ANALYSIS

A) *Zoning Code Compliance*

A1) Development Standards

Pursuant to Title 19.08, the following Development Standards apply to the subject proposal:

Standards	Required	Requested	Compliance
Wall Fence Height			
• Front	4 Feet (top 2 feet 50% open)	6.0 Feet	N
• Right Side	8 Feet	8 Feet	Y
• Left Side	8 Feet	8 Feet	Y
• Rear	8 Feet	8 Feet	Y

The applicant is requesting a deviation of 50% of the front yard wall standard detailed in Title 19.08.040(B)(2). The proposed wall is six feet in height. The wall is only permitted to be four feet tall in this area, with the top two feet 50% open.

B) General Analysis and Discussion

The Subdivision Ordinance (Title 18) defines the front of the lot as the side of the lot which fronts on a street. Where more than one side has street frontage, the front is considered to be the side which has the lesser dimension in width. In regard to the subject application, this means that the front of the lot is the property line which lies adjacent to the cul-de-sac bulb. However, the applicant has decided to take access to this lot from OBannon Avenue, and construct a six foot block wall along the front property line.

FINDINGS

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070L states:

Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by proposing a wall not in conformance to the zoning code.. Alternative wall design would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the sites physical characteristics, it is concluded that the applicants hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

PLANNING COMMISSION ACTION

There were four speakers in protest and a protest petition was submitted at the Planning Commission meeting.
