Las Vegas, Nevada 89101  
USA

Dear Douglas:

After review of your Notice of Public Hearing received 7/31/2006, it is our position that this signage is excessive for the area. We believe that 40" by 14" by 48" would not benefit the area especially considering that the new overlay zoning has been proposed. Please consider this as notice to our objections for this proposed signage and it is to our hope that the planning commission will deny this request. .

Sincerely,

Timothy J. Long
