**** STAFF REPORT ****

APPLICATION REQUEST

This is a request for a Rezoning from R-1 (Single Family Residential) to C-M (Commercial/Industrial) on 0.80 acres approximately 300 feet north of Meade Avenue and 980 feet west of Rancho Drive.

EXECUTIVE SUMMARY

The change in zoning would bring the site into conformance with the General Plan and would allow such uses as a warehouse or storage that are considered appropriate for this location. Approval of this Rezoning is recommended. It is noted that there is a companion Site Development Plan Review (SDR-15030) for a change in use to a light manufacturing facility.

BACKGROUND INFORMATION

- 04/19/89 The City Council approved a Variance (V-16-89) to allow a mini-storage warehouse to be permitted over a drainage easement. An Extension of Time was granted for this Variance on 06/20/90 and again on 07/17/91. On 06/17/92 a third Extension of Time was approved while a Review of Condition to remove the landscaping on the site was denied.

ANALYSIS

A) General Analysis and Discussion

The applicant is proposing a Rezoning from an R-1 (Single Family Residential) District to a C-M (Commercial/Industrial) District. The purpose of this Rezoning is two-fold. First, if approved, the Rezoning will bring the zoning into conformance with the General Plan. The site has a LI/R (Light Industry/Research) land use designation. Secondly, this Rezoning will permit a change in use on the site. The site was used as a mini-warehouse. The applicant is proposing a light manufacturing facility that would assemble plastic gazebos and fencing. In fact, this activity is already taking place on the site. The applicant has not obtained the necessary licenses or permits for this activity. This matter has been turned over to Business Licensing and Code Enforcement for appropriate action. Additionally, the use is considered too intense for this location as there is adjacent single-family residential property. Denial of the Site Development Plan review (SDR-15030) has been recommended for this reason. In terms of this Rezoning application, the change in zoning would bring the site into conformance with the General Plan and would allow such uses as a warehouse or storage that are considered appropriate for this location. Approval of this Rezoning is recommended for this reason.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

- 1. The proposal conforms to the General Plan.**

The subject property is designated as LI/R (Light Industry/Research). The proposed C-M (Commercial/Industrial) District would be in conformance with this General Plan Designation; therefore, approval of this Rezoning request is recommended.

2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

The use proposed as part of the companion Site Development Plan Review (SDR-15030) is not considered compatible for this location. The site is in close proximity to single-family residential, with properties abutting this site on the north side. This site is considered more appropriate for a warehouse or other similar type use that would not entail the assembly or manufacturing of products as this can have a negative effect on the nearby neighborhood. As the use is not considered appropriate denial of this application is recommended.

3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.

The Rezoning is considered appropriate as it would bring the zoning into conformance with the General Plan designation.

4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

Site access is a concern as ingress/egress is reliant upon another parcel that is under the same ownership as the subject property. Access is provided from Meade Avenue. There is little area to turn around and delivery trucks would have to drive in and back out onto the adjacent property to leave the site.
