plan as planned for public use, including without limitation property to be used for public streets, public off-street parking, sewage facilities, parks, easements or rights of way for public utilities or other similar uses) to public bodies or other Persons or entities whose property is exempt from ad valorem property taxes

Section 5.07. Protection of Security and Rights of Registered Owners of Bonds. The Agency covenants and agrees to preserve and protect the security for the Bonds, and the rights of the Registered Owners of the Bonds, under such instruments respectively, and to defend their rights thereunder under all claims and demands of all Persons. The Agency covenants and agrees to take no action which would result in Pledged Revenues required to be paid to the Trustee hereunder being withheld from the Trustee.

Section 5.08. Tax Covenant. The Agency covenants for the benefit of the Registered Owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the Agency or the Agency Improvements if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the Agency in fulfilling the above covenant under the Code and the law of the State have been met.

In addition, the Agency hereby covenants that its direction of investments pursuant to Article VI of this Indenture shall be in compliance with the procedures established by the Federal Tax Exemption Certificate to the extent required to comply with its covenants contained in the foregoing provisions of this Section and, to the extent required to comply with its covenants contained in the foregoing provisions of this Section, the investment earnings on any moneys held by the Trustee or the Agency under this Indenture, or other Pledged Revenues, or other legally available moneys of the Agency, shall be deposited from time to time in the Rebate Fund for timely payment of all amounts due and owing to the United States Treasury. The Agency shall provide to the Trustee at least annually from the date of delivery of the Bonds a certificate of the Agency Representative to the effect that (i) all requirements of this Indenture with respect to the Rebate Fund have been met on a continuing basis, (ii) the proper amounts have been and are on deposit in the Rebate Fund, and (iii) timely payment of all amounts due and owing to the United States Treasury have been made. If the certifications required by either (ii) or (iii) above cannot be made, the certificate shall so state and shall be accompanied either by Pledged Revenues or other legally available moneys of the Agency, together with a direction to the Trustee to either deposit such moneys to the Rebate Fund or to pay such moneys over to the

Section 11. All bylaws, orders and resolutions, or parts thereof inconsistent herewith or with the documents hereby approved are repealed to the extent only of such inconsistency. This repealer shall not be construed as reviving any bylaw, order, resolution or ordinance, or part thereof.

Section 5.09. Maintenance of Existence. The Agency covenants and agrees to take no action to terminate its existence so long as any Bonds remain Outstanding.

Section 5.10. Eminent Domain Proceedings. The Agency covenants and agrees that if all or any part of the Redevelopment Project should be taken from it, by eminent domain proceedings or other proceedings authorized by law, for any public or other use under which the property will be tax exempt, the net proceeds realized by the Agency therefrom shall be deemed to be Pledged Revenues.

Section 5.11. Complete Redevelopment Project; Amendment to Redevelopment Plan; Compliance With Cooperation Agreement. The Agency covenants and agrees that the Agency shall diligently and in a sound and economical manner carry out and continue to completion, with all practicable dispatch, the Redevelopment Project in accordance with its duty so to do under and in accordance with the Act, the Redevelopment Plan and the Cooperation Agreement. The Redevelopment Plan may be amended, but no amendment shall be made unless the Agency shall have received an opinion of counsel to the Agency and acceptable to the Trustee to the effect that such amendment would not result in a failure of the Redevelopment Plan, as so amended, to comply with the requirements of this Indenture or adversely affect the security for the Bonds.

The Agency covenants and agrees that the Agency shall comply with the terms and provisions of the Cooperation Agreement from time to time in effect, and shall promptly notify the Trustee whenever the Agency shall have reason to believe that any provision of the Cooperation Agreement shall have been violated by the Agency or any other party thereto. In the event of a material violation of any provision of any of the Cooperation Agreement, the Agency shall, in cooperation with the Trustee, diligently and promptly pursue all rights and remedies which the Agency may have as a result of any such violation.

Section 5.12. Recording and Filing. The Agency shall cause all financing statements related to this Indenture, and such other documents as may be necessary, in the opinion of counsel acceptable to the Trustee, to be kept and filed in such manner and in such places as may be required by law in order to preserve and protect fully the security of the owners of the Bonds and the rights of the Trustee hereunder; provided that (i) the Agency may rely upon counsel acceptable to the Trustee for the preparation (in form and substance) and the filing of all initial financing statements relating to the Trust Estate, and all supplements thereto, (ii) on a date not more than six (6) months prior to the termination of any such financing statement, the Agency shall cause to be filed all continuation statements necessary to continue the effectiveness of all financing statements that shall have been filed with respect to the Trust Estate; if the Trustee does not receive written confirmation that all such continuation statements have been duly filed before the date that is thirty (30) days prior to the termination of any such financing statement, the Trustee shall file such continuation statements at the expense of the Agency and (iii) in performing its obligations under this Section 5.12, the Trustee shall not be responsible for any loss or damage resulting from any action or inaction taken in good faith reliance upon an opinion of counsel acceptable to the Trustee.

Section 5.13. List of Bondholders. The Trustee shall keep the registration books of the Agency as bond registrar, together with the principal amounts and numbers of such Bonds. At reasonable times and under reasonable regulations established by the Trustee, the registration books may be inspected and copied by the Agency or by Registered Owners (or a designated representative thereof) of fifteen percent (15%) or more in principal amount of Bonds then Outstanding, such possession or ownership and the authority of such designated representative to be evidenced to the satisfaction of the Trustee.

Section 5.14. Continuing Disclosure. The Agency covenants and agrees that it will execute, comply with and carry out all of the provisions of the Disclosure Certificate. In the event the Agency fails to comply with the Disclosure Certificate, any Owner may take the remedial actions set forth therein. Breach of the undertakings of the Agency in the Disclosure Certificate shall not constitute an Event of Default under this Indenture.

ARTICLE VI.

INVESTMENT OF MONEYS

Section 6.01. Investment of Moneys. Any moneys held by the Trustee hereunder shall be invested or deposited by the Trustee, on direction of the Agency, in accordance with the provisions of this Article. Any such investments or deposits shall be held by or under the control of the Trustee. The Trustee shall sell and reduce to cash a sufficient amount of such investments or deposits whenever the cash balance in any fund hereunder is insufficient to make a required payment from such fund, or otherwise upon the direction of the Agency.

The Agency hereby covenants that moneys on deposit in any fund created hereunder, whether or not such moneys were derived from the proceeds of the sale of the Bonds or from any other sources, will be invested or deposited in compliance with the Agency's covenants in Section 5.08 hereof.

All moneys held by the Agency hereunder shall be invested or deposited by the Agency in any lawful investments or deposits for funds of the Agency. All moneys held by the Trustee hereunder shall be invested or deposited by the Trustee, on direction of the Agency, in Permitted Investments. Except to the extent otherwise provided by Sections 4.04, 4.05 and 5.08 hereof, obligations purchased as an investment or deposit of moneys in any fund or account created hereunder shall be deemed at all times to be a part of such fund or account, any interest accruing thereon and any gain realized from such investment or deposit shall be credited to such fund or account, and any loss resulting from any such investment or deposit shall be charged to such fund or account. In computing the amount in any fund or account, Permitted Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. A Reserve Fund Insurance Policy shall be valued at the amount available to be drawn thereunder. With respect to all funds and accounts except the Reserve Fund, valuation shall occur at least annually. The Reserve Fund shall also be valued at least annually on the Business Day immediately preceding June 15 of each year, except in the event of a withdrawal from the Reserve Fund, whereupon it shall be valued immediately after such withdrawal. Nothing herein shall prevent the Trustee from making more frequent determinations of valuation.

All directions from the Agency to the Trustee concerning the investment or deposit of funds shall be in writing or shall be given orally with written confirmation to follow promptly. The Trustee shall be entitled to assume that any deposit or investment directed by the Agency is lawful.

ARTICLE VII.

DISCHARGE OF LIEN

Section 7.01. Discharge of Lien. If the Agency shall pay or cause to be paid, or there shall otherwise be paid or provision for payment made, to the Registered Owners of the Bonds, the principal of, premium, if any, and interest due or to become due thereon at the times and in the manner stipulated therein, and if the Agency shall pay or cause to be paid to the Trustee all sums of money due or to become due to the Trustee, then these presents and the estate and rights hereby granted shall cease, determine and be void, whereupon the Trustee shall cancel and discharge the lien of this Indenture, and execute and deliver to the Agency such instruments in writing as shall be required to release the lien of this Indenture, and reconvey, release, assign and deliver unto the Agency any and all of the estate, right, title and interest in and to any and all rights or property conveyed, assigned or pledged to the Trustee or otherwise subject to the lien of this Indenture, except cash and securities held by the Trustee for the payment of the principal of, premium, if any, and interest on the Bonds.

Any Bond shall be deemed to be paid within the meaning of this Article VII and for all purposes of this Indenture when (a) payment of the principal of and premium, if any, on such Bond, plus interest thereon to the due date thereof (whether such due date is by reason of maturity or upon redemption as provided herein) either (i) shall have been made or caused to be made in accordance with the terms thereof, or (ii) shall have been provided for by irrevocably depositing in trust and irrevocably setting aside exclusively for such payment (A) moneys sufficient to make such payment, (B) Government Obligations (which shall not contain provisions permitting the redemption thereof at the option of the issuer) maturing as to principal and interest in such amounts and at such times as will insure the availability of sufficient moneys to make such payment, or (C) a combination of such cash and Government Obligations, and (b) all necessary and proper fees, compensation and expenses of the Trustee pertaining to the Bond with respect to which such deposit is made shall have been paid or the payment thereof provided for to the satisfaction of the Trustee. If Bonds for which an irrevocable deposit has been made as provided in clause (ii) above are to be redeemed prior to maturity at the Agency's option pursuant to Section 3.02 hereof, the Agency shall also have given to the Trustee irrevocable instructions to give notice of such redemption in accordance with Section 3.03 hereof. At such times as a Bond shall be deemed to be paid hereunder, as aforesaid, such Bond shall no longer be secured by or entitled to the benefits of this Indenture, except for the purposes of any such payment from such moneys and Government Obligations.

ARTICLE VIII.

DEFAULT PROVISIONS AND REMEDIES

Section 8.01. Events of Default. The occurrence of any of the following events is hereby declared to constitute an Event of Default:

- (a) Default by the Agency in the due and punctual payment of interest on any Bond;
- (b) Default by the Agency in the due and punctual payment of the principal of or premium, if any, on any Bond, whether at the stated maturity thereof, or upon proceedings for prior redemption thereof;
- (c) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Agency set forth in this Indenture or in the Bonds and failure to remedy the same after notice thereof pursuant to Section 8.10 hereof;
- (d) The Agency shall file a petition or answer seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America, or a court of competent jurisdiction shall approve a petition, filed with or without the consent of the Agency, seeking reorganization under the federal bankruptcy laws or any other applicable law of the United States of America, or, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the Agency, or of the whole or any substantial portion of its property.

Section 8.02. Remedies. Upon the occurrence of an Event of Default, the Trustee may exercise its rights as a secured creditor with respect to the Trust Estate and may also pursue any available remedy at law or in equity to enforce the payment of the principal of, premium, if any, and interest on the Outstanding Bonds. If an Event of Default shall have occurred and be continuing and if requested to do so by the Registered Owners of at least twenty-five percent (25%) in aggregate principal amount of Outstanding Bonds, and upon indemnification as set forth in Section 9.01 hereof, the Trustee shall be obligated to exercise such one or more of the rights and powers conferred by this Section 8.02 as the Trustee shall deem most expedient in the interests of the Registered Owners of the Bonds. No remedy conferred upon or reserved to the Trustee (or to the Registered Owners of the Bonds) by the terms of this Indenture is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Registered Owners of the Bonds hereunder or now or hereafter existing at law or in equity.

No delay or omission to exercise any right or power accruing upon an Event of Default shall impair any such right or power or shall be construed to be a waiver of any such Event of Default or acquiescence therein; and such right or power may be exercised from time to time as often as may be deemed expedient. No waiver of an Event of Default hereunder, whether by the Trustee or by the Registered Owners of the Bonds, shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

Section 8.03. Right of Registered Owners of Bonds to Direct Proceedings. Anything in this Indenture to the contrary notwithstanding (but subject to the provisions of Section 11.02 hereof), the Registered Owners of a majority in aggregate principal amount of the Outstanding Bonds shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder, provided that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture.

Section 8.04. Appointment of Receivers Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Registered Owners of the Bonds under this Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Trust Estate and of the revenues, earnings, income, products and profits thereof, pending a determination of such proceedings, with such powers as the court making such appointment shall confer.

Section 8.05. Application of Moneys. All moneys received by the Trustee pursuant to any right given or action taken under the provisions of this Article shall, after payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of the fees, expenses, liabilities, and advances incurred or made by the Trustee, including attorney fees, be deposited in the Debt Service Fund and all moneys in the Debt Service Fund shall be applied as follows:

FIRST - To the payment to the Persons entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or privilege; and

SECOND - To the payment to the Persons entitled thereto of the unpaid principal of and premium, if any, on any of the Bonds which shall have become due (other than Bonds matured or called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), with interest on such Bonds from the respective dates upon which they became due, and if the amount available shall not be sufficient to pay the Bonds in full, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the Persons entitled thereto without any discrimination or privilege; and

THIRD - To be held for the payment to the Persons entitled thereto as the same shall become due of the principal of and premium, if any, and interest on the Bonds which may thereafter become due either at maturity or upon call for redemption prior to maturity, and if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with interest then due and owing thereon, payment shall be made ratably according to the amount of

principal and interest due on such date to the Persons entitled thereto without any discrimination or privilege.

Whenever moneys are to be applied pursuant to the provisions of this Section 8.05, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Subject to the provisions of Section 2.02 hereof concerning Special Record Dates for the payment of defaulted interest, whenever the Trustee shall apply such funds, it shall fix the date (which shall be an interest payment date unless it shall deem another date more suitable) upon which such application is to be made, and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. Subject to the provisions of Section 2.02 hereof concerning Special Record Dates for the payment of defaulted interest, the Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Registered Owner of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Whenever the principal of, premium, if any, and interest on all Bonds have been paid under the provisions of this Section 8.05 and all expenses and charges of the Trustee have been paid, any balance remaining in the Debt Service Fund shall be disbursed as provided in Section 4.08 hereof.

Section 8.06. Remedies Vested in Trustee. All rights of action (including the right to file proof of claims) under this Indenture or under any of the Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or other proceeding relating thereto, any such suit or proceeding instituted by the Trustee shall be brought in its name as the Trustee without the necessity of joining as plaintiffs or defendants any Registered Owner of the Bonds, and any recovery of judgment shall be for the equal and ratable benefit of the Registered Owners of the Outstanding Bonds.

Section 8.07. Rights of Registered Owners of Bonds. No Registered Owner of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of this Indenture or for the execution of any trust hereof or for the appointment of a receiver or any other remedy hereunder, unless: (i) an Event of Default has occurred of which the Trustee has been notified as provided in Section 9.01(h) hereof, or of which by said subsection it is deemed to have notice, and the Registered Owners of twenty-five percent (25%) in aggregate principal amount of the Outstanding Bonds shall have made written request to the Trustee and shall have offered to the Trustee reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, (ii) they have offered to the Trustee indemnity as provided in Section 9.01(1) hereof, and (iii) the Trustee shall thereafter fail or refuse to exercise the powers hereinbefore granted, or to institute such action, suit or proceeding in its own name. Such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more Registered Owner of the Bonds shall have any right in any manner whatsoever to affect, disturb or prejudice the

lien of this Indenture by its, his, her or their action or to enforce any right hereunder except in the manner provided herein, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided herein and for the equal and ratable benefit of the Registered Owners of all Outstanding Bonds. However, nothing set forth in this Indenture shall affect or impair the right of any Registered Owner of any Bond to enforce the payment of the principal of, premium, if any, and interest on any Bond at and after the maturity thereof, or the obligation of the Agency to pay the principal of, premium, if any, and interest on each of the Bonds issued hereunder to the respective Registered Owners at the time, place, from the source and in the manner expressed in the Bonds.

Section 8.08. Termination of Proceedings In case the Trustee shall have proceeded to enforce any right under this Indenture by the appointment of a receiver or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case, the Agency, the Trustee and the Registered Owners of the Bonds shall be restored to their former positions and rights hereunder, respectively, with regard to the property subject to this Indenture, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 8.09. Waivers of Events of Default. The Trustee may, at its discretion, waive any Event of Default hereunder and its consequences and, notwithstanding anything to the contrary in Section 8.02 hereof (but subject to the provisions of Section 11.02 hereof), shall do so upon the written request of the Registered Owners of (i) more than two-thirds (2/3) in aggregate principal amount of all Outstanding Bonds in respect of which an Event of Default in the payment of principal or interest, or both, exists, or (ii) more than two-thirds (2/3) in aggregate principal amount of all Outstanding Bonds in the case of any other Event of Default; provided, however, that there shall not be waived any Event of Default in the payment of the principal of or interest on any Outstanding Bonds unless prior to such waiver or rescission, all arrears of principal and interest, and all fees and expenses of the Trustee in connection with such Event of Default or otherwise in connection with the performance of the Trustee's duties hereunder, shall have been paid or provided for. In case of any such waiver or rescission, then and in every such case the Agency, the Trustee and the Registered Owners of the Bonds shall be restored to their former positions and rights hereunder, respectively, but no such waiver or rescission shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Section 8.10. Notice of Defaults Under Section 8.01(c); Opportunity of Agency to Cure Such Defaults. Anything herein to the contrary notwithstanding, no default under Section 8.01(c) hereof shall constitute an Event of Default until actual notice thereof by registered or certified mail shall be given to the Agency by the Trustee or by the Registered Owners of not less than twenty-five percent (25%) in aggregate principal amount of all Outstanding Bonds and the Agency shall have had 30 days after receipt of such notice to correct said default or cause said default to be corrected, and shall not have corrected said default or caused said default to be corrected within the applicable period; provided, however, that if said default be such that it cannot be corrected within the applicable period, it shall not constitute an Event of Default if corrective action is instituted by the Agency within the applicable period and diligently pursued until the default is corrected.

ARTICLE IX.

THE TRUSTEE

Section 9.01. Acceptance of Trusts. The Trustee hereby accepts the trusts imposed upon it by this Indenture, and agrees to perform said trusts, but only upon and subject to the following express terms and conditions:

(a) The Trustee, prior to the occurrence of an Event of Default and after the curing of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default has occurred (which has not been cured or waived), the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in the exercise of such rights and powers, as a reasonable and prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) The Trustee may execute any of the trusts or powers of this Indenture and perform any of its duties by or through attorneys, agents, receivers or employees, but shall be answerable for the conduct of the same in accordance with the standard specified above, and shall be entitled to advice of counsel concerning its duties hereunder, and may in all cases pay such reasonable compensation to all such attorneys, agents, receivers and employees as may reasonably be employed in connection with the trusts hereof. The Trustee may act upon the opinion or advice of any attorney (who may be the attorney or attorneys for the Agency) approved by the Trustee in the exercise of reasonable care. The Trustee shall not be responsible for any loss or damage resulting from any action or inaction in good faith in reliance upon such opinion or advice.

(c) The Trustee shall not be responsible for any recital herein or in the Bonds (except with respect to the certificate of authentication of the Trustee endorsed on the Bonds), or for the validity of the execution by the Agency of this Indenture or of any supplements hereto or instruments of further assurance, or for the sufficiency of the security for the Bonds issued hereunder or intended to be secured hereby, and the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants, conditions or agreements on the part of the Agency, except as hereinafter set forth; but the Trustee may require of the Agency full information and advice as to the performance of the covenants, conditions and agreements aforesaid. The Trustee shall have no obligation to perform any of the duties of the Agency hereunder.

(d) The Trustee shall not be accountable for the use of any Bonds authenticated or delivered hereunder. The Trustee may become the owner of Bonds secured hereby and may otherwise deal with the Agency with the same rights which it would have if it were not the Trustee.

(e) The Trustee shall be protected in acting upon any notice, request, consent, certificate, order, affidavit, letter, telegram or other paper or document believed to be genuine and correct and to have been signed or sent by the proper

Person or Persons. Any action taken by the Trustee pursuant to this Indenture upon the request or authority or consent of any Persons who at the time of making such request or giving such authority or consent is the Registered Owner of any Bond shall be conclusive and binding upon all future Registered Owners of the same Bond and upon Bonds issued in exchange therefor or in place thereof. The Trustee shall be entitled to written direction from the Agency for any action to be taken hereunder by the Trustee at the request of the Agency.

(f) As to the existence or nonexistence of any fact or as to the sufficiency or validity of any instrument, paper or proceeding, the Trustee shall be entitled to rely upon a certificate signed by the Agency Representative as sufficient evidence of the facts therein contained and prior to the occurrence of an Event of Default of which the Trustee has been notified as provided in Section 9.01(h) hereof, or of which by Section 9.01(h) hereof it shall be deemed to have notice, may also accept a similar certificate to the effect that any particular dealing, transaction or action under this Indenture is necessary or expedient, but may at its discretion secure such further evidence deemed by it to be necessary or advisable, but shall in no case be bound to secure the same. The Trustee may accept a certificate of any of the officials of the Agency who executed the Bonds (or their successors in office) under the seal of the Agency to the effect that a resolution in the form therein set forth has been adopted by the Agency as conclusive evidence that such resolution has been duly adopted and is in full force and effect.

(g) The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty, and the Trustee shall not be answerable for other than its negligence or willful default.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any Event of Default hereunder (except failure by the Agency to make the required deposits to the Debt Service Fund or the Reserve Fund or to file with the Trustee any document required by this Indenture to be so filed subsequent to the issuance of the Bonds, of which Events of Default the Trustee shall be deemed to have notice) unless the Trustee shall be specifically notified in writing of such Event of Default by the Agency or by the Registered Owners of at least twenty-five percent (25%) in aggregate principal amount of Outstanding Bonds, and all notices or other instruments required by this Indenture to be delivered to the Trustee, must, in order to be effective, be delivered at the principal corporate trust office of the Trustee, and in the absence of such notice so delivered the Trustee may conclusively assume there is no Event of Default except as aforesaid.

(i) At any and all reasonable times the Trustee and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, shall have the right fully to inspect any and all of the books and records of the Agency pertaining to the Agency Improvements, the Pledged Revenues and the Bonds, and to make such copies and memoranda from and with regard thereto as may be desired.

Section 9.05. Resignation by Trustee. The Trustee and any successor Trustee may at any time resign from the trusts hereby created by giving 30 days' written notice by first class mail (i) to the Agency, and (ii) to the Registered Owner of each Bond as shown by the registration records; provided that such resignation shall not take effect until the appointment of a successor trustee as provided in Section 9.07 hereof.

Section 9.06. Removal of Trustee. The Trustee may be removed at any time by the Agency, in the event the Agency reasonably determines that the Trustee is not duly performing its obligations hereunder, or by an instrument or concurrent instruments in writing delivered to the Trustee and to the Agency and signed by the Registered Owners (or by their attorneys in fact duly authorized) of at least a majority in aggregate principal amount of Outstanding Bonds. No removal of the Trustee shall be effective until the appointment of a successor Trustee as provided in Section 9.07 hereof.

Section 9.07. Appointment of Successor Trustee. In case the Trustee shall resign or be removed, a successor may be appointed by the Registered Owners of at least a majority in aggregate principal amount of Outstanding Bonds by an instrument or concurrent instruments in writing signed by such Registered Owners, or by their attorneys in fact duly authorized, a copy of which shall be delivered personally or sent by certified or registered mail to the Agency. Should any instrument in writing from the Agency be required by any successor Trustee for more fully and certainly vesting in such successor the estate, rights, powers and duties hereby vested or intended to be vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Agency.

Section 9.09. Tax Matters. The Agency and the Trustee acknowledge that any express or implicit tax advice provided in this Indenture cannot be used by any taxpayer to avoid penalties that may be imposed on any taxpayer by the Internal Revenue Service.

ARTICLE X.

SUPPLEMENTAL INDENTURES

Section 10.01. Supplemental Indentures Not Requiring Consent of Registered Owners of Bonds. The Agency and the Trustee may, without consent of, or notice to, any of the Registered Owners of the Bonds, enter into an indenture or indentures supplemental to this Indenture for any one or more of the following purposes:

- (a) To cure any ambiguity or formal defect or omission in this Indenture;
- (b) To grant to or confer upon the Trustee for the benefit of the Registered Owners of the Bonds any additional rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Registered Owners of the Bonds or the Trustee;
- (c) To subject to this Indenture additional revenues, properties or collateral;
- (d) To modify, amend or supplement this Indenture or any indenture supplemental hereto in such manner as to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the states of the United States of America;
- (e) To evidence the succession of a new Trustee hereunder; or
- (f) To make any other amendment to the terms and provisions of this Indenture as, in the judgment of the Trustee, is not adverse to the interests of the Registered Owners of the Bonds.

Section 10.02. Supplemental Indentures Requiring Consent of Registered Owners of Bonds. Exclusive of supplemental indentures permitted by Section 10.01 hereof and subject to the terms and provisions set forth in this Section 10.02, and not otherwise, the Registered Owners of not less than two-thirds (2/3) in aggregate principal amount of the Outstanding Bonds shall have the right, from time to time, anything set forth in this Indenture to the contrary notwithstanding, to consent to and approve the execution by the Agency and the Trustee of such other indenture or indentures supplemental hereto as shall be deemed necessary and desirable by the Agency for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions set forth in this Indenture or in any supplemental indenture; provided, however, that nothing in this Indenture shall permit, or be construed as permitting:

- (a) An extension of the maturity of the principal of, or the interest on, any Bond, or a reduction in the principal amount of, or any redemption premium on, or the rate of interest on, any Bond, or a privilege or priority of any Bond or Bonds over any other Bond or Bonds, or the deprivation of the Registered Owner

of any Bond of the lien hereby created on the Trust Estate, without the consent of the Registered Owner of each Bond adversely affected thereby; or

(b) A reduction in the aggregate principal amount of the Bonds required for consent to such supplemental indentures, or the creation of any lien on the Trust Estate or any part thereof which is prior or superior to the lien of the Bonds (except as provided in Section 9.02 hereof with respect to the fees, charges and expenses of the Trustee upon an Event of Default), without the consent of the Registered Owners of all Bonds Outstanding.

If at any time the Agency shall request the Trustee to enter into any such supplemental indenture for any of the purposes of this Section, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of the proposed execution of such supplemental indenture to be given by registered or certified mail to the Registered Owner of each Bond. Such notices shall briefly set forth the nature of the proposed supplemental indenture and shall state that copies thereof are on file at the principal corporate trust office of the Trustee for inspection by all Registered Owners of the Bonds. If, within 60 days or such longer period as shall be prescribed by the Agency following such notices, the Registered Owners of not less than two-thirds (2/3) in aggregate principal amount of the Bonds Outstanding at the time of the execution of any such supplemental indenture shall have consented to and approved the execution thereof as provided herein, no Registered Owner of any Bond shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Agency from executing the same or from taking any action pursuant to the provisions thereof. Upon the execution of any such supplemental indenture as in this Section 10.02 permitted and provided, this Indenture shall be and be deemed to be modified and amended in accordance therewith.

Section 10.03. Amendments, Etc. to Bond Resolution and Cooperation Agreement Not Requiring Consent of Owners of the Bonds. The Agency and the Trustee shall without the consent of or notice to the Owners of the Bonds consent to any amendment, change or modification of the Bond Resolution or the Cooperation Agreement, (a) required by the provisions of the Bond Resolution, the Cooperation Agreement or this Indenture, (b) for the purpose of curing any ambiguity or formal defect or omission so long as such cure does not adversely affect the interests of the Owners of the Bonds, (c) to add additional rights acquired in accordance with the provisions of the Bond Resolution or the Cooperation Agreement, or (d) in connection with any other change therein which, in the judgment of Trustee, is not to the prejudice of Trustee or the Owners of the Bonds.

Section 10.04. Amendments, Etc. to Bond Resolution and Cooperation Agreement Requiring Consent of Owners of the Bonds. Except for the amendments, changes or modifications as provided in Section 10.03 hereof, neither the Agency nor the Trustee shall consent to any other amendment, change or modification of the Bond Resolution or the Cooperation Agreement without the giving of notice and the written approval or consent of the Owners of not less than 66-2/3% in aggregate principal amount of the Bonds at the time Outstanding given and procured as in this Section provided. If at any time the Agency shall request the consent of the Trustee to any such proposed amendment, change or modification of the Bond Resolution or the Cooperation Agreement, the Trustee shall, upon being satisfactorily

indemnified with respect to expenses, cause notice of such proposed amendment, change or modification to be mailed in the same manner as provided by Section 10.02 hereof with respect to supplemental indentures. Such notice shall briefly set forth the nature of such proposed amendment, change or modification and shall state that copies of the instrument embodying the same are on file with the Trustee for inspection by all Owners of the Bonds. Nothing contained in this Section shall permit, or be construed as permitting, a reduction of the aggregate principal amount of Bonds, the Owners of which are required to consent to any amendment, change or modification of the Bond Resolution or the Cooperation Agreement or a reduction in, or a postponement of, the payments of Pledged Revenues, without the consent of the Owners of all the Bonds then Outstanding.

ARTICLE XI.

MISCELLANEOUS

Section 11.01. Consents of Registered Owners of Bonds. Any consent, request, direction, approval, objection or other instrument required by this Indenture to be signed and executed by the Registered Owners of any Bonds may be in any number of concurrent documents and may be executed by such Registered Owner in person or by an agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the written appointment of any such agent or the ownership of Bonds, if made in the following manner, shall be sufficient for any of the purposes of this Indenture, and shall be conclusive in favor of the Trustee with regard to any action taken by it under such request or other instrument, namely:

(a) The fact and date of the execution by any Person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the Person signing such writing acknowledged before him or her the execution thereof, or by an affidavit of any witness to such execution.

(b) The fact of ownership of Bonds and the amounts, numbers and other identification of such Bonds, and the dates of ownership of the same shall be proved by the registration records maintained by the Trustee.

Any consent or waiver by the Registered Owner of any Bond shall be conclusive and binding upon such Registered Owner and upon all future Registered Owners of such Bond and of any Bond issued in replacement thereof, whether or not notation of such consent or waiver is made upon such Bond.

Section 11.02. Agency and Trustee Representatives. Whenever under the provisions hereof the approval of the Agency or the Trustee is required, or the Agency or the Trustee is required or authorized to take some action at the request or upon the approval of the other, unless otherwise provided, such approval or such request shall be given for the Agency by the Agency Representative and for the Trustee by the Trustee Representative, and the Agency and the Trustee, as the case may be, shall be authorized to act on any such approval or request. The designation of the Agency Representative or the Trustee Representative may be changed from time to time by furnishing a new certificate to the Trustee or the Agency, as the case may be.

Section 11.03. Limitation of Rights. With the exception of any rights herein expressly conferred, nothing expressed or mentioned in or to be implied from this Indenture or the Bonds is intended or shall be construed to give to any Person other than the parties hereto, and the Registered Owners of the Bonds, any legal or equitable right, remedy or claim under or with respect to this Indenture or any covenants, conditions and provisions herein contained; this Indenture and all of the covenants, conditions and provisions hereof being intended to be and being for the sole and exclusive benefit of the parties hereto, and the Registered Owners of the Bonds as provided herein.

Section 11.04. Severability. If any provision of this Indenture shall be held or deemed to be or shall, in fact, be invalid or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid or unenforceable to any extent whatever.

Section 11.05. Notices. The Agency, the City, the Trustee and the Original Purchaser may designate by written notice given by each to the others any further or different addresses to which subsequent communications shall be sent.

Section 11.06. Payments Due on Saturdays, Sundays and Holidays. In any case where the payment date for interest on or principal of the Bonds or the date fixed for redemption of any Bonds shall be a Saturday, Sunday or a legal holiday or a day on which banking institutions in the city of the Trustee's principal corporate trust office are authorized by law to close, then payment of principal, premium, if any, or interest need not be made on such date but may be made on the next succeeding Business Day with the same force and effect as if made on the payment date or the date fixed for redemption, and no interest shall accrue for the period after such date.

Section 11.07. Counterparts. This Indenture may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 11.08. Applicable Provisions of Law. This Indenture shall be governed by and construed in accordance with the laws of the State.

Section 11.09. Captions. The captions and headings in this Indenture are for convenience only and in no way define, limit or describe the scope or intent of any provisions or Sections of this Indenture.

Section 11.10 Rules of Interpretation.

(a) In this Indenture, unless the context otherwise requires:

(i) The terms "herein," "hereunder," "hereby," "hereto," "hereof" and any similar terms refer to this Indenture as a whole and not to any particular article, section or subdivision hereof; and the term "heretofore" means before the date of execution of this Indenture, the term "now" means at the date of execution of this Indenture, and the term "hereafter" means after the date of execution of this Indenture:

(ii) Words of the masculine gender include correlative words of the feminine and neuter genders and words importing the singular number include the plural number and vice versa; and

(iii) If at any time there shall be one Person who shall be the Registered Owner of all of the Outstanding Bonds and this Indenture shall require the consent of the Trustee for a particular purpose, then the consent of that Person shall be required in lieu of the consent of the Trustee for that purpose, unless that Person shall have been notified and shall not have responded within a reasonable period of time.

(b) Nothing expressed or implied in this Indenture is intended or shall be construed to confer upon or to give any Person, other than the Agency, the Trustee and the Registered Owners of the Bonds, any right, remedy or claim under or by reason of this Indenture or any covenant, agreement, condition or stipulation hereof.

Section 11.11. Certificates and Opinions. Except as otherwise specifically provided in this Indenture, each certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include: (i) a statement that the Person making the certificate or opinion has read the covenant or condition and the definitions herein relating thereto; (ii) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based; (iii) a statement that, in the opinion of such Person, he or she has made such examination and investigation as is necessary to enable him or her to express an informed opinion as to whether the covenant or condition has been complied with; (iv) a statement as to whether, in the opinion of such Person, the condition or covenant has been complied with; and (v) an identification of any certificate or opinions relied on in such certificate or opinion.

Any opinion of Independent Counsel may be qualified by reference to the constitutional powers of the United States of America, the police powers of the State, judicial discretion and bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally.

In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Persons may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of an officer of the Agency may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, Independent Counsel, unless such officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his or her certificate or opinion is based are erroneous. Any such certificate or opinion of Independent Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an officer or officers of the Agency stating that the information with respect to such factual matters is in the possession of the Agency, unless such Independent Counsel

knows, or in the exercise of reasonable care should know, that the certificates or opinion or representations with respect to such matters are erroneous.

When any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, such instruments may, but need not, be consolidated and form one instrument.

SERIES 2008A

No. R-

INTEREST RATE	MATURITY DATE	DATED AS OF	CUSIP
	June 15, ____	_____, 2008	

REGISTERED OWNER:

PRINCIPAL AMOUNT _____ DOLLARS

The City of Las Vegas Redevelopment Agency (the "Agency"), a public body corporate and politic duly organized and existing under the laws of the State of Nevada, for value received, hereby promises to pay, but solely from the special sources hereinafter designated, to the Registered Owner designated above, or registered assigns, on the Maturity Date specified above, the Principal Amount specified above, and in like manner to pay interest on said Principal Amount from the date hereof at the Interest Rate specified above, payable semiannually on June 15 and December 15 of each year, commencing [first interest payment date], until said Principal Amount is paid, unless this Bond shall have been called for prior redemption and payment hereof shall have been made or provided for. The principal of this Bond is payable in lawful money of the United States of America upon presentation and surrender hereof at the corporate trust office of U.S. Bank National Association, in St. Paul, Minnesota, or its successors (the "Trustee") as trustee under the Indenture of Trust dated as of November 1, 2008 (the "Indenture") pursuant to which the Bonds of the series of which this Bond is one (the "Bonds") are issued and secured or at such other office as may be designated by the Trustee. Payment of

interest on this Bond shall be made on or before each interest payment date (or if such interest payment date is not a business day, on or before the next succeeding business day), by check or draft mailed by the Trustee to the person in whose name this Bond is registered in the registration records of the Trustee (the "Registered Owner") at the address appearing thereon at the close of the business on the last day of the calendar month (whether or not a business day) next preceding such interest payment date (the "Record Date"). Any such interest not so timely paid shall cease to be payable to the person who is the Registered Owner hereof at the close of business on the Record Date and shall be payable to the person who is the Registered Owner hereof at the close of business on a Special Record Date (as defined in the Indenture) for the payment of such defaulted interest. Such Special Record Date and the date fixed for payment of such defaulted interest shall be fixed by the Trustee whenever moneys become available for payment of the defaulted interest. Notice of the Special Record Date and the date fixed for payment of such defaulted interest shall be given to the Registered Owners of the Bonds not less than ten days prior to the Special Record Date. All such payments shall be made in lawful money of the United States of America.

The Bonds are issued by the Agency pursuant to and in full compliance with the Constitution and laws of the State of Nevada, particularly the Nevada Community Redevelopment Law, consisting of NRS 279.382 to 279.680, inclusive (the "Act"), and pursuant to a resolution duly adopted by the Agency which authorizes the execution and delivery of the Indenture, for the purpose of defraying a portion of the costs of the Agency issued in connection with an redevelopment project (the "Agency Improvements") located in an area (the "Redevelopment Area") within the boundaries of the City of Las Vegas, Clark County, Nevada.

The Bonds are all issued under and are equally and ratably secured by and entitled to the protection of the Indenture, pursuant to which the Trust Estate (as defined in the Indenture) is pledged to the Trustee to secure the payment of the principal of and interest on the Bonds which pledge is on a parity with the pledge of the Trust Estate to secure payment of the principal of and interest on the 2003A Bonds (as defined in the Indenture). The Indenture permits the issuance of additional obligations secured by the Pledged Revenues (as defined in the Indenture) subordinate to, or, subject to certain conditions, on a parity with, the Bonds. The Bonds are special, limited obligations of the Agency, equally and ratably secured by an irrevocable pledge of and lien on, and payable as to principal and interest solely from, the Trust Estate, without priority between or among the Bonds with respect to number, date of sale, date of execution or date of delivery. Principal of and interest on the Bonds shall not constitute an indebtedness of the City, the State of Nevada or any other political subdivision thereof, and neither the City, the State nor any political subdivision thereof other than the Agency shall be liable thereon, nor shall the principal of or interest on the Bonds constitute general obligations of the Agency or be payable out of any funds or properties of the Agency other than the Trust Estate granted by the Agency pursuant to the Indenture.

Reference is hereby made to the Indenture for a further and more detailed description of the Trust Estate (including the Pledged Revenues), the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Agency, the Trustee and the Registered Owners of the Bonds, and the terms upon which the Bonds are issued and secured.

The Bonds are issuable as fully registered bonds without coupons in denominations of \$5,000 and integral multiples thereof *Subject to the limitations and conditions and upon payment of the charges provided in the Indenture, Bonds may be exchanged for a like aggregate principal amount of Bonds of the same maturity of other authorized denominations. The Bonds are transferable by the Registered Owners thereof in person or by an attorney duly authorized in writing at the corporate trust office of the Trustee, but only in the manner, subject to the limitations and conditions and upon payment of the charges provided in the Indenture. Upon such transfer a new registered Bond or Bonds of the same maturity of authorized denomination or denominations for the same aggregate principal amount will be issued to the transferee in exchange therefor.*

The bonds shall not be transferable or exchangeable, except as set forth in the Indenture.

Upon any partial prior redemption of this bond, Cede & Co., in its discretion, may request the Trustee to authenticate a new bond or shall make an appropriate notation on this bond indicating the date and amount of prepayment, except in the case of final maturity, in which case this bond must be presented to the Trustee prior to payment.

The Bonds maturing on June 15, 20__ are subject to mandatory sinking fund redemption in part, by lot in such manner as the Trustee shall determine (giving proportionate weight to Bonds in denominations larger than \$5,000), at a redemption price equal to the principal amount of each Bond or portion thereof so redeemed plus accrued interest thereon to the redemption date, on June 15 of each of the years and in the principal amounts set forth below:

Sinking Fund Redemption Date
 (June 15)

Principal Amount of
Bonds Maturing on
 June 15, 20__

The remaining \$_____ principal amount of Bonds maturing on June 15, 20__ shall be paid upon presentation and surrender at or after their maturity on June 15, 20__ unless otherwise sooner redeemed at the option of the Agency as provided below. The amount of any Bonds maturing on June 15, 20__ which are redeemed at the option of the Agency as provided below prior to the mandatory sinking fund redemption dates set forth above shall be credited against the mandatory sinking fund obligations set forth above in such order as the Agency directs to the Trustee.

The Bonds maturing on and after June 15, 201__ are subject to redemption prior to maturity, at the option of the Agency, on and after June 15, 201__, in whole or in part in

integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the Agency, and by lot within a maturity in such manner as the Trustee shall determine (giving proportionate weight to Bonds in denominations greater than \$5,000), at a redemption price equal to 100% of the principal amount of the Bonds to be redeemed, plus accrued interest to the date of redemption.

In the event a Bond is of a denomination larger than \$5,000, a portion of such Bond may be redeemed, but only in the principal amount of \$5,000 or integral multiples thereof, and the Trustee shall, without charge to the Registered Owner of such Bond, authenticate and issue a replacement Bond or Bonds for the unredeemed portion thereof.

Notice of prior redemption shall be given by mailing a copy of the redemption notice, not more than 60 nor less than 30 days prior to the date fixed for redemption, to the Registered Owner of each Bond to be redeemed at the address shown on the registration records maintained by the Trustee, in the manner set forth in the Indenture. All Bonds called for redemption will cease to bear interest after the specified redemption date.

The Trustee shall not be required to transfer or exchange: (1) all or any portion of any Bond subject to prior redemption during the period beginning at the opening of business fifteen days before the day of the mailing by the Trustee of notice calling any Bonds for prior redemption and ending at the close of business on the day of such mailing; or (2) all or any portion of a Bond after the mailing of notice calling such Bond or any portion thereof for prior redemption. Except as otherwise provided with respect to record dates for the payment of interest, the Agency and the Trustee may deem and treat the Registered Owner of any Bond as the absolute owner thereof for all purposes (whether or not such Bond shall be overdue) and any notice to the contrary shall not be binding upon the Agency or the Trustee.

The Indenture imposes limitations and conditions on the rights of any Registered Owner to enforce the provisions of the Indenture or the Bonds. The Indenture permits, subject to certain conditions and limitations and with certain exceptions as provided therein, the amendment thereof and the modification of the rights and obligations of the Agency, the Trustee and the rights of the Registered Owners of the Bonds. Any consent or waiver by the Registered Owner of this Bond shall be conclusive and binding upon such Registered Owner and upon all future Registered Owners of this Bond and of any Bond issued in replacement hereof whether or not notation of such consent or waiver is made upon this Bond. The Indenture also contains provisions permitting and, under certain circumstances, requiring the Trustee to waive defaults under the Indenture and their consequences.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the execution and delivery of the Indenture, as defined herein, and the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Indenture until the certificate of authentication hereon shall have been manually signed on behalf of the Trustee.

IN WITNESS WHEREOF, the City of Las Vegas Redevelopment Agency has caused this Bond to be executed in its name by the facsimile or manual signature of its Chairman and its corporate seal or a facsimile thereof to be impressed, imprinted or otherwise reproduced hereon and attested by the facsimile or manual signature of its Secretary, all as of the date set forth above.

SAMPLE OFFERING DOCUMENT LANGUAGE
DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC--bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

SCHEDULE A
(To Blanket Issuer Letter of Representations)

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

[6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

See "SOURCES AND USES OF FUNDS."

The City

The City of Las Vegas, Nevada (the "City" and the "State") is located in Clark County (the "County") and was incorporated in 1911. The City is located in the central portion of the County, which is the southernmost county in the State. According to State Demographer estimates, the City's population as of July 1, 2007 was approximately 590,321.

The Redevelopment Agency

The Agency is a public body, corporate and politic, created pursuant to the Nevada Community Redevelopment Law, Nevada Revised Statutes ("NRS") Sections 279.382 to 279.685, inclusive (the "Act"). The Agency was made functional pursuant to a resolution adopted by the Las Vegas City Council (the "City Council") on November 6, 1985. In the resolution, the City Council declared itself to be the legislative body of the Agency. In March 1986, the City Council adopted the "Redevelopment Plan for the Downtown Las Vegas Redevelopment Area;" that plan was amended several times in order to expand the redevelopment area and to clarify land uses allowed within the area. The plan was amended most recently in May 2006 by adoption of the Amended and Restated City of Las Vegas Redevelopment Plan (the "Redevelopment Plan"). The Redevelopment Plan coordinates with the City's 2020 Master Plan and the Downtown Centennial Plan, which established special urban development standards for the entire downtown core district. Pursuant to State law and the Redevelopment Plan, the Redevelopment Plan must terminate by March 5, 2031. See "THE REDEVELOPMENT AREA--The Redevelopment Plan."

The redevelopment area identified in the Redevelopment Plan (the "Redevelopment Area") currently encompasses approximately 3,948 acres in the heart of the City (including approximately 750 acres in six different locations throughout the City that were added to the Redevelopment Area in 2006). The acreage of the Redevelopment Area represents approximately 4.6% of the incorporated area of the City. The City Planning Department estimated that the population within the Redevelopment Area was 30,928 as of July 1, 2008. See "THE REDEVELOPMENT AREA."

The 2008 Bonds; Redemption Provisions

The 2008 Bonds are issued in denominations of \$5,000 or integral multiples thereof and initially to be registered in the name of "Cede & Co.," as nominee of The Depository Trust Company ("DTC"), the securities depository for the 2008 Bonds. Purchases of the 2008 Bonds are to be made in book-entry form only. Purchasers will not receive certificates evidencing their beneficial ownership interest in the 2008 Bonds. See "THE 2008 BONDS--Book-Entry Only System."

Each series of the 2008 Bonds will be dated, mature and bear interest (calculated based on a 360-day year consisting of twelve 30-day months) as set forth on the cover page and the inside cover page of this Official Statement. The payment of the principal of and interest on the 2008 Bonds is described in "THE 2008 BONDS--Payment Provisions."
