Re: Vacation of Government Patent Easements

APNs: 125-20-201-015, 017, & 018

This is a request to vacate government patent easements on the parcels noted above. The request is justified as the easements are no longer needed to the development of properties to the north and west of this site.

The easements to be vacated are as shown on the exhibit. The portions to be vacated generally include the westerly portions on parcels 125-20-201-015 and 017, and the easterly portion of parcel 125-20-201-018.

Additionally, these portions of easement are required to be vacated before construction can commence on the previously approved office project.

If you have any questions please feel free to contact me at 222-4747.

Thank You,

Victor Rodriguez
